

FROM COLOMBIA INTO VENEZUELA.

Revolutionary Force of 2,000 Men
Push Over the Border.

TO OVERTHROW PRES. CASTRO

Accomplished, Similar Plans
Are to be Carried Out Against
Nicaragua.

New York, Aug. 28.—A revolutionary force of 2,000 men has pushed its way over the border from Colombia into Venezuela, says the Colon correspondent of the Herald. This force, the correspondent hears, is to aid in the overthrow of President Castro. When it is said, his downfall is accomplished, a similar plan will be followed in Nicaragua.

Trouble is imminent on both the eastern and southern boundaries of Colombia. Troops have been rushed in both directions, and the frontiers of Ecuador and of Ecuador are lined with armed men, ready to advance at a moment's notice.

The secret is made of the threatening attitude of the Colombian authorities. They assert that the revolution here has been enabled to continue only by the aid of the liberal governments of neighboring republics, and that to restore peace at home it has become necessary to inaugurate a war of foreign conquest.

It is assumed here that Ecuador would join with Venezuela in any movement against Colombia—the two liberal governments standing up against the conservative element in control here, making counter charges of infidelity with their affairs and of fostering revolutions.

There seems little doubt that the charges on both sides are well founded. The liberals of the republic have a long hand in their struggling brethren in adjacent territory and the conservatives have retaliated in kind.

Colombia has, however, been the chief sufferer, as her revolution has already lasted two years. It is estimated that from 25,000 to 40,000 lives have already been sacrificed, and the end is not yet in sight.

As the smoldering embers of civil war continue to burn in a dozen sections simultaneously, and the liberals do not hesitate to announce that they are preparing to deal a final blow.

The conservatives retaliate by declaring that they have vanquished every army that has been collected, and that they only remain a few hunkwackers who carry on a spasmodic guerrilla warfare, attacking corporal guards, fleeing from larger bodies, robbing and pillaging waysides.

COLOMBIAN SITUATION.
New York, Aug. 28.—The former governor of the department of Panama, Señor Ricardo Mutes Duran, who is now in New York, in discussing the situation in Colombia, said that the rebels are a lot of vagabonds and that he was certain the government would soon put down the rebellion. He said that when he left Panama, a few days ago nothing unusual was going on. He had not heard anything of the whereabouts of Gen. Uribe Uribe. As for foreign war, he said there would be a moral effect, but there would be no necessity for landing marines.

Of Colombia's relations with Venezuela and her other liberal neighbors, Señor Duran said: "I do not believe that Venezuela will go to war with Colombia. President Castro has enough trouble at home. That Venezuela, Ecuador and Nicaragua have aided the rebels in Colombia there is no doubt. Naturally, if the three countries should unite in a war against Colombia it would be serious for us, but this will hardly happen."

ARMS CAPTURED.
New York, Aug. 28.—Arms belonging to Gen. Riera, a Venezuelan refugee in Curacao, have been found in Coro by the Venezuelan authorities, says the Port of Spain correspondent of the Herald. This seizure, the correspondent adds, frustrates the hopes of an insurrection in that district.

Mitchell Makes a Statement.
New York, Aug. 28.—President John Mitchell of the United Mine Workers of America, has issued a statement, in which he says:

"The agreement reached between the men and the operators in 1900 was intended to be an increase of \$25,000,000 annually for two hundred thousand men, secured at an expenditure of \$300,000, which is a bigger dividend than the Standard Oil company or the Morgan banking company ever paid."

"In the April convention at an expenditure of \$5,000,000, concessions were granted amounting to an increase of \$1,000,000 annually."

Against Arrest of Pickets.
New York, Aug. 28.—Secretary Davidson of the Shrivast Makers' Union says that 12,000 of the 60,000 shirtwaist makers in this city had already decided on a movement against the wholesale street of pickets, which has been going on since the beginning of the shirtwaist makers' strike. It was said that a committee will be sent to Commissioner Murphy to make a complaint.

Koch Will Test His Theory.
Paris, Aug. 28.—Dr. Koch has announced that he will inoculate Dr. Grassi with bovine tuberculosis to test the theory that human and bovine tuberculosis have nothing to do with each other, and that man cannot catch the disease from cattle.

Narrow Escape of Coal Miners.
Bellefonte, Pa., Aug. 28.—For three hours five coal miners huddled in a crowded room in the abandoned Box well mine on the Bluffs near French village. They were detained by a fire in the mouth of the shaft, and were saved from suffocation by the presence of mind of their women relatives, who turned a pond into the pit of the mine, thus quenching the fire. When rescued the men were more dead than alive, but after being taken to the top, recovered soon.

To Treat Secretary Long.
Boston, Aug. 28.—Surgeon John F. Fife, who is stationed at the United States Marine recruiting office in this city, has gone to Buckfield, Maine. He will make a professional visit of a fortnight's duration to Secy. of the Navy John D. Long.

Secy. Long's illness, it is said, is not of a serious nature, but a minor recurrence of a chronic stomach trouble with which he has been afflicted for several years. Surgeon Fife is a personal friend of the secretary, having come from Hingham, Mass., and for several years. Surgeon Fife is a personally in Washington and elsewhere.

Schwab Gets Controlling Interest.
Philadelphia, Aug. 27.—Charles M. Schwab today secured the controlling interest in the Bethlehem Steel com-

KIDNEY AND BLADDER TROUBLES PROMPTLY CURED.

A Sample Bottle Sent FREE By Mail.

Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in promptly curing kidney, bladder and uric acid troubles, rheumatism and pain in the back. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes the unpleasant necessity of being compelled to go often during the day and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the strictest test for its wonderful cures of the most distressing cases.

Swamp-Root is not recommended for everything, but if you have kidney, liver, bladder or uric acid trouble you will find it just the remedy you need. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of this great kidney remedy, Swamp-Root, and a book that tells all about it and its great cures, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing, mention that you read this generous offer in the "Deseret News."

pany at a meeting of the board of directors. Max Pam, representing Mr. Schwab, arranged for the transfer of \$4,022,000 through Bixel & Co. to the Girard Trust company in payment of 168,000 of the 30,000 shares of the company. The Girard Trust company is acting as depository for the stock.

B. F. JOSSEY KILLED.
Accidentally Shot Himself While Looking for Night Prowlers.

Tucson, Ariz., Aug. 27.—B. F. Jossey, United States Chinese inspector, was accidentally shot and killed this morning at his home in this city. The coroner's jury returned a verdict of death by the accidental discharge of a gun.

The deceased heard a disturbance arising from his poultry during the night, arose from bed, took a shot-gun and, attired in his night dress, went to investigate. A few moments later the report of the gun was heard. Mrs. Jossey ran out and found Jossey prostrate, insensible, with a gaping wound in his left breast. His gun, which was about 18 inches long, was slung over his shoulder, and he had fallen as he stepped on it, and his gun had evidently been prematurely discharged.

The fact that he was accused of complicity in the Chinese smuggling at Nogales at first aroused suspicions of suicide, but these were absolutely dispelled by the evidence brought out at the inquest.

Jossey was from Americus, Ga., and was appointed to his position under Cleveland and leaves a widow and a daughter 18 years of age.

New York Police Hauled Up.
New York, Aug. 27.—Wardman Glenon, Serg. At Large, Precinct 10, and Detective Lyster were before Recorder Goetz again today to plead to the indictment charging them with neglect of duty. The case was adjourned until Friday, however, when the request of the other hand, it was promised that he would either plead or enter a demurrer on that day.

SAMPSON AS A WITNESS.
He Will be Called Before the Schley Court of Inquiry.

Washington, Aug. 27.—It is understood that Admiral Sampson is to be represented before the Schley court of inquiry by counsel, though the navy officials say they have no official knowledge of the subject, and point to the retention of counsel by the navy as the only body authorized to admit or deny counsel in such cases. It may, in its pleasure, deny the person under investigation the privilege of having counsel present before the court, or, on the other hand, it may go the length of permitting persons in secondary interest the privilege of employing counsel before the court. So the officials say they have no knowledge officially of the retention of counsel by Admiral Sampson, but privately it is admitted that he expects to be so represented.

It was learned today that W. H. Stayton of the law firm of Stayton & Co., New York, was expected to appear before the court tomorrow, and it is supposed that his purpose is to consult the records of the department in the interest of Admiral Sampson.

Mr. Stayton is a graduate of the naval academy, who, though coming out at the head of his class, elected to join the marine corps. He was detailed to duty in the office of the judge advocate general and later resigned to practice law.

The navy department today, through Capt. Lemly, the judge advocate of the court of inquiry, supplied counsel for Admiral Schley with a tentative list of witnesses to be called before the court by the government. The department declines to make this list public, but it is understood that it contained, and, in fact, is headed by the name of Rear Admiral Sampson.

It was not stated how many witnesses named, but it is stated that the list is by no means complete. Some of the witnesses may not be called, while, on the other hand, others may be called. The list is not to be made public, but Admiral Schley's counsel are at liberty to suggest additional names.

The list of witnesses prepared by Judge Advocate Lemly and transmitted to Admiral Schley will be made public tomorrow. Some time ago Admiral Schley, in sending his list of witnesses to the department, included a request for all the officers of the Brooklyn. The department replied that a number of the officers of the Brooklyn would be on the list prepared by the department and asked to have specifically named the Brooklyn's officers he desired.

The rear admiral responded today, through Capt. Parker of his counsel. He gave the names of the principal officers of the Brooklyn and also of seven petty officers, including the quartermasters who were at the wheel during the action off Santiago.

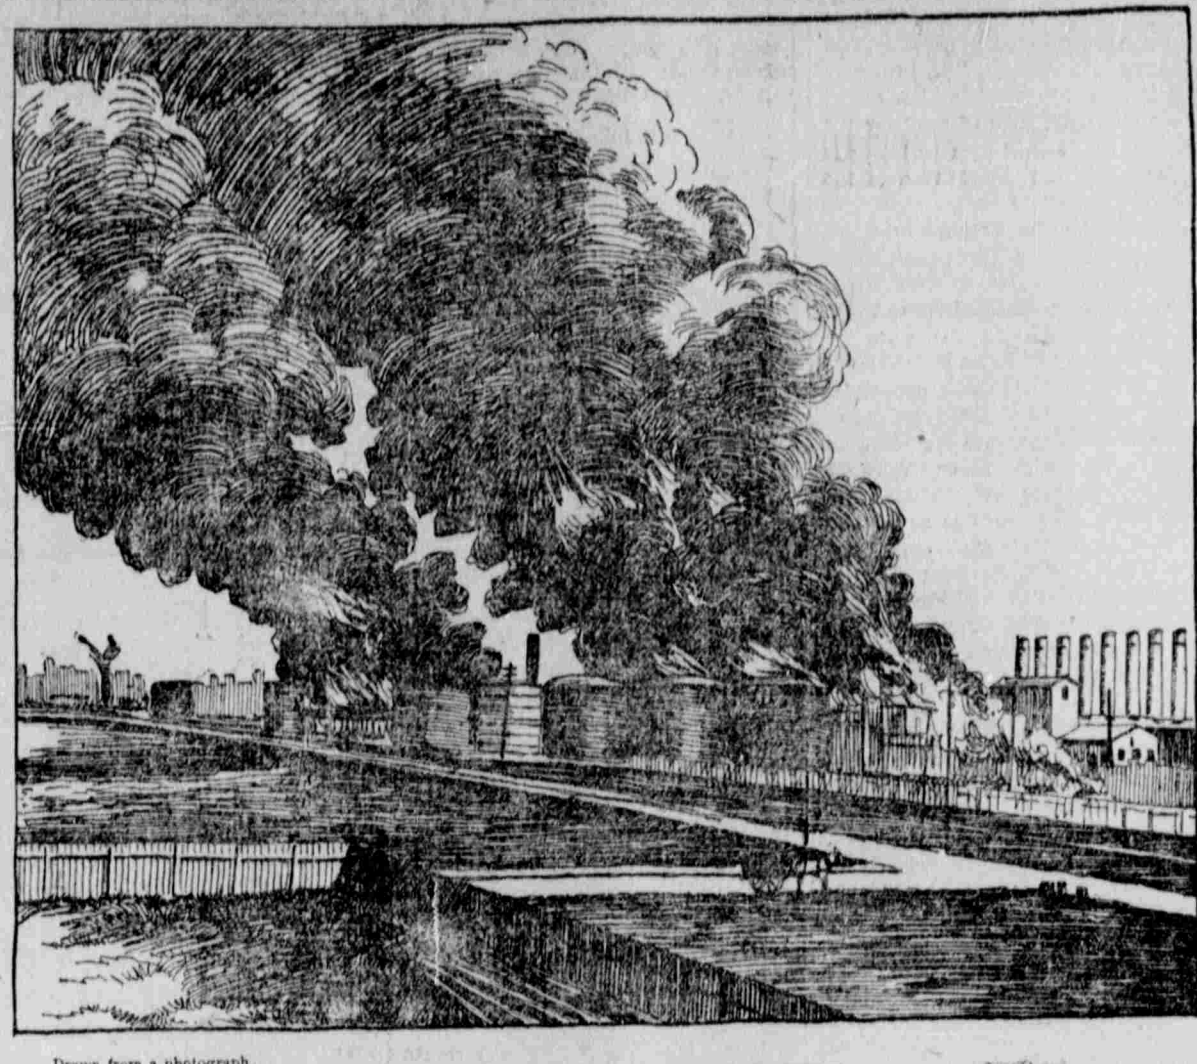

PHILADELPHIA LAWYER FOR SCHLEY.
Philadelphia, Aug. 27.—The Record tomorrow will say that an H. O'Brien, a prominent member of the Philadelphia bar, has been called in as assistant counsel for Rear Admiral Schley in the coming investigation at Washington. Last Thursday Mr. O'Brien was in Washington in consultation with Mr. Schley's counsel, and materially assisted them in the preparation of the brief in the court of inquiry.

During the late sixties Mr. O'Brien occupied the post of judge advocate of the West Indian fleet, and in 1869 was stationed at Annapolis, where Schley was lieutenant commander. A warm friendship developed there between the two men. Mr. O'Brien resigned from the navy in 1875 and took up the practice of law in Philadelphia.

TRADE WITH PARAGUAY.
Americans Should Send Either Blue or Red Cloths Down There.

New York, Aug. 28.—In Paraguay the colors of children show their active political sympathies by wearing the colors of their parties.

"If American manufacturers want to sell their print cloths to the people of Paraguay they must furnish goods with either a red or blue base," John N. Ruffin, U. S. consul at Asuncion, Paraguay, explained in an interview last night.

Drawn from a photograph.

PHILADELPHIA'S \$1,000,000 OIL FIRE.

The big oil fire raging at the works of the Atlantic Refining company, Point Breeze, near Philadelphia, has been burning oil at the rate of \$100,000 a day. The fire started last Monday, and the Philadelphia firemen soon found that they could do no more than to protect surrounding property. The total loss is expected to reach \$1,000,000. Several firemen have been killed, and about 100 other persons, many of them spectators, have been injured.

Mr. Ruffin is arranging to return to his post in about two weeks. He has been the consul at Asuncion for five years and has spent many more years in South America.

"There are two leading political parties in Paraguay, the colorados and the azules," he continued. "The color of the colorados is red and of the azules blue. The party in power now is the colorados, or what might be properly called the liberals. The intense partisanship of every man, woman and child is simply astonishing. A member of the 'red' party would not more allow his wife or children to wear clothing in which the predominating color was blue than he would the 'blue' ticket himself. The 'blues' are the same way, and as a result the party colors have had a distinct action in the colors of the clothing of the people. I feel that American print cloth manufacturers ought to know this in order that they may be guided in the patterns they ship to Paraguay."

Mr. Ruffin is enthusiastic over the future possibilities of Paraguay, and is even that country and the United States, he says the present great barrier to trade is the lack of direct steamships between the United States and Paraguay and the other South American countries.

THEIR CHINESE MAJESTIES.
They Will Return to Peking Most Unostentatiously.

Pekin, Aug. 28.—An edict has been received announcing that it is the intention of the court to return unostentatiously to Peking. Their majesties will give 100,000 taels as a farewell contribution to the distressed people of Sincan-Fu and the surrounding district. The edict forbids any preparations being made for the reception of the court beyond preparing the roads.

It abates and refunds a year's taxes along the route that will be followed through the provinces of Shansi, Honan and Chihli. All the expenses of the journey will be paid by the imperial exchequer. This is unusual, but accords with a suggestion recently made by Sir Robert Hart, director of the imperial maritime customs.

Liberal Contest Was Justified.
New York, Aug. 28.—The poll for the London division of Hampshire, says the London correspondent of the Tribune, justified the efforts of the liberals to contest a seat which the conservatives have occupied without a struggle for sixteen years. They succeeded in reducing the unionist majority to 225, and were well rewarded for their vigorous canvass. The liberal journals are not extracting unbecoming comments when they assert that the contest proves that every seat will be worth fighting for the next general election. A reaction in favor of the liberal party will naturally set in when the Boer war is brought to an end and the country is not forced to vote while soldiers are fighting. Liberals may fritter away their chances by factional warfare, but they can hardly fail to gain seats and to reduce unionist majorities when the full pressure of increased war taxation and bad trade is felt.

Lipton Entertains St. Patrick's Sons.
New York, Aug. 28.—Sir Thomas Lipton will entertain a number of the local members of the Society of the Friendly Sons of St. Patrick, on board the Erin, District Attorney Philbin and some other officials will also be the guests of the owner of the Shamrock.

Revenue Guages Suicides.
San Francisco, Aug. 28.—Luther A. Thrasher, a gauger in the internal revenue service, has committed suicide by shooting himself through the head. Despondency was the cause. He was the son of Capt. L. A. Thrasher, internal revenue agent at Milwaukee, and came to this city after graduating from the Kansas state university. For a time he was employed as newspaper reporter.

Reform Club Prizes Awarded.
New York, Aug. 28.—The committee of judges selected by the Reform club to award the prizes offered by the club for the best original essay on given fields of inquiry has awarded the first prize to Edward F. Adams of San Francisco, his subject being, "Credit Facilities for Rural Communities," the second prize to A. D. S. Gilt, of West Superior, Wis., whose essay was entitled, "Better Credit Facilities for Our Rural Communities," and the third prize to Geo. R. DeSaussure of Atlanta, Ga., for an article on "Branch Making."

SENSIBLE TO QUIT.
Coffee Agrees With Some People, But Not With All.

"Coffee has caused my son-in-law to have nausea and pain in the stomach and bowels," said a woman. "In my own case I am unable to drink coffee without having distressing effects, and my son eleven years old, has had dyspepsia, caused by drinking coffee."

We all abandoned the use of coffee some months ago and have been using the Postum Food Coffee since. Each and every one of us have been entirely cured of our troubles and we are naturally great friends of Postum, as we have tried several different ways of making it, but there's no way so good as to follow the directions properly; then we have a delicious drink. Mrs. A. E. Moulton, 321 Lynn St., Malden, Mass.

Weekly Crop Report.
Washington, Aug. 27.—The weather bureau's weekly summary of crop conditions is as follows: The weather conditions of the week ending Aug. 26 have been generally favorable except in the middle and south Atlantic and east Gulf states and Tennessee, where heavy rains have damaged crops and prevented work and in some districts washed lands and caused inundations. Drought conditions still prevail in

CHUN SHALL BOW THREE TIMES

When He is Received by Emperor William.

WILL KNOCK THEIR HEADS.

Subordinates Must Do That After They Have Prostrated Themselves Before the Kaiser.

London, Aug. 28.—A dispatch from Peking says: A telegram has been received from Prince Chun stating that Germany has determined that, when he is received by Emperor William, shall bow three times, and that the secretary of the mission and other subordinates shall prostrate themselves, and knock their heads nine times on the floor before the emperor.

The Chinese envoys here appealed to the German minister to secure a change in this plan, but he replied that the arrangement had been made by his government and he could not act.

Dr. Thomas Marco Dead.
New York, Aug. 28.—Dr. Thomas Marco, professor emeritus of surgery at Columbia university, is dead at his summer home at East Hampton, L. I. Dr. Marco was born in Philadelphia. He was graduated from Princeton in 1886, and from the college of physicians and surgeons in 1891. He first became professor of anatomy in a medical college at Castleton, Vt., and from 1892 to 1894 he was professor of pathological anatomy in New York university. From 1890 to 1897 he was adjunct professor in New York university, and from 1897 to 1899 full professor in that subject. In 1899 he became professor of the principles of surgery at the college of physicians and surgeons. Dr. Marco wrote several medical works and valuable papers.

Methodist Delegates Arriving Slowly.
London, Aug. 28.—The secretary of the Methodist international conference reports that American and Canadian delegates are arriving slowly since they made an early start, and are scattered over the continent before settling down to work at the City Road Wesleyan chapel. The list of those western delegates arriving slowly since they made an early start, and are scattered over the continent before settling down to work at the City Road Wesleyan chapel. The list of those western delegates arriving slowly since they made an early start, and are scattered over the continent before settling down to work at the City Road Wesleyan chapel.

Price of Plows to Go Up.
Chicago, Aug. 28.—Plow manufacturers of the United States, a large number of whom have been in conference at the Auditorium, have decided upon an advance of 10 per cent in the price of plows and all plow repairs during the coming year. The present strike of the steel workers is given as one cause. In addition, the manufacturers claim that the cost of production in every way is much greater at present than it was a year ago. Besides, it is claimed higher wages are being paid to the men employed in the works. The increase in price will go into effect when the sales for next year are commenced in October.

Inspection of Tuberculosis Cattle.
Chicago, Aug. 28.—Dr. Arthur R. Reynolds, health commissioner of Chicago, has returned from England, where he had attended the sessions of the British congress on tuberculosis, at which Dr. Koch expounded his tuberculosis theory.

Whether the tests which are to be made of Koch's theory that animal tuberculosis is not communicable to human beings, succeed or not, according to Dr. Reynolds, the inspection of animals by the health department will continue, and those infected with tuberculosis will be condemned and disposed of as before.

"So long as I am health commissioner," said Dr. Reynolds, "the rigid inspection will continue. Animals infected with tuberculosis will be disposed of."

For Baby's Sake.
Baby never looks sweeter nor feels better than fresh from its bath with

Woodbury's Facial Soap
Medicated and antiseptic, it soothes and heals the tender skin, giving quick relief from itching of hives, rash, chafes and all irritations.

Woodbury's Facial Soap cleanses face and hands, sold by druggists, 25 cents each. Retail free. Trial use package of soap and cream 1 cent postpaid.

Andrew Jergens & Co., Sole Agents, Dept. 11, Cincinnati, O.

A GOOD judge must have both experience and learning. A housekeeper should be a good judge for she too must have experience and learning or she may think that the soaps made to look like Ivory Soap are just as good. With experience she will know that they lack the remarkable qualities of the genuine. Ivory Soap—99 4/100 per cent. pure.

COPYRIGHT 1901 BY THE PROCTER & GAMBLE CO., CINCINNATI

enacted when the big steamboat bound for Rockaway Beach was about to round the Battery from the North River at 9 a. m. yesterday.

With Mr. Armstrong was a handsome blond-haired woman, said to be an actress. "Impecunious," lucky dog, was left for a moment in charge of the handsome woman, who let the unlucky dog fall or jump overboard.

After his spaniel went Mr. Armstrong, who, as far as is known, has no ambition to appear in a tank drama. Rising from his plunge, the actor bravely struck out for "Impecunious."

Quick as a flash, Nelson, with a life preserver, followed Armstrong. The excursionists grew intensely excited. Never was tank drama so realistic.

In the meantime Nelson had reached Armstrong, who was supporting "Imp" on his shoulders. The field spaniel, a water spaniel for the time, was put on the life preserver and floated on it, in company with his master and Nelson, until the life boat picked them up.

While the passengers cheered wildly the two men and the dog were put on the steamer.

Mr. Armstrong landed at the Battery, where he proceeded to the Eastern Hotel.

A new duck suit, shirt, shoes, socks and outfit were soon purchased, and the Gen. Slocum had proceeded on her trip the actor escorted his companion to the bicycle races at Manhattan Beach.

Returning last night to the hotel for his clothing, he said:

"I left my favorite dog in charge of my lady friend. She let it fall overboard. I am a strong swimmer, and thinking the steamer would not stop

for the dog, but would perhaps for me, I took off my coat and went over the side after my pet. I meant to swim ashore and not Nelson and the lifeboat come for me.—New York Journal.

He Played Him!—A cornet-player in a local orchestra (a native of the Fatherland) recently got into trouble innocently and unexpectedly.

"Let's have that cornet," requested the conductor, surprised at hearing a note that was not on the score.

The note was sounded again. "What are you playing?" he asked at last.

"I am playing the cornet," said the musician. "I play vat is before me."

"Let's have a look!"

"Why, you idiot," he roared, "can't you see that this is a dead dog?"

"I don't care," was the reply, "he was zets, and I played him."—Tit-Bits

A World Wide Reputation.
Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take.

P. T. Thomas, Sumterville, Ala., "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and car digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digest fluids. It gives weak stomachs entire rest, restoring their natural condition.—F. C. Schramm, Prescription Druggist, McCormick building, corner Main and First South streets.
