PUTNAM'S
HOT FORGED NAIL

Every Putnam Nail
Is drawn down to a point from the rod, thus:

receiving over sixty quick, successive sharp blows, at a welding heat. They are then scalded by the water process,

NO ACIDS
being used, and afterwards
HAMMER POINTED.

Our nails, therefore, are to all intents and purposes the same as the old fashioned hand and hammer pointed.

Some other manufacturers claim to make a Hot Forged Nail, but you will observe on all such a Sheared Edge near the point.

THE PUTNAM
NAIL
IS THE ONLY
Hot Forged and Hammer Pointed
HORSE SHOE NAIL
Made by Machinery in the World.

We address these lines to HORSE OWNERS, because they are the parties most vitally interested. We feel assured that after knowing the facts, and giving the subject due consideration, they will INSIST that their horses be shod with the Hot Forged and Hammer Pointed Nail. A few months' trial will always convince.

The President has 365 P. M. Nominations Ready.—Other Interesting Dispatches.

By Telegraph to the NEWS.]

Bismarck Ill.

HAMBURG, Dec. 11.—Advices from Friederichsruhe say Prince Bismarck was seized with sudden illness yesterday. The attack speedily passed off, but the physician advises rest and abstention from business.

The Crown Prince.

BERLIN, Dec. 11.—The *Telegraph* says it has authority for the statement that recent medical examinations proved that the healing processes were progressing favorably in the crown prince's throat.

No Cabinet Yet.

PARIS, Dec. 11.—M. Fallieres today informed President Carnot that he had found it impossible to form a cabinet on the basis of concentration of the republican groups and had therefore abandoned the attempt. The President has charged Senator Tirard to try to form a cabinet.

TIRARD GIVES IT UP.

M. Tirard thinks it will be impossible to form a ministry without the assistance of the radical left. He will therefore abandon the task.

The impression prevails that M. Flouquet will be summoned to form a cabinet.

Ferry and Aubertine.

PARIS, Dec. 11.—A bulletin issued this morning says the condition of M. Terry is satisfactory.

WHO HE IS.

Aubertine, the would-be assassin of Ferry, is the author of various pamphlets and the inventor of several machines, the failure of which reduced him to poverty and brought on occasional attacks of insane exaltation of mind. Aubertine promises to reveal the name of his accomplices on Tuesday if the gang does not attempt to assassinate some of the members of the Rouvier cabinet before that day.

FERRY FEVERISH.

PARIS, Dec. 11.—M. Ferry was feverish today and it is feared his wounds will be aggravated. He has received thousands of cards and letters, and senators and deputies of all parties have called at his residence and signed the register.

Aubertine, when examined by the judge of instruction, declared he was an anti-revolutionist, said he was sorry he had not killed Ferry, and expressed the hope that others would be more successful.

LESS FAVORABLE.

PARIS, Dec. 11, midnight.—The condition of M. Ferry is now less favorable.

Terrible Tragedy.

CHICAGO, Dec. 11.—The *Daily News* special from Huron, Dakota, says: A report reached Huron today that the farm house of Michael Harris, 14 miles from Wessington, burned last night, and that the entire family of nine persons were burned to death.

Another report says that Mrs. Harris and six of her seven children perished and that Mr. Harris and the oldest child, a daughter, escaped severely burned.

At Washington.

WASHINGTON, Dec. 10.—The Senate is expected to formally elect its committees tomorrow, thus ratifying the work which the republicans on their part have already performed in caucus and which the democrats will have accomplished before that body is called to order.

Little besides the introduction of bills is likely to occur during the remainder of the week in open sessions of the Senate.

The President has before him 365 messages nominating

POSTMASTERS ALONE,

all of which have been appointed during the recess of Congress, which messages he will send to the Senate as fast as he can examine and sign them.

It is possible some of the Cabinet nominations already sent to the Senate may be reported for action before the end of the week.

All the important committees will hold a meeting during the week for the purpose of organization.

Short sittings and long adjournments may be expected in the House of Representatives this week. The Speaker will appoint the committee on rules within a day or two. Recess for two days will probably be taken in order to allow that committee opportunity to consider and report upon the various propositions already introduced looking to amendments of

THE RULES.

Mr. McCreary's resolution requiring appropriation bills to be reported to the House by committees within 60 days after their appointment during the long season, will probably be speedily and favorably reported by the committee on rules.

Struck Dead.

CINCINNATI, Dec. 11.—James O'Connell, stage manager of Charles Andrews' "Michael Strogoff" company, was struck dead by an electric current which came down the bell wire when he rang down the curtain at Robinson's theatre last evening. Miss Collins, whom he was to marry, was almost heartbroken by the event.

To Have a Reception.

CINCINNATI, Dec. 11.—Arrangements have been made by the commissioners of the centennial exposition to be held here next year to give a reception and banquet to the honorary commissioners appointed in various states. The time appointed is Wednesday evening next.

Senator Colquitt Speaks.

NEW YORK, Dec. 11.—Senator A. H. Colquitt, of Georgia, addressed the American Temperance Union at Chickering Hall today. He emphatically declared that prohibition was not dead in Georgia despite its recent defeat.

After Salisbury.

LONDON, 11.—Bradlaugh will notify Lord Salisbury that immediately upon the reassembling of Parliament he will move that a committee be appointed to inquire whether or not Salisbury sent a check to assist a fair trade meeting in Trafalgar Square in 1886.

Berry Can't Accept.

NEW YORK, Dec. 11.—In Plymouth Church, Brooklyn, this morning, Rev. Dr. Abbott read from the pulpit the following cablegram:

"*To Professor Rossiter W. Raymond:*

Charles Albert Berry greets Plymouth Church and appreciates its affection, prays for its prosperity, but cannot accept the pastorate. Home claims and inexorable duty here commands. Letter mailed you. God bless and guide you."

The announcement was an unforeseen blow and much excitement followed.

HIS LETTER.

LONDON, Dec. 11.—Rev. Mr. Berry has declined the call to Plymouth Church, Brooklyn. Mr. Berry, in a letter which was read to the congregation in Queen's Street chapel today, referred to Plymouth pulpit as one of world-wide influence, there being associated with it an undying lustre of the glory of the famous name. "The question of acceptance," he said, "had to be decided under the exclusion of all party, local and personal interests of which charge could be taken only under the sacred sanction of duty to religion and humanity." Although the call to Plymouth Church was a strong one, he felt that he must remain in England, going on at any cost with the work to which he had consecrated his life.

Great Mortality.

LONDON, Dec. 11.—Twenty-four persons were drowned in the recent hurricane off Orkney Islands.

The Elks Convention.

NEW YORK, Dec. 11.—The annual convention of the Grand Lodge of the Benevolent Protective Order of Elks, opened here today.

The Anarchists' Banquet.

CHICAGO, Dec. 11.—Three more of the series of entertainments for the benefit of the families of the executed and imprisoned anarchists were held in different parts of the city to-day. One was addressed by Captain Black and John Gloy. Captain Black did not refer to his late plea for his clients except by inference. Gloy urged political organization as the only means of securing a peaceful solution of the social problem.

GLOY'S SPEECH

was a surprise, particularly to those who remembered how he championed Spies and the other dead anarchists just prior to the execution. He said: "Never forget the lesson purchased with the blood of your fellow-citizens, that no heroic courage of individuals is able to speak the people out of indolence and laziness, and that bad as the present order is and much as it merits it, it cannot be blown up with dynamite. To overthrow that which is requires the conscious, never-relaxing work of enlightenment and organization accommodating itself to circumstances."

Gloy deprecated the sentiment of revenge, and gave as a reason the statement that they could never revenge on individuals a crime which was committed in furious blindness by an entire class.

More Money Wanted.

LINCOLN, Neb, Dec. 11.—At the regular meeting of the local branch of the Irish National League, President Fitzgerald made a speech deploring the slowness with which the wealthy Irishmen of America were responding to his recent appeal. Ireland was never in greater need, and he urged redoubled efforts to help the anti-coercion roll of honor. He handed in his own name for an additional $500. Twelve hundred was subscribed in a very short time.

Gross Exchanges.

BOSTON, Dec. 11.—Managers of the leading clearing houses in the United States report the total gross exchanges for the week ending Dec. 10, 1887, to be $1,029,212,111, a decrease of 18.3 per cent.

A Mob Defeated.

CONCORDIA, Kansas, Dec. 11.—An armed mob surrounded the jail at Leotia this morning and made an attempt to lynch Thomas Allen, confined on the charge of being implicated in the killing of Coulter and Ramson last February. The mob opened a heavy fire on the jail with Winchester rifles, but were repulsed by Sheriff Edwards and his deputies. Several of the mob were severely wounded.

A Colored Man Beaten.

CHICAGO, Dec. 11.—A *Daily News* special from Cairo, Ills., says that Joseph Houser, colored, recently appointed pension agent, was seized by a mob at La Forge, Mo., yesterday and beaten until he was in a serious condition.

Taken In.

SAN JOSE, Dec. 11.—Harry L. Vanderbilt, claiming to be advance agent for Sullivan's Wild West Show, was arrested here yesterday for obtaining money on false pretenses. He claimed to be empowered to make contracts for the subsistence of the troupe, which he said numbered 300 people, and offered to give contracts for supplies to several parties, allowing them to charge in excess of the regular prices on advance to him of certain sums of money, part down and the balance to be paid when the bills for supplies fell due. Investigations show Vanderbilt had served a term in the state's prison for burglary and it is believed since his release he has been deluding people in various parts of the state. He claims, however, to be the authorized agent for wild west shows and says he was formerly manager for W. F. Cody.

Severe Fire.

SAN FRANCISCO, Dec. 11.—Fire destroyed St. Mary's Chapel and Parochial School this evening. St. Mary's Hospital was saved. The loss from the buildings will not exceed $15,000, but many valuable relics preserved in the chapel were destroyed, among them supposed to be the only genuine Gobelin tapestry in America, and a representation of Lake Tiberius shortly after the resurrection. This work of art, which is valued at $3,000, was brought to Boston from Europe and subsequently came into possession of Rev. Father Hugh Gallagher, of San Francisco, who presented it a short time before his death to the sisters attached to St. Mary's hospital.

Started East.

SAN FRANCISCO, Dec. 11.—A. S. D. Dewey, arrested on the 30th ult. on a telegraphic warrant from Chicago charging him with forgery, started east this afternoon in charge of detective Keogh, of Chicago, who came out here after him.

Pentecost Resigns.

NEW YORK, Dec. 11.—Rev. Hugh O. Pentecost this morning resigned his position as pastor of the Belleville Avenue Congregational Church. His prominence in the labor movement and his candidacy for mayor on that ticket at the last charter election and his utterances in regard to the Chicago anarchists had estranged him from some members of the congregation.

Some men find fault because they are never lucky enough to find anything else.

GENERAL NEWS.

A Receiver Wanted for the Continental Life Insurance Company.

The Chicago Anarchists Refrain from Speech-Making Because of Most.

A Railway Train Near Texarkana, Arkansas, Robbed by Three Men.

The Murderers of Constable Whalen Found Guilty.—Other Notes.

By Telegraph to the NEWS.]

In a Bad Shape.

HARTFORD, Conn., Dec. 10.—In the superior court today the insurance commissioner applied to have a receiver take charge of the Continental Life Insurance Company, which had on January 1st last, liabilities amounting to $2,000,000, and assets $200,000. The commissioner claims their affairs are in a worse shape now. The case will be heard on the 22d.

The Anarchists' Benefit.

CHICAGO, Dec. 10.—The first of the anarchists' benefit entertainments was held in the North Side at Turner Hall this evening and consisted of a gymnastic exhibition and beer drinking. Socialist A. C. Morgan announced that, contrary to the programme, there would be no speeches. He thought it was as well, when they looked to New York and saw the outcome of the Most trial.

The Railroads.

CHICAGO, Dec. 10.—A special to the Chicago *Daily News* from Montreal says: Vice President Van Horn of the Canadian Pacific, denies that he made tenders for Atlantic mail service, but admits that Anderson, Anderson & Co., of London, England, owners of the Orient line, have tendered for the weekly service, steamers to make twenty knots per hour, and surpass in every way those sailing to New York and other American ports. While being independent of the Canadian Pacific, they would run in connection with its Pacific steamers. Van Horn believes such steamers would command a large passenger and freight business in the western states, and thinks Canada is capable of sustaining such a line on account of its ties, political, commercial and social, with the mother country. He says that it would culminate in making the

CANADIAN ROUTE

the favorite route to the east. Other tenders are put in by the Allan, Dominion and Beaver lines.

NEW YORK, Dec. 10.—The Atchison Company has issued a new tariff sheet, quoting lumber rates at 50 cents from Chicago to Colorado points, whereas the rate has previously been fifty cents from the Missouri River to Colorado. The reduction is made on the tariff from the Missouri River west, Chicago-Missouri rates not being affected. The competing roads are likely to follow, as the reduction is the sequence of the cut recently made on all classes of freight from the Missouri River to Colorado.

Criminal Cases.

LITTLE ROCK, Ark., Dec. 10.—Information has been received here that the northbound train on the St. Louis, Arkansas & Texas road was stopped last night near Texarkana by three masked men. They took everything of value, went through the express car and relieved all the passengers of their money and valuables. The postal clerk in the mail car fired several shots at them with a rifle, and a volley was returned, but no harm was done. The robbers did not molest the mail. Governor Hughes and the railroad officials have offered a reward for the apprehension of the robbers. So far the robbers have escaped, although their capture is hourly expected. Late tonight the officers were pursuing them with bloodhounds, and scouring the country in every direction. Later developments show that no attempt was made to rob the

PASSENGER COACHES.

DUBLIN, Dec. 10.—The trial of the seven men indicted for manslaughter, for killing Constable Whelan was concluded today. The jury returned a verdict of guilty against O'Leary and four of the other prisoners. O'Leary was sentenced to 10 years imprisonment and the other four to seven years each.

COLUMBUS, Ohio, Dec. 10. — The special grand jury called to investigate the election tally sheet forgery of 1885, made a report this afternoon returning eight indictments. No names were given, but three arrests have been made: Robert Montgomery and Dr. C. R. Montgomery, of Columbus, and Algernon Granville, of Chicago.

Death's Doings.

BLOOMINGTON, Ill., Dec. 10.—A. B. Ives, an old and prominent resident of McLean County, died here tonight, aged 72.

SAN FRANCISCO, Dec. 10.—The death is reported from Whatcom, Washington Territory, of Rev. I. S. Kalloch, who has been a prominent figure on the Pacific Coast for a number of years. He was elected mayor of this city on the workingmen's ticket in 1879. During the campaign he was shot by Chas. De Young, at that time editor of the *Chronicle*, the dispute growing out of a number of personal attacks made by both parties. A few months later Kalloch's son shot De Young dead, and was afterward acquitted of the charge of murder. At the close of his term of office as mayor, Kalloch moved to Washington Territory, where he has since resided.

THE DECEMBER REPORT

which will be printed at the end of the month will contain estimates of the area, product and value by states of corn, wheat and oats.

Surgeon General Hamilton is surprised over the published report that the marine hospital bureau has officially declared the non-existence of cholera in Italy, and consequently that the quarantine against vessels coming from that country will not be enforced. He said the bureau has never made such a statement. On the contrary, the weekly abstracts of sanitary reports show the necessity of precautions in the case of vessels from south Italy. The abstracts published November 30th, partly reported the existence of cholera in Italy.

Sir Charles Tupper will leave Washington tomorrow for Winnipeg, where he will meet Lady Tupper, and the two will proceed thence to Ottawa.

JOSEPH CHAMBERLAIN

will leave Washington December 18th, for Ottawa, where he will visit Lord Lansdowne during the holiday recess.

Judge Snell, of the police court, today fined George W. Harvey, restaurant keeper, $600 for refusing a colored lawyer named Hewlett.

A Big Winning.

DENVER, Dec. 10.—In the United States court today, Judge Brewer rendered an opinion in the case of T. C. Henry et al. vs. The Travelers' Insurance Company of Hartford, Conn., in favor of the plaintiffs. The case has been pending over two years and involves the possession of the old Denver *Tribune* stock, now held by the *Republican*, valued at a hundred thousand, besides San Louis Valley lands and canals, and miscellaneous lands throughout the state, worth over a million dollars.

The National Educators.

SAN FRANCISCO, Dec. 10.—Preparatory steps for the reception of the National Educational Association, which meets in San Francisco in July next, were taken today by the state executive committee of California. Ira G. Hoitt, state superintendent of public instruction, was elected president of the committee; J. G. Kennedy, head inspector of schools, San Francisco, vice-president; J. W. Anderson, superintendent of schools, San Francisco, treasurer; Joseph H. Pryer, secretary. Much enthusiasm prevailed among the educators present at the meeting, and it was resolved that California should sustain her reputation as a hospitable entertainer and a generous host.
