The Mexican Border Troubles.

WASHINGTON, 8.—There is no truth in the story that Lerdo has renounced his claims to the presidency of Mexico.

The news that Guerrero and Michoacan had revolted against Diaz, though not officially confirmed, is believed to be true, and it has materially revived the hopes of Lerdo's friends. Alvarez and Guerrero are well known to sympathize cordially with Lerdo as the only constitutional president. That Diaz can send to that frontier state troops enough to suppress rebellion is not believed, especially as the revolt would be abundantly supplied with munitions of war by American speculators who look to the future mining and railroad operations in that quarter. At the same time let nobody fall into the mistake of supposing our administration is taking the least step towards the promotion of the Sonora revolt, or looking to further acquisition of Mexican territory. Whoever invests in the rebellion must do it at his own risk.

The American administration is evidently becoming impatient with Mexican delays in settling the Rio Grande question. The reticence of the State Department cannot conceal the fact that the secretary feels that while Mexico is ready to promise everything in reference to a plan of adjustment, it takes no practical step toward that end. It is several weeks since the general plan for a new treaty such as was outlined in this correspondence at the time it was informally agreed upon by semi-official negotiations, and was sent to Minister Foster, at the city of Mexico, with the expectation that it would be promptly put in form and signed. There is no doubt that Diaz sincerely desires to prevent border raids, but good intentions will not of themselves give peace to that section. General Ord reports that, whereas diplomacy has failed to bring the needed relief, the military policy was gradually succeeding. He thinks a Congressional indorsement of the military policy would have the desired result, because it would convince the Mexican government and people that that policy is not a mere temporary expedient, but is to be presisted in and carried out until cattle-stealing raids are entirely discontinued.

Proposals for Carrying Mails.

The postoffice department has completed and is now issuing a printed advertisement, in pamphlet form, inviting proposals for carrying mails on all the routes of the Pacific Coast states and territories during the term of four years, commencing on the first day of next July. The advertisement is to be made in newspapers, as heretofore, but intending bidders may procure these pamphlets; containing the time, schedules, forms of proposals, etc., on application to the department, or can inspect the copy which the law requires to be posted at each and every postoffice within the district above designated. Proposals will be received until 3 p.m. of February 2d, and the awards announced on or before March 30th. The routes to be let include 167 in California, 64 in Oregon, 34 in Nevada, 30 in Washington Territory and 118 in Utah, Arizona, New Mexico, Montana and Idaho.

Disastrous Fire.

LOUISVILLE, 8. — A disastrous fire broke out at 10 o'clock to-night in Cochrane & Fulton's whiskey house. Forty-one hundred barrels of whiskey are stored in the building and it is thought will be burned up. Davis & Haydon's whiskey house is on one side and Jefferson Bro's large flour house on the other. The square on which these houses are situated is the wealthiest in the city.

At 11.30 the fire shows signs of weakening. The principal damage will be to Cochrane & Fulton, whose loss will reach $300,000; insurance $275,000. The Bremaker-Moore paper warehouse will be damaged considerably. The fire in all the other houses, except Cochrane & Fulton's has been confined to the roof. The Bremaker, Moore & Co's works are still in danger. A change in the head of the fire department took place to-day. Many feared it would cause much loss to-night, but the ex-chief is leading the department and will undoubtedly succeed in saving the rest of the block, which was at one time threatened. The block's aggregate wealth is $4,000,000.

At 11 o'clock Jefferson's, Davis' and Hayden's and H. W. Barratt's store house are burning. The firemen do not handle the flames with much success. A solid stream of burning whisky is pouring into the streets and thence floating into the sewers near by.

At 12.30 the fire was under control and well nigh out. Another alarm has just been sounded from a distant part of the city. A great blaze is visible.

Wool Market.

BOSTON, 8.—The wool demand continues fair, with former feeling for all grades, particularly X and medium fleeces, the stocks of which have become considerably reduced. Spring California is sold up pretty close. Fall California is arriving quite freely and accumulating, but a large portion of this wool is very undesirable, and only better grades meet with ready sale. It is believed that prices generally are as low as they are likely to be until the next year's clip is available. Sales include Ohio and Pennsylvania fleeces, XXX and above, 44 @ 47, Michigan 39 @ 41. Fine Wisconsin 40, Delaine & combing 50 & 55, coarse, unwashed, delaines 28, scoured 50 @ 70, superior and X pulled 35 @ 44. Spring California 16 @ 35, fall 14 @ 27½. Total sales domestic for the week, 1,247,300 lbs.

The Striking Cigar Makers.

NEW YORK, 8. — The striking cigar makers are progressing successfully with their arrangements for a co-operative factory here. The workmen are to be selected from all the different shops in which strikes occurred in order to secure the most skillful workmen for the experimental effort. If this first movement proves remunerative, organizations of a similar character will be easily multiplied and capital readily secured.

The Sultan's Dream.

War advices from Constantinople relate that the Sultan recently had a dream that the prophet appeared, and made known to him that Allah has no desire for the death of more Russians. The sword of Islam may now be sheathed, the residue of the Giaours may be pardoned, and peace may again bless the land. There are many popular expressions of satisfaction at these benevolent statements of the prophet.

WESTERN.

A Forger Sentenced.

SAN FRANCISCO, 8.—Black-Lock *alias* McCaw, of Gulf of California Oyster Canning Company notoriety was, to-day, sentenced to seven years and nine months imprisonment on charges of forgery.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 8.—The news of the Servians crossing into Turkey turns out to be unfounded. The Porte received advices dated at Nisch yesterday, stating that all was quiet on the frontier. The portion of the Servian troops concentrated near the frontier has been withdrawn and the other portion has been dismissed to their homes.

It is officially announced that the Russian loss, between November 10th and 17th was 3,115 men. The total loss since the commencement of the war is 74,858.

Last Night's Dispatches.

EASTERN.

Loss by Fire.

HACKENSACK, N. J., 9.—A barn near here, owned by Peter R. Ackerman, was destroyed by fire, last night. The stallion "Hyperion," with a record of 2.27, valued at $20,000, and eight other valuable horses were burned.

Washington Items.

WASHINGTON, 9.—It is understood there will be no vote in the Senate, this week, on any important question after the Eustis senatorial case shall have been disposed, but that most of the week will be devoted to a discussion of the silver bill. A number of Senators have, therefore, made arrangements to leave for their homes before the holiday recess.

The long holiday recess of Congress will, it is understood, be industriously utilized by the House committee on appropriations in the preparation of the regular annual bills, so as to have the most of them ready to be reported immediately after Congress re-assembles.

The ways and means committee will devote the greater part of the recess to the continuation of its work upon the proposed new tariff and internal revenue bill. The sub committee of five members, specially charged with this subject, have already made much progress towards agreement upon the general principles and main features which characterize this extremely important bill, but they do not expect to absolutely determine the details of the rates of duty, etc. before sometime in February. The committee assert, however, that their action regarding the tariff, will certainly be in the direction of lower duties and of free trade, and that they are determined to reduce the rates to the lowest point compatible with the proper administration of the government and the payment of public obligations.

Pinchback, in his letter to Gov. Nicholls, announcing his retirement from the contest for a seat in the United States Senate, says: "I deem it proper, as a matter of justice to myself and to my friends, to direct attention to the exceptional action had in my case, especially as the same appears in contrast with the prompt and partisan support of Gov. Kellogg. I submitted to the decision of the Senate on the assumption that the honorable senators were not only honest in the grave, constitutional objections that they raised, but were so far acting from conviction as would authorize the expectation of a consistency of conduct when a similar case should be presented for their consideration. Now, I find when Governor Kellogg presents a claim essentially like my own, but weaker, that the gentlemen who so earnestly combatted my claim promptly and without hesitation admit and defend his. It taxes both my credulity and charity to concede either sincerity or consistency to the republican senators who so earnestly opposed my claim from 1873 to 1876, and so promptly and solidly supported the new senator from Louisiana."

Family Difficulties—More Killing.

ST. LOUIS, 9.—A dispatch from Grand Tower, Ills., some seventy miles from the river, say, that Charles Mubrich shot and killed his wife in Fountain Bluff Township, Randolph county, yesterday, then blew his own brains out. Family difficulties the cause.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 9.—A telegram from Ragusa says the inhabitants of Scutari and Albanian chiefs have telegraphed to Constantinople for aid against the Montenegrins, declaring that if the request is disregarded they will solicit the prohibition of Italy.

Intelligence has been received from Elena that operations between that place and Tirnova are suspended because of the bad weather. Great preparations are being made to defend Elena in case the Russians attempt to recapture it.

Intelligence has been received at Pera that Suleiman Pasha passed through Rasgrad on Friday *en route* for Rustchuk.

Operations against Erzeroum may be postponed for a fortnight. No attempt will be made to establish a strict blockade on account of the inclemency of the weather, but it is supposed that communication with Trebisond will shortly be cut, as a Russian division is marching in that direction.

The French Ministry.

A Paris dispatch declares that the majority of constitutionalists favor a second dissolution. The republican papers are exceedingly violent.

The *Bien Public* declares that the Chamber of Deputies would reply to a second dissolution by impeaching President MacMahon for high treason.

Le Temps declares that the Left generally believe the failure of M. Dufaure's negotiations was part of a preconcerted plan.

GERMANY.

A Denial—Bismarck.

BERLIN, 9.—Semi-official papers deny that the three Imperial powers have recently been conferring together in relation to terms of peace. The Czar has given notice of his intention to return to St. Petersburg between December 23rd and January 5th.

It is reported that Prince Bismarck has renewed his request to be relieved of office.

ITALY.

The Pope's Health.

ROME, 9.—Within the past few days all the Italian political and military authorities have received instructions calculated to ensure a free and undisturbed meeting of the conclave. Although the newspaper reports concerning the Pope's health are more favorable, private advices say that his condition is growing worse. He lies helpless, and although his mind is clear, he endures great suffering, from which he is expecting, and even hoping a speedy release.
