MONTANA.

An Edison phonograph is on exhibition in Butte. It delights the inhabitants of the place with vocal and instrumental music as well as with ghost stories and speeches.

Burglars entered the house of Fire Marshal Witmer last Saturday, by prying open a screen at one of the windows on the first floor. The only thing of value taken as far as known was a ring belonging to Mr. Witmer's son. There was money in the house at the time, but the burglars were probably frightened away before they had time to do their work thoroughly.

Dr. Kellogg received a telegram Saturday stating that a man had been injured at Mullen's tunnel and would be in on No. 6. The injured man was O. F. Lindquist, fireman of the Mullen Brick & Tile Company, who had all four fingers taken off the right hand. He was taken to St. John's hospital and the doctor dressed the wounds, finding it necessary to amputate a portion of the thumb also. It seems the man was cleaning a die when the weight dropped on his hand with the above result.—*Helena Journal.*

COLORADO.

An assay of some of the ore recently taken from the Bromide mine in the Henry mountains shows $25 in copper, $9.60 in silver and $20.15 in gold. The prospect is now down eighteen feet, and the vein is a three and a half foot true fissure. The mine is being developed by J. C. Sanacer, John Butler, J. O. Bradish and M. J. Farrell, all of Grand Junction.

The flood in the Purgatoire this week has occasioned considerable damage to farmers along that stream. Besides the hay land and crops in the lower bottoms being submerged, the ditches along it have been severely damaged, particularly that of Joseph Macy, the headgate of which together with considerable of its length was carried away by the flood.

The private waterworks owned by C. N. Cox, situated on Orchard mesa, were badly washed out by the heavy rains of Friday morning and evening. It is estimated that the damage done will amount to $[illegible] or over, and it will be some time before the necessary repairs can be made. Mr. Cox's enterprise in constructing these waterworks deserves every commendation, and he has the sympathy of his friends in the loss he has sustained.

Sunday afternoon while the Rio Grande passenger train was passing through the Black Canyon, a Denver lady, Miss Lucy Harris, left her purse for a moment on the seat in the sleeper, while she went to the rear platform to look at the scenery. Remembering her purse almost immediately she returned only to find it gone. As it contained a ticket to Santa Barbara, Cal., $[illegible] in money and a diamond pearl ring, the loss was naturally rather stunning. Though there were two ladies in the seat opposite, neither they, nor any one else on the train, would acknowledge having seen the purse.—*Grand Junction Star.*

IDAHO.

An organized band of tramps are camped near Boise City. They plunder, rob, steal, in order to obtain a living. So says the Boise News.

The Ben Wilson gold mine, with all its franchises in the Pioneer district, Boise basin, Idaho, has been sold to a New York syndicate, the consideration being $[illegible].—*Hailey News.*

Coyotes are becoming very bold in the vicinity of Shoshone. This week they succeeded in carrying off Howard Sebree's entire stock of [illegible] and upon the same evening took eleven turkeys from Mr. Curtis' flock.—*Journal.*

Quite a black cloud obscured the sky at Genesee, Idaho, last week occasioned by Mrs. Josie Craig eloping with a negro minstrel named McKeehan. The elopers were followed, arrested for adultery and on trial acquitted. Mrs. Craig attempted to leave the court room with her black paramour when her mother, driven almost insane with grief, attempted to kill her and was prevented with difficulty. She was deserted the next day by McKeehan, and now says she will kill him on sight.—*Walla Walla Union.*

Boise City, Idaho, Aug. 26.—The democratic state convention met this morning and seated the anti-Mormon delegation of Bear Lake County. A permanent organization was effected, after the convention took a recess until the afternoon to enable the committee on resolutions to complete a platform. In the afternoon Benjamin Wilson, Boise County, was nominated for governor. The platform thanks Congress for preserving the unity of Idaho, but regrets the opposition of the republican majority as to the admission of New Mexico and Arizona because they are democratic, denounces the McKinley tariff bill, denounces the silver bill enacted by the republican Congress as a compromise to the interests of Wall Street; demands the free and unlimited coinage of silver; demands protection for the lead industry, and declares against the importation of foreign lead; favors the Australian ballot system and the election of United States Senators by direct vote of the people; protests against the enactment of the federal election bill and denounces the gag law policy of Speaker Reed; pledges this party to the election of one United States Senator from north Idaho, and upholds the test oath.—*Herald.*

NEVADA.

Last Sunday evening freight train No. 7 struck a pile of rock that had been placed on the track between the [illegible] and second snowsheds. Luckily no damage was done. The second section of the same train, following about ten minutes behind, struck a similar obstruction just west of the first one. Again the rocks were scattered without ditching the train. Shortly after [illegible] passenger train No. 4, west bound, struck a big rock that had been placed on the track at the shed near the horseshoe bend. The rock was thrown through the shed, but no serious damage was done. Any of the obstructions might have wrecked a train and caused a serious loss of life. A man named Mike McQuillan has been arrested, charged with having done the dastardly deed. He was put off a freight train just above town Sunday night, and he got mad thereat and threatened to "get even" at the same time he threw rocks at the train. He walked up the track, and it is supposed placed the rocks on the track. McQuillan has been arrested at Truckee.—*Virginia Enterprise.*

A Scrap of Paper Saves Her Life.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing about 140 pounds. For further particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial Bottles of this wonderful Discovery Free at A. C. Smith & Co.'s Drug Store. 4
