WINS M'BURNEY GUP THE SECOND TIME

Salt Lake Y. M. C. A. Once More Lands International Trophy.

FOR EDUCATIONAL EFFICIENCY

Cup Now Remains Here One Year-Standing of Cities-Personnel Of Winners.

For a second consecutive time, the Salt Lake Y. M. C. A. has won the McBurney cup, the international trophy for efficiency in educational work among boys; and this time the cup remains here for 12 instead of six months. Such was the announcement wired last evening, to the association from New York. The cup is awarded annually

most international examinations, the winner being entitled to hold the cup six months. Then, to give the smaller towns a chance the trophy is awarded for the second half to the association in the smaller centers having the highest percentage. As Sait Lake wins for both closses of entries, the cup remains here for the year.

Vice President John Dern of the Salt "I consider this second winning of the McBurney cup a victory over which the entire city may justly be proud. When we consider how many proud. When we consider how many large cities all over this country were in this contest it is hard to believe that we have captured this trophy a second time. The boys who attended to their studies so well and passed the hard examinations so high, and the teachers who guided the students deserve great credit. But one thing they must do. They must win the cup again next year, and then it will always stay where it belongs—in Salt Lake City."

If the association can win the cup a third time, it will be held here permanently. A reception in honor of manently. A reception in honor of the victory is being planned.

CITIZENS' COMMITTEE MEETS TO ORGANIZE

Plans Being Formulated for Placing Ticket in the Field This Fall.

The citizens' committee, looking forward to the nomination of an independent citizens' ticket in the coming municipal election, met last night in the office of C. B. Felt in Postoffice place, The committee was composed of five from each municipal ward. The plans were discussed at length and the comwere discussed at length and the committee was temporarily organized to carry on the work. It is as follows: C. B. Felt, formerly city auditor, chairman; L. E. Hall, first vice chairman; George N. Lawrence, second vice chair-

man; and W. H. Lovesy, secretary.
A committee was appointed to ar range for a mass meeting at an early date in the Salt Lake theater, and convention to nominate a city ticket will be held possibly about Sept. 15. At this time the boom for an independent citizens' ticket will be started.

Those present at last evening's meeting expressed themselves as confident that the independent movement has the support of voters of all parties. From actual canvass made, one of the speakers said he was satisfied that citizens of all parties and classes will be glad to vote for capable, independent men for office if thereby an end can be put to the local strife that is felt as a dis-grace and a detriment to the entire community. Other speakers expressed themselves in a similar manner.

COMPLAIN OF ROOMING HOUSES

Several complaints have been received from the G. A. R. veterans that they were overcharged by the proprietors of downtown rooming houses. In some of these places the veterans found that the tenants were not respectable and the matter has come to the attention of the county attorney who is investigating the complaints. Notices will be served on the agents and owners giv-ing the character of the tenants and informing them that they will have to be turned out or criminal prosecutions will

Theater—The advance sale is now going on for the engagement of Dustin Farnum which opens at the theater tomorrow in an entirely new play en-titled, "Cameo Kirby,"

Orpheuni—The popular bill this week is drawing good houses in spite of weather conditions. The feature which gives most pleasure continues to be "Laddie Cliff."

Colonial-Yesterday afternoon wit-Colonial—Yesterday afternoon witnessed a sight at the Colonial rarely presented there or at any other theater. Over a thousand people, none of whom were younger than 70, assembled there to witness the rendition of the notable play, "Corlanton," and judging by the expressions of pleasure heard on all sides the afternoon was in the nature of a festival to the aged auditors. The old folks committee took an active part in seating the guests of the house and in arranging for their comfort. The generosity of the mancomfort. The generosity of the man-agement in providing the entertain-ment for the aged of the city cannot

HEAR EVIDENCE OF INDIAN DEPREDATIONS

Government Agents to Adjust Claims Arising Therefrom at Public Hearings.

With the view of finally disposing of all claims of any citizens of Utah who have suffered because of Indian depredations, the government is sending Harry Peyton, an attorney from Washington, D. C., and Judge Hendricks of the department of justice, to Utah for the purpose of taking testimony in this connection. They will shortly be quartered at the Knutsford, the date of their appointments being given below, and it is advisable for all claimants with their witnesses to meet them up-on their arrival. They should write Mr. Peyton at once, addressing him care of the Knutsford hotel, Salt Lake City.
The dates of their appointments are

as follows: Salt Lake-Aug. 21-22-23, Beaver City-Aug. 24-25-26

Parowan—Aug. 28 to Sept. 3. St. George—Sept. 5-6-7. The government is moving to finally dismiss all these cases. If proof can be made, all the Navajo cases can be paid; some of the depredations by Black Hawk Utes in 1866-7 are barred on the amity feature of the law; and some because claimants were not citizens of the United States when their depredations were committed, but we are advised that there is a strong probability that Congress, at its next session, will amend the law so as to pay these claims, and such claims should not be allowed to lapse, but be proven up that they may be paid if the law is

LAGOON EXCURSIONS END.

Regular Train Service is Now the Schedule in Operation.

"No more excursions will be booked to Lagoon this season," said Simon Bamberger, president of the Salt Lake & Ogden railroad this morning. "But otherwise the Davis county resort will remain open the remainder of the sum-mer. For various reasons the extra mer. For various reasons the extra trains between Salt Lake and Lagoon have been taken off, and a new time card, containing only the regular ser-vice, goes into effect today. The last train leaves Salt Lake City for Ogden at 6:30 p. m., and the last train leaves Ogden for Salt Lake at 6:45 p. m.

"Lagoon is not closed for picnic parties, or for those who wish to visit the resort for a day's out. The restaurant and most of the concessions remain open, but the amusement features will be closed. The excursion rate remains in effect for the summer, the same as during the early part of the season. The date of the butchers and grocers has been cancelled, but it is likely that some special trains will be run on

special occasions, like Labor day, etc.
"This action has become necessary on account of the requirements demanded In slectrifying the road between Salt Lake City and Ogden. We need all the power we can get to carry on the work of electrification.

"Then again, the regular traffic of our road has been such that the ex-cursion business interfered materially with the service, on account of limited equipment. And in order to give per-fect service on the regular trains it was desirable to take off the excursion busi-ness. The season is now nearly closed, and the arrangement will not affect any interests seriously one way or the other. Next year we will have plenty of equipment with an electric road, and there will be no complaint of service or of any other feature. We are about to begin the construction of a power plant at Lagoon which will supply power for the electric road until the completion of the new water power plant on the Davis county canal near Weber river. "From today trains will leave Salt Lake for Ogden over the S. L. & O. railway at 7 a. m., \$:30 a. m., 11 a. m., and 2 p. m., 4:30 p. m. and 6:30 p. m."

BAD DREAMS Caused by Coffee.

"I have been a coffee drinker, more or less, ever since I can remember, until a few months ago I became more and more nervous and irritable, and finally I could not sleep at night for I was horribly disturbed by dreams of all sorts and a species of distressing nightnare.

"Finally, after hearing the experi-

ence of numbers of friends who had quit coffee and were drinking Postum, and learning of the great benefits

and learning of the great benefits they had derived. I concluded coffee must be the cause of my trouble, so I got some Postum and had it made strictly according to directions.

"I was astonished at the flavour and taste. It entirely took the place of coffee, and to my very great satisfaction, I began to gleep peacefully and sweetly. My nerves improved, and I wish I could wean every man, woman and child from the unwholesome drug—ordinary coffee.

—ordinary coffee. "People really do not appreciate or realize what a powerful drug it is and what terrible effect it has on the human system. If they did, hardly a peund of it would be sold. I would never think of going back to coffee again. I would almost as soon think of putting my hand in a fire after I had once been burned.

"A Young lady friend of ours had stomach trouble for a long time, and could not get well as long as she used coffee. She finally quit coffee and began the use of Postum and is now perfectly well. Yours for health."

CLIFF IS ONLY A BOY.

Young Artist at Orpheum Protests That He is Not a "Mister."

Laddle Cliff, bringing with him his youthful boyancy, his flaming locks and winning smile, leading a handsome and belligerent English buildog, visited the "News" offices this morning to protest that the discernment of the reporter who attended the Monday evening show who attended the Monday evening show at the Orpheum was hardly keen in the matter of judging age. Laddie Cliff, and his appearances, add weight to his declarations, affirms that he has just passed his seventeenth firthday and that he is still in the "master" class and is several years outside the "mis-ter" class—which was a point of doubt in the review of this week's bill appearing in last evening's impression of the "News."

Master Cliff is really only a boy. His

appearance in street clothes prove it beyond doubt. He started dancing at five years of age and has continued ever since, this being responsible for his skill in performing feats that many adult artists envy and, which is a matter of small concern to others, brings him a salary that makes many others appear grant and withered.
