**KIX CONGRESS.**

WASHINGTON, 26.—Crisp submitted  
a conference report on the bill  
for the land grant railroads to pay the  
cost of collecting, conveying and  
conveying their land. (As the bill origi-  
nally passed the House it applied only  
to the Union Pacific system, but as  
amended by the Senate and agreed to  
by the conference committee, its pro-  
visions are extended to all grant  
roads.) The report was adopted.

The House then went into committee  
of the whole on the sundry civil ap-  
propriation bill.

Long, of Massachusetts, offered an  
amendment appropriating \$20,000 for  
the education of children of school age  
in Alaska. This was lost by a vote of  
82 to 82.

The amendment was adopted in-  
creasing the force of employees in the  
Bureau of Engraving and Printing and  
increasing the appropriation therefor.

had obstructed the track and the trains  
were forced to stop. A number of  
shots were fired with serious dam-  
age, and the officers in authority from  
the train arrested the leading obstructor  
and the men who were with him. The

**Columbia Defeats Harvard—An Ex-  
citing Contest.**

NEW LONDON, Conn., 26.—The Col-  
umbia has won her first victory on the  
Thames four miles straight-away  
course over Harvard, and it was the  
best race that ever took place here.

The course was in perfect condition.  
There was scarcely any wind, and the  
facts considered, the Columbia's  
time was even better than in her race  
with the Pennsylvania University crew  
last Tuesday, when they covered the  
four miles in 20 minutes and 30 seconds.

The Columbia's time to-day was 21  
minutes 35 seconds. Harvard's time  
was 22 minutes 30 seconds. The race  
was a very close one, and the Columbia  
won by a narrow margin.

and spurious wines. One of the most  
important uses for pure wine is in  
cases of illness, convalescence and  
failing strength in old age. Such wines  
when sweet, are necessary stimulants  
and tonic, and the addition of sufficient  
alcohol to preserve the saccharine  
matter contained in them from fer-  
mentation. The value of such wines  
is therefore dependent largely upon the  
kind of spirit used in fortification.

In order that the best grape spirit may  
be utilized instead of cheap alcohol for  
such purpose, facilities are given to pro-  
ducers for the use of pure grape spirits  
would materially benefit all consumers  
whether in health or disease.

The memorial in its prayer for the  
passage of laws to accomplish these  
desired objects, is signed with names  
of firms too numerous to specify in  
full, but they include the most im-  
portant in all branches of the foreign and  
domestic wine trade.

**A LETTER FROM THE IDAHO**  
**PENITENTIARY.**

THOSE IMPRISONED THERE AND  
AT DETROIT.

By courtesy of the gentleman to  
whom it is addressed, we are enabled  
to present the following:

U. S. PENITENTIARY,  
Boise City, Idaho, June 27, 1886.  
Hon. John W. Taylor, Salt Lake City,  
Utah.

I am happy to have the privilege of  
answering your most welcome and in-  
teresting favor of the 19th ultimo,  
written from Kilauea.

Your letter found us feeling well, as  
this leaves me at present, and I was  
glad to know that you were enjoying  
health and peace in your travels among  
the people.

I have read your kind words  
with the deepest interest, for it is  
encouraging to me, to know that  
you have placed in the memories of  
yourself and other who are interested  
in the same noble cause for which I  
am called to suffer. We received a  
small delegation from Blackfoot this  
morning, consisting of Samuel Hum-  
phrey, H. Duffin, Joseph Lewis, and  
C. H. Wright of Bear Lake County,  
Utah, and James and Thomas Hum-  
phrey of Owyhee County, and George  
Whittle and John Crater from Cassia  
County. All are looking well and seem  
to be in cheerful spirits, which I hope  
will continue through the six long,  
weary months they have to serve.

The weather is very warm in this  
locality, and our time for exercise is  
short—three hours in the "yard" each  
day—though from what I can learn  
about other prisons, I think, including  
the treatment of the officials, we fare  
about as well as can be expected.  
Probably a little better than Utah  
prisoners.

It seems that the mills continue to  
grind, and the great cleaning process  
goes on, with more or less success,  
and will, no doubt, continue until the  
persons of the great Creator are ac-  
complished, and life people prepared to  
assume the position they will eventu-  
ally occupy, in the midst of the na-  
tions. I entertain the fear as to the  
end result, only in regard to my own  
integrity when time alone will demon-  
strate.

The following names of brethren,  
with their places of residence and  
ages, sent names of children, if any,  
may be of interest, and can be given to  
the News if you so wish:

Heretofore Duffin, residence Bear  
Lake County, born in England, age 40,  
children 4.

Joseph Lewis, residence Bear Lake  
County, born in England, age 40, chil-  
dren 4.

Chas. H. Wright, residence Bear Lake

County, born in Denmark, age 50, chil-  
dren 4.

George Whittle, residence Cassia  
County, born in Illinois, age 46, chil-  
dren 10.

John Crater, residence Cassia  
County, born in England, age 44, chil-  
dren 10.

Samuel Humphrey's case was ap-  
pealed from the third District Court  
one year ago last month, and the de-  
cision of the lower court was affirmed.  
All were sentenced to the full peni-  
tentiary of the law, except C. H. Wright,  
whose sentence was three months' im-  
prisonment and \$100 fine.

No costs were added to any of the  
sentences.

The brethren give the following as a  
correct list of those sentenced to De-  
troit. It has been stated in several  
papers that 13 were sent east, but  
those present at the time of sen-  
tencing may be a mistake. The num-  
ber being 11:

Neils Graham, Owyhee County, two  
years, unlawful cohabitation, one  
year and \$300.

Thomas Wills, Owyhee County, two  
years, unlawful cohabitation, one
