Dana's Nomination Considered.

WASHINGTON, 21.—The Senate committee on foreign relations had a long session to-day, on the subject of Dana's nomination. Senator Boutwell handed to the committee a memorial of the Boston bar, in favor of his confirmation, and immediately retired. The remainder of the session was strictly private. The members of the committee positively decline to state explicitly what action, if any, was taken in the case; but from their manner and certain intimations there seems to be no doubt that the majority have determined to report on the nomination adversely, unless it be withdrawn.

The New Idria Sale.

The arrangement for the sale of the New Idria quicksilver mine to Montgomery Blair, contemplates the formation of a new company by the latter, in which McGarrahan will have a large interest, and is the result of private offers of a compromise made to McGarrahan by the New Idria officers, six months ago.

No Show for Dana's Confirmation—Stewart's Examination Commenced.

A member of the committee on foreign relations authorizes the positive statement that the committee have formally determined to report adversely on Dana's nomination; another member characterizes Dana's letter to Senator Boutwell as a direct insult to the committee, and all of them regard it as very offensive.

The examination of ex-Senator Stewart was commenced by the House committee on foreign affairs to-day. He began by giving a history of his first connection with the affairs of the Emma mine, as counsel for Lyon, and explained the contract with Park and the meaning of the expression in his letter to Lyon about fighting for a worked-out mine; he believed at that time that it would require from five to eight years to get a trial, and in the meantime the mine was being worked by other parties, so that when the trial should be reached the proceeds of the mine would be distributed as dividends where they could not be reached by suits. The contract to which the latter referred placed some of the proceeds at Lyon's immediate control. He corroborated the statement of Senator Morton as to his proposed connection with the matter, and gave his opinion that Judge McKean was an honest judge. Stewart detailed the manner of placing the stock on the London market. He said that a gentleman named Costes suggested that Shilliman be engaged to examine the mine, and he telegraphed him to do so, arranging at the same time for the compensation of the professor; this was without the suggestion of either Park or himself. Park and Grant made a contract for the sale of the mine, the provisions of which have already been published. Stewart's statement was very lengthy, going into the details of the negotiation in England, and his connection with Lyon. He denied that he ever told Lyon about General Schenck and Professor Silliman.

Question by Mr. Hewitt—"Mr. Lyon, in his testimony, says that you told him 'we gave General Schenck 500 shares of stock,' did you ever say such a thing to him?"

Witness—"I did not, and I deny it most emphatically; I never told him anything of the kind." Adjourned.

A Report About Alaska.

The report of special agent Morrison, on the collection of revenues in Alaska, strongly recommends the passage of Sargent's bill to repeal the Indian intercourse act now in force there. Morris opposes the continuance of military rule, but pronounces the annexation of Alaska to Washington Territory, as proposed by Mitchell's bill, unwise and impracticable. He argues that the government and control of Alaska matters should be wholly vested in the President and Secretary of the Treasury, as custom laws, coastwise trade, and commerce properly appertain only to the Treasury department, and there is no need of any other government there. The employment of revenue cutters in Alaskan waters is recommended, and their proper cruising ground indicated.

More Testimony About Sutlerships.

Before the war expenditures committee, this afternoon, J. S. Evans detailed the circumstances surrounding his obtaining permission from Marsh to remain at Fort Sill. It was a matter of necessity with him, he said, to come to terms with Marsh. Belknap told Evans that he had promised Marsh a place, and Marsh had selected Fort Sill. Evans saw Marsh, who appeared to understand all about the matter. He went to New York with Marsh, where a written contract was signed. Evans presented a detailed statement, in writing, of his payments to Marsh. He said he told his friends of his agreement with Marsh, and showed General Grierson, the commanding officer at the post, the contract. On his return to Fort Sill, the facts, he said, were well known there, and it was regarded there as a great outrage, and as the cause of extortionate prices. Evans said he was introduced to the Secretary of War by General Rice, of Iowa, and paid him a thousand dollars for the introduction. He thought this was enough, though Rice wanted $1,500. Witness wished to delay the publishment statement of Captain Robinson, that he paid $15,000 to the Secretary of War, and that Dent & Co. connived at the matter. There was no foundation for the report. J. C. Dent was brother-in-law of the President.

Senator Hitchcock, of Nebraska, appeared before the committee to deny that he had ever promised any one a post tradership in the event of that person supporting him for the senatorship.

Hawkins Taylor, formerly of Iowa, a lobbyist, gave an account of lobby operations. He obtained a post tradership for Dr. F. G. H. Bradford. The influence of the Maine delegation, with the exception of Morrill, was secured for Bradford. The witness received $100 for his services. Secretary Belknap said he would appoint Bradford, for he wanted to do a good act for Senator Hamlin. Bradford sold the tradership for $1,500, and was afterwards dismissed. Witness procured a tradership at Fort Stanton for R. M. Stevens, for which service he received $325. The witness gave a further account of his doings, and the committee adjourned.

The House bill reported from the committee on appropriations with amendments by Senator Sargent, was the consular and diplomatic appropriation bill. It contains all the provisions of former bills, and foreign missions that were included in the last year's bill, and commended by the State Department this year, the omissions and reductions of salary proposed by the House are in every instance disagreed to by the Senate committee. The principal contest will be in regard to the reduction of salaries of the ministers to England, France and Russia, and the proposed abolition of sundry missions to South America.

Adverse Report on Dana's Nomination, &c.

The foreign relations committee reported back the nomination of R. H. Dana, Jr., as minister to England, with a recommendation that it be not confirmed. It was placed on the calendar with the adverse report.

The commissioner of Indian affairs has received a dispatch from John P. Clum, U. S. Indian Agent at San Carlos, Arizona Territory, in which he says—"Guide Beauford made a scout into the Jonto basin with 100 Indian police, and on March sixth killed sixteen and captured twenty-one renegade Indians.

To the Centennial Exposition.

The Chicago & North Western Railway will, on and after May 1st, 1876, and until October 31st, 1876, have on sale in all of its coupon ticket offices (including its two ticket offices at Omaha), round trip excursion tickets to Philadelphia and New York and return for Centennial visitors. These tickets, for the round trip, will be sold at one and one-half of the usual rate for a trip one way. They will be of two classes, but will be sold at the same rates. One class of tickets will be good, east of Chicago, going and returning by the same route, and the other class will be good, east of Chicago, going by one route and returning by another, thus offering to the purchasers a choice of routes and chances to see various parts of the country.

Neither cars nor trains will be chartered for excursion parties going to the Centennial by this or any other road, nor will rates be less per person or parties large or small. Every person going will have to pay the same rate as is paid by his neighbor. No other road will be permitted to sell round trip tickets for the Centennial at any less rate than is quoted above. Reduced rate tickets reading only to the Exposition will not be sold, and the rates made are all for the full round trip. All agents of the Chicago & North western Railway will, in due time, be fully advised as to rates from their stations for these Centennial Tickets, and will, after April 1st, 1876, be glad to answer all inquiries in regard to them.

SPECIAL NOTICE TO OUR READERS

SPECIAL CALL.

AGENTS WANTED!

To sell the New Patent Improved EYE CUPS.

Guaranteed to be the best paying business offered to Agents by any House. An easy and pleasant employment.

The value of the celebrated new *Patent Improved Eye Cups* for the restoration of sight breaks out and blazes in the evidences of over 5,000 genuine testimonials of cures, and recommended by more than one thousand of our best physicians in their practice.

The Patent Eye Cups are a scientific and philosophical discovery, and as ALEX. R. WYETH, M. D., and WM. BEATLEY, M. D., write, they are certainly the greatest invention of the age.

Read the following certificates:

FERGUSON STATION, LOGAN CO., KY., June 8th, 1872.

DR. J. BALL & CO., Oculists.

GENTLEMEN: Your *Patent Eye Cups* are, in my judgement, the most splendid triumph which optical science has ever achieved, but, like all great and important truths, in this or in any other branch of science and philosophy, have much to contend with from the ignorance and prejudice of a too sceptical public; but truth is mighty and will prevail, and it is only a question of time as regards their general acceptance and endorsement by all. I have in my hands certificates of persons testifying in unequivocal terms to their merits. The most prominent physicians of my county recommend your *Eye Cups*. I am, respectfully, J. A. L. BOYKIN.

WILLIAM BEATLEY, M. D., Salvisa, Ky., writes: "Thanks to you *for the greatest of all inventions*. My sight is fully restored by the use of your *Patent Eye Cups*, after being almost entirely blind for twenty-six years."

ALEX. R. WYETH, M. D., Atchison, Pa., writes: "After total blindness of my left eye for four years, by paralysis of the optical nerve, to my *utter astonishment* your *Patent Eye Cups* restored my eyesight permanently in three minutes."

Rev. S. S. FALKENBURG, Minister of M. E. Church, writes: "Your *Patent Eye Cups* have restored my sight, for which I am most thankful to the Father of Mercies. By your advertisement I saw at a glance that your invaluable *Eye Cups* performed their work perfectly in accordance with physiological law; that they literally fed the eyes that were starving for nutrition. May God greatly bless you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind.

HORACE H. DURAND, M. D., says: "I sold, and effected future sales liberally. The *Patent Eye Cups*, they will make money, and make it fast, too; no small catch-penny affair, but a superb, number one, up-top business, promises, as far as I can see, to be life-long."

Major E. C. ELLIS wrote us, November 16th, 1869: "I have tested the *Patent Ivory Eye Cups*, and I am satisfied they are good. I am pleased with them. *They are certainly the greatest invention of the age.*"

Hon. HORACE GREELEY, late Editor of the New York *Tribune*, wrote: "Dr. J. BALL, of our city, is a conscientious and responsible man, who is incapable of intentional deception or imposition."

Prof. W. MERRICK writes: "Truly, I am grateful to your noble invention. My sight is restored by your *Patent Eye Cups*. May Heaven bless and preserve you. I have been using spectacles twenty years. I am seventy-one years old. I do all my writing without glasses, and I bless the inventor of the *Patent Eye Cups* every time I take up my old steel pen.

ADOLPH BIORNBERG, M. D., physician to Emperor Napoleon, wrote, after having his sight restored by our *Patent Eye Cups*: "With gratitude to God, and thankfulness to the inventors, Dr. J. BALL & Co., I hereby recommend the trial of the *Eye Cups* (in full faith) to all and every one that has any impaired eyesight, believing, as I do, that since the experiment with this wonderful discovery has proved successful on me, at my advanced period of life—90 years of age—I believe they will restore the vision to any individual if they are properly applied." ADOLPH BIORNBERG, M. D.

Commonwealth of Massachusetts, Essex, ss.

June 8th, '73, personally appeared Adolph Biornberg, made oath to the following certificate, and by him subscribed and sworn before me. WM. STEVENS, J. P.

LAWRENCE CITY, Mass., June 9, 1873.

We, the undersigned, having personally known Dr. Adolph Biornberg for years, believe him to be an honest, moral man, trustworthy, and in truth and veracity unspotted. His character is without reproach.

Reader, these are a few certificates out of thousands we receive, and to the aged we will guarantee your old and diseased eyes can be made new; your impaired sight, dimness of vision and overworked eyes can be restored; weak, watery and sore eyes cured; the blind may see; spectacles be discarded; sight restored, and vision preserved. Spectacles and surgical operations useless.

Please send your address to us, and we will send you our book, A GEM WORTH READING!

A DIAMOND WORTH SEEING!

Save your eyes and restore your sight; throw away your spectacles!

By reading our Illustrated *Physiology and Anatomy of the Eyesight*, of 100 pages, tells how to restore impaired vision and overworked eyes; how to cure weak, watery, inflamed and near sighted eyes, and all other diseases of the eyes. Waste no more money by adjusting huge glasses on your nose and disfiguring your face. Book mailed free to any person. Send on your address.
