LOCAL AND OTHER MATTERS.

QUARTERLY CONFERENCE.

The Quarterly Conference of the Salt Lake Stake of Zion will convene at the Tabernacle of this City at 2 p. m. on Friday, April 6th, 1878.

ANNUAL MEETING. ANGELO M. CANNON, DAVID O. CALDER, JOSEPH E. TAYLOR, Presidency of the Stake.

Exhibition. - Twentieth Ward school exhibition to-night.

Called. - This morning we were pleased to receive a call from our old friend Bishop L. E. Harrington, of a Christian Park.

Opened an Office. - Dr. Romania has opened an office on East Third Street, over the Richards drug store, nearly opposite Z. C. M. I. The lady has given special study to the diseases of women and all diseases of the eye and ear.

Hook and Ladder. - There will be a special meeting of the members of the Hook and Ladder Co., tomorrow evening, at half-past seven o'clock, at Fireman's Hall. A punctual attendance is desired.

R. E. TAYLOR, Foreman.

Thrifts Concert. - By request, Mr. William Davies will take part in the benefit concert to Prof. Monson, at Saturday night. He will be a constant for the silver cup, to be awarded to the best comic singer. Mr. Davies is a good singer in his line, having a vein of originality and wit.

Another Little One. - It will be an obituary notice, in another column, that another child of Bishop John Sharp departed this life this morning, making two deaths within a week. The bereaved parents have the sympathy of many friends.

Fourteenth and Seventeenth. - The Elders Quorum composed of the Elders reading in the 14th and 17th wards, will meet tomorrow (Saturday) evening at 7 o'clock, at the Council House, and every subsequent last Saturday of each month.

Deseret News.

Provo, March 29, 1878.

Last night an incendiary fire occurred at Smoot, John & Co.'s lumber yard. A large amount of finishing lumber, sash and doors was burned. The loss is about \$2,000.

Good Place. - The Museum is a good place for schools to visit. This morning Mr. Robert H. Smith, principal, with assistants and pupils of the 15th Ward School, to the number of about 50, called at the excellent institution.

They appeared much interested with the numerous objects on exhibition and with the explanations of Prof. Fairfoot, the curator.

Blankets Returned. - Last Tuesday five men came to town from Fort Hermanson on some land business and put up their team at the Turfing place. Just before starting, one of the men, a member of the party, and by mistake, included some blankets belonging to other persons. The mistake was not discovered till Hermanson was reached. The blankets have been returned to the Tithing establishment, where they can be obtained by the owners.

Cannon Road. - About ten miles of the new wagon road in American Fork Canyon is completed. The work is being done by a company, incorporated under the laws of the territory. The directors are: Mr. Hiesh, John Duncan, Richard Hiesh, George Clark and Oscar Winter. J. B. Forbes is secretary and Lewis B. Robinson treasurer. Mr. Hiesh is President of the company and also superintendent of the work.

A meeting is to be held tomorrow for the purpose of levying assessments upon the owners, and to take other steps to further the work.

The object of the road is to obtain easy access, by teams, to coal, timber, rock, lime, etc., in which American Fork Canyon abounds.

The company who are making this road, which will be a great benefit to American Fork, will be remunerated by the establishment of a toll.

Bear River Country. - Mr. Isaac Groo is from the Bear River country. He has been established a cattle ranch. The winter has been so cold that he had only one cow to feed his animals about one month in the whole season.

He has made an important discovery of coal deposits, about six miles from Dragoon, with a good smooth road all the distance. The carboniferous material exists in abundance and is of superior quality, coloring readily. Mr. Groo brought a fine specimen of the article with him.

The road around Randolph and Groo's are dry and dusty. The crops are mostly in at those places.

Mr. Groo is from the City by team, and had road in front with was in the City.

Postponed. - Owing to the inclemency of the weather last evening, the lecture on "London and Paris" to have been delivered by Professor Riggs, was postponed until next Thursday in the Tenth Ward school house at 7 p. m.

Mutual Improvement. - A meeting for the purpose of electing officers, was held last evening by the members of the 19th Ward M. I. A., resulting as follows: Loren B. Pratt, President; Wm. Asper and Wm. Neal, Counselors; J. R. Matthews, Secretary; Wm. Woods, Jr., Treasurer; Robert Haslam, Librarian; Wm. J. Silver, J. R. Matthews, John South, committee on program. The term of office is one year.

HARBOUR LAKE, Register.

Protest. - Immediately after the adjournment of the mint meeting, last night, the citizens who attended it organized into an assembly for the consideration of another question. The object was to take some action relative to the proposed Congressional measure to abolish the office of Surveyor-General.

Mayor Little was elected chairman, and Major H. C. Goodspeed secretary. Messrs. Liberty E. Holden, J. M. Locke, O. J. Hollister, M. T. Burgess and George P. Lockwood were appointed a committee to draft resolutions protesting against the passage of the measure, known as the Williamson-Powell bill. The protest was accordingly drafted, adopted by the meeting and the secretary was instructed to forward a copy to the committee of the House of Representatives, having the bill under consideration. The meeting then adjourned sine die.

Adjourned Mint Meeting. - The adjourned mint meeting, Mayor Little in the chair, convened last night, in the Institute Building. The committee of seven made the following report, which was read by the secretary and unanimously adopted:

Memorial to Congress for the establishment of a mint, assay and refining office at Salt Lake City, Territory of Utah. To the Honorable the Senate and House of Representatives of the United States in Congress assembled: Your memorialists, citizens of Utah, in mass meeting assembled, resolved to petition your honorable body to locate one of the proposed branch mints, assay and refining offices to be established in this city.

In geographical position, this city promises to be the great center between the Missouri river and the Pacific Ocean. It is already the home market of a rich agricultural and manufacturing Territory. Labor is abundant at very reasonable wages. Building materials are plentiful, lime and building rock of different kinds are easily and cheaply obtained, while acids and other materials used in the melting, refining and coloring are our own productions. The work of coinage can be performed here as cheaply and as well as at any other place.

The climate of the Territory compares favorably with the most desirable localities in the whole country, and is mild, pleasant and healthful. The city is thoroughly and permanently established. With a population of 25,000 in its proper and rapidly growing, it will and regularly laid out with wide streets; is provided with gas and an abundant supply of good water and waterworks, and is amply protected against fire.

Since 1870 there has grown into existence, from what was then a very small beginning, a large and prosperous business in mining, milling and smelting of lead, silver and gold, aggregating for the year 1877, \$5,000,000, of which \$2,000,000 was in gold and silver, at their market value, and we are rapidly advancing from the last to the first place among the mining States of the Territory, having passed all of them save Nevada and California, in the space of half a decade, and with flattering prospects that this amount will be doubled in the same space of time the future.

The construction of railroads in the Territory and to the adjoining States and Territories is constantly going on, making this city an objective and important point, and the inland commercial metropolis of a region chiefly mineral in character, embracing 1,000,000 square miles.

We believe it has always been the wise policy of your honorable body to encourage gold and silver mining enterprises of the country, since the discovery of the precious metals by establishing mints and assay offices at the respective capitals of the States and Territories where these mines are located, as in North Carolina, Georgia, California, Nevada, Colorado and Idaho, thereby subserving their interests as well as those of the National Government. That it has never been extended to include our Territory alone of all the considerable mining States and Territories, your memorialists believe is because your attention has never been properly called to the same; but we submit this reason should not longer prevail against us.

We therefore respectfully pray your honorable body to examine the inducements our location offers for the encouragement of gold and silver mining enterprises, and to propose, believing it will greatly advance our mining industry and encourage new enterprises that will increase the production of the royal metal and enable us to overcome the disadvantages our present remoteness from mint facilities entail upon us. And as in duty bound your memorialists will ever pray.

We annex herewith a certificate from the Salt Lake City government in regard to a donation of land for mint purposes.

Territory of Utah, I, John T. Cairne, Recorder of Salt Lake City, do hereby certify that at a regular meeting of the City Council of said city held on

the 25th day of March, A.D. 1878, on motion the following was unanimously adopted as the sense of the Council, to-wit:

"That we, the City Council of Salt Lake City, view with favor the effort being made by our citizens to induce the General Government to establish a mint in this city, and so far as we have the power and authority shall consider with liberality the proposition to furnish a suitable piece of land upon which to erect the necessary buildings for such mint."

In testimony whereof, I have hereunto set my hand and affixed the corporate seal of Salt Lake City, this 27th day of March, A.D. 1878. JOHN T. CAIRNE, City Recorder.

W. H. McCORMICK, Chairman. H. W. Lawrence, H. W. Moore, R. C. Chambers, J. E. Dooly, FERRARONE, Chairman. H. C. GOODSPED, Secretary.

The secretary was instructed to forward a copy of the report to the President of the Senate of the United States and another to the Speaker of the House of Representatives. Meeting adjourned sine die.
