True Bills Found—Sherman's Memoirs Reviewed.

WASHINGTON, D. C., 6.—Among the true bills returned by the grand jury are eight in connection with the recent robbery of the U. S. Treasury of over $47,000, as follows: Against Benj. B. Halleck two indictments, one each for larceny and embezzlement; Wm. H. Oltman, three indictments, for grand larceny, receiving stolen property and receiving embezzled money; J. W. Brown, three indictments, for grand larceny, receiving, concealing and attempting to conceal stolen money, and receiving, concealing and attempting to conceal embezzled money, knowing it to have been stolen and embezzled. The offence is punishable by confinement in the penitentiary not more than seven years, or by fine not more than $7,000, or both.

The announcement of a lengthy review of General Sherman's memoirs, made up chiefly from the official records of the War Department, reached here to-day; free access to the official files for the purpose of making this compilation was given at the department to the author, Gen. H. V. Boynton. It will be published in a fortnight by Wilstach & Baldwin, of Cincinnati.

Writ of Habeas Corpus Applied For.

To-day, in the criminal court, Judge Wright, as the next friend of C. G. Fisher, late assistant district attorney, and now in jail awaiting trial, filed a petition for a writ of *habeas corpus*, representing that Fisher, being of unsound mind, is not responsible for his acts. Judge McArthur will hear the application on Saturday.

A New Trial Granted.

NEW YORK, 6.—General Wm. G. Marks, a custom house inspector, who was convicted in a U.S. court, in June last, of having in his possession, with intent to sell, $1,500 in counterfeit money, was granted a new trial yesterday in the same court.

Firemen's Convention.

At the Firemen's Convention the various committees appointed at the morning session reported as follows—Hydrants should be located near the street corners, if possible; there should be plenty of them where large blocks of valuable warehouses exist; vigorous search and thorough inquiry should be made into the origin of all fires, and incendiaries should be promptly punished; the committee recommend the use of iron shutters, with fastenings capable of being opened from the outside; the position of chief engineer should be permanent, as it is one requiring long study and experience, and politics should be kept away from the position; a patrol and salvage corps in all cities of 50,000 or more inhabitants is recommended; the committee recommend the discontinuance of social visits of fire companies with their apparatus from one city to another and the custom should be prohibited by law; the use of chemical engines with carbonic gas is recommended as being peculiarly adapted for extinguishing petroleum and other oil fires; gasoline was denounced as being extremely dangerous, and its manufacture has been the cause of many fires; generators for making it should be outside, and not less than sixty feet away from the buildings that supply it; it was recommended that all fire alarm boxes be painted bright red, and be constructed uniformly; the sale of petroleum in cities should be prohibited when the flashing point goes below 110, as it is always liable to explode when not up to this standard.

A Financial Letter by Wendell Phillips.

The *Herald* publishes a letter by Wendell Phillips to the Legal Tender club of this city. It is an aggressive answer to a recent speech of Mr. Schurz', and advocates the necessity for more greenbacks and less checks, assails the aristocrats of money manufacture, and answers the argument of Mr. Schurz relative to irredeemable currency by a reference to the recent financial history of France and Germany.

Meeting of Peabody Trustees.

The annual meeting of the Board of Trustees of the Peabody Education fund was begun to-day, R. C. Winthrop, of Boston, occupied the chair. The session was strictly private. Wetmore, of New York, Hon. S. H. Watkins, of Tennessee, and Rev. Dr. Leam, of Virginia. The members of the board of trustees absent were President Grant, Hon. Hamilton Fish, Alex. Stewart, of Va., and Geo. W. Riggs, of Washington. A committee composed of Hon. W. M. Evarts and Alex. One of the trustees, Dr. Sears, general agent, read his report, which will be acted upon by the board to-morrow. The meeting adjourned till to-morrow. Secretary Fish is expected to arrive in the morning.

Business Prospects.

The *Express* says it would be surprising if the money market showed a hardening tendency in the future, as it is an indisputable fact that trade is improving and the crops have commenced to move from the interior to the seaboard. Outside of Wall street a more cheerful feeling prevails, and accounts from different parts of the country are hopeful as to the future of general business.

Report of Rapid Transit Commission.

The report of the rapid transit commission of New York was given to the press this p.m. From more than one hundred plans the commission have selected and adopted three, either of which may be constructed singly or by combining the three. They are as a single track road on each side of the streets over the sidewalks, elevated on a single line of columns, or a double track road over the center of the street, by posts placed in the roadway just spanning the horse car tracks; or supported on gothic arches, spanning the streets from curb to curb, according to the plans presented by Richard P. Morgan, of Bloomington, Ills.

WESTERN.

Resigned—The Pinney Investigation.

SAN FRANCISCO, 6.—General La Grange, superintendent of the mint, has tendered his resignation owing to the connection of his name with the appointment of Pinney, the defaulting naval paymaster's clerk.

The Court of Inquiry at Mare Island, in the Pinney case, is proceeding with closed doors. Paymaster Spaulding promises revelations that will make a fluttering among politicians, as regards the influences at work when they retained Pinney in his position, if the inquiry is pressed too hard upon him.
