EXPLOSION ON THE OLYMPIA.

Corporal Yerkes is Dead and Four Seamen Are Injured, One of Whom May Die.

LIEUT. COMMANDER'S REPORT.

The Accident Resulted Indirectly from Smuggling Alcohol Into the Navy Yard by Members of Crew.

Norfolk, Va., Sept. 12.—The explosion of a barrel of alcohol on the superstructure deck of the cruiser Olympia, in dry dock at the Norfolk navy yard, tonight killed two men, seriously injured several others and set fire to the ship. The master-at-arms of the vessel is missing.

DEAD.

Corp. Yeager, U. S. M. G.

INJURED.

Four seamen, one of whom may die.

EXECUTIVE OFFICER'S STATEMENT.

Norfolk, Va., Sept. 13—Lieut.-Commander Van Doser, executive officer of the cruiser Olympia, today gave out an official statement of the facts attending the explosion of a barrel of alcohol on the cruiser's deck last night, causing the death of Marine Corp. Yerkes of Philadelphia, the fatal injury of Apprentice Heifert, and the serious injury of Third Class Master-at-Arms Caster and Apprentice Shavey, in addition to the burning of the cruiser's forward awnings and awning supports. The explosion resulted indirectly from the smuggling of alcohol into the navy yard by members of the cruiser's crew.

"While the men were in line answering the roll the detachment with the barrel began pouring its contents into a tank on the port side of the forward turret. They had scarcely begun work, when in a manner yet to be ascertained, the fumes of the spirits became ignited and exploded with terrific force. Both ends of the barrell were blown out, followed by a torrent of burning alcohol that spread in a flood of flame over the forward deck.

"Yerkes was struck in the head by a stave from the barrell, and fell into the burning mass. He was roasted to death. The other three men were also struck by flying fragments of the barrel but were knocked away from the center of the fire, and thus two of them escaped fatal injury, but Siefert was horribly burned and so injured that he cannot recover.

"It was at first thought a tank of smokeless powder had exploded, and the crew for a moment broke ranks, but in a second recovered from the suddenness of the shock and turned with a will to save the injured and extinguish the fire, that was already gaining headway on the cruiser's deck. This done, the injured men were hurried to the Marine hospital where this afternoon it was stated Scifert could not live through the night but that the other two would recover. Yerkes' body will be shipped to Philadelphia for burial."

DAMAGED BY BOYCOTT.

D. E. Lowe & Co. Sue American Federation of Labor.

Bridgeport, Conn., Sept. 12.—In the United States district court today D. E. Lowe & Co. of Danbury, hat manufacturers, instituted suits against the national officers of the American Federation of Labor, the national officers of the United States of North America, and against 250 members of these organizations, residents of Danbury, who were formerly in the employ of the plaintiffs.

The plaintiffs allege that because they refused to employ only union labor in their factories, upon demand of the union in 1901, their goods were boycotted both in the United States and in Canada and in 1902 the union men employed by the plaintiffs were called on strike. Damages of $240,000 are asked for under the Sherman anti-trust law.

NITRO-GLYCERINE EXPLOSION

One at Bay City, Mich., Kills Three Men.

Bay City, Mich., Sept. 13.—An explosion of nitro-glycerine in a box car in the Michigan Central yards at West Bay City today killed three men, injured a number of others and caused great property damage.

The explosion occurred as a switch engine was making up a train. The engine backed down upon several cars, the first containing 1,000 pounds of dynamite, a consignment of Lee-Metford rifles and a quantity of reduced charged shells for indoor practise, and it is said that the force with which it struck the explosive-laden car exploded the dynamite. Another report has it that one of the shells exploded and set off the dynamite. One man's body was badly mangled.

A big hole was torn in the ground by the explosion, a score of freight cars demolished, and nearly 300 houses in the vicinity suffered broken windows and several were so badly wrecked as to be uninhabitable. The shock was felt three miles from the scene

YACHT AND LAUNCH COLLIDE.

Five Men Were Drowned in Consequence.

Charlevoix, Mich., Sept. 12.—Five men, all of East Jordan, were drowned in Pine lake tonight in a collision between the steam yacht Pilgrim and a naphtha launch.

DEAD.

R. A. Tine.
C. A. Calmon.
Kit Carson, all ball players.
Fred Weiness, school teacher.
William Reinard, saloon keeper.

When half a mile from here the Pilgrim ran down a naphtha launch containing 13 men returning from a ball game at Harbor Springs.

The occupants of the small boat were thrown into the water and although the yacht laid to and began to search for the drowning men only eight of the 13 were saved. According to a report the naphtha launch showed no lights until just before it was struck by the Pilgrim. Capt. Palmer of the Pilgrim was then so close on the little craft that to avoid a collision was impossible.

SHOT BY BANDITS.

Highwayman at Clay Center, Kan., Wound four Persons

Clay Center, Kan., Sept. 12.—Last night two unknown highwaymen attempted to secure money from several persons. A party of four resisted, and "Dad" Stevens, J. W. Houserman, Nightwatchman Bush and Louis Vehrinds were shot by the bandits and severely wounded. Vehrinds was hit in the head and is not expected to live.

The bandits got no money, although their victims had considerable cash and jewelry in their possession. The highwaymen escaped west.

After the shooting the bandits took the revolver from Nightwatchman Bush and beat him into insensibility. The home of James Demity was also entered by burglars, but whether by the same crowd or not is not known.

Three suspects were arrested early today near the depot, but the night was so dark and stormy that the victims could not say whether the arrested men are the parties wanted or not.

That old copybook maxim finds its most forceful application in the waste of vitality, which is called "burning the candle at both ends." A woman is often tempted beyond her strength by domestic or social demands. Some day she awakens from this waste of strength to the woeful want of it. She has become weak, nervous and miserable.

For weak, nervous, run-down women, there is no better tonic and nervine than Dr. Pierce's Favorite Prescription. It restores the appetite, quiets the nerves and gives refreshing sleep. It cures local diseases peculiarly womanly which undermine the general health. It makes weak women strong, sick women well.

"No doubt you have forgotten me, but after you read my letter you will remember me," writes Mrs. Annie E. Moring, of 236 9th Avenue, S. W., Roanoke, Va. "In the year 1897, I wrote to you for advice, which you gave me free of charge. When I wrote to you I was a wreck; I could not walk straight for pains in my abdomen; could not sit down, lie down, or get any ease at all. I had what was called the best doctor here, but did not get any better until I went through a course of your medicine. I took eight bottles each of 'Favorite Prescription' and 'Golden Medical Discovery,' and ten bottles of the 'Pleasant Pellets.' I tell you the medicine made a cure of me."

Weak and sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pellets cure biliousness.

Killed in an Auto Race.

Milwaukee, Sept. 12.—Frank M. Day, formerly of California, was killed in an automobile accident at the State fair grounds this afternoon while driving Barney Oldfield's record-breaking machine in a five-mile race against time. Day had covered about four miles of the distance when, upon reaching the head of the home stretch the powerful machine swerved, ran into the fence and toppled over. As the machine upset, Day received a terrific knock on the back of the head which rendered him unconscious, and he died without regaining consciousness.

RECEPTION BY PIUS.

His First One is to Working People of Rome.

Rome, Sept. 13.—The pope today held his first reception, 2,000 people, for the most part working people from around St. Peter's being admitted to his presence in the courtyard of La Prega, one of the largest spaces in the vatican. On the portico overlooking the court was erected a small throne, which the pope insisted should not be surmounted by a canopy, as the ceremonial prescribes.

Pope Pius whose arrival was awaited with keen expectation by the throng, appeared in the portico, preceded merely by a few noble guards and accompanied by his secretary, Mgr. Bressan, the master of the chamber; Mgr. Bisletti, and his almoner, Mgr. Constantin. The pontiff was attired entirely in white, except for his red hat ornamented with gold. As he smilingly seated himself on the throne he was greeted with a storm of applause. Cries of "Long live Pius!" and "Long live our father!" were raised, while a band played the papal march.

Te pope rose, drew near to the steps of the portico and, raising his hand for silence, said: "This demonstration of reverence and affection touches me, not because it was addressed to my person, but because it is addressed to him whom I represent—Christ; it is an index of the faith animating your heart. I am all the more pleased because the majority of you are working men, for Christ is the advocate of the working men, and the latter are faithful to him."

The pontiff went on to say that the workmen who is satisfied with his condition finds in it a true pleasure, shedding sweetness about him. "These words," continued Pope Pius, "are the first that I address to the Romans. Be satisfied with your condition, provide education for your children, and I assure you, in the name of the Holy Ghost, and I am sure that the blessings of God which I envoke for you and your families will be given."

The pope raised his hand and gave his benediction to the kneeling assemblage. His holiness then retired, amid loud manifestthtions of devotion.

CRISIS IN HUNGARY.

Abdication of Emperor Francis Joseph Freely Discussed.

London, Sept. 14.—The Vienna correspondent of the Daily Mail declares that the Hungarian political crisis has become so acute that the abdication of Emperor Francis Joseph as king of Hungary is freely discussed in that country, and although no party leader is openly willing to discuss this probability, there is a strong feeling in favor of Hungary's right to choose her own king, the candidate favored being the German emperor's second son, Prince Eitel.

BURN VILLAGES; KILL PEASANTS.

Albanian and Turkish Troops in Vilayet of Adrianople Pursue Their Usual Tactics.

ARE MAKING A CLEAN SWEEP

Of the Whole Bulgarian Element—Position of Christians is Desperate—Population Flee to Mountains.

Sofia, Bulgaria, Sept. 13.—The Albanian and Turkish troops contained in the vilayet of Adrianople appear to be pursuing their usual tactics of burning and plundering the villages and killing the peasants, instead of making an attempt to break up the insurgent bands.

Very little news is filtering through from Monastir, but all reports agree that the position of the Christians is desperate. The Turks are making a clean sweep of the whole Bulgarian element. The Albanian soldiers in the vilayet of Adrianople are stated to be entirely beyond control.

At Kostursco the influential beys complained to the officers of the excesses committed by the troops. The officers resented the criticism and told the soldiers that the beys were friends of the revolutionaries, whereupon the soldiers burned the beys' farms.

The Turks have burned the villages of Almagik and Orikler, in the district of Losengrad. They beheaded 22 Bulgarians at Almagik in the presence of their families. Twelve thousand troops are assembled around Malkotonovi and are engaged in pillaging and burning the villages.

The population everywhere is fleeing to the forests and mountains. All the Turkish population in the district of Losengrad has received arms. Even the boys have revolvers.

The Albanian soldiers, proceeding from Odrin to Losengrad, plundered the villages en route, robbed the churches and burned the village of Korakej. Another body of Albanians, going to Vasiliko, on the Black sea, was attacked by a rebel band and is reported to have suffered a loss of 100 men.

A band led by the insurgent chief at Amazoff was surrounded by Turkish troops at Kokusho. After six hours' fighting the insurgents cut their way through the soldiers by throwing bombs. The Turks lost 20 men.

The final arrangements for a revolutionary outbreak in eastern Macedonia have been completed, but for some inexplicable reason the rising hangs fire. The whole district is divided into six sections, the insurgents being under the following leaders: Gen. Zontcheff, Col. Kankoff, Capt. Jordan Stoyanoff and Lieuts. Stoyantcheff, Darvangoff and Atamsoff.

The correspondent of the Times at Sofia says: "It would be very inadvisable for the powers to address admonitions to Bulgaria at the present moment because it would strengthen, on the eve of the elections, the hands of the opposition party which is trying to foment a bellicose agitation in order to overthrow the present government. The infliction of a needless humiliation upon the government, which is endeavoring to convince the nation of the folly of an adventurous policy would be merely playing into the hands of the war party."

The Daily Mail's correspondent at Sofia in a dispatch dated Sept. 9, sends an interview he had with Tartarsheff, the chief of the revolutionary committee, in which the latter represented that there will be a strong probability of Servia throwing in her lot with Bulgaria against Turkey, and that the question of war or no war depended mainly on Servia.

Tartarscheff declined to commit himself to details, but admitted that negotiations were proceeding between his committee and Servia, and also that the Servian premier lately sent scouts to join the revolutionists in Bulgaria in order to report the latter's progress. Capt. Sarafoff, brother of the revolutionary chief, who was also present at the interview, went further than Tartarscheff and alleged that it was weeks ago agreed that at the slightest provocation the Servian forces should invade old Servia and occupy Uskub. It was hintetd that Montenegro would also be heard from in Albania and that Turkey would thus be compelled to divide her forces, thereby much reducing her chances of victory.

The Times publishes a long dispatch from Monastir, dated Sept. 5, in which as the result of his own observations and those of reliable witnesses, the correspondent confirms the descriptions of the Turkish extermination of the Christian population in the vilayet of Monastir, which he avers is being carried out whole-heartedly and indiscriminately by regulars and Bashi-Bazouks, between whom there is little to choose, and whose doings, it is evident, are directly sanctioned by the sultan.

The bishops of Durham, Worcester, Hereford and Gibralter, all publish letters in the Times protesting against the Turkish atrocities in Macedonia and urging the government to intervene to prevent an indelible stain resting on a Christian country for permittig such cruelties.

FEAR THE MAFIA.

Witnesses Dare Not Give Evidence Against Society.

Scranton, Pa., Sept. 13.—When Mose Zagari and Conoiro, alleged Mafia agents, charged with squeezing money out of the miners for New York Mafia headquarters, were arraigned this morning before Mayor O'Neil, not one of the miners' committee appeared against them. Conoiro was let go, but Mayor O'Neil sent Mose Zagari to jail to answer at court for obtaining money under false pretenses, hoping in the meantime to get a brace of the complainants to compel them to give testimony.

The Carbondale police have hunted for several members of the committee which made complaint that Zagari and Conoiro were squeezing money out of the Italian miners, but as yet have been unable to locate a single one of them. It is thought they were visited during the night and induced to leave town until the scare subsided.

Train Robbers Detained.

San Francisco, Sept. 13.—W. H. Dougherty, C. A. Rutherford and C. B. Graves, alleged to be three of a gang of four who for the past 10 months have systematically robbed Southern Pacific freight trains running between this city and Salinas, have been placed under detention, waiting the filing of charges of grand larceny. Since last October, the time at which their operations are alleged to have begun, it is claimed that they have stolen from box cars goods the aggregate value of which would reach well into four figures. Rutherford is a brakeman and Graves a marine fireman.

RELIEF FOR KANSAS CITY.

Committee Reports that it Distributed $75,000.

Kansas City, Mo., Sept. 13.—The joint flood relief committee of the two Kansas Cities has practically completed its work. It has distributed $75,000, mostly in cash, to the people of Armourdale, and in doing so has helped 4,000 families. The Kansas City relief committee has about $15,000 yet in its treasury, which is being held for the relief of destitute cases this winter. The Kansas City, Kan., committee has $4,500 for the same purpose. Argentine, Kan., is still without a bridge or street car connection with Kansas City. There is street car service to Armourdale, but the cars do not cross the Kansas river to the Wyandotte section of Kansas City, Kan. A foot bridge is in use. The first of the permanent bridges across the Kansas river will be completed about Jan. 1.

FIFTEENTH AMENDMENT.

Senator Carmack Will Introduce A Bill to Repeal It.

Memphis, Tenn., Sept. 13.—The Commercial Appeal tomorrow will publish an article on the race problem, of which the following is a part:

"In the next Congress Senator E. F. Carmack of Tennessee will introduce a bill in the senate for the repeal of the fifteenth amendment of the federal Constitution, the intent of which being that there be no discrimination against a citizen of the United States on account of race, color or previous condition of servitude.

"In a word, Senator Carmack would contribute toward a permanent solution of the vexatious negro question, as it is presented to the southern states, by eliminating the enfranchised negroes as a political factor. This effort of the senator will be supported by every southern representative in Congress, and not a few members in other sections of the Union."

Miners Must Resume Work.

Kansas City, Mo, Sept. 13.—The Novinger miners must resume work pending a discussion of the wage scale between the miners and the operators. A convention of district 25 held here so decided, and a committee of Novinger miners and scale men is now on the way to tell the miners this fact. As the latter in their meeting on Friday agreed to abide by the convention's decision, it now looks as if they must resume work without further parley or be ousted out of the union.

It is expected that the scale committee and the committee of operators will begin their joint session some time tomorrow.

President Mitchell hopes that this work will be completed this week. Both he and the convention will remain until it is completed, for the convention must indorse it before it is final. The fact that nearly 100 delegates are here will have a tendency to expedite matters on the part of the miners at least. The miners' scale committee and the operators' committee will met tomorrow morning.

MASSACRED BY SULTAN'S ORDERS.

Bulgarians in District of Okhrida and Leven Are Slaughtered By the Albanians.

FURTHER MASSACRES FEARED.

Soldiers Slew Men, Women and Children, Displaying a Barbarism Never Before Witnessed.

Sofia, Sept. 12.—Courier dispatches received here by the Autonomie say the Albnaians, acting under direct orders from the sultan, have been engaged in a general massacre of Bulgarians in the districts of Okhrida and Leren.

The council of ministers is said to have decided to mobilize the First and Second army divisions, whose headquarters are at Sofia and Philippopolis.

Alarming rumors are current of further whoesale massacres of Bulgarians in the vilayet of Monastir. One report says that 6,000 persons have been slaughtered in the district of Leren alone, which is purely Bulgarian.

Other reports affirm that the Turks have burned the Christian quarters in three towns, Florma, Okhilda and Resen.

Fearful descriptions are given of the sights seen in Lesen district, the soldiers slaughtering men, women and children in every direction displaying a barbarism never before witnessed. The number of killed is not stated in the courier's dispatch, but according to reports from other sources the total number of the victims will reach 6,000.

The Turkish government is believed to have at the present moment no less than 60,000 soldiers in the vilayet of Arianople, large bodies of them within 10 to 15 kilometers of the Bulgarian frontier. Confronted with such a situation, it is argued, that Bulgaria would be amply justified in mobilizing the First and Second army divisions, the headquarters of which are at Sofia and Phillippopolis, and which comprise the forces nearest the Turkish frontier.

The government appears to be firmly resolved to avoid giving Turkey the slightest pretext for declaring hostilities, and is doing its utmost to restrain the war fever. Sofia and the country generally are outwardly as calm as in the most peaceful times but the Bulgarians say this calm is more to be feared than at any other time.

An engagement is reported to have occurred between a force of insurgents and Turkish troops at Suipindol in which not a single revolutionary was killed, while the Turks lost heavily.

Telegrams from Burgas say the Bulgarian population is fast disappearing from the district of Losengrad and that everyone unable to escape to the Bulgarian frontier is killed.

Five hundred fugitives who have arrived at Burgas from Tekengea report that two men, one 100 years old and the other 85, were impaled by the Turks. The war office here is greatly concerned over the increasing number of deserters who go to join the insurgents.
