Then again disease, fevers, over-exertion, anxiety, nervousness, rheumatism, etc. weaken the heart. The result is shortness of breath, palpitation, pain in the heart, or in some of the nerves of the chest or abdomen. The heart should be strengthened with a tonic, and for this nothing equals

A resolution to this end has been adopted at an executive committee meeting of the Nutional Association of Antemble Manufacturers. The preference for Detroit as a starting point is expressed because of the many factories of automobiles there, and if was pointed out that there would be at least a dezen outries from that city alone.

LAST TOUGH GAME.

"In spite of Merkle's fallure to touch second in the game of Sept. II. with the Cuts," said Cantificet, New York probably would have won the penuant had labulate tip to MoGraw in the last game with the Phillies been adeed mean. The game referred to was nayed in Phillies adelphia Cet. 8. The Wassingtons very in New York and I met Donlin, that aight shout Sib, he having hurried back from Philadelphia. We had dinner to gether and he told me of looking the longether game ever played.

"Most of the fans who followed the games of the leading teams of the feath to the fans who followed the fallsh of the race will never forget the details of that contest it was New York's eighth game of that week against the Phillies. Covalent, the new left hand wonder, was pitching sgalast Mathewson. Twice before during the week. Covalent had triumpind over New York bur it looked as though the Glans would be able to land the pennant all right if they could grab that find battle. So Mathewson was sent in sgalast the southpaw.

DONLAN WAS EASY.

"Matty had been refleved by Wiltse when it came to the beginning of the minth and the Phillies were leading at the little and the Phillies were leading at to I Well, Herzog was the first man up and he scored on a hit, fumble and McCormick's triple. That hooked like a tie score surely. Donlin, the best man on the New York slub, mind you, was next to bat. Hut Covaleski's feri-hand curves had been too min h for Mise in every game that week, and he said to McGraw.

"Mac, this fellow has got it on me; you'd better send a right-hander up in my place."

round better send a right-hander up in my place."

"McGraw wouldn't do it. I would lock inter, the manager said, sending a substitute litter up for you."

"All right, said Mike, and he went to bat and popped up a little five-just what he had been doing all the week against the new left-hander.

"Of course, Doulin's reputation as a game player was established too long ago for anyone to may now that he weak-aned in that emergency it was just a case of too much pitcher with the left-handed curve.
