

COLORED WOMAN BENT ON MURDER.

Heavy Revolver in Hands of Mrs. Williams of East Mill Creek Creates Trouble.

AGED DANE BADLY BEATEN.

Mr. Sunderland Comes to Salt Lake And Hunts Up the Sheriff Today.

A heavy revolver in the hands of Mrs. Williams, a mulatto woman residing at East Mill Creek, was responsible yesterday afternoon for stirring incidents in the vicinity named. Not content with beating an aged Dane named Sunderland over the head with the butt of the weapon, the enraged woman wound up the proceedings by emptying the revolver in the direction of the object of her wrath. Fortunately her aim was bad and Sunderland escaped the bullets intended for him. One unusual thing about the incident was that none of the witnesses of the assault were hit and both Mrs. A. A. Hovey and Mrs. Sunderland, who saw the affair, escaped unharmed.

The Williams woman is apparently the terror of East Mill Creek and numerous residents are said to live in fear of her and her oft repeated threats in which her big revolver invariably plays a part. Yesterday's trouble arose from some litigation over a strip of land which was commenced some years ago. It appears that Mr. Sunderland was driving along on his mowing machine prior to cutting hay on his own land. En route to his destination he came to the strip of land in dispute and proceeded to lay down the bars preparatory to driving through the gateway when Mrs. Williams appeared on the scene armed with a big gun.

Excited words to blows was but a matter of a few minutes and Mrs. Williams hit the old man repeatedly over the head with the revolver inflicting some ugly scalp wounds during the process. Nothing daunted, however, the old Dane mounted his seat again and with the blood streaming down his face proceeded to drive through the gateway. At this juncture the colored woman commenced firing. Two bullets whistled close to the head of Mr. Sunderland and then the hammer fell harmlessly on the third cartridge cap. Nothing daunted the woman again pulled the trigger at the same time exclaiming that she would kill both Sunderland and his team. The next time the gun went off and she continued to pump lead in the direction of the object of her wrath until the weapon was emptied.

Later Sunderland washed his face, tied up his wounds and came into Salt Lake to report the matter. He failed to locate the sheriff or the prosecuting attorney so he returned home last night. He came into the city again this morning with better success, with the result that Sheriff Emery left for the scene this afternoon to investigate the story. Upon his report will rest the action of the county attorney in issuing a complaint charging the Williams woman with assault with a deadly weapon with intent to kill.

BEDBUGS RESPONSIBLE.

Fire on Lucin Cut-off in Which Father and Son Are Badly Burned.

(Special to the "News.")

Ogden, Utah, June 28.—B. C. Reynolds and his 15-year-old son were seriously burned at Promontory Point on the Ogden-Lucin cutoff about 3 o'clock last night. The Reynolds family have been living in a boxcar at this point for some time past, but it became so infested with bedbugs that they were forced to take refuge in a tent at night. The boy, who is a gasolene lamp, little dreaming of the results. The lighted lamp immediately ignited the kerosene in the car and before the occupants could escape, both were badly burned about the body. They were brought to Ogden and are now receiving attention at the hospital.

MRS. WETZELL'S RECITAL.

Pleasing Affair Given at Barratt Hall Last Evening.

The Midsummer musical given at Barratt Hall by Mrs. Wetzell and two of her pupils last evening was a pleasant affair. To be sure, the program was rather pretentious for amateurs to undertake, embracing as it did some really big numbers; nevertheless it was creditably disposed of. The pupils were Miss Lillian Turner, soprano and Miss Aurea Rogers, mezzo soprano. They were assisted by Mr. Claude J. Nottelton, cellist, and Mrs. Loomis as accompanist.

The attendance was good and the recital of the young artists the most cordial. Both proved one thing very clearly—that is, that they are hard students. That they not only have confidence in themselves, but in their teacher as well, was shown in the manner they undertook the rendition of really difficult selections. These covered French, Italian, German and English compositions. Mrs. Wetzell assisted the audience materially in giving a brief sketch of each composition, and of the composer of the particular song about to be sung.

After the recital the young ladies were congratulated by many friends on the successful outcome of their work. Each was then presented with a bouquet of flowers and a floral tribute.

Commercial Club to Continue Its Service During the Summer.

As there will be so many citizens away from the city during the summer, the board of governors of the Commercial club thought it would be best to close the dining room of the club for the time. But this brought out emphatic objections from many members, and a largely signed petition was presented to the board asking for reconsideration of its action. So the board met yesterday afternoon and rescinded its action. Moreover, the board has found that the dining room is such a popular feature of the club that after July 1 next, instead of only two meals being served, there will be three, breakfast being then added to the list. The club management and members are pleased at the return of the former chef, Maj. Horst Schorfer, whose skill in the culinary art has made him well known and appreciated in prandial circles in this city.

TICKETS ALL GONE.

Real Estate Men Report the Sale of 28,000 for Tomorrow's Outing.

The real estate men held an enthusiastic luncheon this noon at the Commercial club. In fact they enthused to such an extent that they pretty nearly forgot all about eating. And when it was announced that 28,000 tickets had been sold, and more were called for, there was a general inclination to institute a Comanche war dance, with all the local trimmings. It was announced that one man had purchased 1,000 tickets, another 200, a third 300, and numerous blocks of 100 tickets had been sold. The real estate men say that as the tickets are about all gone, the public yet unprovided with the pastebards will have to do some tail chasing round among the stores to equip themselves this afternoon.

ARRESTED FOR STEALING.

A youth named Harry Moore, who has been working at McCoy's livery stable for some time, was arrested this afternoon by Detectives Shannon and Raleigh on the charge of petit larceny, and the production of a number of cases will be made against him.

It is alleged that last night he stole about \$16 worth of underwear and other clothing belonging to A. L. Thomas. The stuff had been left there, and Moore, who is a young fellow, also found several coats and vests that the youth is alleged, to have stolen from different persons. He is in jail, and will have a chance to explain matters to Judge Diehl.

A VOICE FROM BRIGHAM.

Response to a Vicious and Untruthful Anonymous Attack.

Brigham City, Utah, June 27.—Deseret News:

Will you be kind enough to publish the following? I see there is another letter from Brigham City in the Sunday Herald. There may be some mixed truths in it, but take it as a whole it is false. It is not true that President Kelley has been kidnapping people from their positions in the church. There is no man in this state that has the right of the people more at heart in righteousness than President Kelley has.

I have been acquainted with President Kelley for about 40 years. I have worked with him both in church and other affairs, and a more liberal minded man I could not desire. It is not too early, nor too late, the weather is not too warm nor too cold, for him to get out of bed, if anyone is sick or destitute. He is always on hand to assist the sick and the weak.

It is not true that M. D. Rosenbaum dropped dead on the street in Brigham City. He moved to Mink Creek, Idaho, he died suddenly from heart failure. He has a son here in business. I haven't heard any one interfering with him. I have been in business since 1886, long before President Snow died. He never put any teachers in front of my door, to take names of those who traded. On the contrary, he wished me God speed many a time, always had a God bless you. It is a pity that such a good man has to be accused wrongfully after he is dead and gone.

Whoever is the author of these malicious letters sent to the Herald, I do not know, and care less. He is no good in any community. Strife and fault-finding, and falsifying are not prompted by a good spirit. He is like the devil, who is always the accuser of his betters. Let the Brigham correspondent pull out the beam from his own eye before he tries to pull the mote from the eye of his betters.

GETTING AFTER THEM.

State Health Board Asks Derelict Officers to Explain.

The following circular is being sent out by the state board of health to over 100 local health officers over the state: "Dear Sir—Will you please explain your failure to report monthly to the state board of health in compliance with section 1108, Laws of Utah, which provides:

"Every local board of health or health officer shall report to the secretary of the state board of health at such times as the state board may require, the sanitary conditions of the locality, the number of births and deaths, and the causes of death, and such other matters as the board may require, during the preceding month; also the presence of epidemic or other dangerous, contagious or infectious diseases, and such other matters within their jurisdiction as the state board of health shall require."

You have been supplied with postal report cards for making monthly reports and we are unable to understand why these reports have not been made as required by law. You will oblige by sending a separate report for each month of this year and by attending promptly to this duty hereafter. District county health officers should make a separate report for each village or unincorporated town in their district. Yours truly, T. B. BEATTY, M.D., Secretary.

COMES BACK AT HIM.

Mrs. Armstrong Denies in Toto Her Husband's Allegations.

Sophia Armstrong, who recently filed suit for divorce against her husband, Frank H. Armstrong, has filed a reply to the answer filed by her husband in which she denied that she ever at any time treated him in a cruel manner. She specifically denies that she ever threatened or attempted to kill him by putting strychnine in his milk or by throwing carbolic acid in his face or by shooting him with a revolver as he alleged in his answer and cross-complaint. She also denies that she came home intoxicated on the night of Oct. 22, 1903, and attempted to kill their infant son. She asks that her husband take nothing by his cross-complaint and that it be dismissed.

FELL ON SIDEWALK.

For Injuries Received Robert Baird Sues City for \$5,000.

Salt Lake City is made defendant in a \$5,000 damage suit filed in the district court today by Robert Baird, who alleges that he fell on a sidewalk in front of St. Mary's academy on Aug. 24, 1903, and received injuries about the head and spine which he claims will prevent him from earning a livelihood during the remainder of his life. It is alleged that the city negligently permitted a wire to be strung along the outer edge of the walk and that plaintiff tripped over the same and fell receiving the injuries stated above. The city counsel has prevented the accident. Plaintiff alleges that he presented his claim for \$5,000 damages to the city council in September, 1903, but that it was not allowed.

Upon that showing the court below granted a non-suit in favor of defendants. This judgment the supreme court now affirms.

AT THE RESORTS.

A very good fireworks display, representing the fall of Fort Arthur, took place at Calder's park last evening. The lake contained a dozen boats, representing the Japanese fleet, and the fort was on shore. After the attack had been on for some time, the fort fell, and fell hard. The unique attraction will run throughout the week.

The barbers' outing at Lagoon yesterday was a splendid success. A program of sports was carried out and a great crowd was there to witness it.

TO FULFILL THE MOTHERS' AND CHILDREN'S CRY OF "HOME, SWEET HOME," IS OUR AIM.

On next Wednesday, June 29, a great throng of Salt Lake's loyal citizens will invade Saitair Beach, intent upon making Real Estate Day a grand success. In the mass of persons present, what firm in Salt Lake do you suppose will be represented by the greatest number of employees, clerks and well wishers?

We are not shouting when we say that our guess is that unto "THE REAVIS SYSTEM" will be accorded the honor of having more of its employees and their families present than any similar institution in town.

One hundred and seventy-seven skilled mechanics, stamped with the seal of first rate mechanical ability—all of them co-workers in the great "REAVIS SYSTEM OF HOME BUILDING"—will at Saitair join the happy throng of peanut eating, popcorn digesting, soda water sipping, money sipping, "big round" hunting, shooting gallery patronizing, human fun hunters.

Just stop and think what it signifies to have 177 employees.

It means fully 150 families of 5 members, or 750 persons, who depend upon "THE REAVIS SYSTEM" for a livelihood.

These houses are required to house this multitude and 3 ordinary grocery stores would do well to have many customers.

If a shoe merchant had all their trade he would do well to have many customers. It would require five pretty husky butchers to cut meat fast enough to fill the shelves of "THE REAVIS SYSTEM" employees.

At the head of "THE REAVIS SYSTEM" stands J. Donnan Reavis, THE ORIGINAL HOME BUILDING OF ZION, who acts as DIRECTOR GENERAL, guiding the movements of his splendid creation like a financial pilot.

Reavis has always believed that the redemption of the people from extravagance lay in the direction of judicious real estate investments.

He realized that the best investment is a home to shelter mother and child—providing a self-possessed roof and the minimum of management that arises from free-holding.

So close were the lines once drawn in time gone by that free-holding, or in other words, home owning, was an essential to social position and a requirement for those who enjoyed the privilege of ballot. Only freeholders could vote.

From the efforts of Mr. Reavis may be traced the present building activity, for Mr. Reavis has spent over \$7,000 in the past twelve months in talking about home building through the columns of the daily papers.

His earnest efforts 120 houses have been erected in Salt Lake in one year by "THE REAVIS SYSTEM" and an army of 60 prospectors are living under their own roofs, free from the domination of a landlord.

These HAPPY HOME OWNERS who WERE FORMER RENT-PAYERS, are pointed to with pride as the best reference "THE REAVIS SYSTEM" can produce to show that IT IS KNOWN BY ITS WORKS.

"THE REAVIS SYSTEM" believes in the improvement of vacant land, and has so regulated its plan that any owner of a lot can have a building erected thereon without paying a dollar in cash until the building is completed.

Under "THE REAVIS SYSTEM" the monthly payments are scaled down so that they amount to only 1 per cent per month of the contract price. Thus if your house cost \$200 the monthly payments, including interest, are only \$20. If the house cost \$500, the monthly payments, including interest, \$50. A \$500 house, \$5 a month and so forth.

You do not have to pay any initiation fee; you do not have to buy any stock or pay for examining your abstract or for plane-specifications. All of these expenditures are avoided when you deal with "THE REAVIS SYSTEM."

It is no trouble to prove to you beyond a shadow of a doubt that we are building honestly constructed, mechanically correct and handsome and convenient houses, for we will take you to see over so we are building, and seeing is believing.

Do not longer put off the investigation of our system of home building.

"THE REAVIS SYSTEM" was built for the people on lines that are as correct and business-like as banking methods.

"THE REAVIS SYSTEM" offices, 23-34, Main St., ground floor, are easy to find, for "THE Z. C. M. I." is directly opposite.
