He was cured by the aforesaid medicines, and, since his recovery, many thousands similarly affected have used Dr. Schenck's preparations with the same remarkable approves.

A Mistake.—In our notice yesterday of a birthday present of a fine dress, on Monday evening, to Miss E. R. Snow, it was stated that the gift was bestowed by the ladies of the Territory, a superintendent of district schools, whese term of of-fice shall be for two years, and unof the Relief Societies. The donors were a few personal friends, and the present was made aside from any connection with the Societies.

Utah Musical Times for January 15th contains "The Lyre hath Music Still," "Domenico Cimarosa," "The Movemble Do," "The Youth of Utah, "Entertainments," district schools, whose term of office shall be for two years, and until his successor shall be elected and qualified; and before entering upon the duties of his office he shall qualify by taking and subscribing an oath of office, and giving bonds, with approved security, in such sum as shall be prescribed by the probate judge of the county, which oath and bond shall be filed with the clerk of the county.

According to law not only was the onvention of last spring called by a legally unauthorized person, but none of those who composed it had any legal standing in a body of that kind, excepting one—the Pre-sident of the Faculty of the University of Descret, for, like the territorial superintendents of district schools, county superintendents of district schools will have no existence until after the next general election.
