OGDEN NEWS. OGDEN, UTAH, . NOV. 28, 1991, CHARLES CLOVER HEARING

Held to Answer Charge of Grand Larceny Before District Court.

Thanksgiving Weddings - Birdsall-Klesel Nuptials-Probate Rusiness in District Court-News in Brief,

The preliminary hearing in the case of the State of Utah vs Charles Glover, charged with grand larceny, was had before Justice Parker J. Hau yesterday afternoon at 3 o'clock. The first witness called was Detective Jas. F. Pender, who testified that he ar-

rested Glover on or about October 25; that when he was taking him to the jall he told him (Pender) that he did not take the money; that Christensen had obtained it, and he had cashed the

Clifford Potter, bartender at Daven-\$100 bill. port saloon, testified that Glover came to him at the saloon and hought a drink on the date the money was taken drink on the date the money was taken and after taking the drink he threw down a \$100 bank note to pay for it. That he cashed the note and gave Glover the change that was coming, Glover the change that was coming, but looked closely at the \$100 note and placed it in the money box in the sate and had not seen it since. Captain of Police Browning testified

Captain of Police Browning testified to having seen Glover in his cell in the city jall the next morning after his arrest; that he voluntarily made a statement of what he was arrested for, which was in part that he had been drinking and had gotten from his wite \$50, and had gambled it; that later he, is many with Jack Christensen \$50, and had gambled it, that fatter he, in company with Jack Christensen, went down to the Central hotel restaur-ant, and that Christensen got \$100 from Mrs. Scott, the proprietress of the res-taurant: that he had cashed the

taurant: that he had cashed the money at Davenport's saloon. Mrs. Jennie Frier, the supposed wife of Glover, was next called to the wit-ness stand; she testified that on Octoness stand; she testified that on Octo-ber 35th a man came to the Central Hotel restaurant and called for a lunch, which she served him with; that shortly after he had gone from the restaurant she found laying on the ta-restaurant she found laying on the ta-test area the found laying on the ta-restaurant she found laying on the ta-test she found laying on the ta-restaurant she found laying on the ta-set she had hird her to work in the and delivered it over to Mr. Scott, the man who had hired her to work in the restaurant, that he and his wife seemed delighted over the find. Later Mrs. Scott gave Mrs. Frier \$50 of the money, which Mr. Glover secured from her. That the next day Mr. Glover to the restaurant and stayed a ort time, then went away and in out fifteen minutes he returned with lack Christensen, who came into the estaurant and cald he was an officer

subject from the point of an investor and was satisfied the project would be a good one—one that would bring a fair interest on the money invested. In addition to this it would create a new line of employment and thus increase the payroll of the city. He thought a

factory, such as Provo cught to have, would cost about \$15,000 to \$20,000, including the working capital. Such a plant would employ about 50 to 75 hands, mostly boys and girls.

hands, mostly boys and girls. A gentleman from the East, a practi-cal canning factory man, answered a great number of questions in regard to the workings of a cannery, price to be paid for fruit, tomatoes, etc. He was satisfied that the investment would prove a paying one and we would prove a paying one, and was willing to put some money into the en-

erprise. Mr. Bower of the state board of horti-

Mr. Bower of the state board of horti-culture expressed gratification to see so many fruit growers in attendance, which was an evidence that they were interested. He advocated the producers' becoming financially interested in the factory, and believed the moneyed men, when they saw that the fruit growers would take hold, would subscribe suffi-cient money to secure a factory. The state board of horticulture was of the opinion that there is no part of the

state board of horticulture was of the opinion that there is no part of the state where a canning factory is more needed, or where the advantage for a factory is greater. H. H. Cluff spoke in favor of the project, showing the advantages that would result from the establishment of

a factory. The following committee was appointed to solicit subscriptions for stock in the factory: Reed Smoot Erastus Kofford, John W. Farrer, B. H. Bower and Wm. M. Roylance. The committee will report progress at the next meeting, Friday, Dec. 6th. Shares were placed at \$25 each.

FOURTH DISTRICT COURT.

The following business was transact. ed in the fourth district court yesterday Utah County vs. A. G. Johnson et al:

demurrer overruled as to Allan More-ton; sustained as to defendants Johnexecutor, and the Gustaveson On motion of county attorney, hetrs. the case was dismissed as to the exe cutor of the Gustaveson estate; defend-ant Moreton given 15 days to answer. Ira W. Kenwood vs. Imla Collins et al; demurrer overruled, ten days to answer

Walter R. Pike vs. Copper Globe Mining company et al; plaintiff authorized to do assessment work same to be taxed as costs.

The case of Thomas Boardman et al vs. Provo City et al, was heard in part aud continued until tomorrow (Friday.) Plaintiffs seek to enjoin the city from collecting city taxes on property sit-uated south of the city on the south side of Sixth South street. The pro-perty was segregated from the city by decree of court prior to the time the city tax was levied, but after the as-

sessment was made. THANKEGIVING DAY.

Thanksgiving day was appropriately observed in this city by closing all business houses and a general suspension of all kinds of labor. Appropriate services were held in the ward houses and the various churches. Many family reunions were held and many fine dinners enjoyed. The lades of the Second ward Relief society served a fine dinner in the new Relief society hall, and were well patronized.

STATE MENTAL HOSPITAL.

The patients of the state mental hospital enjoyed the following menu, and in the evening a musical program was given in the chapel.

BREAKFAST.

Oyster Soup. Bread, Butter. Steamed Potatoes. Coffee, Milk.

CAUSE OF DEAFNESS. Most Common Cause Only Recently Discovered.

It has been stated on good medical authority that nine-tenths of cases of deafness are caused from catarrh or sore throat trouble.

The little tube which leads to the ear from the throat is lined with a sort of velvety structure called mucous mem-brane. This membrane is simply a continuation of the mucous membrane lining the throat. When disease of any sort attacks the mucous membrane of the throat is is very liable to extend into the Eustachian tube and up into

The history of nearly all cases of deafness is like this; a cold is con-tracted and neglected, other colds are taken, the throat becomes sore and in-flamed, which is aggravated by particles of dust and germs from the air. This condition causes the disease to spread into the tube that leads to the

It seems a little far-fetched to say that most cases of deafness are caused from catarrh, but it is certainly true, and anyone who has had a severe cat-arrhal cold must have noticed how the hearing was affected while the cold lasted

With catarrh sufferers this impairment of hearing becomes chronic and grows worse the longer the catarrh is

You can cure catarrh and deafness by Tout can cure catarrh and deatness by the regular use of an excellent new preparation called Stuart's Catarrh Tablets, composed of antiseptic reme-des which act both on the mucous membranes but principally and most effectually on the blood, eliminating the catarchal polyon from the system. the catarrhal poison from the system.

People whose hearing is defective may think it a little remarkable that a simple and harmless tablet would very often remove all traces of deaf-ness, but when it is remembered that

catarrh causes the deafness and that catarrh is easily cured by the regular use of Stuart's Catarrh Tablets there s no mystery about it. If you are subject to nasal catarrhor catarrh of throat, bronchial tubes

or catarrh of stomach and liver, the safest and most effective treatment is the new catarrh specific, Stuart's Catarrh Tablets, sold by all druggists at 50c for full sized package.

house for the benefit of the missionary

funds of the two wards. "Tried and True" will be presented. On Monday, the 2nd, the W. C. T. U. will hold its regular meeting at the residence of the president, Mrs. Mary M. Boyden. The meeting is at 2 o'clock. "The King of the Opium Ring" will be presented at the Opera house Satur-

day evening.

White Man Turned Yellow. Great consternation was felt by the

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by

HAPPY WEDDINGS.

**GRUTCH-BOUND** 

The man with the crutch never fails to arouse the deepest sympathy and awaken the tenderest emotions of his more fortunate fellow being. The haggard countenance, swollen joints and twisted and deformed limbs tell a pathetic story of suffering such as Rheumatism alone can inflict. Only those who are painfully and slowly hobbling through life can fully realize what it means to be crutch-bound. They feel most keenly their helpless and dependent condition when it dawns upon them that they are no longer workers but unwilling drones in the busy world. Rheumatism should not be neglected because the pains at first are wander-

ing and slight. These are only the rumblings of an approaching storm of pains and aches that may transfer you from a life of activity to the ranks of the crutchbound cripples.

Rheumatism is due to acrid gritty particles being deposited in the joints, muscles and nerves by an impure and too acid blood, and the strongest constitutions or muscles of iron and nerves of steel can long withstand these corroding poisons. They penetrate to every fibre of the body, and no liniment, lotion or other external application can reach and dislodge them.

Finally the natural oils are consumed when there is a creaking, grinding noise with every movement of the limbs, the joints become locked and immovable, the muscles wither or contract, the nervous system gives way and the patient becomes a physical wreck and crutchbound cripple. Rubbing with liniments may produce counter-irritation and afford temporary ease, but they cannot reach and destroy these corrosive particles, which are daily forming in the blood.

The correct treatment - the true cure for Rheumatism-is a remedy that will dissolve and wash out this inflammatory matter and expel it from the system. and no medicine does this so promptly and thoroughly as S. S. S. It neutralizes and eliminates from the blood

current all poisonous, noxious substances and makes the blood pure and strong again and, as it circulates through the body, all effete matter is gathered up and sent out through the proper channels. This rich new blood cools the feverish, throbbing muscles and joints and refreshes the tired nerves, and welcome relief comes to the wretched sufferer.

S. S. S. contains no Potash, Opium, Anodyne or mineral of any description, but is a Guaranteed Purely Vegetable Compound. The strong minerals that are usually prescribed

in Rheumatic cases act very injuriously upon the lining of the stomach, causing inflammation and a most distressing form of dyspepsia.

S. S. S. not only purifies the blood, but at the same time invigorates and tones up the whole system, increases the appetite, strengthens the digestion and restores the rheumatic sufferer to sound health again.

Hopkins, 22, of Croy Knightsville, Utah county, was united in marriage at the Salt Lake Temple Miss Nellie Christensen of Nephi ably known in the communities in which they have resided and all join Both the young people are well and favorably known in both Utah and Juab counties. Mr. Reese has been em-ployed at the Knight's mines in George B. Squires, deputy state audi-tor, is in Morgan on official business. Knightsville as surveyor and bookkeep er, and his wife is one of the prominent young ladies of Nephi. They will reside The foundation for the portico in front of the Stake house is being laid in Knightsville this week. We are having ideal fall weather and Albert J. O'Connell and Miss Mamie

Holland were united in marriage at daybreak this morning, by the Rev. Father O'Donchue of the St. Fatrick's Catholic church. The young couple and a few of their most intimate acquaint-

ances partook of a dainty w breakfast at the home of the bride's parents and then took the morning train over the Rio Grande Western for Salt Lake, where they will remain for a few days before settling down to housekeeping.

THANKSGIVING DAY IN EUREKA. Thanksgiving Day will be quite gen-erally observed in this camp tomorrow. The postoffice and nearly all of the large stores will be closed and appropriate execises will be conducted at the various churches of the town.

NEW OPERA HOUSE.

Pat Shea is now at work grading for his new opera house, which will be erected on Main street. The new building will cost somewhere in neighborhood of \$15,000. tha

#### It Dazzles the World

No discovery in medicine has ever

created one quarter of the excitement that has been caused by Dr. King's that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pieurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by Z. C. M. I. Drug Dept., who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

Rich, 24, of Richa novel practice of all on of the so-called dry plates. Dried over the water-bath at 200 degrees F. for a few minutes, the plates gives increased def-Miss Emma R. Spencer, 23, of Porter-

inite details and brilliancy; but where a softer image is desired the gelatine is exposed with its usual moisture. Steel is now made by the so-called Tropenas process at about forty differ-ent plants, one of which has been in

operation several months near Chicago In special converters, pig iron and selected scrap, previously melted in a cupola, are exposed to an air blast across the surface of which produces great heat by the combustion of the metalloids in the pig iron, and leaves nearly pure from at the end of 15 or 20 minutes. The necessary silicon, man-ganese and carbon are introduced into

ganese and carbon are introduced into this iron by the addition of ferro man-ganese or ferro silicon, or both, the metal being then drawn off into a ladie and poured. This process is especially adapted for small castings of every variety. The metal is hotter and more fluid than that obtained by any other mathed expendence the dilar of all parts method, ensuring the filling of all parts of the mold without cracks or pinholes; and any grade of steel-from the low carbon desired for electrical purposes to the very hard required for mining and other machinery-can be obtained by varying the additions. The casting will stand forging and welding, many of them being intended to re-

place much more expensive forgings, which they are claimed to equal in all Among the extraordinary insects discovered by British naturalists of the Malay Expedition of 1899-1900 were Mantidae so closely resembling the orchis flower that it was impossible

to distinguish them from the flower in photographs. A lantern-fly pursued by Mr. Nelson Annandale suddenly flew into the air from the bark of a tree, without opening its wings, and alighted on a roof six feet away. At the time this singular movement could not be

explained. From a preserved specimen it has since been discovered that a projection on the head of the creature is a leaping organ, and that when this projection or nose is bent back and sud-denly released the insect is projected into the air like a pellet from a bent

whalebone. It is to the peanut that Herr Ber-nega, of Hungary, looks for the civil-ation of Africa. Great crops are al-ready raised by natives of the British and Portugese possessions, and the Germans are advised also to encourage the industry. Besides supplying valu-able oil, the product, containing much nitrogenous matter, is being used in concentrated army rations.

The number of known explosives is stated to have increased from 25 to 1,100 in thirty-two years.

1,00 in thirty-two years. A beautiful reproduction of a total solar eclipse is obtained by Prof. R. W. Wood with very simple apparetus. A rectangular glass tank—which may be a foot square on the front and six in-ches wide—is filled with water rendered milky with a spoonful or two of weak alcoholic solution of mastic, and into this is lowered a six-candle incandes-cent lamp, which serves as the sun, with a metal disc slightly larger fixed to the point by wax, and performing the part of the elipsing moon. Several threads of tin foil attached in two groups to opplaite sides of the lamp foil and the spaces between being each 1-25 to 1-59 of an inch wide. The wires of the lamp are kept to the lamp in a of the lamp are kept to the lamp in a pin a glasstube, which is attached to the imp and made tight at the bottom end by wax. On viewing from the front, the light is a perfect solar corona in miniature, which polar streamers and unsymmetrical illumination; and on One of the best reasons for good hope is the record of Scott's Emulsion as a medicine for consumptives. So long as the system is strong enough to use medicine of any kind it can The reason for its helpfulness in this disease is because of its long tolerance by the patient; one does not tire of it as quickly as other medicines and that is where the

value each year restored by passage through animals.

The new irrigation ditch of Maul, one of the larger of the Hawaiian Islands, is 22 miles long, has 74 tunnels ag-gregating 4 miles in length, and is es-pecially remarkable for its crossing of sulches by inverted siphons of pipe 44 inches in diameter. One of these guiches is 350 feet deep. The ditch delivers 50,000,000 gallons of water daily, and has reclaimed 6,000 acres of cane ness.

and has reclaimed 6,000 acres of cane land. Pure cultures of the photo-bacterium the organism causing the phosphoresence of the sea, are stated by the London Lancet to be obtainable by placing a fresh haddock or herring in a two per cent salt soultion and keep-Vest style. F. C. SCHRAMM, PRESCRIPTION DRUGGIST.

ing at about 40 degrees F. In a few days both fish and fuid emit a pale greenish light, which can be made brighter by a little sugar.

## WITHIN THE LAW.

"I went for a spin in the country the other day." said the automobile enthuslast, whose mind is in that state that he can talk of nothing else, "and during my trip I chanced to pass through a small country town, where I dashed over a bridge at rather a high rate of speed, not noticing a sign post that read: 'Five dollars' fine for driving over this bridge faster than a walk or fish-ing thereon.' The result was that an over-zealous constable arrested me, and hauled me up before the local justice of the peace

"What have you got to say for your-"What have you got to say for your-self?" asked the old man, glaring at me over his spectacles. "Nothing, except this,' I answered;

'you will notice that the sign says, 'driving faster than a walk.' Now, that means, if it means anything, to drive a horse faster than a walk, a thing I did OFFICE AND YARDS - 22 to 34 North Birth West Street, Salt Lake City.

""'Pears to me, grumbled the old man, 'that you are fishin' ter get out of this.'

"Certainly'; I acknowledge 'that I am,' 1 anwered cheerfully, realizing that I had the old man on a fine point

of law. "'Well, that brings you within the statoots," he growled. 'It will cost you \$5 for fishin'."

"It wasn't law, but I was in a hurry, and couldn't afford to stay there and fight it; so I paid the fine."-Detroit Free Press.

Latter-day Saints, residing in the Eleventh Ecclesiastical Ward of the CELEBRATED nerves, promote sound sleep and cure day, the Twelfth day of December, 1301, at 7:80 o'clock p. m., for the purpose of authorizing the Board of Directors of said Corporation to transfer the legal title to all the real property belonging to said Corporation to Report Martin Indigestion, Dyspepsia, Constipation, to said Corporation to Robert Morris, as Bishop of the Eleventh Ward of the Flatulency, Malaria, Fever

Church of Jesus Christ of Latter-day Saints, in the County of Salt Lake, and State of Utah. ROBERT MORRIS, President of said Corporation. BITTERS and Ague, A trial will convince you. F. M. Atkins, Secretary. Dated Nov. 27, 1901. Secretary.

# **BIGELOW CARPETS**

The Carpets made by this Company have received the highest award wherever exhibited, including Gold Medals at the Paris Exposition, 1878, and at the Centennial, 1876.

Their deserved reputation for excellence of fabric, richness and durability of color, novelty and beauty of design, has led to frequent infringements, and inferior goods have often been palmed off in their stead. For the protection of the public the Company has adopted as a trade-mark the word "BIGELOW." which will be woven (at every repeat of the pattern) in white capitals into the back of the fabric. Customers will therefore have merely to examine the back of a carpet to be certain that they are getting the genuine Bigelow Car-

These Goods can be obtained from all first-class dealers. BIGELOW CARPET COMPANY, NEW YORK.

#### NOTICE TO STOCKHOLDERS.
