GEN. MILES' ADDRESS.  
"General Order No. 115, Headquarters of the Army, Washington, Aug. 5, 1903.—In accordance with the provisions of the act of Congress of June 30, 1882, the undersigned will retire from the active service Aug. 8, 1903.

"In relinquishing the command of the army of the United States, to which he was assigned by the president, Oct. 2, 1898, he hereby acknowledges his appreciation of the fidelity of the officers and soldiers during the past eventful years.

"To those who were his companions and associates during one of the greatest of all wars, he takes pleasure in expressing his gratification that they have lived through the trials and dangers of long service with the army, and of their fortitude, heroism and unselfish devotion to the welfare of their country. They have also in a most commendable manner exemplified the principles of discipline and patriotism which make the army the protector and defender, and never the oppressor of the nation and its liberties.

"The time and opportunity are considered of opportunity for expressing to the army a few thoughts concerning its past and its future. It is from the best impressions and influences of the past that the most desirable results may be realized in the future.

"Unwavering devotion to our government and the principles upon which it was established and has been maintained is essential to the success of this so in a democratic government, where the individual, in order to be a perfect soldier, must first be a citizen of the nation.

"The history of the army is the history of a great nation carried a marshal's baton in his knapsack is in a higher sense more than equal in significance by the fact that every citizen soldier is a citizen of the nation.

Meetings of prominent Macedonians were held today, and measures for succoring the sufferers from the insurrection were discussed, but no decision was reached.

Port detachments of Turkish troops supported by artillery yesterday met and routed a body of 1,500 Bulgarians near Skopje.

A band of 300 insurgents has appeared near the railway bridge over the River Vardar, two hours' distance from the city. The Greeks generally, and especially the officers and soldiers during the past eventful years.

"Peruna is no experimental medicine. I have used it for many years for three years. At that time I was cured of irregular and painful menstruation. Since that time I have taken it for indigestion or whenever I felt overworked and in need of a tonic, and I have always found that it was of great benefit to me. I am therefore pleased and happy to say a word in its praise and shall gladly endorse it to my friends."

Since early womanhood I suffered with bearing down pains and nervousness. I was thin and worried, but Peruna restored me. Those who knew me before cannot understand the change, but I can say it all up in the blessed word, Peruna."

"I am pleased to tell what a blessing Peruna has been to me. Several years ago my constitution seemed broken down and I cared little whether I lived or died. I had taken so much medicine that the sight of a bottle made me sick. I had read about Peruna curing women, and I thought perhaps it would help me. I bought a bottle and before it was finished I felt better. I kept on taking it, and after three months' faithful use I was a well woman and able to do the work and undergo the strain of younger days."

DR. HARTMAN'S CURE FOR FEMALE DISEASES—A GENEROUS OFFER TO WOMEN.

drop of the abdomen, should apply at once and become registered as regular patients. All correspondence will be held strictly confidential.

As is well known, Dr. Hartman is the president of The Hartman Sanitarium, an institution which has a department devoted exclusively to the treatment of female diseases. He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondents. The principal remedy he relies upon in such cases is Peruna, which every woman should have who has any affection of this kind. Those wishing to become patients should address Dr. S. S. Hartman, Columbus, Ohio.

No one knows better than Dr. Hartman how much the women suffer with diseases peculiar to their sex. No one knows better than he does how many of them suffer with such diseases. Patiently, hopefully, wearily, and often silently, they eke out a miserable existence, year after year.

No martyr in poetry or heroine in romance makes a more touching appeal to human sympathy than the woman burdened with the cares of a family trying to carry the extra load of some tormenting and ever present female disease.

Dr. Hartman's sympathy for such is unbounded, and his willingness to help them limited only to his power.
