

COUNCILMEN SIT IN QUIET PEACE

Last Night's Session of Lawmakers Uneventful and Unusually Dull.

BLACK INDULGES IN A JOKE

He Solemnly Lets the City Pay Two Men for One Job Until After Election.

Nothing of a spectacular nature developed in last night's session of the city council, Messrs. Fernstrom and Stewart failing to put in an appearance to take part in the proceedings. A great deal of routine business was attended to, however, the report of the engineering committee, recommending the parking and paving with refined asphalt of Seventh East and Fourth East streets from South Temple to Third South street, being one of the projects for improvement adopted, work on the paving and parking will be commenced at once. The parking will be 24 feet wide in the center of the street, and the paving portions on each side will be also 24 feet in width. The petition of W. F. James and others that the Utah Light & Railway company be compelled to set the new trolley poles on the north side of East First South street next to the curb, instead of inside of the curb, was referred back to the committees on engineering and streets. Reports for these committees were handed in on the matter, the engineering committee's recommendation that the petition be denied, and the streets committee recommendation that it be granted, being signed by only three members in each instance. This ties the report from both committees, and as Mr. Stewart, who is a member of the engineering committee, was not present, the reports went back to the committees for another week.

TANGLE FOR TYLER.
Another matter which went over for a week was the recommendation of the police committee that the acceptance by the chief of police of the resignation of Patrolman J. T. Tyler be concurred in. The appointment by Chief Pitt of Harold R. McMartin to fill the vacancy caused by Tyler's resignation, however, was confirmed. The request that the resignation of Tyler go over was made by Mr. Black, and notwithstanding that Mr. Tyler was still an officer on the police force, as far as the acceptance of his resignation was concerned, and is still doubtless drawing his salary as such officer, the appointment of Mr. McMartin to fill his position, with his name also on the city payroll for the same work for which Tyler is being paid, was confirmed by the council.

There is a suspicion that Mr. Black was "playing horse" with the council when he asked for the resignation of Tyler to go over for another week. Mr. Black is in the habit of appearing very serious sometimes when he is in reality "choking full" of mirth. And the fact that they were authorizing two men to receive pay for one man's job, until probably after election, perhaps did not occur to the majority of the council sitting in solemn assembly last evening.

Officer Tyler, it will be remembered, was found one recent Sunday evening within the precincts of a saloon, which was supposed to be tightly lidded down upon the Sabbath. The officer, it is alleged, disregarding his obligation as a preserver of law and order, not only failed in his sworn duty to close said saloon on the Sunday, but according to the best evidence obtainable in relation to the case actually exhibited indications of having imbibed heavily of the draft that inebriates at the fount of that self same saloon. Upon being confronted with his Sabbath evening sins, Tyler, it is said, was very penitent, and the same was carried up to the council with the proceedings had in regard thereto last evening as chronicled above.

Far be it from any good citizen to impugn the motives of the august city council, or to deny Mr. Black the enjoyment of his "little joke." But the question which the taxpayers ask themselves is, are Mr. Tyler and Mr. McMartin both receiving pay for one man's work, until after election?

ROUTINE BUSINESS.
The council passed a number of improvement estimates, as follows: Third and fourth partial estimates paving extension 34, in favor of P. J. Moran, \$27,229.73; second, third and fourth partial estimates on sewer extension 186, in favor of Davis & Heuser, \$32,732.38.

The petition of Edward Hunter for the subdivision of lots 8 and 9, block 25, five-acre plat A, the streets to be dedicated to the city, was granted.

W. J. McKenzie, whose saloon at 33 Commercial street, was closed by the council, was granted a refund of \$22.50 for the unexpired 16 days of his license.

The council authorized the transfer of Lester Moreton, son of City Recorder J. B. Moreton, from the civil to the criminal division of the city court to fill a vacancy, and the appointment of Devereaux Wilson to fill Moreton's place in the civil division.

Fire Chief W. H. Glor's appointment of Otto Smith and E. T. Silver as firemen was also approved.

salaries and rentals and other expenses of the fire department for \$10,291.86 was allowed.

The request from Jake Raleigh for a telephone in his house, to call his assistants, was granted, as was also the request of the city engineer that his department be allowed two additional phones. The fire department will receive four of the new phones to be supplied the city under the new ordinance regulating telephone companies, which includes the furnishing of 50 instruments to the city free of cost.

The Salisbury company's request for a refund of \$81 for sidewalk constructed by the contractor after the building firm had ordered the work not done, agreeing to do it itself, was referred to the city attorney to determine if the refund is legal.

W. S. Henderson's petition for a 12 inch water main on the west side of Fifth East street, between Second and Third South, was granted.

A resolution raising the salary of F. L. Hansing, chief clerk in the health department from \$90 to \$100 per month, called for by Councilman O'Donnell, could not be found and consequently the matter went over.

HALL STILL AFTER ALFIE.
Councilman Hall presented a resolution, calling upon the city auditor to state when he will furnish the council with a statement of the city's finances for the first nine months of the present year, as required by a resolution passed a long time ago. Adopted.

The council adjourned until 7:30

o'clock next Monday evening after passing the regular batch of bills.

ANDREW SCHENCK.
President of the Germania Fire Insurance Co., recommends Chamberlain's Cough Remedy. I have used Chamberlain's Cough Remedy in my family for over a year, and can say that it has never failed to cure the most stubborn cough or cold. I can recommend it to any family as a sure and safe children's cough remedy.—Andrew Schenck, Ayton, Ont. This remedy is for sale by all druggists.

TWO MEN MEET LIKE FATE.

Laborers at Garfield Sustain Bad Injuries on Ore Train.

An accident very similar to the one that cost John Benardos his life Sunday morning at Garfield befell Frank Pete yesterday. The latter succeeded to the position made vacant by the former, and, like his predecessor, fell from the top of a freight car to be run over by another car. Benardos' leg was cut off below the knee and one arm was crushed, death resulting a few hours later. Pete's leg was all but severed just below the knee, and he had to be amputated. His chances for recovery are said to be favorable.

Pete is a Greek, as was Benardos, the former 39 years of age, the latter 28. Benardos was buried yesterday in Mt. Olivet cemetery, while Pete is being cared for at St. Mark's hospital.

Don't Forget to Register Tomorrow.

Tonight and tomorrow will be the last two chances to register for the coming presidential and local elections. There are a number of tardy ones of both sexes who have so far neglected to see that their names are properly entered on the registration books. EXTERNAL REMEDY FOR ECZEMA

Why Salves Fail While a Simple Liquid Has Accomplished Thousand of Cures.

It is now thoroughly established among the best medical authorities that eczema is purely a skin disease, due to a germ and curable only through the skin. It is not a blood disease at all; in fact, thousands of people suffer with skin disease and are perfectly healthy otherwise, and therefore prove they have no diseased blood.

Smeary salves cannot reach the germs because they do not penetrate the skin. The only way to reach the germs is by means of a penetrating liquid.

Such a liquid can be obtained by simply mixing ordinary oil of wintergreen with thymol, glycerine and other healing agents. This compound known as D. D. D. Prescription stops the itch instantly—and the cures all appear to be permanent. In fact, it took thousands of cures, case after case, before the best scientific authorities were convinced of the absolute merit of this remedy. The effect of D. D. D. Prescription in numbing the itching eczema is seen within one minute after the first application. We especially recommend D. D. D. Soap in connection with this treatment.
