

## SHEEP CONTRACT FALLS THROUGH.

In Consequence Susannah Crane Sues Sharp Brothers et al For Damages.

CAMP OUTFIT IS INCLUDED.

Plaintiff Alleges That the Sum of Approximately \$2,000 is Due On Contract.

J. C. Sharp, Joseph S. Sharp, John C. Sharp and four other parties were made defendants in a suit filed in the district court yesterday afternoon by Susannah Crane, administratrix of the estate of William Crane, deceased, to recover \$1,000, the value of a camp outfit which it is alleged defendants wrongfully appropriated to their own use, and also to recover \$1,998, alleged to be due on a contract for the leasing of 7,439 head of sheep.

It is alleged that on Sept. 15, 1900, the late William Crane leased the sheep from defendants for a period of one year with the provision that if they gave the sheep back before the expiration of the lease they were to pay Crane five cents per head per month for them. The defendants took possession of the sheep on March 1, 1901, hence plaintiff claims damages in the sum of \$1,998 on the transaction.

To Condemn Right of Way.

D. R. Brinton, R. E. Ruffaker and Wesley K. Wilson are plaintiffs in an action filed in the district court against Ernest and Effie Boyes to condemn a right of way over defendants' property in the southwest quarter of section 16 township 2 south, range 1 west, for an irrigation ditch. Plaintiffs are owners of a spring, and they desire to construct an irrigation ditch over defendants' land to convey the water to their own property.

### COURT NOTES.

In the case of W. S. McCornick against Dean Reber, judgment was rendered by Judge Ritchie yesterday afternoon in favor of plaintiff for the sum of \$7,222.99, principal and interest, to be due on a promissory note executed on Dec. 6, 1897, and also \$100 attorney's fees.

Suit has been filed in the district court by George E. Chandler against Adolph Benzen to set aside a lien filed against plaintiff's property by defendant on Jan. 24, 1905, and to quiet title to the land involved. It is alleged that the lien, which amounts to \$88.50, was unlawfully and fraudulently filed against the property and is without right. It is therefore asked that the same be cancelled.

### A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment always recommend it to my friends as I am confident there is no better made. It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." See Sec. \$1.00 bottle. Sold by Z. C. M. I. Drug Dept.

### AN INTERESTING LECTURE.

Prof. C. D. Chamberlain of Scranton, Pa., gave a very pleasing and entertaining lecture last evening in the Sixteenth ward assembly hall. His subject was "India," and his descriptions of the people and their customs were illustrated with a series of stereopticon views, together with a collection of native musical instruments, ornaments, weapons, and curiosities, which he ex-

### A Man's Wife

should be happy. Fels-Naptha cuts wash-day in half. Get it.

Fels-Naptha Philadelphia

hibited to the audience. A unique feature of the entertainment was the appearance of a quartet of boys and girls, clad in costumes typical of India, and who accompanied the lecturer in playing upon the native musical instruments and chanting a native song.

Mr. Chamberlain lectures this evening on "South America" in the Fifteenth ward meetinghouse, and at later dates will be heard in Barratt hall and other places. His lectures deal with personal experiences in the countries of which he speaks. They are free to the public.

### Drunkenness Is A Disease

of the nervous system, creating a morbid desire for a stimulant. Physicians all over the world agree that medical treatment is necessary to cure it. "Orin" permanently removes the craving, restores the stomach and digestive organs to normal conditions and brings back the health. Price, \$1 per box, mailed in plain wrapper, Smith Drug Co., Salt Lake City.

Partly lines and measured service are back numbers. If you want perfect service take the Independent. All individual lines.

Bodily pain loses its terror if you've a bottle of Dr. Thomas' Electric Oil in the house. Instant relief in cases of burns, cuts, sprains, accidents of any sort.

### MODERN HOUSECLEANING.

Machine For Simplifying House Cleaning in Operation at Elks' Club.

Quite a little interest has been aroused over the operation of a machine, controlled by the Utah Sanitary House Cleaning Co., which extracts the dirt and dust from furniture, carpets and rugs by means of the united forces of pressure and vacuum. These forces working in harmony with each other are piped through a specially prepared hose, from their plant which operates in the street below, into the building and brought to bear upon the carpet with a pressure of 30 pounds to the square inch, loosening the dirt and at the same time sucking it through another pipe of hose into a tank which is placed in their wagon below.

The great worth and convenience of such a method of house cleaning can be readily realized when you learn that this process of cleaning goes on without taking up the carpet, nor does it necessitate the removal of the most expensive rugs. The only inconvenience experienced being that of removing your furniture to some other part of the room, so that the apparatus may play upon that part of the carpet which is not cleaned. The process costs no more than other methods which are not so satisfactory.

### FOR DEFYING OFFICERS.

Belligerent Father and Son Arrested And Sent to the County Jail.

Deputy Sheriff Ike Emery met quite a little opposition yesterday afternoon when he went to the home of Edward Livingston armed with the necessary papers and attempted to replevy a horse in Livingston's possession. The result of the affair is that Livingston and his son Joshua, are now in jail, charged with resisting an officer. When Mr. Emery arrived at the Livingston home at Eleventh South and Eleventh East streets and stated his mission, the father and son locked the doors of the house and refused to allow him or to enter the barn to take possession of the horse, which had been the cause of a lawsuit in the city court. The deputy then telephoned to the sheriff's office and Deputy Sheriff Steele was sent out with warrants for the arrest of Livingston and his son. He brought them to the county jail and Deputy Sheriff Emery got the horse.

## DOES NOT WANT FOREST RESERVE.

Governor Gooding of Idaho Outspoken in Opposition to Shoshone Project.

SCHEME WOULD WORK HARDSHIP

Convicts at Work on New Cell Building for Penitentiary—Townsites of Heyburn.

### Special Correspondence.

Boise, Ida., April 17.—Senator Heyburn's strong fight against the establishment of a forest reserve, taking in practically all of Shoshone county, except the Couer d'Alene mining district, has been warmly endorsed by Gov. Gooding, who has sent the senator a telegram commending the letter of protest from Heyburn to President Roosevelt, and offering to co-operate with the senator in opposing the creation of the reserve. Gov. Gooding, in speaking of the matter, said:

"Senator Heyburn is right. The national government would work a hardship on this state by establishing the Shoshone forest reserve. The government restrictions respecting reserves are so severe, that development of the section affected would long be retarded. Under those restrictions it could not advance. Unsettled, it would not attract railroads, and would remain indefinitely a vast tract of rich territory undeveloped and undevelopable."

"The conservation of the water supply I favor by every possible means. I have always and still am urging the government to take active steps to protect the water sheds. But there is no strong demand for such protection in the north, where irrigation is not needed. In the south it is different, and I will lend my hearty co-operation to all movements looking to the perpetuation of the water supply in the south."

### STATE TIMBER LAW.

"Another point: The new state law respecting our forests and the policy adopted by the state administration are as effective as any measures the government can adopt to protect the forests and the watersheds. We will allow only the commercial timber to be cut, leaving the bed of the forests intact. This policy will bring about a continuing timber industry, full protection to the water sources in the north, and will make possible the development of a vast section that will lie dormant under any forest reserve arrangement."

"The state will be prevented, if the Shoshone reserve is established, from making selections there. Idaho is now behind in her timber selections. These should be made with the least possible delay in order that the endowment funds for various purposes shall be augmented. If this reserve is established the state will be cut off from a large amount of needed revenue."

### GOOD TIMBER LANDS.

Reports having been received that the decision of the commissioner of the general land office, accepting the state's relinquishment of about 40,000 acres of land in Dumague plains, the state land department is arranging to put cruisers in the field for the purposes of finding lands that would be of value and that could be selected after a survey was made. The state land board has been informed of a number of regions where fine timber on unsurveyed lands can be obtained, and such tracts will be cruised out this spring and summer.

### TOWNSITE OF HEYBURN.

The plat of the townsites of Heyburn, the new town on the Minidoka tract, has been prepared, and it is expected that the lots will be placed on sale in the near future. The new townsites is on Snake river. In the townsites as laid out, there is 280,000 acres of school lands, which has been subdivided into lots and blocks. The selection and selection of lots takes place this summer, the state will put on the market about 80 acres of the townsites. The townsites company in laying out Heyburn have arranged for a number of parks, each a full block, and in addition have reserved practically the whole water front for park purposes.

### SOLDIERS' HOSPITAL.

The erection of the new hospital at the soldiers' home will be undertaken as soon as the contract for the building has been selected, and bids will be once advertised for. The new hospital will cost about \$10,000.

### WORK FOR CONVICTS.

Work on the new cell building at the penitentiary will also be prosecuted with much vigor. There are now more than 40 men at work cutting stone for the new building, while about as many are working in the quarry getting out the rough rock. It is the intention of the prison board to open a new quarry on the state's land on Table Rock, east of the penitentiary. Here the finest body of building sand stone in the state has been discovered. It is from this quarry that it is expected the stone for the new capitol building will be obtained. The present intention is to put a large force of men in this quarry at once, while another large number of the convicts will be put to work dressing up the stone for the building.

There are now more than 200 convicts in the penitentiary, more than one-half of whom are kept in idleness. It is the intention of Warden Whitney and the prison board to change this. It is a generally accepted fact that men in prison are better off both morally and physically, when steadily employed. Besides, it is generally conceded that by the use of the convicts in quarrying out and dressing the stone, that the capitol building can be put up at much less expense than would otherwise be possible. This money saving will go a long way toward making the institution self-sustaining. This policy is in strict accord with the recommendations of Gov. Gooding in his message to the legislature.

### FOR GOOD ROADS.

Senator Lewis and Joseph Wheeler, members of the wagon road commission, left this afternoon for Twin Springs by stage. They were accompanied by D. S. Derlington, of the state engineer's office. They will leave Twin Springs tomorrow morning, and will go up the Boise river, following the survey of the proposed Boise-Atlanta road to the latter place. It is anticipated.

### LEA

Schilling's Best is in packages; never comes-out of a bin or canister.

In every package of Schilling's Best Tea is book: How To Make Good Tea.

## SMITH'S FLOUR

Don't make good bread. It's the housewife who uses Smith's Flour that

MAKES GOOD BREAD.

The report that Gov. Gooding expected to leave very soon for northern Idaho, for the purpose of making an extended visit to that region, was somewhat premature. The governor is ex-officio a member of the commission to determine on the site for the north Idaho insane asylum. The law providing for the asylum will not go into effect until about May 10. As soon after this date as possible, the governor will go north, and will then visit each of the five northern counties.

### GOODING WILL GO NORTH.

The grand lodge of Odd Fellows spent yesterday's session in routine business, including conferring degrees upon quite a number of candidates. The reports indicated a big growth of the order in this state. Last evening, the initiatory and second degrees were worked up by the Bingham team in good shape. The representatives and officers present were as follows: Grand master, Dr. F. E. Straup; D. G. M., C. A. Walker; grand warden, T. M. Stringer; grand secretary, P. A. Simpson; grand treasurer, J. P. Carlin; grand representatives, J. J. Thomas and W. O. Carls; grand marshal, W. H. Lepper; grand conductor, J. G. Sothern; grand guardian, J. J. Pilgrim; grand herald, W. S. Giesy; past grand masters, E. D. Hoge, Ed. Pierce, H. C. Wadleigh, E. S. Lutz, John Buckle, S. W. Darke, W. H. Bucher, Eph. Homer, M. Storkman, N. C. Piner and A. L. McCann.

Forty-five of the 48 lodges were represented by 55 delegates, the lodge not represented being No. 41. The state assembly of the Daughters of Rebekah is also in session, with 13 lodges represented.

There were added to the order in this state during 1904, 393 new members.

You can never have perfect freedom of speech till you get the Independent phone in your house. That's right.

## Keith-O'Brien.

Exclusive Tailor-Made Suits.

One of the best values ever offered for the money. Of imported Venetian, Panama and Shepherd's plaid, in blue, black, brown, green and garnet, including styles and blouse effects, plated sleeves with turn back cuffs; full shawl collar, trimmed with silk braid. ## TWENTY YEARS AGO TODAY.

### (DO YOU REMEMBER?)

Don Maco, the noted driver of trotting horses, died of Bright's disease at his home in New York. James Spencer of Wellsville, Cache county, died suddenly of heart failure.

### TEN YEARS AGO TODAY.

Maggie Everill, a pupil at the Lowell, died of heart failure during the fire drill at the school. She was about 16 years old. "Doc" Kessler was found guilty of murder in the second degree for killing Private Nollergall.

The majority of the committee reported against the prohibition clause in the Utah Constitutional convention. Efforts were made to throw suspicion upon Rev. George Gibson, pastor of Emanuel church, San Francisco, for the killing of the two murdered girls.

### FIVE YEARS AGO TODAY.

The conference of western governors held its first meeting in Salt Lake. Lord Roberts began his advance against the Boer forces at Wepner, South Africa.

There was a shooting scrape in the Republican convention at Montgomery, Alabama. Dr. C. H. Snowden was for the second time convicted of adultery in the district court.

## GARDNER DAILY STORE NEWS—GARDNER DAILY STORE NEWS

COME HERE THIS WEEK.

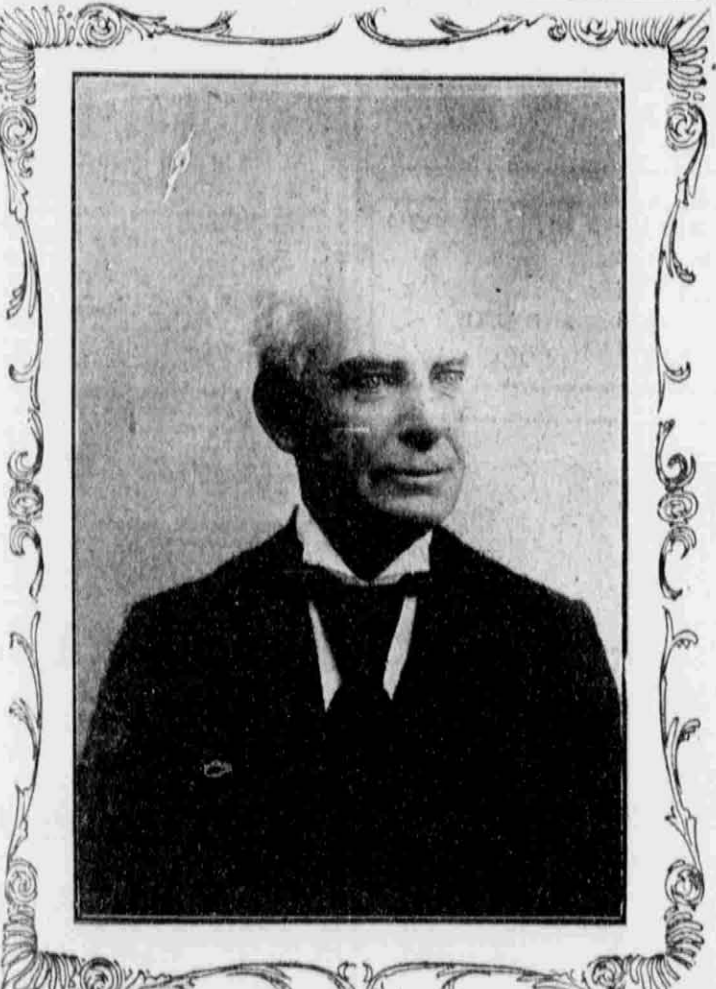

FOR YOUR EASTER SUIT.

We are not moved by selfish motives altogether when inviting you to come here for your suits. 'Tis really as much to your advantage as ours. True, selling clothes is our business, but we make it our business to give you the sort of clothes you should wear, just as low as they can be legitimately sold. Easter Suits from \$35 downward.

ONE PRICE. J. P. GARDNER 136-138 Main St.

THE QUALITY STORE.

J. H. STODDART WILL ACT NO MORE.

Most genuine will be the regret felt in Salt Lake and everywhere else through the country, at the announcement that dear old Stoddart, so recently seen here in "The Bonnie Brier Bush," has been forced to retire from the stage, and that in all likelihood he will never again be seen before the footlights. Mr. Stoddart, while playing in Galt, Canada, on the 7th inst., was suddenly stricken with nervous prostration. He became quite ill and his son and daughter were summoned to his bedside. He was at once taken to his home in Rahway, N. J., from which place late reports say he is still quite low, and that his family say he will never act again.

During the past 65 years this is only the second time that Mr. Stoddart has had to disappoint an audience through illness. The first time was a few years ago in New York when he suffered a slight stroke of paralysis. Mr. Stoddart was born in Yorkshire, England, Oct. 13, 1827, and was thus nearing his 75th birthday. On his recent appearance in Salt Lake it will be remembered that he took an affectionate farewell of his many old friends here, stating that he did not expect to meet them again, though if the desire of his heart could be fulfilled, he would like to play on until he reached his 80th birthday, his special wish being to revive "The Long Strike" and "Saints and Sinners." Mr. Stoddart's place in "The Bonnie Brier Bush" is being filled by J. Palmer Collins. Mr. Fax as Posty will be featured, and the tour will be continued till May 20 when it will end for good and all. In the meantime Mr. Stoddart's host of friends here, who regard him with an affection, the like of which has never been inspired by any other actor who has visited us, will trust that even though he is lost to the stage, his life may be extended for a long time to come and that the evening of his days may be passed in peace, quiet and prosperity.
