

SAN FRANCISCO STREET CAR STRIKE

Sunday Chosen to Inaugurate it
As it Would Inconvenience
The Public Least.

TWO THOUSAND AFFECTED.

Automobiles, Carriages and Other Vehicles Brought Into Requisition, Doing Good Business.

San Francisco, Aug. 26.—With the exception of the California and Geary street lines street railway traffic in this city was suspended today, as the result of the strike of the conductors and motormen of the United Railroad system, which went into effect at 5 o'clock this morning. The United Railroads made no attempt to run cars and consequently there was no disorder. Further action on the tie-up awaits the arrival of Patrick Calhoun, president of the United Railroads, who is en route from the east, and who is expected to arrive tonight. Automobiles, carriages and other vehicles have been brought into requisition, and they did a good business.

Although the California and Geary street lines were in operation, their limited equipment was inadequate. The employees of these two lines will not be called out, but they expect their employers to follow the lead of the larger company in any change that may be made in the wage schedule.

The executive committee of the union at a meeting held in advance of the general meeting, adopted a lengthy statement addressed to Thornwall Mulhally, president of the United Railroads, refusing to grant a delay until Monday to await the arrival of President Calhoun, as asked for by Mulhally, stating that the union could see no reason for waiting for Calhoun's arrival or for a directors' meeting, as the car men knew by past experience that the directors would not be successful in their efforts to bring about the return of President Calhoun.

The statement set forth the reasons for the men going out at this time and stated that the men had chosen Sunday to inaugurate the strike because it would inconvenience the public least on that day.

In reply to the demands sent to the company last Sunday, Thornwall Mulhally answered that he was powerless to act in the absence of President Calhoun, requested the union to await the latter's arrival, when a directors' meeting would be called and a definite reply be given the men. Several communications passed between the company and the car men, resulting in an ultimatum from the latter Tuesday that the company must make definite reply not later than Friday afternoon. Mr. Mulhally sent a letter to the union Friday, asking again the union to postpone action until the arrival of President Calhoun, who would be in the city today.

The same afternoon Mayor Schmitz held a lengthy conference with President Cornelius, Rep. Bowling of the union, and Mr. Mulhally. The mayor added his entreaties to those of Mulhally to defer the strike vote until Monday, and yesterday sent a letter to the officials of the union, repeating his request and stating that he believed an amicable settlement would be arrived at as soon as President Calhoun arrived.

The car men, however, apparently thought that the United Railroads was only sparring for time, and reports were circulated that the company was constructing barracks for what the car men believed were intended for strike breakers.

This is the fourth strike on the United roads since the beginning of July, when the electricians struck, to be followed by the engineers and firemen, and a few weeks later by the track men and construction workers. None of these strikes have been settled.

The strike of the car men will affect about 2,000 men.

LIQUOR TRAFFIC ISSUE IN SOUTH CAROLINA.

Columbia, S. C., Aug. 26.—Whether the liquor traffic in South Carolina shall continue under state control or whether it shall be left to the counties to legislate what they want as between county dispensaries and prohibition, will be settled in the Democratic primary to be held Tuesday. The campaign was practically closed last night.

Senator Tillman is fighting for the institution on the ground that it can be reformed and kept clean. This dispensary has grown from a \$50,000 business to more than \$3,000,000 a year. The race for attorney general overhauled the law for government, this being due to the fact that Senator Tillman urged the people to defeat J. Frazer Lyon, who has been the leading spirit in the dispensary.

Heart Like a Clock

The pulsation of the heart marks the passage of the blood through the veins, just as the ticking of a clock indicates the flight of moments of time. Palpitation, fluttering or irregular action reveals the fact that the heart is running down—and unless strengthened, is liable to stop at any time under some weakening influence, such as excitement, over-work, or intense mental or physical strain. To regulate the heart action, you should take Dr. Miles' Heart Cure when any symptoms of a weak heart are apparent. It has no equal.

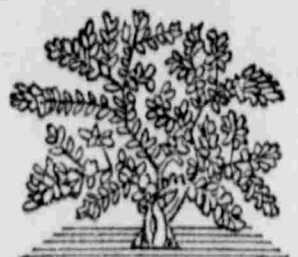

"Sometime ago I had a very severe pain around my heart, and most of the time I had a heavy beating or throbbing of the heart. It would beat so that when I lay down at night it would sound like a small clock in bed with me. I could count the beating. With every exercise, or walking, I felt like my heart would give out, and I would be so tired I would have to lie down and rest. I suffered quite a while in this way, then I concluded to try Dr. Miles' Heart Cure. I had taken it long until I began to feel easier, and so continued, and the medicine entirely cured me. I am very grateful for the great good I received from Dr. Miles' Heart Cure."

JOSEPH BROADHEAD, Findlay, Illinois.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

M. J. BRANDENSTEIN & CO.
San Francisco, Cal.

SUCCESSFUL BALLOON VOYAGE OVER TWO STATES.

New York, Aug. 26.—Dr. Julian P. Thomas, the amateur aeronaut, who, with his brother, Jefferson Davis Thomas, of Augusta, Ga., made a balloon ascent here Saturday evening, returned to his residence here Sunday morning. He reached Breemerville, N. J., and there made a descent. He had supper and stayed in a farmhouse all night. Shortly after 8 o'clock this morning he again ascended. He went up through the clouds and reached an altitude of 10,000 feet. He remained at that altitude for an hour. When I awoke I discovered that we were descending rapidly, in fact we were going down almost in a straight line. We made preparations to land, but, coming out of the clouds, found ourselves over a forest. Throwing out the guy rope we caught hold of a tree and pulled ourselves to the earth."

FRANCE AND ROME.

Rev. Mr. J. S. Vaughan Says
Church in France Will Be Stronger.

New York, Aug. 26.—Right Rev. Mr. John S. Vaughan, canon of Westminster cathedral, brother of the late Cardinal Vaughan, and of Father Bonard Vaughan, the Jesuit, who arrived in this country Saturday had this to say last night concerning the pope's latest note to the French clergy: "Mr. Vaughan said:

"There is no doubt in my mind about the outcome. The church in France will grow stronger and learn to depend on itself as the church does in England, and other countries. That does not mean that we will not continue to resist government oppression."

"I do not believe the pope has changed his attitude one iota. You can depend upon it that he means every word he said. Personally I believe the holy father has met the French situation with remarkable good judgment. The church, in my opinion, will not recede from their present position. The recent encyclical embodies the wish of Catholic France. The bishops will meet soon and outline a plan of campaign which will be submitted to the holy father. What they recommend will undoubtedly form the basis of the vatican's general instructions."

Mr. Vaughan will remain in New York for a few days and then go to St. Paul as the guest of Archbishop Ireland. He will preach a sermon in the St. Paul cathedral and also preach at the annual retreat to the clergy of the diocese of Duluth. He may also visit the Catholic summer school at Cliff Haven before he returns to London.

THE PULAJANES.

Reported Main Band Has Been Broken Up Into Smaller Bodies.

Manila, Aug. 27.—It is officially reported that the main band of the Pulajanes has broken into smaller bodies. A general movement of 1,000 troops and 300 constabulary through all parts of the dissected region is planned. A part of the province of Leyte, south of Buayan bay, has been cleared of Pulajanes. There is no disaffection on the west coast except a few bands which have escaped the soldiers. On the east coast native volunteers are bringing in prisoners.

Gov. Veyra reports that hundreds of natives have volunteered to help the troops.

ROTTEN FOODSTUFFS.

Three Hundred and Fifty Thousand Pounds Destroyed in Chicago.

Chicago, Aug. 27.—Three hundred and fifty thousand pounds of foodstuffs were destroyed in Chicago yesterday, according to the last issue of the bulletin of the health department, because they were impure. The bulletin says the food inspectors in the downtown district alone condemned and destroyed 50,115 pounds. This includes 15,000 pounds of canned goods and 2,830 pounds of fruit and vegetables.

The bulletin says the inspector took samples from five candy factories, three evaporated egg concerns, three baking powder factories, 10 ice cream factories, 30 bakeries and 75 fruit stands.

Arrests have also been numerous during the week, according to the bulletin. Fifteen Greek peddlers, two fish dealers, three bakers and three ice cream dealers were arrested on the charge of attempting to dispose of foodstuffs that were unfit for consumption.

BELL'S AEROPLANE.

Is Operated by Wireless Electrical Energy Supplied by the Earth.

New York, Aug. 27.—A dispatch to a morning paper from Brantwood, Ont., says: "Dr. Alexander Graham Bell's wireless aeroplane, which is attracting the Canadian and American scientists assembled here, had a preliminary test yesterday. Capt. Angelmeier of Chicago, the navigator, succeeded in rising to a height of 200 feet, turning a complete circle and alighting safely a few feet from the starting point. Dr. Bell's flying machine is operated by wireless electrical energy supplied from the earth."

Next Tuesday a flight from London to Toronto will be attempted.

WHAT IS HOME WITHOUT A BRYAN?

Nebraska Delegation Carried
Placard With That Motto When
It Entered New York.

HAD OTHERS OF LIKE NATURE.

"We Have Kept the Faith"—"We Knew You Would Come to Know Him."

New York, Aug. 27.—"What is Home Without a Bryan?" With this placard in its front ranks the delegation of 125 of the neighbors and friends of William J. Bryan, arrived in this city from Nebraska at half past 10 o'clock last night. The delegation was more than two hours late, and no time was lost in getting baggage and personal belongings stowed in the 30 rooms which had been reserved for them in the Hotel Victoria.

Before retiring for the night, however, a large number of the visitors strolled out into Broadway for a short time to catch a glimpse of the city.

After watching the crowds move northward and southward for a few moments, C. W. Green, Democratic nominee for lieutenant governor of Nebraska this fall, won the applause of his companions when he declared, "Well, boys, I'm prouder of Nebraska than I've ever been before. What I've seen of the New York people, they're not much better nor much worse than our own people out home."

Every man wore a small badge of white silk ribbon on which was printed "Home folks of William J. Bryan." Members of the delegation lost much of their respect for the railroad companies on their way east. The railroad company had not checked their baggage through to New York from Omaha. Consequently the larger pieces of baggage were not at the Pennsylvania station in Jersey City when the special train of six Pullman cars arrived. About the only incident of the trip was the painting of a large number of placards, some of which were carried last night and all of which are to be posted about the Victoria hotel today. Here are some of them:

"Who said 'Repudiation'?" "We have kept the faith." "And they called him the Boy Orator of the Platte?" "We believe in 'national honor'."

In the delegation were the mayors of eight cities of Mr. Bryan's state, among them being Mayor Brown of Lincoln, who headed the delegation. Among others was J. W. Cutwright, Mr. Bryan's former secretary, and the only representative from Normal, Henry W. Walker and William Hoge, organizers of the reception to Mr. Bryan. Representative Sulzer and John W. Keller of the reception committee were on hand at the Victoria to welcome them and to assist them in locating in their headquarters. The party left Omaha late on Friday and will remain in the city until Saturday.

Other delegations are expected to follow the Nebraska delegation today. Early this evening 200 members of the St. Louis Democratic clubs are expected. This delegation has obtained quarters at the Hotel Saranac and Narvarre. Early tomorrow another St. Louis delegation of the Jefferson Democratic club is expected. This delegation will exceed 200 men.

Henry Hawes, the leader, has engaged accommodations at the Hotel Gotham, at which Gov. Folk is to stay. Francis Burton Harrison, chairman of the host city committee for the reception, had called a meeting at the Victoria today.

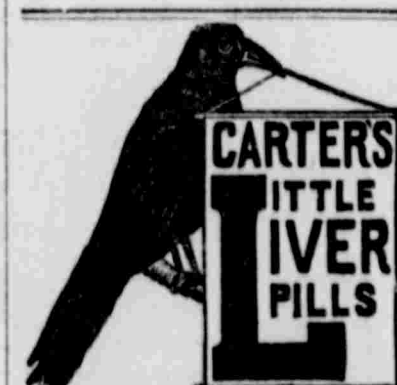

It was announced yesterday that the Missouri society would entertain Gov. Folk and the Missouri delegation at dinner at the Marlborough hotel. The Maryland society will give a reception to Gov. Warfield at the Waldorf-Astoria on Thursday, while the Georgia society will give a reception to Gov. Terrell and the Georgia delegates at the Marlborough hotel. The Illinois society is to hold a reception to guests from that state at the Hotel Gotham, and the Albany society will hold its reception at the Hoffman House.

THE HOME COMING.

New York, Aug. 26.—The home-coming of William J. Bryan, after a tour around the world, promises to inaugurate the real opening of the commoner's third campaign for the presidency. Mr. Bryan is a passenger on board the North German Lloyd steamer Princess Irene, which is expected to reach New York next Wednesday or Thursday. The great popular reception to the Nebraska will be held at Madison Square garden Thursday evening, under the auspices of the Commercial Travelers' Anti-Trust league.

Mayor Tom L. Johnson of Cleveland will preside at the reception and representative Democrats from all sections of the United States will be present. Mr. Bryan is expected to make a two hours' speech, and to address one or more open-air meetings in Madison Square, composed of natives who are unable to gain admittance to the garden. The Madison Square reception will be but the beginning of a long series of similar affairs on a smaller scale, which will end with a big public meeting of welcome when Mr. Bryan reaches home in Lincoln, Neb.

On Friday, the day after the Madison Square garden reception, Mr. Bryan will leave for New Haven, in company with a large delegation of his supporters. In New Haven he will be the guest of the New Haven Democratic club and will deliver an address in the open air on the Central green. An interesting feature of his visit and speech in Connecticut will be a formal conference of leading Democrats from all the New England states, including candidates for governor, mayor of some of the New England cities, Democratic state commit-

FLOUR**

teemen and the New England members of the Democratic national committee. The conference, it is announced, is for the purpose of agreeing upon a common basis for the campaigns of this year and of two years hence.

From New Haven Mr. Bryan will go to Bridgeport, where he will deliver an address in the evening, and on the following day he will address a meeting at Jersey City. On Saturday night he will be the guest of active newspapermen at the received special assignments for their papers.

BIG FLOOD IN MEXICO.

Chicago, Aug. 27.—A special from Mazatlan, Mexico, says: "Several hundred people have been rendered homeless by the disastrous floods which have swept over this region for the past few days."

Twenty days of incessant rain throughout this region of the Pacific coast has made the whole lower country a vast sea of water. The waters of the bay have been supplemented by torrents which poured down from inland. Scores of houses located on the beach were swept away. A broad boulevard which connected the city with the sea has been destroyed. The losses to sugar planters will be very heavy.

DON'T BE BLUE

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for these troubles on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me."
