

The little fellow was the son of Mrs John P. Longley.

**Broken Arm.**—Recently a young man named George Bradshaw, met with a severe accident while freight-ing in Montana, north from Butte. Six wagon wheels passed over his arm, breaking it badly. He was brought to this city for treatment and is progressing favorably under the care of Dr. Benedict. He is stopping at the house of Mr. F. Holgren.

**And Brothers.**—Brothers John Cooper and C.P. Boreguard, from Fillmore, were in town to-day. Diphtheria which was recently prevalent in that place, has disappeared. The people are somewhat disappointed at being left out in the cold by the railroad which does not come nearer the town than 25 miles. General business is dull but crops are promising. The water question, which has perplexed the little community for some time is still unsettled.

**Robbery.**—Last night a couple of men in town went on a beer testing expedition. They placed themselves on the outside of too much of the inebriating liquid, causing them to assume a prostrate position. While in that unseemly attitude some accommodating individuals explored their pockets. From one they abstracted \$100 and from the other \$30 and a watch; at least such is the statement of the relieved parties. The police have been hunting the relievers, but at last accounts had been unsuccessful in discovering them.

The two mulcted men are to-day somewhat sadder, decidedly poorer, and, it is to be hoped, a trifle wiser and better than they were yesterday.

**The Lists of Immigrants.**—At the approach of each company of immigrants to Utah many people are naturally anxious to scan the list of names, in search of those of relatives and friends. In seasons previous to this we have invariably been enabled to publish the lists several days ahead of the arrival of the companies. This season this has been impossible, owing to the speedy transit of the emigration from Liverpool to Ogden. The S. S. Nevada has carried all of the companies this year. That vessel has been fitted up with new engines, and skims over the ocean so rapidly as to reach New York ahead of the mail, by which the lists are sent the day after the departure, the Nevada leaving on Wednesdays, and the Inman mail steamer on Thursdays. Besides the speed of the ocean trip, the transit on land is also much more rapid than formerly. We give this explanation to exhibit the reason for the comparative lateness of the publication of the lists.

**Robbers Captured.**—Some time since we published an account of Sheriff Spillsbury, of Kane County, accompanied by members of his family, being stopped on the highway and robbed by road agents. The Silver Reef Miner gives an account of the capture of the robbers. It appears that Mr. Spillsbury, soon after the affair occurred, accompanied by officers Hoag and Grant and Mr. A. J. McDonald, went in pursuit, and, after leaving the Reef, traced the brigands to a cabin near the point between there and Leeds. Thorough search was made, but to no purpose, while, as has since been ascertained, the robbers were under the floor, lying on their backs, and ready to perforate the first man that showed himself. The Sheriff, the other day, received a telegram from Sheriff Clark, at Richfield, stating that he could arrest John Brantley, formerly of Washington, and well known to be one of the two men wanted. He was requested to do so, and Mr. Spillsbury at once set out for his game, which he got safe and sound at Richfield and took to Toquerville. Brantley made a full confession of his crime and gave the name of his accomplice as John Todd. It seems that the pair had started in for extensive operations, but were nipped in the bud at the outset.

## DESPERATE FIGHT IN ARIZONA.

THE SETTLEMENT OF ST. JOHNS RAIDED BY COWBOYS—TWO MEN REPORTED KILLED.

The following dispatch from Tucson, A. T., was received this morning:

"The Star's St. Johns advises say

that a party of nine 'Mormon' cowboys entered the town of St. John and commenced shooting right and left, which brought on a general engagement. One getting wounded early in the fight fled, followed by three others. Nat. Green, the leader, and four others retired to an adobe house and kept up the fight, resulting in the killing of Jas. Vaughn, a 'Mormon,' and Nathan C. Tennie, a prominent 'Mormon' and at one time a Bishop in 'Dixie.' Green was wounded in the left hand. A surrender was forced. Nat and Harris Green surrendered. They are now in jail, awaiting examination. The excitement has abated and no further trouble is apprehended."

There is evidently a mistake in the dispatch, as there is no such class as "Mormon cowboys." It was probably intended to be said that nine cowboys entered the "Mormon" settlement of St. John's and commenced shooting.

St. John's is situated in Apache County, Arizona, and is a comparatively new settlement.

FROM SATURDAY'S DAILY, JULY 8.

**Stricken Out.**—It appears that, in the House of Representatives, the clause of a bill providing for an appropriation of \$15,000 for the payment of the Utah Commission, has been stricken out.

**Complimentary.**—A correspondent at Tooele informs us that on the evening of July 6th, at that place, a few friends of Bishop Thomas Atkins, Jr., gave him a surprise party, the occasion being the 49th anniversary of his birth day. As a token of the esteem in which he is held by the donors, he was presented with a watch and chain.

**A Burglarious Thief.**—Charles Bergher has been arrested and placed in jail for committing a burglarious theft. On Thursday night he entered the premises of Prof. Bishop and stole from that gentleman a set of harness. He disposed of the property to a stableman. Bergher is an old offender, having served a term in the Penitentiary for stealing mules.

**Stole a Watch and Chain.**—Night before last the proprietor of the iron bedstead factory on Plum Street, was sitting at his ease in his house on Commercial Street, when a stranger coolly walked into the place and looked around. The proprietor of the establishment told him he had better leave. The intruder said he would, and left. But besides taking his departure, he took a silver watch and gold chain, which were lying on a table. A hunt for the thief was instituted, but he was not discovered.

**More Robbing.**—Night before last a man down town got muddled with too much alcoholic stimulant. Instead of lying down in his little bed, he made a temporary camping ground of a back alley. While he was in a state of unconsciousness, he was inducted by an unconscious party, who sneaked up and relieved him of six dollars in cash, a pair of silver sleeve buttons, a ring and walking cane. Yesterday he found some of the stolen articles in possession of W. A. Paine, who now reclines within the walls of the city jail.

**Surgical.**—We have been enabled to examine a polypus extracted by Dr. Ellen B. Ferguson from the nose of a three years-old daughter of Mrs. Raddon, of the First Ward. The growth was as large as a Lima bean, and for more than a year had caused the child considerable suffering. Being attached to the posterior portion of the nasal cavity, it required considerable surgical skill in its removal. Dr. Ferguson makes the treatment of these and similar diseases of the nose and throat a specialty, having spent three months during the winter under the personal instruction of Dr. F. H. Bosworth, surgeon to the nose and throat department of the Bellevue Hospital, New York, one of the most skillful surgeons and successful instructors in this department of medicine.

**Severe Accident.**—The Enquirer says that Mr. Frederick Cook, of Provo has been severely injured by being crushed between the platform and some flat-cars at Mill Fork. Mr. C. was repairing a tent and used the platform at the depot, at the place named, as a sort of table, and thus stood between the track and the elevated platform. While in this position he noticed the cars coming towards him, but they apparently

stopped before reaching the place where he was at work. His attention then being upon his work he did not notice that the cars had not stopped until he found himself squeezed in between the car and the platform. He sustained severe injuries on his hip and back, no bones were broken, but the flesh considerably lacerated and his wounds were very painful. An immense swelling was discovered on his hip, about the size of a man's head. The injured man was immediately taken to his home in Provo, where all was done for his relief that kind friends and willing hands could do. He is said to be progressing favorably.

**The St. John's Affray.**—The Terr. Enquirer has the following correspondence from F. Scott, of St. Johns, in reference to the affray that lately took place in that town, mentioned in yesterday's News:

"Concerning the trouble which took place here to-day, I thought I would drop you a few lines. The Mexicans were celebrating St. John's Day, when N. Grear, two brothers, one hired man, J. Von and a son of Mr. Hatch, came into town, armed with pistols and guns. They proceeded to where the Mexicans were having their jubilee, but were ordered by them (the Mexicans) to leave the town or put their arms away. This they refused to do, whereupon fighting between the two parties was instantly commenced. The Mexicans ran for their arms and drove the others into some unfinished houses near by. An incessant firing was carried on on both sides; the people scattered in all directions, many women and children, who had been watching the performance of the gymnasts on the trapeze were terror stricken and fled. James Von was killed, young Hatch was wounded in the shoulder and the three Grear boys taken prisoners, the hired man escaping. The Grear Brothers have been placed in jail, but it is feared they will be lynched. Nathan Tinney was killed while endeavoring to persuade the boys to leave. Of the Mexicans three or four were wounded, but it is not known to what extent. The town is under great excitement. This report is as near correct as I can at present obtain it, should more particulars present themselves I will inform you of them. The letter is dated June 24th, and is, doubtless, in the main, correct."

## THE MOBOCRATIC SPIRIT.

ELDERS PERSECUTED IN CULLMAN COUNTY, ALABAMA.

From Elders Charles Anderson and Samuel Jackson we have received the following statement of an exhibition of mobocracy, manifested to them in Cullman County, Alabama:

"On Sunday, June 4th, we held two meetings at the house of Brother Harris, one of the members of the church in that part. About ten o'clock the same night we were attacked by a mob of eight or ten men, with rocks. They were ambushed behind some trees that had blown down. We had just stepped outside when they commenced throwing at us with great fury. But only one missile struck Brother Jackson on the leg after it had struck the ground and lost its force. As soon as the mob had thrown the rocks they ran off and did not return that night."

The next day we left that county and went on to Morgan County. We returned into Cullman County on Sunday, June 25th, to hold meeting, where we had an appointment to fill, ten miles from where we were mobbed. We filed the appointment but heard of some threats being made against us. They did not bother us, however."

The next day we were advised by some influential men to leave the county; they said if we did not they would use violence on us, so we thought it best to leave for a while."

We are now in Wilson county, Tennessee, where I labored before going to Alabama. We both feel well in the work of spreading the gospel among those who have not had a chance to hear it."

FROM MONDAY'S DAILY, JULY 10.

**Chester Monroe.**—Mrs. S. Johnson wishes to find the whereabouts of Chester Monroe, supposed to reside in this city. Address as above, care of Mr. Harding, Salt Lake City.

**Harvesting.**—The Davis County farmers have already commenced

harvesting on the Sand Ridge. The crop alternates good and bad in places, but will equal previous years, on an average.

**Arrived.**—The immigrants arrived at half past two o'clock this afternoon. They are a healthy, respectable-looking lot of people, and reached here in good condition, considering their long and arduous journey.

**Woman's Exponent.**—We have received the latest number of this excellent periodical, which is filled with the usual amount of valuable reading matter. Families who have not already subscribed for this journal should do so.

**A Sacreligious Thief.**—During the early part of last week some person entered the 18th Ward school house and abstracted from the box in which it was kept, the crystal sacramental set, consisting of four pieces.

**Appointment.**—George Peterson was appointed, to-day, by the water commissioners, to act as their agent in connection with the City Water-master, in dividing the waters of Emigration Creek, in accordance with their decision rendered some time ago.

**Welcomed.**—Last evening the large company of Saints arrived at Ogden, where they were met by upwards of a thousand friends. The saints of Ogden filled a large number of huge lunch baskets and passed them through the cars. The refreshments were very acceptable to our weary friends from abroad.

**Blighted by Frost.**—A number of acres of corn between Centerville and Bountiful will be almost a total failure. Jack Frost stretched his withering hand in several localities on Friday night, and did it so silently and so much out of season that the traveler is liable to lay the blame to old King Sol.

**Robber Arrested.**—At Echo, on Wednesday night, Sheriff Allison, of Summit County, arrested John Armitage, aged 18 years, charged with robbing Aaron Blake of \$22, at Evanston, the same day. He was taken back to the latter town, where he pleaded guilty and, in default of bonds, was remanded to jail, to await the action of the grand jury.

**Immigrant's Baggage.**—The baggage train containing the luggage of the emigrants will arrive in Ogden to-night, but will not be transferred to the various points of destination until to-morrow morning. There are a number of the brethren in Ogden who have this business in hand, and will take every available precaution to see that the numerous parcels are delivered to their respective owners.

**New Track.**—The Denver & Rio Grande Railway Company are surveying a route from the point where the line crosses the Bingham Canyon track direct to Sandy, across the fields. When done, the old track from Bingham Junction will be taken up. In fact all the road by the old way as far as Sandy, will be abandoned parallel with the Utah Central track.

**The Delegation.**—Franklin S. Richards, Esq., and Hon. W. D. Johnson, of the delegation appointed by the Utah Constitutional Convention, returned from Washington on Saturday evening. Hon. D. H. Peery has gone on a visit to relatives and friends in Virginia, and Hon. Jno. T. Caine, accompanied by his wife, is visiting in the East. The delegation have done good work in forwarding the claims of Utah for admission into the Union, and have been assured that the subject will receive the consideration of Congress in the early part of the next session.

**The Late David Pierce.**—We have received the following with a request to publish, relative to the late late Brother David Pearce, of Adamsville, who died at 9.20, June 26th, from the effects of an accident to his hand, which was caught in a hay baling machine. The Mill Star is requested to copy the statement:

"Deceased joined the Church when a boy at Penyon, South Wales, and came to this country in 1865. He was always a good member, and the settlement of Adamsville and Greenville followed him to his grave at Beaver, also many of the citizens of Beaver. He leaves a wife and six little children in fair circumstances."

**Releases and Appointments.**—From the Millennial Star of June 9th:

George C. Parkinson is released from being Traveling Elder in the Bristol Conference, and is appointed Traveling Elder in the Nottingham Conference; R. Ure is released from being Traveling Elder in the Glasgow Conference, and is appointed Traveling Elder in the Birmingham Conference; John H. White is released from being Traveling Elder in the Norwich Conference, and is appointed Traveling Elder in the Welsh Conference; William G. Reese is released from being Traveling Elder in the Welsh Conference, and is appointed Traveling Elder in the Liverpool Conference.

Thomas L. Obray is released to return home with the June 21st company, his health having failed.

**Giant Powder Tragedy.**—Butte had a giant powder tragedy on the morning of the 4th, by a careless use of that explosive. Fred. Isele, proprietor of a mine which bears his name, and John C. Streicher were killed and W. Schmidt severely injured. The story of the latter is given as follows, in the Miner:

"Fred Isele, John C. Streicher and another man whose name I do not know, and myself, were in one of the cabins just south-west of the mine the night of the third of July, that is last Monday night. We had been up all night, celebrating the Fourth. Towards morning the other man and I went to sleep on the bed. I was sitting on the edge of the bed, with my head and shoulders leaning back towards the wall. About 4 o'clock yesterday morning Isele woke me up and said: 'It won't do for you fellas to sleep that way, why, you've been asleep nearly three hours, get up. We are going to cap three cartridges of giant powder and set them off all at once.' I raised up then and sat on the edge of the bed. He and Streicher were at the table, about four feet distant from me. I could not see exactly what they were doing, for in one minute afterwards the explosion occurred and I became senseless. I knew nothing more until I was dug out. I did not even hear the noise of the explosion, but I knew of course that the giant powder must have exploded."
