sale continued, and it really does appear as if New Year's night was to witness one of the largest audiences the Theatre has held for many a day.

An Engine Ditched .- From the Junction we learn that an accident, though happily not attended by any serious results, occurred Wednesday morning on the Utah and Northern Railroad. It seems that a heavy train, with Mr. Philips engineer, was coming down a hill near Beaver Cafford, when the engine encountered a snow drift. The tender broke, and this caused the ditching of the engine. The engineer and his fireman, Mr. Lees, with another person, were thrown out, but luckily, escaped with a severe shaking up.

The Firemen's Ball .- To-nigh the grand ball by the Salt Lake Fire Brigade, will be given in the Theatre. Tickets to spectators have been selling for several weeks, and no doubt a large audience will be present in the circles to witness the terpsichorean amusements which will take place on the floor below. The figure will appear in full uni-form, which will constitute a fine feature in itself, and music, dancing, feasting and delights of social conversation will fill up the measure of the evening's enjoyment. Those who get tickets should not fail to go to the Firemen's Grand Ball.
