Everything in the Newest Foreign Dress Fabric Creations, all the grand materials decreed by "Dame Fashion" to be indispensable to the wardrobe of the fashionable woman, are to be found here in this remarkable under-priced offering.

### The Story of These Tremendous Values Is Briefly Told:

We bought too heavily in black goods for this season and find ourselves greatly overstocked. Not only this; but we overreached ourselves in high priced fabrics. We bought the very best and highest class foreign materials produced; but they did not sell as we planned they should. Therefore we are letting go of all this character of goods at a tremendous loss, now at the height of the season before it is too late to realize on them. We take our loss philosophically and give the ladies of Salt Lake the rarest bargain opportunity that has ever come their way.

Fabrics such as these made up by the recognized high priced dress makers would cost from \$100.00 to \$200.00 for a gown, according to the trimmings and the amount of work on it, yet WE OFFER THESE VERY MATERIALS TO YOU AT THE RIDICULOUS PRICE OF \$1.00 PER YARD.

Most of these patterns are only in skirt or dress lengths as we only buy these highest grade fabrics this way to avoid duplicates and assure purchasers that there will be no two dresses of the same material in the city. This is of great importance to intending purchasers for no woman wants to feel that her neighbor or intimate friend will perhaps have a dress cut off the same bolt. It insures safety, individuality, and distinction and makes this sale strictly one of
