"STAR OF BETHLEHEM" AT THE TABERNACLE

Beautiful Cantata to be Rendered by Ogden's Famous Choir—Interpreted by Elder D. O. McKay.

OGDEN, Dec. 24.—Next Sunday afternoon at 2 o'clock in the tabernacle will be presented the beautiful Christmas cantata, "Star of Bethlehem," by the Ogden tabernacle choir, assisted by the following soloists: Mrs. Bessie Dean Allison, Miss Maud Bellap, Miss Bessie Blair, Mr. Walter L. Stephens, Mr. Caleb Marriott.

Elder David O. McKay will be the speaker and will present the Christmas thought contained in the cantata in four parts, preceding the singing of the solos and choruses by the choir and soloists.

The presentation of this cantata will take the place of the regular Sunday afternoon service and the public is invited to attend.

Prof. Joseph Ballantyne informs The News that it is one of the most beautiful cantatas ever given by the choir. It requires about 40 minutes in presentation and contains many gems for solo, organ and chorus.

It is a rare opportunity for the people of Ogden to hear this magnificent musical work sung by such a splendid choir and soloists and interpreted by a man of Elder McKay's ability. No doubt the tabernacle will be filled to overflowing. The services will begin promptly at 2 p. m.

"DOLLY DIMPLES" CASE.

OGDEN, Dec. 24.—The case of "Dolly Dimples" was resumed in the municipal court Thursday morning at 11 o'clock. Chief of Police T. E. Browning was called to the witness stand and asked by the defense how much money was found on the person of L. V. Curry, husband of "Dolly Dimples" when he was arrested in Los Angeles. As the chief knew the amount only by hearsay, he was dismissed. Mrs. Curry was then called and her testimony was an absolute denial of any knowledge of fraud and so far as she was concerned, the entire affair in Ogden was perfectly square. Mr. Curry was then called and he also emphatically denied all testimony given by Van Ness and Miss Musser on Wednesday. The case was continued at 3:30 p. m. and after further testimony from the defendants, was continued.

The hearing of the "Dolly Dimples" case was concluded before Judge Murphy this forenoon, when Fred Ricker, the outfit's business manager, and L. V. Curry, the husband of "Dolly Dimples," were held in \$500 bonds to answer to the district court for conspiracy to defraud and obtaining money under false pretenses. Mrs. Curry was given her liberty.

WOMAN HOOKED BY FAMILY COW AT CENTERVILLE

(Special Correspondence.)

CENTERVILLE, Davis Co., Utah, Dec. 23.—A very serious accident occurred here this morning, when a Mrs. Jacobson was very painfully hooked by the family cow.

Mr. and Mrs. Jacobson recently moved to this village and are living on the Kemp ranch, on the foot hills east of the town. Mrs. Jacobson had gone into Salt Lake City on business and Mrs. Jacobson was in the barn yard attending to the cow which she had often done, as it was the family cow and long considered safe and perfectly gentle, when suddenly the animal attacked her with terrible viciousness, running her into a corner of the yard, hooking and wounding the lady very seriously. Finally the animal ceased her assault and Mrs. Jacobson got out of the yard and managed somehow to get to a neighbor's house, and was taken to a physician who hurried home, accompanied by a physician. An awful gash in the body of the cow's leg was made with many other wounds in different parts of the body, and she is in a very precarious condition, probably recover unless internally injured or complications ensue.

DIXIE LANDSCAPE ADORNED WITH MANTLE OF SNOW

(Special Correspondence.)

ST. GEORGE, Dec. 21.—The Dixie landscape is covered with a mantle of snow. It began falling last evening and has continued most of the time since. At noon today the snow was between five and six inches deep on the level. The unusual snowfall excited the people and snowfalls have been flying in all directions during the day, even older people participating in the sport. A few people have been out with sleighs, but the snow is too soft for enjoyable sleighing. The last week has been very cold here; the water has been frozen up in the St. George and Cottonwood canal to such an extent that it was impossible at times to operate the power plant which furnishes light for the citizens and the streets.

The city has recently arranged to take over the power plant from the parties who installed it.

A committee of the Commercial club has recently been at work canvassing the vicinity for subscriptions for an automobile road to give this city connection with the railroad at Acroma. It is reported that sufficient funds will be available for the purpose, and better transportation facilities may be looked for in the near future.

Work on the academy building is progressing slowly under the direction of Hon. Thomas H. Cottam, who has been placed in charge of the work. It is expected that all the people in the stake will assist liberally in its erection.

The commission which is taking evidence in the Indian war of early days is now in session here. A large number of the grizzled veterans who per-

(Special Correspondence.)

The attention of the traffic managers was called to the fact that sheep and other kinds of livestock are now suffering for food, the ranges being completely covered with snow, and have been since Nov. 25 when a heavy fall of snow visited all parts of the state. This storm was followed by others in rapid succession the livestock had no chance to get down to grass, and as the snow was piled high everywhere owners in some instances have been unable to haul hay to the range. Others had no hay to haul, and rush orders were sent to Nebraska and surrounding states for hay and corn, and it is this feed that the Wyoming Wool Growers' association would have the railroads hurry to destination with all possible haste in order that, should the present severe weather continue, some of the flocks may be saved.

It is expected the railroads will cooperate in every way possible in the effort to save the flocks. The sheep and wool business.

Japanese Newspapers Seem to Regard It as Significant.

Victoria, B. C., Dec. 24.—Japanese newspapers received by the steamer Empress of India, referring to the recall of Consul Clud at Mukden by the government at Washington, puts stress upon the fact that his departure from Mukden followed the publication of his report referring to unfair methods of the Japanese in Manchuria. Several papers stated that he was recalled to discuss the report with the state department at Washington.

Ambassador O'Brien issued an official denial, stating Mr. Clud's return had no connection with his report.

NICEST ROBBERS EVER DEALT WITH

Chicago, Dec. 24.—The nicest robbers we ever dealt with, in the opinion of the Chicago police, were the men who moved a safe from the store of S. A. Scates last Saturday forenoon. Mr. Scates received the safe yesterday by express, charges prepaid.

"There were a few marks on the door," said Mr. Scates, "but otherwise the safe was all right. It was published in the papers that the safe contained keepsakes and papers of value to me, but I suppose any other person. So I think the thieves were polite enough to send my property back when they found they could get nothing for it."

STEEL CORPORATION TO SPEND HUNDRED MILLIONS

Chicago, Dec. 24.—About \$100,000,000 is to be spent by the United States Steel corporation and its subsidiaries in improvements to the steel making territory from South Chicago to Gary, Ind. This sum is to be expended in building new plants and enlarging existing shops during the coming year.

E. J. Buffington, president of the Illinois Steel company, last night confirmed the rumors. Formal announcement of the estimates will be made in due time from the main offices of the United States Steel corporation, said Mr. Buffington. The extensions mean the employment of possibly 5,000 additional men.

From sources other than President Buffington, it is stated that the Illinois Steel company is to erect eight new blast furnaces at South Chicago, and that the Ironsides Steel company has planned to erect at least one new blast furnace.
