## TRAGIC DEATHS IN JUNCTION CITY

**J. A. Palmer Takes His Own Life—Howard Faddis Drowned In Ditch.**

### YOUTH CRUSHED TO DEATH.

**John Morley of Pocatello Killed by Locomotive—Lays off Force Men To Quit Jobs.**

OGDEN, July 12.—Late Saturday afternoon Thomas Bradley, living on West Seventeenth street, found the body of J. A. Palmer, a race track follower, lying in a slough northwest of the fair grounds race track. Near by was found a three-ounce bottle partly filled with carbolic acid, which told of another life claimed by the race tracks of the country.

Palmer came to Ogden several months ago and worked around the race track and stables for Supt. Horton of the fair grounds. Little was known of his past life other than that he came from California and had followed the races for several years. During the recent races at the fair grounds, July 5, at both the afternoon and evening meets Palmer is said to have bet all the money he had in an effort to recuperate for his losses in the recent Salt Lake and Ogden meets and get enough money to take him to Bette.

Despondency brought on by his financial losses is believed to have been the cause of the suicide. On his left wrist Palmer had made a cut about an inch long in what was believed to have been an effort to open the arteries of his arm. The dead man is of medium build, partly gray and about 45 years of age. The body was viewed by a coroner's jury and then removed to the Lindquist undertaking parlors, where it will be held pending an effort to locate relatives of the dead man.

### BOY DROWNED IN DITCH.

OGDEN, July 12.—The body of Howard Faddis, a 9-year-old boy, was found Saturday afternoon in an irrigation ditch near the boy's home, after an all-day search. The boy left his home in the morning and was not seen again until his lifeless body was found by his father. The unfortunate boy was subject to fits and it is the theory of his father that he fell in the ditch during one of the fits and strangled to death as the water at that point was only about five inches deep.

### CRUSHED BY ENGINE.

OGDEN, July 12.—The body of John Morley, the young boiler maker, who was crushed to death at Montello in the Southern Pacific shops, Saturday afternoon, was shipped to Pocatello, Idaho, yesterday afternoon by George W. Larkin & Sons, the undertakers, who had received the body from Montello, Sunday morning and prepared it for burial. Young Morley, who was the 21-year-old son of Willard C. Morley of Pocatello, was fixing the pilot of an engine in the Montello shop when another engine backed into the one he was on and crushed him to death.

### TABERNACLE SERVICES.

OGDEN, July 12.—At the tabernacle yesterday afternoon the regular Sunday services were held. Elder David O. McKay was the principal speaker, choosing for his subject "Aiding Above Self." The choir and organist rendered a well prepared musical service for the occasion.

### NO CLUE TO ROBBERS.

OGDEN, July 12.—The police have no clue as to the robbers who entered the Elite Cleaning company's plant at the corner of Eighteenth street and Washington avenue early Saturday morning. The 15 suits of clothes which had been pressed and cleaned and were ready for delivery to customers and which had been stolen, were valued at \$175.

### SALT LAKEERS AT HERMITAGE.

OGDEN, July 12.—The completion and the opening of the line of the Ogden Rapid Transit company to the Hermitage in Ogden canyon Sunday was the means of attracting about 2,000 people to that place. Between the hours of noon and midnight every car to and from the canyon was carrying more than its capacity. The autos and excursions between the Hermitage and the Oaks and Idlewild carried a great number of people. The line to the Hermitage bids fair to be the most popular line of the city.

The line was formally opened to the Hermitage Saturday when about 600 employees of the Oregon Short Line at Salt Lake City had their annual excursion to the canyon. In the afternoon a program of varied sports was carried out for which prizes, donated by merchants of Salt Lake City were given. The visitors returned to Salt Lake early in the evening on their special train.

### FIRE TRAP DISCOVERED.

OGDEN, July 12.—A great deal of discussion and criticism was heard in the city yesterday on the discovery that the Grand Opera House has been a veritable fire trap for the past six years. In the remodeling of the house for the Orpheum circuit which opens in Ogden next month, the contractors for the new company found that the pipe from the boiler which was directly under the parquet of the house had a smoke stack running along within four or five inches of the floor joists and with nothing to prevent a fire. In other places it was found that the insulation was worn from wires, and that there were places where the wood work had been scorched.

### HARRIMAN LOSES MEN.

OGDEN, July 12.—As a result of the numerous layoffs which the machinists employed in the Harriman shops in this city during the past three months, about 30 expert machinists have left the city within the past three days. Sunday several machinists who quit on Friday night left for Montana where they expect to secure employment in one of the smelter towns. In speaking of the reason of their going one of them said that he had been u-

## CHARLES WHEELER MURDERED AT COLTON

His Slayer, Charles Stewart, Th. Jail At Provo—Both Men Had Been Drinking.

(Special Correspondence.)  
 PROVO, July 12.—Charles Wheeler, of Payson, a man about 35 years of age, was shot and almost instantly killed at Colton, Saturday afternoon by Charles Stewart, about 30 years of age, formerly of Springville. Stewart took to the hills, but was captured by a posse of Colton citizens, and held for Sheriff Judd, who went up on the first train and brought the prisoner to Provo where he is now held in the county jail.

Both men were sheepherders and had been drinking. A quarrel started on some old disagreement between the men and Stewart shot Wheeler with a .38 caliber revolver, the shot taking effect in the bowels. Stewart claims that the shooting was done in self defense. Bystanders, however, claim that Wheeler did not draw his gun nor make an effort to do so at any time during the quarrel.

## SUDDEN DEATH OF MRS. JOHN ROZSA

Mother of Eight Children Summoned Without Warning at Forty-six.

(Special Correspondence.)  
 LOGAN, July 9.—Friends and relatives of Mrs. John Rozsa were shocked this morning to learn that she died very suddenly at about 8 a. m. Mrs. Rozsa gave birth to a girl baby 10 days ago and was getting along nicely, and just a few minutes before her death was talking about her household duties and was in the best of spirits, but within a few minutes was dead. The physician cannot account for the death. Although a young woman, born Sept. 26, 1887, Mrs. Rozsa leaves eight children, six girls and two boys. Three of her daughters are married and are out of the city. They are Mrs. Bert Robinson, Salt Lake; Mrs. Rex Kimball, Nevada, and Mrs. J. A. Dorland, Lehi. Her parents are Mr. and Mrs. William Palmer of this city.

## WM. LORENZO WARNER DROWNED IN SNAKE RIVER

(Special Correspondence.)  
 AMERICAN FALLS, Idaho, July 9.—On Saturday morning, about 10 o'clock William Lorenzo Warner, of this place is supposed to have drowned in the American falls of the Snake river. When last seen he was cleaning brush from the grizzly that holds back all drifts from going into the water wheels of the power house. About five minutes after he was seen cleaning brush, a brush hook which he was using is also gone. Nothing up to this date has been found that will give any clue to the accident. His home was a happy one, nothing seemed to mar it. He leaves a wife and one babe, two children preceded him. His father, mother, sisters and brothers are left to mourn his sudden and untimely death. He was the son of Orlando Wallace and Priscilla Argyle Warner, born at Moab, Grand Co., Utah, age 28 years, nine months, six days. He had filled a mission to the Southern states. At the time of his disappearance he was first counselor to Bishop Johnson of American Falls ward.

## RICHFIELD INDIAN WAR VETERANS' ENCAMPMENT

(Special Correspondence.)  
 RICHFIELD, Nev., July 10.—The Indian war veterans of this county met here recently to prepare plans for the proposed encampment this summer. Another matter discussed was the proposed monument to Col. John Ryle. It was decided to erect a stone and marble monument and to solicit subscriptions at once. The following committee was appointed: H. Dugdale, chairman; H. J. Gottfredson, secretary; Orson Lee, John Wilkenson and E. C. Peterson.

### RICHFIELD BRIEFS.

Reilly Fish and Game Commissioner Hugh Hanchett has just returned from Rich. He says that four brood has been reduced to a minimum and that the honey crop this year in this county will be the best in many years.

Marriage licenses have been recently issued to the following couples: Frank Johnson and Elmira Baerlin of Elsinore. Archie Mickelson and Caroline Hansen of Redmond. Albert Haws and Rosanna Hamel of Marysville. Henry Nordfelt Larsen and Loa Castro of Salina.

## FATAL ACCIDENTS IN SCOTFIELD COAL MINES

(Special Correspondence.)  
 SCOTFIELD, Carbon Co., July 9.—Norman Price, the son of Joseph and Mary Price, died this afternoon from the injuries he received on the 6th in a mine accident while he was working with his father, who was also hurt and bruised, but he is recovering. The boy was cut on the head very badly and his skull fractured. He was born in Scotland, Warwickshire, England, Aug. 15, 1888. He was a faithful worker in the deacons' quorum.

Both father and son were covered nearly by coal, after their shots had been fired, and laid there nearly an hour and a half before anyone knew of the mishap.

This is the second death here this week. At Winter Quarters, on the 5th, a young Austrian was killed by a fall of rock.

The mines are now working every day—they have been very slack.

### LIGHTNING'S FREAK AT MAGRATH, CANADA

(Special Correspondence.)  
 MAGRATH, Alberta, Canada, July 6.—In a recent thunderstorm, the home of Fred Karren was struck by lightning and a most unusual thing happened. A large hole was made in the roof and another in the siding near the foundation, and not a spark of fire resulted. After going through the roof the bolt raged down the bedroom wall, blowing several skirts and dresses across the room and ruining one valuable dress, and the wall paper where it hung, by discoloring them badly. Then it went into the pantry, scattering the dishes, then out through the side wall, just over the foundation wall, making a hole that looked like it had been made by a cannon ball.

### MAGRATH NEWS BRIEFS.

The crops are fast recovering their loss through a late spring. A fine rain today makes a harvest sure.

## FATAL ACCIDENT AT ROCK SPRINGS, WYO.

(Special Correspondence.)  
 ROCK SPRINGS, Wyo., July 11.—John Lee, assistant cashier of the First National bank, died at the State hospital about 4 o'clock this morning, as the result of injuries received while exercising his horse on the race track in company with Loring Bensen last Thursday afternoon. While going at a rapid pace, the horse stepped in a hole and stumbled, throwing the rider violently to the ground, rendering him unconscious. He was at once taken to the Wyoming General hospital and received the best medical attention, but as his condition was very critical, little hope was entertained for his recovery. His parents, Mr. and Mrs. W. K. Lee, of Cheyenne, were notified and arrived on Friday morning. Interment will take place tomorrow in Mountain View cemetery.

## Anty Drudge Writes a Letter.

My dear niece Dorothy:

Don't be discouraged about your housework. Now that Monday washing, for instance, which you say is such hard work. You have been doing it the old-fashioned hard-rubbing way, you foolish girl. In the future just you use Fels-Naptha according to directions on the wrapper, and it will be more like play than work. Then your week will be started right and everything will go well.

Affectionately,

ANTY DRUDGE.

Wash day used to mean a long day's drudgery with hot fires and steam and nasty smells. Fels-Naptha has changed all that. Fels-Naptha has made wash day as pleasant as any other day, because Fels-Naptha has made washing easy.

More than a million women are washing clothes with Fels-Naptha in cold or lukewarm water, without boiling or hard rubbing. Washday has no terrors for them. And the drudgery of household cleaning is lightened, too, by Fels-Naptha. It whitens floors, brightens paints, brings out the colors in linoleum, takes dirt off varnished surfaces without dulling the varnish, removes grease spots and stains in carpets, rugs and upholstery.

Be sure to follow directions on the Fels-Naptha red and green wrapper.
