DEAFNESS CAUSED BY CATARRH.—Catarh not infrequently produces deafness. Mr. Levi Springer, of Nottale Lake, (I. O.), Williams Co., O., formerly of Durbin's Corners, O., has been cured of deafness of fourteen years' standing, by using Dr. Sage's Catarrh Remedy. He was so deaf he could not hear a person when seated by his side, and can now hear the church bells ring two miles distant—so he writes.

Marked Case of Deafness Cured.

DIKEKSONVILLE, N.Y., Feb. 22, 1896. About one year ago I caught a severe cold in the head, which terminated in a severe form of Catarrh. During the time I was afflicted with the nasal Catarrh, and I became wholly deaf in one ear, with partial deafness in the other. The inflammation had involved all the delicate structures of the ears, and I was in immediate danger of permanent deafness. The discharge became profuse and fetid, both into my throat and from my ears. In this condition I called on Dr. Pierce for advice, who prescribed his Golden Medical Discovery and Catarrh Remedy, and under their use have rapidly recovered. My hearing is restored, and my Catarrh is entirely well. JOHN SMITH.

LOCAL AND OTHER MATTERS.

THERMOMETER 22 degrees F. in the shade at 1 p.m. to-day. Cloudy.

The Solar Spectrum.—C. R. Savage, Esq., will lecture in the 16th Ward school room, on "The Solar Spectrum," on Tuesday evening, Feb. 10, commencing at 7 o'clock.

Subject.—A person remarked the other day that it was a wonder that some poet didn't write a gushing effusion on the "silvery moon," "the beautiful snow," or "the glittering stars."

More of it.—More of the "beautiful snow" fell during last night. It was of that fine kind that used to cut the cuts on the U. S. R. R. and stop commerce and travel between here and the east.

Horticultural Society.—The members of the Horticultural society will meet to-night, at the office of Stout & Burmeister, and every Wednesday evening in future till further notice. All interested are cordially invited to attend those meetings.

Concerts.—Mr. A. C. Smyth's concert in the 13th Ward Assembly Rooms last night was a pleasant entertainment. There will be a musical treat at the 14th Ward school to-night, provided by Mr. S. R. Marks assisted by a number of other talented gentlemen and ladies.

Another.—We regret to learn that another daughter of Mrs. Ledingham, formerly Mrs. Hill, of the 15th Ward, died yesterday, and exhibited, before her demise, all the symptoms manifested by the other three children, one of whom was the daughter of Mr. and Mrs. Hall and the other two of Mrs. Ledingham's family, died a short time since.

Dr. Anderson and the Drs. Benedict, who held a post mortem examination on the bodies of the children, pronounced the disease to be a malignant form or type of scarlet fever. Death has made a fearful inroad upon that family in a short space of time.

Arrived.—Bishop John Sharp and Fernand Little, Esq., reached this city last night at ten o'clock, having left St. George at 7 o'clock last Thursday morning.

They state that the roads are simply terrible, being extremely muddy in some places, while the snow is very deep in others. On the way south they broke two axles, and on the return one axle and a wheel. They came from Provo by special train last night.

Everybody at St. George seems to be busily engaged at something, and there is a good deal of travel on the road south, considerable of which is occasioned by the work of building the temple.

City Council.—In the City Council last evening the petition of Z. Snow and seventeen others, asking that plank crossings be laid from the Idaho street corner across the street south and east, was referred to the committee on streets and alleys.

Petition of Auer & Murphy and thirteen others, living or doing business between the corner of Exchange Buildings and Commercial Street, asking that a sidewalk be dug to drain the sidewalk between the above mentioned places, was granted, and the street supervisor was instructed to otherwise improve that portion of the street and sidewalk.

Petition of Joseph Warburton and others, asking that certain fences, in the vicinity of the corner of 9th East and 6th South streets, which were erected so far out on the sidewalk as to interfere with the rights of the public, might be removed and placed on the proper lines granted.

The report of Alderman Clinton was read and accepted. It stated that the total number of cases tried before him during February was 52, and that the total amount of cash collected on fines was \$142.50, and the amount in labor was \$100.00.

The quarterly finance report of the city auditor was read, received and ordered to be placed on file. The report of the committee to whom was referred the petition of B. F. Raybould and others, asking the council to construct a water tank near the corner of West Temple and 5th South Streets, recommended that the prayer of the petitioner be granted; report received and adopted.

Report of the committee to whom was referred the report of the Section in which the erecting of a vault in and the planting of ornamental shade trees around the cemetery, was recommended, stated that the committee deemed it inexpedient at present to erect such a large vault as would be required to accommodate the public, but that they concurred in the recommendation to plant shade trees around the cemetery, provided sufficient water could be obtained to irrigate them, and recommended that the section be instructed to learn if the water could be procured and if so to plant the trees. Report received and adopted.

Report of committee, to whom was referred the petition of Morris & Evans, asking the privilege of quarrying limestone at a certain point about 150 yards from Passaic's lime kiln, recommended that the prayer of the petitioners be granted, which was done.

Isaac Groo, Supervisor of Streets, stated to the Council that several firms doing business on East Temple Street had requested him to scrape up in place and remove on that street the mud between First and Second South Streets, and recommended that it be done. Council concurred in and adopted the

Supervisor's recommendation, and instructed him to scrape up and remove the mud, if it could be done without injury to the street.

Several bills were read and allowed. The Mayor stated that a petition to enforce the ordinance relating to dogs, passed in the year 1897, was before the Council, when it was motioned that the ordinance be republished, together with a notice that on and after a date to be fixed by the Council, all dogs not registered and collared, should be killed by the City Marshal.

This was objected to on the ground that there were doubts as to the legality of the ordinance, as a dog was unquestionable property, and it was questionable whether the council had a right to destroy property of any kind.

Councilor Winder then read a portion of the city charter, which expressly vests the right in the city council to make any useful regulations relating to dogs.

The motion to re-publish the ordinance, together with an appropriate notice to the effect that, on and after the first of April next, all dogs, not registered and collared, would be liable to be killed by the city marshal or any other person, was then carried.

Council adjourned till next Tuesday evening at 7 p.m.

Masquerade.—That ball given at Hussey's Hall last night by the Hebrew Benevolent Society, was a masquerade affair. Many of the guests were attired in exceedingly grotesque costumes, and with masks, some of which latter were ornamented with nasal protuberances, before her demise, all the symptoms manifested by the other three children, one of whom was the daughter of Mr. and Mrs. Hall and the other two of Mrs. Ledingham's family, died a short time since.

Dr. Anderson and the Drs. Benedict, who held a post mortem examination on the bodies of the children, pronounced the disease to be a malignant form or type of scarlet fever. Death has made a fearful inroad upon that family in a short space of time.

Will you be good enough to express, through the NEWS, the thanks of the 20th Ward Institute to various parties who have freely donated books of various kinds to the Library of that Association. Where so many have thus shown their appreciation of and sympathy with the objects of the Library, it may be somewhat out of place to mention names, but we take the liberty of acknowledging the receipt, to-day, from Mr. Jas. Dwyer, of Macaulay's "History of England" in five volumes, two large volumes of Mr. Fowler's works, on physiological subjects, and Cleveland's "Compendium of Literature," also from Messrs. Campbell & Patterson, a large handsomely bound volume of Stanley's "How I found Livingstone in Central Africa."

The U. S. Supreme Court will re-assemble, after its month's recess, on Monday next, the 2nd of March. There are a large number of opinions to be delivered, and the reading of them will occupy at least one day, and possibly two. The new Chief Justice will not be sworn in until after the reading of the opinions has been concluded. He will meet the other Justices next Monday in the robing-room, and will proceed with them into the court room, but will not ascend the bench until the reading of the opinions is concluded. Then his commission will be read and he will be sworn in by the clerk of the court, and will then take his seat as Chief Justice.—Washington Star, Feb. 28.

Theatre.—Last night Mr. J. T. Raymond appeared as "Asa Trenchard" in "Our American Cousin," and "Hugh De Brass" in "A Regular Fix," and made a very favorable impression. He is an able and excellent actor. Mr. Sawtelle played "Abel Murcott" very creditably. In fact the playing throughout was superior, and both dramas were performed in good style. Professor O'Reardon appeared in his wonderful "Tumbleronion" performance.

This evening Mr. Raymond will appear as "Uncle Nathan" in "Only a Jew," and "Timothy Toodles" in "Toodles," Mr. Sawtelle as "Crunkley," Mr. Thorne as "Elliott Crooks" and "George Acorn," Miss Adams as "Natalie Daves," Mrs. Ren as "Anastasia Crooks," and "Mrs. Toodles," Miss Cogswell as "Marion Touter," Mrs. Croble as "Mary Acorn."

Between the pieces Prof. O'Reardon will appear in his charming "Tumbleronion" performances. Commissioned.—The Governor nominated O. F. Strickland for Attorney General of the Territory, and B. L. Duncan for Territorial Marshal to occupy the places of Messrs. Snow and McAllister, who were elected to those respective offices by the Legislature, and the Governor has given commissions to the first named two. The Governor is a great man, he is. He is everybody, and everybody else is nobody in his estimation. He has not only nominated but confirmed and elected those men to office.

Of course the drift of all this is easy to be seen—to increase the judicial muddle, and induce Congress to enact special legislation. That is what is the matter. The two attorneys and two marshals will appear in court on Monday. The question is, what will Judge McKean do in the midst of this apparent dilemma? Could anybody guess? If they did they would probably conclude that he will be likely to adjourn the Court with the decision that he cannot enforce the law till Congress relieves him with one of those unconstitutional bills. The plan of getting illegal grand juries is a little too risky for repetition. The declaration of a deadlock seems to be the order of the day.

Brigham City.—Elder Willard Woodruff honored us with a call this morning. He stated that he returned from a visit to Brigham City Monday, having gone there on Saturday morning. He visited the co-operative establishments there, including the latter's shop, blacksmith and wagon shop, tan-

tery, boot and shoe factory, and woolen factory, all in successful operation. In the afternoon of Saturday he addressed about 400 of the priesthood. On Sunday he spoke in the forenoon to a large assembly of Saints, in the afternoon to about 300 Sunday School children. In the evening Bishop E. F. Sheets, who was there on business, and Elder Woodruff also addressed the assembly of the Saints. On Monday Elder Woodruff visited four day schools, all under efficient teachers, and doing well. The people appeared to be united and enjoying a good spirit.

Elder Woodruff says Bishop E. F. Sheets is the right man in the right place. He had been north to look after 1,500 head of Church stock, and had brought 500 head to Brigham City, which herd Elder Woodruff visited and found doing well.

Proposed Amendment to the Constitution. PROVIDENCE, R. I., 4.—In the legislature of the House of Representatives a special committee on woman suffrage presented a majority report recommending the submission to the people of the following proposition: "Men and women, politically and legally, shall be entitled to equal rights and privileges, and shall be subject to equal duties and liabilities."

Want to Amalgamate. NEW YORK, 4.—Committees representing the reformed church in America and the General Assembly of the Presbyterian church of the south, are holding secret sessions daily, relative to an organic union. It is understood that the desire is to form, if possible, some middle ground on which the two churches can meet without destroying their identity. A movement has been started in Brooklyn, irrespective of sect or denomination, to invite Rev. Dr. Porten to take charge of the Episcopal Church society to be formed in that city.
