

HIGH SCHOOL TEAMS TO MEET

Elvens of Ogden and Salt Lake
Will Do Battle on Saturday.

CONTEST AT WALKER FIELD

Varsity Team Will Take a Rest While
The National Guards Are Looking for More Trouble.

There will be a football game here Saturday after all. The High School teams of Salt Lake and Ogden have agreed to meet at Walker's field on that day and try conclusions again. It will be their third meeting the local team having won two games, Ogden expects to win the next. The coming struggle was scheduled to take place on the Ogden gridiron, but by special arrangement the game was transferred to Salt Lake, and will begin promptly at 2 o'clock. The Ogdenites will come down on a special train and will be accompanied by a large crowd of rooters. The game will be the first of a series of three for possession of the championship cup offered by Dr. Mayo. The Ogdenites claim they will be stronger than ever before and will give the home side a lively time of it.

After their defeat on Saturday the University team proposes to take a rest and prepare for their next big struggle. They did not come out for practice yesterday and were not out today. They will rest for a while. Their next game is with the Logan Aggies and they realize that if they win they will have to do much better than they did last Saturday against Ber. Marger's bunch. After taking a rest they will go to work with renewed energy and promise to make good when they face the agriculturalists.

The Guards are still smiling over their victory over the east benches, and they are not anxious to take a rest. They want to keep right on with their good work and they are now looking for fresh trouble and it makes little or no difference to the mifrom which quarter it comes. Manager Marger's is in corresponding with several outside teams with a view to getting one of them here for Thanksgiving day.

THE WAY TO KICK.

How Trick is Done Told by Michigan's Expert Fullback.

With a record of kicking 42 goals out of trying for 43 in a season's work, Edward Lawrence, Michigan's crack fullback, gives the following pointers on the trick. He was asked how it was done.

"That is an implied question that I would rather not answer, because it is agreed by all football men that goal kicking is not a very difficult task when once you have the swing of it. I can tell you better how the goal kicking ought to be done, and if it happens that I don't follow my own advice and make a success of that part of the game, then you may call my advice all right if you want to. The first thing of importance, I should say, is to a good goal kicker, is to be sure that he has a good eye, both to measure the angle at which he wishes to have the ball placed and the distance, even to inches, he is away from the horizontal bar in a certain spot, if possible, in one's endeavor to make the extra point, owing to various reasons. This is the secret of the whole affair; not to think that you must hit the ball in an exact spot in order to get over well. If you have used the right judgment in placing it, measured your angles well and have the strength, you can't fail very well. The strength after the ball is well placed is the important thing. A great many people would be excellent goal kickers were it not for the fact that they get nervous and in their effort to be sure kick the ball lightly. No sir, if

Paine's CELERY COMPOUND

Makes Permanent Cures in
Chronic and Complicated
Cases of Rheumatism.

It Gives New Life to Helpless and
Crippled Men and Women.

Professor Edward E. Phelps, M. D., L. L. D., has given to his profession a positive and permanent cure for all forms of rheumatism from which so many suffer in the autumn season. To the rheumatic, this truth should prove encouraging and comforting. Men and women suffering intense agonies from a disease that frequently stiffens the joints, cripples the limbs and renders its victims quite helpless, can be restored to activity, vigor and health, if Paine's Celery Compound be used for a few weeks. There is every reason why sufferers should pin their faith to this best of medicines. Your friends and neighbors have used it with success; the honest physician is prescribing it every day in cases where all other means have failed, and they are delighted with the happy results. Why hesitate, or doubt the powers, virtues and efficacy of the medicine that is curing thousands today? It is your only hope; your safety and life depend on its use. Lizzie Pierce, Folger, Tenn., once helpless and in a critical condition from rheumatism, writes thus:

"I had rheumatism so bad that I could not walk, and could not bear to have my legs moved. I often thought the disease would kill me. I commenced taking Paine's Celery Compound; I used two bottles and have not had the slightest symptom of rheumatism since. I wish I could tell the whole world the good your medicine has done me. My mother, who had rheumatism for years, was cured by Paine's Celery Compound after using a few bottles. She can now like a child and says she feels ten years younger. I could tell you of a dozen or more people who were cured by Paine's Celery Compound."

DIAMOND DYES

are made especially FOR THE HOME. They are for HOME ECONOMY, and can be used to make anything look bright and new. Direction book and 45 dyed samples free. DIAMOND DYES, Burlington, Vt.

the ball is placed correctly and you put the finger behind it you can get it over with a pretty rocky kick. Every one has his own way, but the best kickers will tell you that the man holding the ball is doing about as much toward making the kick a good one as they themselves, and I firmly believe it to be true.

"The man holding the ball must not simply keep it in position, but he must hold it so that it will take a hard kick to get it away from his hand. This will help get the ball sailing in the right direction in case the kicker misses the spot on the ball he intends to hit. A squarish shoe is, of course, necessary, and a metal strip on the bottom with no give in it whatever. It is very easy to learn to swing the upper portion of the leg always the same, but from the knee down, especially in the ankle, the leg is pretty liable to prove false. To swing the leg from the hip and knee joints, keeping the angle and foot rigid, is my method of kicking. Plenty of swinging the leg this way, even when one is not kicking the ball, is the best kind of practice."

GARDNER'S DEFEAT.

"Mister Johnson" Did Surprise the Champion and Friends.

"Oh, yo, Mister Johnson!" What a surprise the report from San Francisco the other day that Jake Johnson had defeated George Gardner must have caused throughout the country where the fighting game is popular. Gardner had been boosted, and deservedly so, after his victories over Kid Carter and Jack Root as one of the coming men

of the world. His manager, Alex Greg, gains, even went so far as to challenge Fitzsimmons, Black men, however, seem to be his hood. With the color line clause in his articles of agreement properly inserted Gardner would have a clean record to this day. Both Walcott and Johnson, the ebonyhued sons of Ham, have a scalp dangling at their belts. Johnson has been doing fairly well since his appearance on the coast and is no doubt quite an attraction out there now. His defeat of Hank Griffin, Frank Childs and George Gardner all in the short space of a few months gives him quite a boost toward the top of the heap. Johnson appeared in Denver against Billy Stiff and fought him a 10-round draw. He was knocked out by Joe Choyinski in Galveston in two rounds about two years ago.

M'CLOSKEY GOING HOME.

Will Have Champion Team in Salt Lake Next Season.

Manager John J. McCloskey left this morning for his home in Louisville, where he will spend most of the winter, says the Butte Miner. He will go to Dakota from here and visit the cities of St. Paul and Chicago on his way east.

McCloskey will not return to Butte until spring, when he will bring his team preparatory to going into training in Salt Lake. During the winter he will be looking up players for next season's team and as "Mac" intends to have the fastest bunch he can get together, he will have no light tasks before him.

Before he left last night McCloskey stated that he was glad he was to return here next summer, as he had been treated well and he liked the town and the people. He said that he had had a hard season this last year and reminded his listeners that it was no easy job to pull out a pennant-winning team. "Do you want to say anything about next season?" the manager was asked.

"No, that is nothing definite. I do not want to make any boasts for I don't believe in making statements which may have to be retracted later. I will say, however, that I will endeavor to give Butte as good a team as there is in the league and every bit as good, if not much stronger, than last year."

"Wait! I want to do it to get together the hardest hitting bunch I can. You see how hitting turned the trick for us this season. And I believe it will again next year. Consequently I am after stick men as well as fielders."

With the departure of McCloskey every reminder of the pennant-winning team of 1902 has vanished. There is nothing for the fans to do but pray for the winter to end quickly.

HANLON IS A COMER.

Little Fellow Improves—May Meet Abe Attel Soon.

Out in San Francisco they are just at present bringing to the front a little proposition in Eddie Hanlon that looks troublesome for all the little fellows in that division. The manner in which Hanlon polished off so good a good boy as Kid McFadden a week ago leaves no further doubt as to his caliber. A bout between Hanlon and Abe Attel would be worth going miles to see. Both are clever, can hit fairly well and know the game. A contest of this kind would succeed in drawing the biggest kind of a house in that city. Attel is again in Chicago and it does seem strange that in view of his chance to get on the winner of the Hanlon-McFadden bout he should leave the coast for the east without any match in sight. There is no doubt, however, that if the proper inducements are offered Attel will again consent to journey towards California and dispute supremacy with Hanlon who is now a prime favorite on the coast.

OUTSIDE EVENTS.

GAME OF WATER POLO.

It is Being Introduced by Y. M. C. A.—Played Last Night.

Y. M. C. A. athletics hope to make water polo a popular game here during the winter, and they have already introduced the sport, the first game being played last night. The game is popular in the east but little or nothing is known of it here. It is a sort of combination of football and basketball, but it is played in the water. The first game occurred last night at the Sanitarium between picked teams from the Y. M. C. A. Mall's team won by a score of 14 to 5.

Wisconsin Team Coming.

Madison, Wis., Nov. 3.—The Wisconsin

ABSORBING PROBLEM

Of the Present Day.

The absorbing problem of today is, how to expend one's income so as to attain the best results; that is, get full value for one's money.

It may truthfully be said that this has been, is, and always will be an absorbing problem to those with limited means; but the fact remains that, with the price of living necessities constantly rising one must husband one's resources more carefully than ever before if he would live within his income. In saying that prices are rising, we except one article which has come to occupy a prominent place in the family medicine chest, and that is the specific for piles or hemorrhoids known as Pyramid Pile Cure; this remedy is still sold by druggists at the old price of fifty cents, and one dollar, and these prices will remain unchanged. These to whom this preparation has brought relief and a cure after years of suffering do not need to be told of its merits; others are advised that it is the greatest boon ever discovered, to all those afflicted with any form of piles; it is in suppository form, is easily applied, reaches the seat of the complaint, and gives immediate relief and a lasting cure.

The reader may have tried salves, ointments and lotions without benefit, and feeling that his money has been wasted, resolves to suffer on rather than experiment farther. The reason for the failure of these treatments is that they do not reach the seat of the trouble, and hence do not remove the cause, as does Pyramid Pile Cure. A little book describing piles, their cause and cure, is published by the Pyramid Drug Co., Marshall, Mich., and anyone may procure a copy by sending name and address to above firm. As showing the estimation in which this remedy is held by the public it may interest the reader to know that its sales have exceeded those of all other pile remedies combined.

sin university football team will make the trip to the Pacific coast for games with Leland Stanford university and the University of California during the Christmas vacation. Favorable action was taken on the proposition today at a conference between the faculty and the athletic council. Eighteen men will make the trip, starting on Dec. 11 and returning Jan. 5. It is planned to play the first game on Christmas day with the University of California and on New Year's day the team will battle with Stanford university at Pasadena.

SPECIAL GOLF MEETING.

United States Association to Convene in New York Nov. 18.

New York, Nov. 4.—Arrangements for a special meeting of the United States Golf association to be held in this city on Nov. 18 have been completed. The object of the meeting is to consider the report of the committee appointed at the annual meeting on the revision of the constitution. The question is whether the association shall remain as it is, made up of associate members who vote and pay \$100 a year, with allied members without a vote at \$25 a year, or whether all the clubs will be put on equal rights basis at \$25 a year dues.

Davis With National.

New York, Nov. 4.—George Davis, once the captain-manager of the New York Baseball club, who played with the Chicago club of the American league this year, is announced to have signed with the New York National League club for next season.

DEFEATED TWO MEN.

Harry Forbes Proves His Title to Bantam Weight Champion.

Chicago, Nov. 3.—Harry Forbes, the bantam weight champion, met two men in the same ring here tonight and defeated both. His opponents were George Halliday of New York and Billy Finucane of Chicago. Each contest was scheduled for six rounds. Halliday met Forbes and was knocked out after two minutes of fighting in the first round. Halliday was badly out-classed and succumbed to a right swing on the jaw.

After Forbes had rested a few minutes, his second opponent, Finucane, came to the ring. Forbes managed to last the six rounds, but was in bad shape and Forbes was given the verdict.

SMOKE CONSUMERS CREATE WARMTH

City Council Wrestles With the
Vexatious Problem Again.

CAR FENDER ORDINANCE.

A Penalty of From \$10 to \$50 is
Provided for Any Person Getting on
The Man Caucher.

The city council held a strictly business meeting last night and a great deal of routine business was disposed of with unusual dispatch. The smoke ordinance was the only matter that created any excitement of importance. The matter arose when a communication from Chief Paul was read which contained a list of 30 of the big business blocks of the city the owners of which had been notified by the chief to comply with the ordinance, requiring the use of smoke consumers, within 60 days.

Daveller was in favor of swearing out complaints against the violators at once. He held that the council had no right to extend time to violators of a city ordinance as that was within the province of the court and not the council. Fernstrom said that the council had passed a resolution giving violators 60 days' notice in order to allow them to put in smoke consumers, and he thought it would be ridiculous to turn right around and prosecute them in the very face of the former action of the council. It was finally decided to let the municipal laws committee wrestle with the proposition and determine upon some action and the matter was so referred.

FENDER ORDINANCE REFERRED.

Hewlett introduced the new fender ordinance which was referred to the committees on municipal laws and streets. The ordinance provides that the fenders shall be placed on all cars within 60 days from the passage of the ordinance, and that said fenders shall meet the approval of the board of public works. A penalty of from \$50 to \$150 is imposed for failure to comply with said ordinance. A penalty of from \$10 to \$50 is provided for any person who, when not in danger of injury, shall get upon such fender attached to any car whether standing still or in motion.

POLICE MATTERS.

Chief of Police Paul sent in the appointment of Dennis A. Sullivan as a member of the police force to fill the vacancy caused by the removal of E. M. Palmer. The appointment was unanimously confirmed.

The committee on police and prison recommended that the appointments of Louis S. Larson and B. H. Seager as patrolmen on the police force be confirmed. They were confirmed by a unanimous vote. The chief also sent in the appointment of Abe Randolph as a special policeman to act without pay from the city, which appointment was also unanimously confirmed. The action of the chief in transferring J. D. Brown from the office of mounted policeman to that of patrolman was concurred in by the council.

DUNFORD HOUSE BLOCKADE.

Mrs. Eliza Snow Dunford submitted a communication stating that she is desirous of completing the removal of her house from East South Temple street to 1 street, thence to Second street, thence to H street where her lot is situated, and asking that the Utah Light and power company be allowed to remove their poles and wires from the center of the street and to replace them after her house has passed to H street. The communication was referred to the committee on streets with the city attorney associated. It was the opinion of the majority of the council that the house had blockaded the street long enough, and that the limit of two weeks should be given in which to get the house off the street. There was some opposition to allowing the house to be moved up 1 street for the reason that it would block the street so that the fire department from station No. 4, which is on 1 street, would be unable to pass it and would have to go several blocks out of its way in making a run to a fire.

After the above matter had been referred, Tuddenham introduced a resolution, which was passed, providing that no person firm or corporation shall be allowed to move through, across or along the streets of this city, any house or building or other large structure without first obtaining permission to do so from the city council.

HOME TELEPHONE AGAIN.

The matter of granting a franchise to the Home Telephone company was revived by the passage of a resolution introduced by A. J. Davis, providing that a committee of five be appointed to investigate the desirability of granting a franchise to said company, and that the company's petition remain on the table until the committee makes its report, the same to be made at the earliest possible time.

LEGISLATIVE HALLS LEASE.

The state board of examiners, by J. T. Hammond, as secretary, presented a communication asking if the city would lease the same quarters heretofore occupied for such purposes, for the session of the state legislature, for the term of 60 days, and if so at what rental. The matter was referred to the committee on control.

CLAIM DENIED.

The Jordan Canal and Irrigation committee reported adversely upon the claim of John F. Howell for \$1,500 damages for injuries to his crops by the failure of the city to furnish sufficient irrigating water according to its contract with the farmer. The report was adopted by the council.

OTHER ROUTINE MATTERS.

A petition was received from George F. Goodwin, an alien petitioner, asking that Soj Crown be granted a free permit to keep a cigar stand in the city and county building. The matter was referred to the committee on control.

A resolution was introduced by Tuddenham authorizing the city engineer to prepare plans and estimates of the cost of constructing the Farley's canyon storage reservoir, the plans to cost not to exceed \$600. The resolution was adopted.

The hack ordinance as amended was placed on its second and third reading and passed. The ordinance is the same as originally presented with the exception that no restriction is placed upon the matter of where the hacks and vans shall stand.

The committee on fire department and finance reported in favor of purchasing a new aerial truck and 1,500 feet of hose at a cost not to exceed \$5,400, and authorized the chief of the fire department to make said purchases. The report was adopted.

City Auditor Reiter submitted the department payrolls for the last half of October, amounting to \$9,059.81, which were referred for approval.

FEDERAL COURT.

Yesterday was November rule day in the United States circuit and district courts, and with Judge Marshall on the bench the following cases were disposed of:

United States Mining company vs. E. A. Wall et al.; order to show cause why defendant should not be held in contempt argued, and defendant discharged.

United States vs. Bent R. Hanson, administrator of the estate of Bent Hanson, deceased; suit for damages for the unlawful conversion of 450,000 feet of lumber from U. S. domain, dismissed on motion of plaintiff.

Kouns vs. American Smelting & Refining company; suit for personal damages dismissed.

John F. Bradshaw, bankrupt; motion on objection to discharge continued till Oct. 10.

Thaddeus M. Ferrin, bankrupt; referred back to referee.

Hemstead vs. Mine & Smelter Supply company; motion to remand argued and submitted.

Osgood vs. Consolidated Mining company; demurrers to complaint argued and submitted.

Wilkinson vs. Southern Pacific; demurrer sustained and leave given to file amended complaint.

Crittenden vs. Southern Pacific; motion to strike out sustained and leave given to amend complaint.

Williamson heirs vs. Schoppe and also vs. Beardsley; demurrer argued and submitted.

Myers vs. Highland Boy Gold Mining company; hearing on demurrer set for 10th inst.

Heinrich Klenke, bankrupt; petition of Sidney Stevens for review of decision of referee argued and submitted and taken under advisement.

CITY COUNCIL CRITICISED.

The Christian Union camped on the trail of the city council last night, and a general roast for that august body was in order. President H. H. Smith

Men who lead strenuous lives—the workers either with brain or body—must have food most healthful, best fitted to make strong bodies and clear brains. Hence Dr. Price's Cream Baking Powder is purchased for the Army and Navy, and is specially preferred in making the food of those who labor and think, men and women who must have physical and mental strength.

The lesson conveyed hereby is that Price's Baking Powder, which meets the very exacting requirements of these conditions, proves itself superior in all qualities which are essential to perfect cookery at home.

PRICE BAKING POWDER, CHICAGO, U. S. A.

FEDERAL COURT.

Yesterday was November rule day in the United States circuit and district courts, and with Judge Marshall on the bench the following cases were disposed of:

United States Mining company vs. E. A. Wall et al.; order to show cause why defendant should not be held in contempt argued, and defendant discharged.

United States vs. Bent R. Hanson, administrator of the estate of Bent Hanson, deceased; suit for damages for the unlawful conversion of 450,000 feet of lumber from U. S. domain, dismissed on motion of plaintiff.

Kouns vs. American Smelting & Refining company; suit for personal damages dismissed.

John F. Bradshaw, bankrupt; motion on objection to discharge continued till Oct. 10.

Thaddeus M. Ferrin, bankrupt; referred back to referee.

Hemstead vs. Mine & Smelter Supply company; motion to remand argued and submitted.

Osgood vs. Consolidated Mining company; demurrers to complaint argued and submitted.

Wilkinson vs. Southern Pacific; demurrer sustained and leave given to file amended complaint.

Crittenden vs. Southern Pacific; motion to strike out sustained and leave given to amend complaint.

Williamson heirs vs. Schoppe and also vs. Beardsley; demurrer argued and submitted.

Myers vs. Highland Boy Gold Mining company; hearing on demurrer set for 10th inst.

Heinrich Klenke, bankrupt; petition of Sidney Stevens for review of decision of referee argued and submitted and taken under advisement.

of the Christian Endeavor State Union declared "there were some eight or nine members of the council who were entirely unfit to meddle in city affairs. In place of some of the councilmen," the speaker concluded, "we might as well have so many wooden men like those in front of tailor shops. The wooden men could possibly serve the people to as good advantage."

Mr. Smith also held that "a stand in" with members of the council made it unnecessary for the streetcar company to use fenders on their cars. He appeared for the radical action at election time, and hoped these unworthy city servants would be defeated the next time they showed up for election. The line of speaking was largely in support of Mr. Smith's position, and several of the speakers considered the councilmen much as they would wooden Indians in front of cigar stores.

SOLDIERS ARRESTED.

Two Men From Fort Douglas Accused of Petit Larceny.

Yesterday afternoon Detectives Chase and Gillespie arrested William Kirby and Dallas Shanklin, two soldiers from Fort Douglas, on the charge of petit larceny. It is alleged they stole a suit of clothes and other articles valued at \$14.50 from a fellow soldier and pawned them. The men did not plead this afternoon but the case was set for tomorrow afternoon.

TOM KING MALIGNED.

Jailor Kimball Says an Injustice Has Been Done His Prisoner.

Jailor Kimball of the city jail feels that an injustice has been done him in the report of the case of Tom King, a companion of Eph Kelly, Ed Murtle et al. The case was considerably misrepresented.

On Saturday morning, Tom, who was a trusty at the jail, sneaked out the back way and went out to get drunk. His absence was soon discovered by

Jailor Kimball and he notified all the patrolmen to watch out for the old veteran and bring him in. But Tom was not found until after Jailor Kimball had gone home, and then he put in an appearance without the aid of the patrol wagon. He was hilariously drunk and had a big bottle of alcohol in his pocket. He was locked up in the drunk house and the bottle was taken away from him and kept in the desk sergeant's room. In the morning Sergeant Roberts let the trustees out to do their morning's work. Tom was one of them. It is his work to clean up the desk sergeant's room and while in the performance of that duty he spied his alcohol and slipped it in his pocket.

When Jailor Kimball arrived, Tom was drunk again. He was ordering the other trustees around as though he had a right to do so. But the statement that Tom ordered prisoners out of the jail is not true, neither did he break up any furniture. When the jailor found Tom drunk, he locked the old fellow up and kept him in the drunkhouse until he was thoroughly sober.

COLONEL WOULD VOTE.

Eph Kelly Makes Strange Plea for Liberty—Got 30 Days.

Before Judge Diehl yesterday afternoon Colonel Eph Kelly was arraigned on the charge of "aggraving" by being a common drunkard. "The council said: 'I guess I am going Judge your honor, but say now justice can't you let me go this time. I would like to be out for election.'"

"I'm afraid not," said Judge Diehl. "Colonel, you can vote here, they will let you vote all right."

Judge Diehl pronounced a sentence of 30 days and Kelly sat down with a mournful sigh.

MUSIC TEACHERS.

All who desire to consult the list of the representative professors and music teachers of Salt Lake should read the "Musicians' Directory" in the Saturday "News."

"FORCE"

The Ready-to-Serve Cereal

rounds out the dinner—
rounds up the diner.

(Sweet, crisp flakes of wheat and malt.

Overjoyed at His Cure.

"Tuesday evening I sat down to a wedding feast. Next morning I felt wretched beyond description. Ate 'Force' for breakfast, lunch and dinner. This morning had 'Force' again for breakfast. Now, after my usual and hearty lunch, I feel as fine as usual. Am overjoyed at this cure."

"JOHN FIELD."
