

FAST CONTEST ON FOR THIS EVENING

George Gibbs and Jerry McCarthy
Slated for Twenty Rounds.

DONALDSON WILL REFEREE.

Squadron Arises Over Result of State
Track Meet Held Last Saturday
—May Contest Again.

Unless all signs fail, the Salt Lake Athletic club will be crowded to its capacity tonight on the occasion of the return fast contest between Jerry McCarthy, the Walkerville Pet, and Young (George) Gibbs of Cleveland, O. The bout is the result of their last meeting, which was a draw. Since then there has been a strong desire on the part of the fight fans to see the pair come together again under more favorable conditions. Gibbs claimed that he had been working too hard and was all in, and in that way accounted for the white boy getting a draw with him. McCarthy made an excellent showing and surprised his friends here by his speedy and gamy work. He claims that he is now in much better shape than for their first go, and as for Gibbs he has had good rest and claims to feel better than ever before. In his training he has eliminated boxing in order not to impair his punching ability.

Some time ago the rumor got started that Charley Lang had been chosen for referee. This gave Lang and some of his friends a chance to make a deal and claim that he would not referee under any conditions whatever. This was done evidently to throw cold water on the whole proposition. It now appears that Lang was never asked to referee, at least not by those who have the matter in charge. In Donaldson, who gave satisfaction as referee in previous bouts both in the ring and on the mat, will act in that capacity tonight. There has been a great deal of interest manifested in the go and it is believed that the place will be crowded by the time the principals step into the ring.

SALT PALACE ATTRACTIONS.

Dance Hall, Opera Company, Bicycle Races and Other Features.

Manager Myers of the Salt Palace is busy engaged in getting ready for the opening, which will take place on the afternoon of the Roosevelt festivities, May 20. Among other things the erection of a large hall, 20x20 feet, is now under way and a number of outdoor attractions are being arranged for in addition to the bicycle races, which will be in the hands of F. E. Schefski. It is on the cards that an opera company will be among the features, while on Sunday evenings it is the intention to hold concerts with the artists and musicians on the front porch of the Salt Palace and the chairs of the audience placed in rows down the center avenue. The management also states that the beer garden feature that has hitherto been prominent will be kept in the background and the endeavor will be in the direction of the operation of a strictly family resort. It is Mr. Myers' intention to distribute souvenirs to all ladies attending on Decoration day.

The bicycle track has been fixed up and repaired in damaged places, and is now ready for the men to train upon. Manager Schefski states that he will watch the men closely this season. He intends to make a specialty of class races and in that way give all the boys an opportunity to get into the money. Joe Rayburn is riding faster than any man on the track, and Schefski states that he will have to ride with the professionals this season.

ANENT THE TRACK MEET.

U. of U. Boys Disatisfied and Want A Return Match.

The U. of U. athletes who participated in Saturday afternoon's track meet and lost to the B. Y. A. of Provo are dissatisfied with the result of that meet. The trouble is caused by the hammer throw, which many believe was decided unfairly. It will be remembered that the contest was between Joe Smith of the L. D. S. U. and Peterson of Provo. The latter made 101 feet and 2 inches. Smith made 101 feet, and on the last throw beat Peterson's mark by three feet. Then because he walked toward the hammer before the distance was measured, the event was given to Provo on a foul claimed by the Garden City boys. A wrangle ensued and it was finally agreed to give Smith the points provided Jarvis was permitted to enter the mile race. But that night goes through one of the strongest showing clubs in the western country will be organized. It is the purpose of the club to induce the trap shooters and the revolver

RIFLE SHOTS MEET.

Club Officers Re-elected for Another Year—Future Plans.

Last evening the Salt Lake Rifle club held its annual meeting for the purpose of electing officers and discussing plans for the future welfare of the club. The officers of the past year were unanimously re-elected for the coming term. They are as follows: W. R. Sery, president; C. T. Letchfield, vice president; and William McCannay, secretary and treasurer. If the scheme suggested last night goes through one of the strongest showing clubs in the western country will be organized. It is the purpose of the club to induce the trap shooters and the revolver

Best Spring Remedy Ever Formulated Paine's Celery Compound

Mrs. E. M. Swan Completely Cured of Terrible Blood Troubles
That Doctors Could Not Relieve.

In the month of May, it is an absolute necessity that the body should be furnished with a richer and purer supply of blood for the establishment of a health that can successfully cope with the enervating effects of hot summer weather. Poor blood in May produces listless, ambitious, sleepless, and low-famed men and women, who quickly become victims of some organic disease that ends life.

Intelligent people recognize the necessity of cleansing and fortifying the system in May by using Paine's Celery Compound, which speedily removes all poisons from the system, and gives to the thin, watery blood a larger proportion of red corpuscles and arouses all the organs of the body to healthy action. Paine's Celery Compound does a work for victims of impure blood that commands the attention of the most

OUTSIDE EVENTS.

WITH THE FANS.
Games Played in American, National, And Pacific National Leagues.

American League.

| STANDING OF TEAMS. | Won. | Lost. | P.C. |
|--------------------|------|-------|------|

| Cleveland | 6 | 8 | .429 |
| Detroit | 1 | 10 | .143 |
| Washington | 5 | 11 | .313 |

Chicago, May 11.—Two errors, a wild pitch and four opportune hits gave the champions their opening game of the season here today in an 11-inning contest. Attendance, 2,400. Score: R. H. E.
Chicago 2 10 2
Philadelphia 4 8 2
Batteries—White and Sullivan; Waddell and Schreck.

Cleveland, O., May 11.—Seven of Cleveland's 12 hits were for two bases or better and as a result that made up for the few errors. Attendance, 2,700. Score: R. H. E.
Cleveland 8 12 5
Boston 5 8 0
Batteries—Berhard and Bemis; Hughes, Dineen and Criger.

St. Louis, May 11.—St. Louis won the opening game of the series with Washington in a pitchers' battle. Sudhoff and Townsend being the opposing twirlers, and both were given perfect support. Attendance, 1,200. Score: R. H. E.
St. Louis 2 5 0
Washington 2 5 0
Batteries—Sudhoff and Kahoe; Townsend and Drill.

Detroit, May 11.—Tannehill, in the box for New York today, had the locals at his mercy for eight innings, then let up. Attendance, 4,900. Score: R. H. E.
Detroit 3 10 4
New York 8 10 1
Batteries—Sullivan and McAllister; Tannehill and O'Connor.

Seattle, May 11.—Young McKay, who

eminent medical men in the world. Miss E. M. Swan, Stamford, Conn., says: "Before I began taking Paine's Celery Compound my blood was in a very bad state, and I had three large abscesses under my right arm, which completely disabled me from work, or even dressing myself. At last I was compelled to have the abscesses opened, when my eczema became worse than ever before. I tried everything that I could hear of, and also had several of the best doctors, but they did not cure me. I then commenced the use of Paine's Celery Compound, and before I had finished the second bottle my abscesses had all healed, and the eczema was almost gone. I am now on my fourth bottle, and am more than happy to say that I have not a pimple or any sign of eczema on my body. I am thankful for the great work that Paine's Celery Compound has done for me."

WILL THE COLUMBIA AGAIN DEFEND THE AMERICA'S CUP?

Has the highest type of yacht building been reached in the Columbia? There are competent judges who incline to that opinion. Two years ago when, under the skillful handling of Captain Charles Barr, she was chosen over the new boat, Constitution, commanded by Captain Lem Miller, every one declared that the selection was more of a tribute to Barr's ability than to Columbia's speediness. At any rate Columbia beat Shamrock II, as she had previously beaten Shamrock I, and Barr was employed to handle the new Reliance this year. Now, in the first brush between Reliance and Columbia, the latter, in charge of Captain Lem Miller, handicapped by a light air and a miserably fitting mainmast, run away from the \$300,000 Reliance in hollow fashion, making it possible that for the third time the defense of the cup will be intrusted to Columbia.

Will Not Fight.

San Francisco, May 11.—The report received in this city that Bob Fitzsimmons had agreed to meet Marvin Hart or Jack Root in this city before the Yosemite club in August is discredited in athletic circles here.

Kenny Spars With Corbett.

San Francisco, May 11.—James J. Corbett visited the Olympic club today and after considerable vigorous exercise boxed a few long rounds with Yank Kenny, his sparring partner. He appeared in the best of condition and was not at all distressed by his vigorous sparring encounter.

Crescues to Europe.

Toledo, O., May 11.—George H. Ketcham is prepared to take Crescues, 2,024, to Europe this fall. The present season will close Aug. 1, and the first exhibition mile will be trotted late in August at Dayton, O.

TROUBLE FOR P. N. LEAGUE.

For Series in Los Angeles, Gate Receipts Were Only \$100.

The Helena Record says editorially: "Signs are beginning to multiply that the Pacific National baseball league is in for a strong season. With receipts of \$100 for a series in Los Angeles as a starter, with small crowds in San Francisco, with a series in Portland coming and the knowledge that Portland is a town that can't stand to lose and will not patronize its club in a league of which it is not the head, the future does not look particularly bright from the standpoint of the box office. Just how long the Pacific National can stand the strain is a matter of conjecture. If there were indications of improvement in the league of which it is not the head, it might not be bad. But the men who have studied the situation late to give any reason for believing that the second round in the coast towns would prove any more profitable than the first."

It happens that the financial side of professional ball is all important. We have started out to "kick a league, already popular in its own territory. Portland and Seattle would have been common ground—as much ours as theirs. But we extended the limit to Los Angeles, a city which, as the Record has retorted, said, is as far distant from Helena as Cleveland, O. The figures after a round or two of playing show that the move has not added to our strength. It has certainly added to the burdens of the Montana clubs. The receipts of the first week would hardly pay board-bills for the whole season. Doubtless the visiting California clubs will, without doubt, take more money from us than they gave us as our share when we visited them.

"Before the season opened it looked as if the coast teams in this league might tire of Helena and Butte. Now it appears as if we would some day find that they are a burden not worth carrying. It would be well to consider whether it is devised to draw in the boundaries of the league—say to Portland, at any rate—before another expensive trip to California threatens the whole enterprise with destruction and bankruptcy."

The Coming Champion.

Toledo, O., May 11.—"I look for the colt foaled by Zoronia, 2123, at the Aplos ranch of A. B. Spreckels, to become the fastest trotter in the world," said George H. Ketcham today. "The colt is sired by Crescues, 2,024, and the dam is by Dexter Prince, whose descendants have shown a world of speed. Zoronia, half-sister, not sustained an accident to her leg, would have made the fastest trotting mare in the world, and I really believe would have reached the mark of 2:00. I consider a colt out of her by Crescues, as having the best speed lines in the world," said the owner of the trotting champion, year.

Pershing's column, near Bacolod, Island of Mindanao, Saturday morning, wounding Lieut. Rutledge and one soldier. The guard killed all the attackers.

Died at Stanford of Typhoid.

Stanford University, Cal., May 10.—Foster Ely Brackett, of Washington, D. C., a senior in the department of Latin, died today from typhoid fever. Brackett had been down with the fever for over three weeks. His condition when he declined until last night, when he declined until the end came. Brackett would have received his bachelor of arts degree this month. Funeral services were held in the Memorial church this afternoon and the body shipped to his home in Washington, D. C. Brackett's death is the eighth result from the epidemic. While the stamping out of the source of infection has removed all danger of any further spread of the disease, several more deaths among these now ill are expected.

ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands, legs and face, and is a veritable torment at times, especially at night or when overheated.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons with which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders are soothing and cooling they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

DIAMONDS.

The repairing and cleaning of fine watches is a branch of our business to which we always pay the most careful attention. Somebody may repair a watch to the best of his ability, and the article may soon be as trouble-some as before. That's the difference between expert work and ordinary work. We take particular pride in repairing timepieces that require extraordinary care, though we never slight anybody's work. In every case we guarantee satisfaction at moderate prices.
