

THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Outing at Wandamere.—The officers and teachers of the Liberty state Religion classes had their annual outing at Wandamere yesterday. A good attendance from the various wards was present, and a program of races, etc., was held during the afternoon.

Forestry Chief Coming.—Clyde Lewis, chief of the organization office of the forest service, will be here next week, to confer with local officials with reference to establishing in Salt Lake the offices that are to be removed west from Washington.

Many Eagles in Town.—There are many eagles in town today from Los Angeles over the Salt Lake route, having wandered down the coast from Seattle to southern California, whence they are returning east from attendance on the Seattle convention.

Albert Miller Wanted.—A letter received at the president's office this morning from A. C. Wagley, Corley, W. Va., advised that a young man named Albert Miller, believed to be in this city, he located and advised that his mother is very ill and his presence is desired at the old home.

Home on a Vacation.—J. Lloyd Woodruff returned Sunday from Philadelphia where he has been doing special work in the laboratories of the Jefferson Medical college hospital during the summer months. Mrs. Woodruff and children who accompanied him in the season came up from Edgewood farm to meet Mr. Woodruff, who expects to remain about a month before returning east to enter his senior year.

Sugar Men in Conference.—The superintendents and heads men of the six factories of the Utah-Idaho Sugar Co. were in session at the company's office yesterday, receiving instructions from General Manager Cutler, and exchanging views on the coming campaign. Mr. Cutler states that the reports from the beet fields, which will feed all six of the factories, are most promising. He has just returned from a visit to Lehi, where he says he never saw the beet crop look so well in all his experience in the industry.

Zion's Savings Bank & Trust Co. Pays 4 per cent on deposits. JOSEPH F. SMITH, President. ANTHONY H. LUND, Vice-President. C. C. BEEBE, Cashier.

MANY VISITORS REGISTER.

Bureau of Information a Busy Place Where Tourists May Learn of Utah.

Between the time of opening of the bureau of information this morning and 12:30 o'clock, the names of 238 persons appeared upon the register, and it was the opinion of the attendants that scarcely more than one in 10 of the visitors to Temple block had registered. The ratio mentioned holds good on most days when tourist travel is unusually heavy, though at other times most sightseers avail themselves of the invitation extended to register name and address, with such comments in the "remarks" column as they deem fitting to make.

Said a gentleman today who is in no wise connected with the management of the bureau:

"The public fails to appreciate the vast amount of good done to this city and state by the bureau of information. A corps of able men and women are daily in attendance there, giving their time gratuitously in speaking well of everybody and everything connected with the community. No knocking is heard, but the resources of the commonwealth are advertised, the citizens of Utah are held up as the peers of any in the land, irrespective of class or creed, and almost invariably a favorable impression is made upon the tourist."

The class of literature distributed by the bureau, much of it given out free, is detrimental to no one, but beneficial to all who have any interests of the state at heart. Most visitors there go away with most kindly feelings for the reception accorded them, and oftentimes with preconceived notions and prejudices almost if not quite obliterated. To build up and not to tear down is the aim of the institution and that it is succeeding in the good work undertaken is evidenced by the hundreds of testimonials borne by visitors upon the grounds and by numerous letters that are sent here from the homes of tourists who have been entertained at the bureau.

WEBER FOR PROHIBITION.

Ninety Per Cent of the County's Population Sign Petitions.

In Weber county more than 90 per cent of the people are signing a local option petition being circulated by committees of the W. C. T. U., reports Mrs. E. E. Shepard, secretary of that organization. In every city and town so far visited most gratifying results are obtained. It is the purpose of the temperance people to carry petitions into every county of the state, to create interest indubitably to influence legislation for county option at the next session of the legislature.

COAL.

Everybody should lay in their winter's coal now. We are prepared to furnish you promptly. MARTIN COAL CO. Phone 520.

of the readers of the Semi-Weekly News are Farmers, Stockmen and Ranchers. Advertisers desiring to reach this class can find no paper in the West that will serve their needs so well.

WIVES TELL COURT OF THEIR TROUBLE

Galling Bonds of Matrimony Dissolved by Due Process of Law.

HUSBANDS ARE DEFENDANTS

Failure to Support, Cruelty, Desertion and Abusive Language Figure in Complaints of Mismatched Couples.

Telling the judge that her husband "was an awful good cook, but a mighty poor husband," Mrs. Elizabeth Kloss was granted a decree of divorce from Lewis Kloss, at the regular divorce matinee yesterday afternoon. The calendar was brief, and Judge Morse lost no time in applying the legal remedy where the need seemed to be imperative. Mrs. Kloss testified that since their marriage in September, 1907, Lewis had given her only one week's pay and she had been compelled to earn her own living by taking in washing. She was awarded a decree, \$20 per month alimony and \$50 attorneys fees.

DONNELLY CASE.

The case of Letitia Donnelly came next. She said her husband, W. H. Donnelly, was addicted to the habit of drinking and abusing her. In December last he choked her to that extent and abused her so that she could stand it no longer and left him. The Donnellys were married at Farmington, in February, 1907, and the woman claimed her husband had abused her nearly all the time since. There is one little girl, which the judge, in granting the divorce, gave to the custody of the mother.

TWO PETERSON BILLS.

Lena Peterson came into court with a cross complaint in the suit of her husband, James Peterson, for divorce from her. This couple was married at Mant, September 5, 1905, and the testimony went to show that they lived together only a short time and separated. They did the same several times, and finally James filed a suit for divorce 17 months ago. Nothing further was done in the matter until yesterday, when Lena came into court with a cross complaint, alleging failure to provide and desertion. The mother of Lena, Mrs. Alice Sorenson, told the court that she had supported her daughter with her own children, a boy and a girl. Judge Morse was convinced of the husband's neglect, and awarded a decree to the wife.

CHILDREN ADOPTED.

As soon as the divorce was granted, an application was filed by Mr. and Mrs. Ritchie Harkness to adopt the Peterson children. The mother gave her consent, and the papers were filed and the order of formal adoption was issued by Judge Morse.

POTTER CASE DISMISSED.

The case of Sarah J. Potter against W. D. Potter was set for hearing and dismissed on motion of plaintiff, and a new complaint filed. The complaint now charges Potter with failure to provide and desertion, as well as calling his wife vile and abusive names and using profane language. Mrs. Potter asks that she be given the custody of the children and that her maiden name of Sarah J. Griffiths be restored.

A sound mind in a sound body is the greatest blessing humanity can have; it insures success in life. Take Hollister's Rocky Mountain Balm. A sure remedy of success. 5 cents. Tea or Tablets.

EPIDEMIC OF PEDESTRIANISM.

Now R. Lindsey Will Try to Beat the Record by Proving About.

Following the lead of the wager walk made recently by Frank Raleigh from Salt Lake to Provo, and the later one over the same route by Jake Raleigh and W. E. Katz, another pedestrian, in the person of R. Lindsey, will undertake the same journey.

Frank Raleigh bet \$100 that he could walk to Provo in 20 hours, and he covered the distance in 14 1/2 hours. The wager made by Jake Raleigh was \$250 that he could do the stunt in a like number of hours, and he won with the same record made by his brother, Frank. Katz bet that he would walk to Provo in 15 hours, and he had 35 minutes to spare when he reached the Garden City.

The following agreement between C. M. Pallas and R. Lindsey was signed yesterday at Provo. Lindsey walked to this city, Aug. 28, 1908, by and between C. M. Pallas, party of the first part, and R. Lindsey, party of the second part, witnesseth:

That party of the first part agrees to give party of the second part \$100 in the event party of the second part walks to Provo in 15 hours, and the Brigham Young monument in Salt Lake City, Utah, to the Roberts hotel in Provo, Utah, in 13 hours from the time party of the second part leaves the said monument.

The party of the second part agrees to walk on the wagon road alone and to have no pacemakers.

The party of the second part agrees to walk to Provo in 15 hours, and the Brigham Young monument in Salt Lake City, Utah, to the Roberts hotel in Provo, Utah, in 13 hours from the time party of the second part leaves the said monument.

The above parties have agreed as to the above stipulations, and have signed the same and the hands and seals this 28th day of August, 1908.

C. M. FALLAS, R. LINDSEY.

BEGIN MONSTER DAM.

Engineers from this city will leave tomorrow morning for Fairview, where the Irrigated Lands company will resume immediately construction of the dam begun earlier in the year, which is to irrigate 20,000 acres and reclaim the same from aridity to cultivation. The engineers are M. S. Darrow and A. R. Kerstetter of this city, who will secure 175 men and 100 teams with which to begin work on the dam. The dam is 420 feet thick at the bottom, 520 feet long, and 100 feet high. This will make a body of water 25,000 acres in surface, at a total cost of \$250,000. The engineers say the dam will be completed by Oct. 15. There will be 26 miles of canal.

WHY MISSIONARIES GO EAST.

Actual Occurrence in Main Street Store Yesterday Afternoon.

Lady clerk behind the counter. Enter a middle aged lady from the east. Lady—Have you a picture of Amelia's Palace? Clerk—Yes, madam. Lady—Amelia was Brigham's favorite wife was she not? Clerk—Yes, madam. Lady—Does she live there still?

Clerk—No madam, she lives on West Temple I think.

Lady—How many wives had he? Clerk—I could not say exactly? Lady—I understand that all the men married their wives for that was they could not stand and smoke, while the wives did the work.

Clerk—You had better go to the Bureau of Information, where they could explain things more thoroughly to you.

Lady—Oh! but then they are Mormons over there, they will not tell you the truth.

Clerk—That is the purpose for which the bureau was opened.

Lady—But the Mormons are an ignorant and uneducated class of people.

Clerk—Not more so than other people are.

Lady—Good morning, I will try and find someone that will tell me the truth.

Time taken up 10 minutes—cards purchased 10 cents.

KILLED WHILE AT WORK.

Foreman Paulsen Advises Care for Others and Exposes Himself.

(Special to the "News.") Twin Falls, Ida., Aug. 28.—While superintending construction of the Salmon river dam, Foreman William Paulsen met with injuries that resulted in death a short time after the accident. The men were rolling boulders down the slope of the mountain, and upon advice of the foreman were using the utmost care as to their safety. Paulsen was not so solicitous in his own behalf, and met death by being knocked several hundred feet down the steep incline by a large rock, death ensuing before camp could be reached with the injured man.

Paulsen had been living in this vicinity for some time and formerly lived in Iowa. He was unmarried. A brother living at Estherville, Iowa, has been notified of the fatality, and word is hourly expected as to the disposition of the remains.

CARD OF THANKS.

S. E. Warburton and family desire to express their appreciation of the many acts of kindness to the friends who assisted in the care of Mrs. Margaret M. Warburton in her illness and for their sympathetic attention to her home at the time of her death and to those who showed their regard for the deceased in sending floral tokens to the funeral services.

UNIVERSITY OF UTAH.

Registration of students, September 11th and 12th; entrance examinations, September 9th and 10th; instruction begins September 14th.

The University includes the School of Arts and Sciences, the State Normal School, the State School of Mines, the Utah School of Medicine, a department of Law, and a Preparatory school.

The catalog which describes the various courses offered, requirements of admission, etc., is sent free by the UNIVERSITY OF UTAH, Salt Lake City.

LAW DEPARTMENT.

The Department of Law of the University of Utah offers two years of full law course, and in connection with the School of Arts and Sciences, a four year course in Arts and Sciences leading to the Bachelor's degree. The work done here is accepted by the best law schools in the United States.

Through special arrangements with judges and eminent attorneys, students enjoy unusual advantages.

The Catalog which describes the courses offered, requirements of admission, cost of tuition, etc., is sent free upon request.

UNIVERSITY OF UTAH.

Salt Lake City, Utah.

NOTICE.

"The Sugar City factory of the Utah-Idaho Sugar company, will be closed during the month of September. Men desiring positions during the campaign will make application at once, personally or by mail to Rud. Stock, superintendent."

DON'T SPEND SO MUCH WHILE MAKING THE START.

One man, who wanted to start a savings account, but did not want to start with less than \$100.00, says he spent only \$50.00 in three years while trying to get \$100.00 together. He couldn't keep the first \$50.00 until he got the second \$50.00.

He then changed his plan and opened an account with \$5.00. In two years he has saved about \$846.00. We invite you to open an account at this bank and save \$100 or more. Don't wait until you get \$100.00.

In any plan for saving, the element of persistency should not be lost sight of. It is the "overlastingly keeping at it" which counts—even if the amounts are small.

Savings deposited with this bank are assured, in addition to the regular 4 per cent compounded interest, the safety afforded by a strong and conservatively managed institution.

Savings deposited on or before the 10th of the month draw interest from the 1st day of that month.
