IMPORTANT TO THE TRAVELING PUBLIC.—It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more routes leading to the same point, to decide which is the safest and most reliable.

The CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road has been repaired in admirable condition, and almost the entire line has been re-laid with new rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kanawha Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches and the best Dining and Buffet Cars now on any road in the United States.

Particular information with reference to the Chicago and North-Western, or of any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Hunt, Ticket Agent at Ogden, or to J. H. Mountain, Western Passenger Agent, Omaha, Nebraska, or to W. H. Stennett, General Passenger Agent, Chicago.

If you have not yet tried the Warwick collar, do so at once. It is stylish, and looks better than any other collar.

SUNDAY SCHOOLS.

SALT LAKE CITY, Dec. 17, 1875.

To the Bishops, Superintendents, and Teachers of Sunday Schools.

Dear Brethren:—The monthly meeting of superintendents and teachers of Sunday Schools in this city continues to be held regularly on the first Monday in each month, at the City Hall, at 7 o'clock p.m. To one and all of our country friends who happen to be in the city at such times, we extend the most cordial invitation to attend. It affords us much pleasure to state that our last meeting was attended by representatives from every Sunday school in this city, which was a gratifying index to the increased interest now being taken in the juvenile portion of our community. Such is the importance attached to our Sunday School interests by President Brigham Young that he has decided to give an opportunity for bishops and their counselors, as well as elders, to attend personally to the Sunday Schools in their respective wards, that there might be no lack, either of teachers, children, or success, in having them properly conducted; thus introducing a principle so often quoted by our President, Bishop, Edward Hunter:—"Many hands make light work." Quite a number of our bishops and other leading men are now engaged in this important part of their general watchcare over the people, and we have no doubt that the awakening spirit of repentance and reformation now prevailing among the people will prompt not only an increased interest in Sunday Schools, but every institution in Zion will feel its uplifting influence. Therefore, brethren, we earnestly encourage, exhort, and urge you, as superintendents, bishops, or teachers, and while you are doing the good seed of the word of God in the hearts of the children of Zion, be fervent in your prayers that God will direct and bless and sanctify your efforts by the quickening influences of his Holy Spirit, and that a rich and beautiful harvest of good works may result therefrom that will gladden every faithful teacher's heart.

We sincerely hope that every Sunday School in this city will be a center of light and truth, and that every child of Zion should be taught to love the school capable of committing them to memory. They are especially provided and published for the benefit of Sunday Schools, and we earnestly hope and strongly recommend their universal adoption in every Sunday School throughout the Territory.

We know of no easier and more effective way of committing to memory the words of the word of God than by question and answer. One school of our acquaintance, twenty copies of the *Book of Mormon* are distributed among the scholars, and they are taught those on the history of Joseph, the same on both Sundays. At 10 o'clock a bell is rung, and the scholars are called to their seats, and a teacher or adult scholar then asks these questions and a general interest is felt by all, and the questions are answered by a majority of the children. The youthful mind being only capable of receiving a small portion of knowledge at one time, a little instruction and deeply impressed on the memory is preferable to a great deal but partially learned, and is easily forgotten.

Let us therefore, brethren, make copies of the *Book of Mormon* into our schools, and have our children instructed in the Bible, the Book of Mormon, and Church History, from its pages, and if it be done in every Sunday School throughout Utah, it will so far increase the circulation of that invaluable principle.

As to the matter of a book containing authority to carry out the plan, the publisher, George Q. Cannon, Praying that God may continue to bless and prosper you in your benevolent efforts, and to carry out the above suggestions, I remain your collaborator in the good work.

Yours truly, GEORGE Q. CANNON.

Deseret Sunday School Union.

Swift and terrible Vengeance.—Yesterday Mr. Michael Kennedy, of this city, received a telegram from Homestead—a station on the Q. R. R. & P. railroad between Denver and Iowa City, stating that his stepson, Mr. Charles Reed, had been arrested for murder. Mr. Kennedy left for the scene of murder on the noon train. It appears from accounts received that Mr. Reed had occasion to suspect the loyalty of his wife, and on Saturday morning shot her in the yard, he then went down the door to the room in which the guilty parties were, and with a pistol in his hand, he then quietly left the room. Subsequently he was arrested and taken to Marengo for examination.

The above are the facts in the case as near as we can determine. Mr. Reed was employed on railroad work by Mr. Martin Hyatt, the well known contractor of this county. He had been absent from Des Moines but a short time. In this city, where he lived, he had many friends who will regret exceedingly the loss of his life. The wife's conduct must be attributed to the daughter of a well known farmer of this county. The name of her paramour has not been ascertained. The method resorted to by Mr. Reed to avenge his wounded honor, was desperate and terrible, yet in the light of public sentiment he will stand acquitted. No American jury can be found to punish a man for the slaying of his wife's paramour. Messrs. Finch and Hickman have been retained to defend Mr. Reed.—*Des Moines Leader*, Dec. 7.

The Increase of Crime.—A few days ago the *Chronicle* commented upon the last biennial report of the board of Directors of the State Prison, reproducing some of the more significant facts and figures contained in that document. The showing made by the report is one disgraceful to our civilization. It appears that the number of the convicts are fearfully overgrown, large numbers of them being packed into ill-ventilated quarters, and crowded with filth and loathsome diseases. Several persons published a short time since in the *New York papers* show that the three State prisons of that State are suffering from overcrowding, and that the same is the case in the State of New York.

There are four rooms in each prison, and in each room are packed together a number of convicts. Such an accumulation of filth in New York prevented by a law which restricts the occupancy of a cell to a single prisoner. At Sing Sing, where the overcrowding is most pronounced, the convicts are packed together in such a manner that they are unable to move about, and are forced to remain in their cells, where they are crowded together like sardines. The result is a most disgusting and unhealthy condition of affairs, and the increase of crime is the direct result of the overcrowding of the prisons. Everywhere where the necessary means of ventilation and cleanliness are neglected, the same complaint of overcrowding, accompanied by the same unhealthy condition of affairs, is the result. The overcrowding of the prisons is a most disgraceful and unhealthy condition of affairs, and the increase of crime is the direct result of the overcrowding of the prisons.
