Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a **radical change** in the system The process, in some cases, may not be quite so rapid as in others; but, with persistence, **the result is certain.** Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.,) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. THE PATENT

Wire Gauze Oven Door

IS THE LATEST IMPROVEMENT ON THE

It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will

Revolutionize the Present Methods of Cooking

ITS THEORY

Is that all Food Bakerd or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door herctofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.

Through this Gauze Door the air freely circulates, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and actually cooked with less consumption of fue than in an oven with a closed door.

It makes an enormous saving in the weight of meat.

It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT.

MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judement is that the oven of the Range, as compared with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a richer flavor, and a larger proportion of its best juices. I find, also the consumption of fuel in this Range is much less than any other for same work.

Labors of a Missionary in that Field.

METZ, Marion County, W. Va., October 22, 1888.

Editor Deseret News:

I have spent the summer months traveling through the branches scattered for a hundred miles up and down the Monongahela and Ohio rivers, above and below Pittsburgh. Laboring in these parts is necessarily confined mostly to the circle of the Saints, as all curiosity has died out, and most public houses are locked against us. During the season many of the Saints have migrated to Zion, and most of the remaining ones are struggling valiently with the hard times to the same end. Not that wages are so oppressively low, but much time and means are unavoidably spent in the labor unions to keep these wages where they are.

Among these Saints are many skilled workmen, such as potters, glass-blowers and pressers, carpenters, miners, etc., all of which trades demand good wages. And yet the productions are very cheap as compared with Utah prices. Common glass tumblers are 25c. per dozen; plain lamp chimneys 4c. apiece, and over fifty per cent. of that represents tariff. How much protection does Utah want to enable her to start this industry? If I am not misinformed, she has every facility, every ingredient within her own borders, except, perhaps, the quality of clay necessary for the pot furnaces, and even Pittsburg has to import that from Germany or Missouri. I was in East Liverpool, Ohio, a short time ago, the second town in the United States in the extent of the pottery business, and in that commodity noticed the same disparity of prices as compared with Salt Lake. I was shown some specimens wrought from Utah clay; indicating its utility in the hands of the potter. And the query involuntarily arises, why do not these industries flourish in our own Territory, that our emigrating Saints might obtain labor in Zion? Why deplete our own country of money to feed railroad monopolies, and furnish this country the employment we so much need in our own community?

Does some one answer, "We are lacking the capital?" Well, fortunately we are lacking it in that monopolistic aggressive form which germinates and propagates labor troubles; but we are not lacking it in that well distributed form which encourages co-operation and a general interest in the welfare of the whole community.

Politics in this country is running very high just now. Pure, undiluted religion is tasteless or unpalatable to the perverted public appetite.

Yours respectfully,
HEBER BENNION.

CONFERENCE IN THE PALMETTO STATE.

EZELL, Spartanburg Co., S. C., October 26, 1888.

On Saturday and Sunday, October 20 and 21, the regular annual conference of South Carolina convened in a comfortable arbor on the premises of Brother Henry Sarratt, in Spartanburg County.

The pleasant weather which prevailed during our time of reunion enabled Saints and friends to come from different parts of the conference, who, with the Elders had a pleasant and instructive time together. Those present from Utah and Idaho were, President Wm. Spry, traveling Elders Hyrum T. Humphreys, Wm. A. Redd, John E. Wilcox, Jos. H. Johnson, Newman H. Barker, Ole P. Jensen, Amasa L. Clark, Lehi W. Jones, Geo. E. Burgess, and Henry Fair.

Elders Lehi W. Jones and John E. Wilcox spoke, each treating upon some of the first principles of the Gospel, after which President William Spry occupied some time, showing that we are free agents.

President Humphreys gave notice of adjournment until 2 p.m. Benediction by Elder J. E. Wilcox.

2 p.m. Singing. Prayer by President William Spry. Singing.

Elder Newman H. Barker spoke, referring to the sacrifices made for us by our Savior.

Elders Joseph H. Johnson, Wm. A. Redd and Henry Fairbanks addressed the conference in turn, when conference adjourned until Sunday, at 10 a.m. Benediction by Elder A. L. Clark.

Sunday, Oct. 21, 10 a.m.

President Humphreys called the assembly to order, the number present far exceeding that of the previous day. Singing, prayer by Elder Wm. A. Redd. Singing.

Elders O. P. Jensen, Geo. E. Burgess and President Wm. Spry addressed the meeting upon the various principles of the Gospel.

Singing. Benediction by President M. T. Humphreys.

2 p.m.—Singing. Prayer by Elder G. E. Burgess.

Elder A. L. Clark and Presidents Humphreys and Spry occupied the time of the meeting. President Humphreys thanked those who had extended a hospitality to those who were attending the conference.

Singing, and closing prayer by O. P. Jensen.

Throughout the conference a good spirit prevailed, there being nothing to harm or molest.

During each day of conference council meetings were held in the woods at which the Elders received most invaluable counsel and instruction, which cause them to renew their labors with energy and zeal.

The Elders are enjoying splendid health with the exception of President Humphreys who has been in poor health for several months. He left his home in the early part of 1887 and has had such a desire to pursue his labors in the missionary field that he has failed to make his condition known to President Spry, but during conference he was released to return home and Elder Wm. A. Redd appointed to succeed him in presiding over the conference.

The conference is in a fairly prosperous condition. The Elders are making preparations to leave for their appointed fields of labor, four of whom will travel two by two, in search of new fields, where the conflicting creeds have grown, thus far, unmolested.

AMASA L. CLARK,
Clerk of Conference.

Tooele Stake Conference.

A quarterly Stake conference was held in Tooele City on Sunday and Monday, the 28th and 29th of Oct., 1888.

On Sunday morning at 10 o'clock our spacious meeting-house was filled to it capacity, when President Gowans called the conference to order. Present on the stand were Apostle H. J. Grant, the Presidency and a number of the Bishops and leading men of the Stake.

After the usual opening exercises, President Gowans reported the Stake in general as progressing very favorably; could note an increase in faith and good works.

Bishop Wm. G. Collett, Elder John A. Vance, Counselor T. W. Lee, and Apostle Grant were the speakers during Sunday, and on Monday, the 29th, the statistical report for the past six months was read by the clerk, and the general authorities of the Church, and the local officers and organizations of the Stake were presented by President Gowans and all unanimously sustained. Counselor Anderson and Apostle Grant occupied the remaining portion of time for the morning service.

In the afternoon Elder Walter Adamson, John C. Delsmars, A. J. McCulloch and Apostle Grant entertained the vast assembly. The remarks of the brethren throughout were replete with good instruction, bearing on a variety of subjects.

Professor John Bowen and choir are deserving of great credit for the able part they took in furnishing us good music and singing for the occasion.

BRIGHT'S DISEASE.

The following statement from Mrs. Emeline P. Misner of Burg Hill, Ohio, will be of great interest to those who suffer from Bright's Disease or Gravel. We have learned that I would appraise you of the deep sense of obligation which I feel. There is nothing which I now enjoy that I do not owe to the happy chance of having used Dr. David Kennedy's Favorite Remedy at a time when I was suffering all that a human being could endure. My troubles began in my Kidneys over nine years ago and from which

I Never Expected to Recover.

I was compelled to use a cane when I walked and I finally got so weak that I could not stand alone. In a few months my physician said I had Bright's disease, which was indeed alarming information. To add to my affliction after I had been ill about two years, I had a bad attack of Gravel. Six years ago, last June, how well I remember the day, I saw Dr. David Kennedy's Favorite Remedy of Rondout, N. Y., advertised in our paper. After using one bottle I threw away my cane and went to New York on a visit, and three bottles cured me, this was six years ago. I have never had a return of gravel, nor of the pains or weakness in the back, and though I am over sixty years of age

I am Now Vigorous and Strong

as I was in my prime. I do all my own work, and rarely know what it is to be tired. I keep the medicine in the house and give it to my grandchildren, and recommend it whenever I can. What physicians and all of the many remedies I had taken could not do, Dr. Kennedy's Favorite Remedy did; it stayed the disease and made me a strong, vigorous woman.

Dr. D. Kennedy's Favorite Remedy

NOTICE OF REDEMPTION

Of Salt Lake City Bonds of 1880.

To whom it may concern:

IN PURSUANCE OF LAW AND BY virtue of authority vested in me by a resolution of the City Council of Salt Lake City, adopted October 30th, A. D. 1884, I, Francis Armstrong, Mayor of Salt Lake City, do hereby notify and inform all persons owning or holding any of the coupon bonds of Salt Lake City Corporation, bearing date of June 1st, 1880, Series B, numbered from 51 to 400 inclusive, of the denomination of $500 each, and drawing interest at the rate of seven per cent per annum, that each and all of said bonds have been called and required for redemption by the City Council of Salt Lake City, and that the principal thereof will be paid in full on or after the 1st day of December, A. D. 1888, upon presentation of said bonds at the Deseret National Bank, Salt Lake City, Utah Territory, and notice is hereby given to all persons interested that all interest upon said bonds will cease and determine and the coupons attached thereto (except coupon number 17, for interest for six months ending December 1st, 1888) will become void and of no value from and after said date.

Witness my hand and the corporate seal of said city this 30th day of October, A. D. 1888.

FRANCIS ARMSTRONG, Mayor.

Attest:
HEBER M. WELLS,
[SEAL] City Recorder.

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings.

Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS

There is no taint of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every housekeeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.
