TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "**scavengers of the system,**" producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

PARTICULARS OF THE ACCIDENTAL SHOOTING OF HUNTSMAN.

KING EXONERATED BY THE CORONER'S JURY AND RELATIVES OF DECEASED.

FILLMORE, MILLARD CO., U. T. Jan. 10th, 1885.

Editor Deseret News:

In justice to all parties concerned, and to prevent any misunderstanding, the following facts are submitted concerning the dreadful accident which deprived one of our young men, brother Joseph Alonzo Huntsman, of his life:

Early on Wednesday last, the 7th inst, six young men, viz Joseph Alonzo Huntsman, D. P. Callister, Wesly W. Dame, Chas. Mace, W. H. King and J. Hawley, with team, proceeded to the Cedar Mountain, to shoot rabbits. They had been out several hours, and considering it time to return, were all in the wagon except W.W. Dame (who had taken passage in another team) and were driving towards home when a rabbit was observed some little distance away to the left of the wagon. Brother J. A. Huntsman exclaimed, "shoot it!" Whereupon brother W. H. King and Jacob Hawley, who occupied the rear seat, arose to their feet and raised their guns to fire. Upon rising brother W. H. King said, "I will shoot." Simultaniously with the firing of the guns by the aforesaid, brother Huntsman, the deceased, raised to the level of the guns, inclining his body to the left, and the charge from the gun held by W. H. King struck the side of his head near to the centre blowing off a portion of the skull and leaving the brain exposed. Fragments of the scalp was subsequently found as far as two yards from the place where the accident happened.

This move on the part of J. A. Huntsman was unexpected, from the fact that he and another or two, having rifles, were to shoot such game as should be too far for the shot gunners and none other, such arrangements having been thoroughly understood.

The accident occurred early in the afternoon, and two hours later the unfortunate young man was brought home to his grief-stricken family unconscious, yet not quite dead. Hopes were entertained by some that his life might yet be saved; accordingly Dr. Pike, of Provo, was telegraphed to immediately, who took the evening train for Juab, and was there met by team and conveyed to Scipio, where horses were changed, and at midnight continued his journey. Arriving at Holden, he was met by a dispatch to the effect that his services were not needed, as the young man had died at 8.30 p.m.

As soon after life had become extinct as a jury could be empannelled, a coroner's inquest was held over the remains, and following is a transcript of the

VERDICT OF THE JURY.

We the jury empanelled and sworn, examined into the cause of the death of Joseph Alonzo Huntsman, before us there lying dead, do find and present, that the deceased came to his death by the accidental discharge of a gun, in the hands of William H. King, on January 7th, 1885, in the county of Millard, Territory of Utah, and furthermore we find that no censure or blame is attached to the aforesaid Wm. H. King.

Attest:

J. GREENWOOD,
Ex-Officio Coroner
Justice of Peace.

On Friday, at 12:30, the funeral services were held in the Fillmore Meeting House, the room being packed to its utmost capacity. Several Elders made remarks calculated to enlarge the heart, lift up the drooping spirits and comfort with hope the sorrowing relatives and friends. Previous to the funeral the wife, parents, brothers, sisters, and other relatives had signed the following resolutions, which were read by Bishop Smith to the meeting and adopted by unanimous vote:

RESOLUTIONS OF EXONERATION OF BROTHER W. H. KING.

FILLMORE, Jan. 9th, 1885.

Whereas, our much respected brother and esteemed friend, W. H. King, was the one whose hands held the fated gun, the discharge of which deprived our dearly beloved husband, brother and son, Joseph Alonzo Huntsman of his life; and

Whereas we appreciate the deep sorrow and constant regret occasioned the said Brother W. H. King, because of the said unfortunate accident: Therefore, we the undersigned upon this public occasion wish to offer the following:

Resolved, That Brother W. H. King is entirely and indisputably blameless in this most unfortunate affair.

Such being the case we continue to extend to him the same feelings of respect and friendship we have heretofore entertained towards him, and in our bereavement do not forget to extend to him our heartfelt sympathy at the deep distress occasioned him by this sad accident.

ELIA HUNTSMAN, wife.
GABRIEL HUNTSMAN, father.
EUNIS EMMA HUNTSMAN, Mother.
GABRIEL R. HUNTSMAN, brother.
ORSON H. HUNTSMAN, brother.
EUNIS M. HUNTSMAN, sister.
HEBER HUNTSMAN, brother.
LAFAYETTE HUNTSMAN, brother.
EDA HUNTSMAN, sister.
CHANDLER HOLBROOK, grandfather.
EUNIS HOLBROOK, grandmother.
O. C. HOLBROOK, uncle.
J. H. HOLBROOK, uncle.
L. HOLBROOK, uncle.
MRS. M. W. RAY, mother-in-law.
W. A. RAY, brother-in-law.
JOS. E. RAY, brother-in-law.

A large concourse of people in 26 vehicles followed the remains to the grave, and amid the tears and sobs of many people the last sad rites were performed which consigned a good young man to his last resting place.

Brother Joseph Alonzo Huntsman was born January 14th, 1862, in Fillmore, Utah. He was the third son of Gabriel and Eunis Huntsman. After attaining his majority he seemed desirous of informing himself morally and intellectually, and latterly was studying with a view to becoming a useful member of society. He frequently expressed a wish that he might soon be called on a mission, as by such labors his qualifications for usefulness might be increased. He was a kind and tender husband, and possessed many qualities of heart and brain that endeared him to hosts of friends.

Besides a large circle of immediate relatives, Brother Huntsman left a wife of tender years and delicate health to mourn his loss. It is to be hoped that He who is a husband to the widow and a Father to the fatherless will pour the balm of healing into her wounded and bleeding heart.

It is but just and proper in concluding this article to set forth the generous, prompt and noble parts enacted by men of all classes and conditions, irrespective of party, sect or creed, during the terrible hours of trial which disqualified the family of the deceased from acting in their own behalf. Telegrams were sent and teams promptly forwarded for the physician, and driven too, without regard to horseflesh; and our riders flew like the wind to other settlements north, to arrange for proper changes of horses to convey the physician with all speed to the scene of trouble. Funeral arrangements in all their details were also thoughtfully considered, planned and carried into effect. In short, all things were done that good earnest thoughtful men and women could devise to all eviate the sorrow of the living and lovingly put to rest the dead.

Respectfully,

NEPHI PRATT,
CHR. ANDERSON.

MISSIONARY WORK IN IRELAND.

Brother Joseph McMurrin, of the 8th Ward, has kindly permitted us to make the following extracts from a letter just received from his son James L. It is dated Belfast, Ireland, Dec. 22nd, 1884:

"You will, no doubt, have learned ere this that I have been released from laboring in your native land, and appointed to labor in Ireland, in which land the Gospel is once more being proclaimed by the servants of God. For a number of years the inhabitants of this "land of the shamrock" have never heard the sound of the principles of divine truth, but the time appears to have arrived when our Heavenly Father has decreed once more to pour out the glorious light of truth among its honest seekers of this far distant land, previous to the coming of his judgments.

The efforts which are being made in the direction of leading some of the misguided but truly sincere worshippers of this section of country from the gross darkness in which they are wandering, to the great and marvelous light, so copiously diffused in these latter days, are causing his Satanic majesty to howl and marshal his forces in opposition to the Lord of hosts. Notwithstanding the determined stand he has taken, however, some have joyfully received the proclamation of the Lord, and a flourishing branch of about 50 members has been organized since last May. The preaching of the gospel heretofore, since the opening of the Irish mission, has been confined almost exclusively to Belfast, and it is here that the branch has been established; but, from all reports there seems to be bright prospects in other places in this region, as new fields are opening in various directions, and we are living in hopes of doing a good work when the season for outdoor preaching arrives.

I did not think when I left my mountain home that I would ever set foot on Irish soil; nor did it ever enter my head that the day would come when I would ride on an "Irish jaunting car," and in all probability meet with the gentleman whose name I have often repeated while engaged in singing

I am an Irish boy,
From Dublin town I came,
I drive an Irish jaunting car,
Pat Murphy is my name.

But such is the case at present, I am surrounded on all sides by these peculiar Irish vehicles, called jaunting cars, and it is not unlikely that some of their proprietors bear the renowned cognomen connected with the song.

I have been in this new field two weeks, and am just beginning to get acquainted with the people of Belfast. Yesterday I held three meetings in this city, and had an enjoyable time with the Saints. To-night I got to another neighborhood for the purpose of expounding, in company with Elders Greenwell and Marshall, the principles of truth in our humble way. The Saints in this vicinity are like those among whom I was traveling in Scotland, very warm hearted people, and earnest, energetic laborers in the work of the Lord. The time is fast approaching when a large conference will gladden the hearts of the faithful workers in this part of the mission. I firmly believe that the Lord is working with the people, and the seed now sown, like bread cast upon the water, will be seen after many days.

I was told a great many stories about the Irish people before leaving Scotland, as to their manner of living and narrowness of mind in religion; but thus far I have seen nothing to substantiate the statements made. My food has been better during the past two weeks than at any other time during my mission, and the people with whom I have come in contact are just about as rational as any I have met. There is one sure thing, when you gain the confidence and friendship of one, you have a friend on whom you can rely and who will stay with you, come what may, through thick and thin. I feel to rejoice in my new field, and am thankful for the privilege of prosecuting my labors among so worthy a class as those by whom I am surrounded; and my prayer is that I may prove faithful to the trust reposed in me and do my utmost to clear my garments from the blood of all men."

Editor Deseret News:

The weather is mild; thermometer above freezing point; snow not more than one foot on an average. Snow has fallen, however, to a considerable depth in the vicinity of the saw and shingle mills, 10 miles west of here; but a good sled road is now broke through to the mills.

The most objectionable obstacle now before the people seems to be the test oath, passed in the Idaho Legislature, whose anti-"Mormon" proclivities are evidently not under the restraint of the Constitution, reason or consistency.

DANGEROUS SUBSTITUTES FOR HORSFORD'S ACID PHOSPHATE

Several inferior and dangerous "substitutes" for the genuine "Horsford's Acid Phosphate" are being offered for sale; and we hereby caution the dealers and public against buying or using them, as they will not produce the same effect upon the system as the genuine "Horsford's," and the ingredients in some of them are dangerous to health.

Some of these "substitutes" or imitations simply dilute Phosphoric Acid, which corresponds with the digestion; while the genuine "Horsford's" not only causes no trouble with the digestive organs, but materially assists in their action.

One preparation that is being offered for sale by the gallon, contains Meta or Pyro-phosphoric Acid, which are declared by the highest authority to be **poisonous.** The other preparation also contains Chloric Acid, which is a compound of Chlorine. Horsford's" contains neither of these ingredients.

These "substitutes" are liable to be found at soda fountains, because of their cheapness.

CALL for "HORSFORD'S," and TAKE NO OTHER. NEVER SOLD IN BULK.

THE LIVER AND ITS FUNCTIONS.

IT has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in this removal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With Impure blood the whole system becomes affected, and no organ can properly perform its function unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important, and when one has the feeling of being continually tired, worn out, is constipated, with tendency to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Skin, etc., they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore it to its original Strength and Vigor. For all cases of this kind there is no remedy in the world that equals

DR. R. F. SHERMAN'S PRICKLY ASH BITTERS.

The result of years of study, experiment and medical research and practice of Dr. R. F. SHERMAN, its originator, and, its success wherever used is entirely contemporaneous for its merit. Drastic Purgatives and that class of remedies often have but one effect—that is by their violent action to derange and weaken the system.

PricklyAsh Bitters acts directly on the Liver, Kidneys, Stomach, & Bowels, in a mild yet effectual manner, and is as pleasant to the taste as sarsaparilla, and is as safe for children as adults.

PRICKLY ASH BITTERS is a medicine of rare merit, and not an intoxicating beverage, and being purely vegetable in its composite can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the organs mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.
