FRAGMENTS.

T. H. HALL was fined \$10 yesterday for last driving in the streets.

JOHN ROACH, who was arrested last night for drunkenness, forfeited \$5 this morning.

The Tenth Ward Primary Association has been spending the day at Fuller's Hill Gardens.

REUBEN FULLER, who went to the house of O. C. Thornblad and made an assault upon the latter, was fined \$50 in the police court this morning.

The witnesses in the Dean case who went to Ogden last night to see the fare each way, or be subject to punishment for contempt of court.

The concert given in the Ninth Ward school house last evening was largely attended, and was a gratifying success. It will be repeated this evening.

From Mr. H. Pembroke's establishment we have received a fine lithographic likeness of "The Grand old man"—Mr. Wm. E. Gladstone, one of the foremost statesmen of the age.

See advertisement about a light bay mare which has strayed from Granger. Those who know of its whereabouts will confer a favor by leaving information with R. G. Lambert, at this office.

ABOUT nine o'clock last night an alarm of fire was given, occasioned by a nightwatchman discovering that Hennessy's barber shop was full of smoke. When the alarm was given for the night a quantity of paper and kindlings had been put in the stove, and the burning of this was the cause of the alarm.

LOCAL NEWS.

Treseder Back.—Detective Adam Paul returned from San Francisco today, bringing with him the notorious Frank Treseder. Mr. Paul arrested Treseder for his bondsman, and it is not likely he will be again permitted to go at liberty, for a while at least.

Admitted to Bail.—Brothers Levi Mianerly and R. C. Smith, who were arrested on a charge of living with and acknowledging their wives, at Wells-ville, Cache County, Ogden last evening, were brought to Ogden last evening and admitted to bail in the sum of \$1,800 each. The witnesses were also required to give bonds for their appearance when wanted.

Held for Trial.—The young woman who, on Monday last, killed her seducer at Elizabeth, Colo., is Miss Alice Burns, of Denver. All of the testimony taken at the examination goes to show the treachery and violence of Wright in his treatment of her after he had accomplished his infernal purpose, but Miss Burns and her brother, who was with her at the time Wright was killed for his crime, have been committed for trial without bond. The character of the girl prior to her acquaintance with Wright was irreproachable.

Matters at Mount Carmel.—R. M. Englestad sends us the following little budget from Mount Carmel, Kane County: On April 17th, Orissa Jolley died; on the 29th a cow and a quantity of lucern belonging to Brother Englestad were consumed by fire, the cause of which was the usual combination of small boy and matches. There are daily losses by water, which lately caused a cave of land into the creek, resulting in considerable loss. The weather is clear, and the thermometer stands at 65 at noon and generally from 28 to 32 at 6 in the evening.

Boys Arrested.—Yesterday three boys, from 8 to 10 years of age, were arrested on a warrant issued by Commissioner McKay, on complaint of Charles Gillmer, of North Point, the charge against the boys being that they had assaulted a boy about their own age, by setting a dog on him. The boy was Charles F. Gillmer, the complainant's son. The accused were brought before the Commissioner this morning, and an examination showed that the boys had set the dog on a horse, but the brute had attacked and bitten the Gillmer boy. The three—Wm. Crowther, Chas. Crowther and Henry Michael—were discharged, with an admonition from the Commissioner to be more careful in the future.

Reiterated Strikers Beating the New Hands.—St. Louis, 14.—The workmen in the Heiler Sugar Refinery struck yesterday for an advance in wages. In the afternoon several new men were engaged to fill their places. To this they objected, and collected around the refinery, attacked and beat every new man they could find. Now all our rights under the Constitution seem to be gone. Now I appeal to him who has all power in heaven and earth to redress my wrongs and the wrongs of my brethren and the wrongs of the daughters of Zion. Tell the latter, Sobie says if they are faithful the day is not far distant when they shall have the right to vote and say what they shall do to the fathers of their children.

"Mixed Pickles."—On Monday and Tuesday evenings next Mr. J. B. Polk, the well known comedian, will appear at the Theatre with his company, in the farcical comedy of "Mixed Pickles." The Chicago Herald says of the piece: "Mixed Pickles" has been an agreeable disappointment for the friends of Dr. Saxe. There were some objectionable features in the first presentation which have been toned down, and it is now one of the nearest comedies of its kind we have ever heard. It is clean cut in purpose, well wrought out in plot and admirably acted. Mr. Polk has in his sketch something he can well afford to tie to next season, and it is a pity that he will be one of the sensations of the road. There is a refined and dignified humor about Polk that will insure this play a cordial reception from people who would not even laugh at the coarse stuff that so often in these days passes for comedy.

Served Right.—Yesterday afternoon Moses Burns was convicted of drunkenness, and was fined \$5 in the Police Court. He declared that he had come in from Stockton; Tooele County, to be cared for at the hospital, and had taken some indignation and fallen asleep at the place where he was picked up by the police. The evidence, however, showed that Burns' story had little truth in it, and the offense was clearly proven. The fellow paid his fine, and also deposited enough cash to liberate the notorious Mrs. Passy from jail. Later in the evening the two were found together in a state of beastly intoxication in a house of ill-name, whether they had resorted after being set at liberty. Both were lodged in jail this morning, and a plea of guilty to a violation of the city ordinance against prostitution, and were each sentenced to three months' imprisonment and to pay a fine of \$50. To satisfy the judgment they will remain in jail 159 days.

DEATH OF JOEL GROVER.

The sad intelligence conveyed in the following special to the News, received this morning, will cause a sensation among the numerous friends of the well known gentleman to whom it relates:

"President Joel Grover died at his residence in Nephi, at 12 o'clock last night, from indigestion."

The sorrow that will be felt by those acquainted with Brother Grover, who has been cut down in the full flush of manhood, will be mingled with astonishment. We doubt if there existed a suspicion of his being afflicted with malady. His appearance seemed to denote unusual physical vigor. He was a useful and capable man and will be missed by the community in which he resided.

Fatal Accident.—About 9 o'clock on Wednesday night a terrible accident occurred at Dry Creek, on the Utah and Northern Railroad, a few miles north of Eagle Rock, Idaho, resulting in the death of one man and the injury of three others, one probably fatally. From what can be learned of the sad affair, some of the details are as follows: From a freight train at the place named, and ran down the grade at a heavy speed. Another freight train, with a double header, was standing on the switch, and it being at night the runaway cars were not observed in time. The switch had been turned, and the heavy-loaded cars went crashing into the two locomotives, making a fearful wreck. One engineer named Clark was killed almost instantly, and a fireman, Ezra Meach, terribly injured. Mr. Meach, the other engineer was considerably bruised and frightfully burned about the face and upper part of his body, his face presenting a shocking appearance. The other two men were also injured and burned, but not so seriously. Flood and Meach were brought to the Union Pacific hospital at Ogden last evening, to receive proper treatment. The former will probably recover, but Meach, whose right leg was severed in the accident, and the left one amputated after his arrival in Ogden, has but slight chances of life. A number of friends of the unfortunate men came to Ogden with them.

Correct Registration.—Legal voters should not forget their duty to see that their names are properly on the registry lists. Not only should they be daily losses by water, which lately caused a cave of land into the creek, resulting in considerable loss. The weather is clear, and the thermometer stands at 65 at noon and generally from 28 to 32 at 6 in the evening.

Court Proceedings.—In the Third District Court to-day, a decision was rendered in the suit of J. C. Bowring vs. W. C. Bowring; the court finds for the defendant, and orders judgment accordingly. FOREIGN. LONDON, 13.—Incassant rains are falling in the north, causing the rivers to overflow their banks. Sheffield, Attlebridge, Doncaster and other towns are all partially inundated. At Rotherham, the railway steel works, many houses and thousands of acres of land are submerged and 2,000 workmen are out of employment.

MADRID, 13.—A terrible hurricane has just swept across the middle of Spain. In this city seventy persons are known to have been killed and 300 others were seriously injured. The wind struck the city with the suddenness of lightning. A train of cars and carts was overturned and broken into splinters. Roads were dislodged and telegraph wires everywhere were torn from their poles. The parks and about the city were devastated and in some cases entirely denuded. One church tower was blown down, and a number of houses in the suburbs were entirely wrecked and many cottages on the outskirts of the capital were blown from their foundations and wrecked. Some were so completely and quickly broken up and scattered by the wind that they may be said to have simply vanished before the storm.

The Produce Exchange and the Denver Chamber of Commerce have passed resolutions strongly condemning the proposed legislation against oleomargarine butter, the purpose being considered class legislation of the most injurious kind, prejudicial to the interests of the West and against the wishes of the laboring classes. A copy of the resolution was forwarded to the Colorado Senators and Congressmen asking their influence in defeating the measure.
