

THREE-CORNERED FIGHT CONTINUES

Meeting of Parties Interested in Federal Heights Matter Brings No Results.

HELD IN COUNCIL CHAMBER.

No Change in Situation, Except That Attitude of City Government Is Known.

A resolution by the council committee on engineering and sewers, in effect that the board of regents of the University of Utah do accede to the requests of Mr. Wrench of the Federal Heights property, was the outcome of the three-cornered fight waged for several hours last night in the council chamber. The board of regents may do this, and then they may not. The matter is just about where it has stood for several weeks, the only difference being that the council's attitude in the matter is now known. But as far as actual working agreements and concessions are concerned, there is no change whatever.

THOSE PRESENT.
At the meeting arranged for last night, there were present the council committee on engineering and sewers consisting of Mr. Black, chairman, Mr. Malvey, Mr. Martin, Mr. Perry, and Mr. Wells, the latter not being present as a member of the committee, but as a councilman with a proposition to make to the conference. President Rittor of the board of regents and President Kingsbury of the university, Mr. Van Cott, Mr. Pierce and Dr. Plummer. Mr. Wrench and Attorney Lachner for the Federal Heights company, represented the Federal Heights interests.

WHY BOARD OBJECTS.
The members of the board of regents were not present officially as members of the board, but asserted before the committee that they would act as individuals, and if the necessity arises will call a meeting of the board to consider any propositions which might have been made at the council committee. The members stated their principal objection to the proposition of the realty company to be the opening of a street where they believe there is a street already, contending that First south street continues eastward some distance through the military reservation. To this Mr. Wrench and Mr. Lachner answered that the government had no objection to the grant for highway purposes, having procured the land from Congress with the provision that it be used for university purposes. After much discussion with no point being reached, the board of regents decided to get together today and to report their actions to the city council Friday night. Mr. Wrench may be in attendance with the board members.

TO BOOST WATER RATES.

"American" City Government Plans Further Burdens for Taxpayers.

The council committee on waterworks has a plan to add to the revenue of the city by increasing the taxes. There is not much originality in the plan and except for the fact that it so closely follows a big boost in the rate it might pass unopposed. After floundering about in a nightmare of financial horror, deficits being shown in the face like so many lithe gnomes, the "American" members of the council find that they must further increase the taxes. The committee has a plan to increase the rate on all houses of four rooms and upwards. Now the main thing is to get a water tax. It is \$1.50 for a 6-room house and from there on, an additional for each additional room. Under the new plan the owners of a house of three rooms or less will pay as a present, but there will be an increase all along the line for the larger houses. In this way Frank Hines, superintendent of waterworks figures that he can add \$200 to the funds at his disposal each year.

DENIES STATEMENT.

George Berloch Claims He Had No Grudge Against Samuel G. Spencer.

George Berloch of Hunter, uncle to Ira Wallace, the complainant, against Samuel G. Spencer, in a recent case which was dismissed by Judge Whitaker on Sept. 4, emphatically denies the statement that the case was the outcome of spite work or an alleged threat to get even said to have been made five years ago, by friends of Mr. Spencer. "I challenge anyone to prove that I ever had a cross word with Mr. Spencer in my life," he declared today, "and I never held any feelings against him. I think my worst enemy, if I had one, would accuse me of trying to blacken anyone's character at the expense of the good name of any girl, much less a relative of mine. I make this statement."

ACTING TEACHERS HOLD CONVENTION

Successful Two-Session Gathering of Lower Priesthood of Liberty Stake.

PRESIDENT CANNON TALKS.

Matters Relating to Duty of Teachers Fully Discussed—Interesting Program Rendered.

The acting teachers of Liberty stake of Zion held a two session convention, Sept. 9 and 10, at which the second ward meetinghouse was filled to its capacity by the acting teachers of the stake. The meetings were unusually instructive, the addresses relating to their work were spirited and edifying; while the discussion of the same was full and a great benefit to those interested.

PRESIDENT CANNON TALKS.

President Hugh J. Cannon of Liberty stake, addressed the assembled teachers, pointing out how they could benefit and build up the faith of the people at other times than during their visits. At any time they might meet with them and through constant warfare exercise an influence that would be for good and for the eradication of evil.

SUGGESTION MADE.

Another suggestion made prominent during the convention, was that the teachers meet with the bishopric for prayer and counsel before engaging in their visits. In the thirty-first ward, where this rule was carried out, teachers at one meeting reported 182 families visited out of a total of 168 during the first month that the method was tried, the other six families being called upon but were not at home.

THE PROGRAM.

The following program was rendered at the convention:

MONDAY, SEPT. 9.

Opening hymn, "Come All Ye Sons of God"—Congregation.

Hymn, "Come, Come Ye Saints"—Elder Joseph Pelt.

A "KNOCKER"
Found on Many Tables.

People will "bug" themselves with coffee and then hunt around for medicine to cure them of the trouble coffee produces, but they keep on drinking coffee and making new trouble right along. There is some people who are thoughtful, people, however, and their number is increasing every month, who prefer good, sturdy health to sickness, and they leave off coffee because it contains a drug—caffeine—that produces disease.

Many people have to learn by hard knocks that this is true and they get the knocks all right if they stick to coffee.

A S. C. woman says: "For two years or more before leaving off coffee and beginning the use of Postum Food Coffee, my health became very much impaired, as I discovered afterward, from coffee drinking. 'I suffered from shortness of breath, pains about the heart, and the slightest exercise completely exhausted me. My digestion was bad and gas would form in the stomach rendering me wretched, and my life a burden. Medicine did not help the trouble. I was at the point of giving up in despair when my attention was attracted to the statement that coffee caused some of the symptoms that I had. I determined to abandon it and try Postum Food Coffee. 'I had the Postum well made and the result during the past twelve months has been something wonderful. All of the old troubles left. I have been in excellent health, and my friends all notice it and speak of it. I never lose an opportunity of telling them that the change in my health was caused by leaving off coffee and taking on the liquid food-drink, Postum. 'No argument from any source could convince me to the contrary of what I have found out. I have seen much the same results in my sister's family and among other acquaintances. 'There's a Reason.' Read 'The Road to Wellville, in page.'"

Postum.

Hymn, "O Jesus the Giver of All We Enjoy"—Congregation.
Benediction.

TUESDAY, SEPT. 10.
(7:30 p. m.)

Opening hymn, "High on the Mountain Top"—Congregation.
Prayer.
Selection—Quartet.
Visit Teachers Should Talk About in Their Visits" (15 minutes)—Bishop Heber C. Iverson. Followed by 20 minutes' discussion.
Selection—Quartet.
"The Teacher's Watchcare over the Church Outside of Formal Visits" (15 minutes)—President Hugh J. Cannon. Brief interval for questions.
Hymn, "The Spirit of God"—Congregation.
Benediction.

GAMBLING MUST STOP.

Sheriff Emery Visits Bingham Canyon To Enforce Closing Order.

Sheriff C. Frank Emery has issued orders throughout the county that all gambling must stop. Bingham canyon was one of the first towns in the county to be affected. Sheriff Emery and his deputies visited all saloons and gambling houses in the camp yesterday and notified them to close up. The order is effective Saturday at midnight. All saloons and gambling houses have declared that they will obey the order, though somewhat reluctantly.

TEACHERS IN DEMAND.

State Supt. Nelson Has Places Open For Fifty Pedagogues.

At least 50 school teachers can secure positions in various districts of this state, by applying to State Superintendent of Public Instruction A. C. Nelson. He is besieged by letters asking for help, but the demand is so much greater than the supply that Mr. Nelson is at a loss to know what to do in the premises.

For instance, Superintendent Whitesides of the Davis county schools writes that he can furnish places for at least ten additional teachers, in the Kayville and Layton districts. A like number of vacancies are reported in Summit county by Supt. W. M. Boyd. The Jordan district in this county is seeking four or five teachers, and similar reports from other localities continue to pour into the office of the state superintendent.

BAIT GAME SUNDAY.

Striking Telegraphers and O. S. L. Operators to Clash on Diamond.

At Walkers field on Sunday afternoon there will be a ball game between the striking telegraphers and the operators of the O. S. L. The game is for the benefit of the strikers and promises to be sensational, funny, sad and everything else that pertains to the national pastime. The two teams have been in training for some time and each is confident of winning. The strikers say they will run up a score of 20 or 30 and shut out the railroaders if possible.
