is issued Mondays and Thursdays and contains all the cream of the Daily and Deseret News.

LOCAL BRIEFS.

G. W. Bodel of Ogden, who has been ill at his mother's home in this city, has recovered, and returns north today.

Harry Wittely was successfully operated upon yesterday, at the Keogh-Wright hospital, for a tumor on his knee.

The third ward meetinghouse enlargement and repairs have been completed, and will be occupied with regular services tomorrow evening.

In the parents' meeting at the Scott school, Mill Creek, Wednesday evening, Principal Quattrone of the city schools, gave a very entertaining and instructive address.

The Independent Telephone company is excavating on the south side of the First South street track, from Fourth West to State street, for the subway conduit.

The committee on admission of members of the University club will meet on the evening of Oct. 23, in the new building, to act on the admission of 12 applicants for membership.

Prof. James E. Talmage will deliver a lecture in the Farmers' ward meetinghouse Monday evening, Oct. 26, under the auspices of the Granite Lake Sunday school union. In addition to the lecture some important business will be transacted.

R. P. Wheat of the Rio Grande dispatch office in this city and a veteran of the Spanish war, has just received a civil service appointment in the islands. Mr. Wheat will remove with his family to Manila next month.

The New York Sun's ancient and never dying "yag" of "The police are in hot pursuit," is still in evidence as applied to E. P. Johnson, the escaped convict, and as the public know, Johnson has vanished into thin air. They believe, however, that he is hid up in town somewhere.

Prof. C. B. Newton, the noted California humorist, pleased a second audience at Barratt Hall yesterday afternoon. Next week he goes to Utah and other southern towns, where he will doubtless be received with the same degree of enthusiastic appreciation as in Salt Lake.

Rev. J. Richardson will speak on "Books," Sunday evening, in the Westminster Presbyterian church. He is reading with a view to passing an examination for the degree of doctor of philosophy at the Northwestern University in Chicago.

Local bankers say that the trouble into which the Pittsburg banks have fallen will occasion no disturbance in the financial world west of Pennsylvania; and that it would take a very heavy rain in the east to have any effect on the banks in the west.

Architect Ulmer of the Deseret Hospital looks for the extension of the street car track up B street to Eighth in the spring, as that part of the city is growing very fast. The line would nearly extend east to B street, and down B to connect with either Third or First street, making a loop.

President George Bailey of Westminster college writes to a member of the Westminster church in this city from Washington, D. C., to state that "Our college cause is stronger than ever. We have the cash all ready for the college chapel, with the pastorate endowed, and \$10,000 east towards the college building proper, not to mention assets in real estate remaining in this city. The college will materialize in due course."

Levi Staples of Mackay, aged 68 and formerly a resident of this city, is dead at Mackay. Mr. Staples came to Salt Lake early this fall for treatment and then returned home, hoping he was better. He was a prominent citizen, and the flag on Masonic hall is at half mast in consequence.

The board of public works awards

the contract for grading and filling the east Temple street to E. W. Rose and Sons per yard. The work is to be done in 25 days. F. G. Palmer bid the same, but wanted 60 days, and E. L. Eyer was appointed building inspector. P. J. McKenna's bid for a brick conduit for the Jordan and Salt Lake canal, at \$4.29 per linear foot for masonry and \$50 for the pump, will be referred to the council. He thinks of his bid for a wooden bridge across the Jordan at Fourth North street.

Mr. Gloze, manager of Meheys's, has received word from his wife, mother of Rosemary Gloze Whitney, that she and her daughter will start for home today arriving early next week. Mrs. Whitney was in the east of Walter Jones Opera company, and made a success on the opening night. She was taken with sudden illness, however, and had to retire from the cast. The doctors have recommended a period of rest for her, which she will spend at home. Her daughter, Wilhelmina Whitney, formerly of the Herald, is now at work in St. Louis and will not return at present.

A BONANZA IN ANY HOME. Hard Times Book.

In all parts of the world there always have been and still are found certain persons, many gifted by nature, who have discovered and learned how to use simple home remedies for all the ills of the flesh. Some of these persons become very expert in the cure of disease. These "experts" are generally nurses, though not always, or mothers of large families who have acquired skill by long experience.

The fact had often been expressed that if some one would obtain and bring together from all over the world and other countries all of these simple remedies and the method of applying them, he would confer upon mankind a boon equal to any invention of any age, one the value of which could hardly be estimated in dollars and cents.

To do this of course would involve immense labor and much expense, which naturally would deter anyone from attempting the attempt.

It however remained for the publishers of a book known as "Vitalogy" to undertake this herculean task, they bringing out a book under this title. In 1885 they began their labors. After gleaning this country and Europe they found in Japan remedies that were regarded of extraordinary value, and the Japanese method of applying them made these simple remedies still more valuable. After more than 30 years of gleaning they have finally given to the world in "Vitalogy" a volume whose practical value can hardly be measured by money.

In fact it is a book that can prove a "bonanza" in any home. It can truly be termed a "Hard Times Book" for there is scarcely a family in this land to whom it would not prove a saving of many dollars each year during their whole lives. The more needy a family is, or the harder their lot, the more valuable this book is to them.

The value of this book lies not alone in saving money, and saving suffering and often life itself; there is another consideration of the utmost importance, for it will be the means of preventing people from taking drugs into the system. As the Japanese would say, "taking an unknown medicine into an unknown stomach to produce an unknown effect."

Drugs generally leave a deposit in the body that weakens or injures it, and often takes the life. We often take medicine and think that we are making the cure, and yet we are making the disease.

The following is a pertinent paragraph from the book: "No greater imposition could be practiced on the people than to foist upon them the so-called Family Doctor or Druggist found in almost every house, that advise all the remedies which only a trained physician is capable of prescribing. If some one would bring out a book of Home Remedies, regular and reliable, he would be a blessing in every house."

The literary division of this book is, too, of special importance, as every part of it is of the most valuable to the reader.—Morning Chronicle.

LET ME BUILD YOU A HOME.

If my plan of building homes for cash and on the installment plan was not honest, feasible and reliable, then I would not be building 20 homes in Salt Lake and suburbs. Ask such responsible men as F. M. Toets, the Main street merchant, what he thinks of my methods. I'm building 4 houses for him.

Ask Tony La. Forres, the Main street shoemaker, about me. I'm building his house and he can enlighten you.

I have beautiful lots on 5th East, the best and cheapest to build on, and 93 days is time enough for me to build you a home ready to move in. I start on Portland cement concrete and finish the work mechanically and honestly. My prices are the lowest because I buy more lumber, brick and stone than any other builder in town.

Come in and let's talk it over. I know we can make a deal. A little money goes a long way in dealing with me. J. DONNAN REAVIS, 7 S. 2ND ST., PHONE 135.

AUTO RIDES FOR CUSTOMERS, AS PROVIDED BY REAVIS, PROVE A BIG SUCCESS.

"Delightful," "Novel," "So smooth and even in its workings," are some of the remarks made by customers who have ridden in Autos, furnished by me for their convenience, in looking at property and building operations under my control. The first trip was made last Saturday, when a party of six visited the Alexander farm of 41 acres, near Granger. The ride was made in about 15 minutes, was made in 2 hours, and over an hour was spent looking over the ground.

The first trip was made in about 15 minutes, was made in 2 hours, and over an hour was spent looking over the ground. It was a rapid-fire piece of business, for the owner listed the place with me only 24 hours previous to the sale.

To Mr. G. N. Miller, chauffeur, who used to drive Cornelius Vanerli's and Sam Newcomb's Autos, I owe a vote of thanks for the perfectly reliable manner in which he has driven cars for me. Mr. Miller, who is connected with the Utah Automobile Co., 229 South Main St., is a man with iron nerve, who sits at his post of duty like a stoic and a master of his craft.

On my trips over the city Mr. Miller has frequently bowed along at 30 miles an hour, so smooth and perfect has been the working of the big red cars that there was a complete lack of vibration or discomfort in any particular.

My lady clients have declared themselves as being delighted with their Auto experiences, and have been in every instance, overladen any evidence of fear. After making a week's test of the use of Autos, I am convinced that if horse driven cars and automobiles actually being erected to provide homes for those who love to own their own roofs.

Remember, my friends, that property are very common, but facilities for building are unsurpassed. I am erecting twice as many homes in Salt Lake as any other builder, and I can prove that my houses are honestly and mechanically constructed.

My cars are the marvel of my competitors, and my business is growing faster than any similar business in Utah. Conscientious and systematic attention to business, combined with a desire to be known by my works, have been the cause of my success, and always will be, of my business growth.

Don't hesitate. Come around and have an Auto ride and get acquainted with my methods.
