

## A CALIFORNIA RANCH TRAGEDY.

Peter Tidman and His Wife Are Found Dead.

## HUSBAND MURDERED HER.

He Then Cuts His Throat and Finally Drowns Himself in a Water Box.

Riverside, Cal., July 6.—Particulars of a tragedy enacted at a ranch five miles from Elmore have just been learned. On a ranch occupied by Peter Tidman and wife both were found dead and the ranch had been devastated by fire. The body of Mrs. Tidman was found in a ditch 100 yards from the burned residence. The skull was crushed and the throat cut. Tidman's body was found in a little canyon back of the house. After two unsuccessful attempts to cut his throat he had laid himself down on the ground, placed his face in a water box and was drowned. The man had killed his wife and then committed suicide.

## Hsu Shih Chid to be Admitted.

San Francisco, July 6.—A telegram received by the collector of customs from the treasury department, authorizes the admission of Hsu Shih Chin the Chinese reformer, against whom the Chinese consul general in Washington has brought a charge. The secretary of the treasury rules that this government cannot deny Chinese immigrants of the favored classes because of political offenses.

## American Interests Not Threatened.

New York, July 6.—Naval officers infer from a Washington dispatch to the Herald, that American interests in Venezuela are not menaced because of the dispatch announcing that the Mayflower has left La Guayra for San Juan, Porto Rico.

## WANT A REGIMENTAL CANTEN.

Wisconsin Militia Officers Take Steps to Establish One.

Milwaukee, July 5.—Steps are being taken by state militia officers for the establishment of a regimental canteen when the troops go into camp this year at Camp Douglas. All the regimental officers of the First battalion and Maj. Lynch, of the Tenth battalion, believe that the recent interference of religious people has resulted in more carousing and drunkenness at Camp Douglas than there ever was before. They assert that conditions would be improved with the canteen allowed. Gov. La Follette must be applied to for leave, and a petition on this line will probably be taken up soon.

## WILL NOT PERMIT CANTENS.

Springfield, Ill., July 5.—For several days past the question of providing an army canteen at the encampment of the Illinois national guard, which will open at Camp Lincoln tomorrow, has been agitated among the officers of the guard, and it has even been stated that the First infantry of Chicago, which will come into camp tomorrow, would have a regimental canteen.

## ADJUTANT REECE STATED TONIGHT

that the army canteen had never been permitted here at Camp Lincoln, and that it would not be permitted this year.

## Gov. Yates, he said, is unalterably

opposed to the canteen.

## DOWIEITES ARE MOBBED.

Assailed with Eggs, Vegetables and Other Missiles.

Chicago, July 5.—Twenty-one disciples of John Alexander Dowie visited Evanston, a Chicago suburb, tonight and despite the efforts of the entire police force of the place, a mob of 1,000 people drove them out of town.

Chicago, July 5.—Twenty-one disciples of John Alexander Dowie visited Evanston, a Chicago suburb, tonight and despite the efforts of the entire police force of the place, a mob of 1,000 people drove them out of town.

## WHAT THE ROBBERS GOT.

Amount Taken from Great Northern Said to be Over Forty Thousand.

St. Paul, Minn., July 5.—General Auditor D. L. Elliott of the Great Northern Express company, said today that the exact amount of the loss by the hold-up at Wagner, Mont., on Monday last was \$41,500. All but \$500 was currency sent from Washington to the Montana National bank of Helena, the rest being Great Northern money in the through safe.

## The consignment to the Montana

bank consisted of bank notes printed in sheets of \$10 and \$20 bills. Only five were signed by the president and cashier of the bank, but all could readily be passed without their signatures.

Mr. Elliott received information late today that the identity of the men who relieved the express safe has been established by Pinkerton men sent from St. Paul. He did not care to give out their names until satisfied that the detectives had made no mistake. "If the Pinkertons are right," said he, "these men are experienced hands and have held up trains on other roads."

## The report that the robbers had been

surrounded, Mr. Elliott said, was not verified by information received by Great Northern officials. Their horses were chased by a posse about fifty miles south of Maud, Mont. Officials of the express company believe that the men had fresh mounts, and suppose they eluded their pursuers and are now in the Little Rocky mountains, a wild country well supplied with hiding places. The district will be guarded by a picket line, and the authorities

hope to capture the men when they try to get out.

A party of cowboys has started north from Lewiston, in the Judith basin, to intercept the robbers should they continue southward from the Little Rocky mountains.

## Admiral Rodgers' Advancement.

Washington, July 5.—Upon an appeal taken by Rear-Admiral Frederick Rodgers from the action of the auditor for the navy department, disallowing his claim for the pay and allowance of a major general of the army from February 11 to March 13, 1901, a rear-admiral above the nine lowest numbers of that grade, an important decision has been rendered by Assistant Comptroller of the Treasury L. P. Mitchell.

In effect, he decides that officers of the navy advanced in numbers pursuant to law, for service in the Spanish war, and carried as additional numbers, are advanced contemporaneously with the officers next above them. He holds that they cannot be counted in determining what officers in the grade of rear-admiral belong to the next lowest numbers in estimating the pay of officers of that grade.

## MEXICAN CLERICAL SCANDALS.

Prominent Catholics Send a Message to the Pope About Them.

Mexico City, July 5.—A number of prominent Catholics have sent a message to the pope relating to the recent scandals among the clergy. The message, which is being sent to the pope by the apostolic nuncio here, states that the scandals have been publicly accused, and it is believed that the pope will send a personal representative to make an investigation of the state of affairs.

## ARMY BEEF SCANDALS.

Gen. Alger Will Show the Whole Matter up in His Book.

Washington, July 5.—The Post tomorrow will publish a special from the Gen. Alger, who is writing a book on the army beef scandals, saying that Gen. and Mrs. Russell A. Alger are staying there and that the former is improving rapidly. The special says that when Gen. Alger's attention was called to published statements apropos of the late Dr. Daly's death, to the effect that the army beef scandals in which Dr. Daly was conspicuous, had resulted in Gen. Alger's retirement from the cabinet, the general said that the beef controversy had nothing to do with his retirement from the cabinet, and added: "However, my book will be published in September will show the whole matter up."

## DAWES WILL RESIGN.

Intends to Ask People of Illinois to Send Him to the Senate.

Washington, July 5.—Charles G. Dawes, comptroller of the currency, has tendered his resignation to the President, to take effect October 1st next. In answer to an inquiry Mr. Dawes said: "I have resigned because I intend to be a candidate before the people of Illinois for the United States Senate. It would not be proper for me during the next year to make a canvass for the Senate and at the same time administer to my own satisfaction the affairs of the office I now hold. I am influenced solely in this action by what seems to me the plain proprieties of the situation."

## Mr. Dawes' term of office would not

have expired until January 1, 1903.

## CHICAGO SERVANT GIRLS.

Mother Jones Doing All She Can to Organize Them Into a Union.

Chicago, July 6.—The Record-Herald says: Mother Jones who did so much to encourage the coal miners in their strike in Pennsylvania a year ago, holding meetings and addressing them wherever a few could be got together and who since has assisted the striking silk workers in New Jersey and the carpet weavers in Philadelphia to stand out for their demands, has been in Chicago the past week assisting a committee of the Women's Trade Union league to organize the servant girls.

As a result of the work done by the committee with the aid of "Mother" Jones, several hundred servant girls have joined the league, and are becoming charter members of the first servant girls' union of Chicago, which will be formed on Thursday night next.

## BRITISH WAR LOAN.

London Statist Thinks it is an Inevitability.

London, July 5.—The Statist, frankly discussing the probability of a fresh war loan, urges, in view of its apparent inevitability, that parliament before adjournment should confer upon the treasury loan powers for use during the recess. It points out that the last consols loan, after meeting the deficit and carrying on active war to July 3rd will leave an estimated surplus of £10,000,000 available for winding up the charge of maintaining the present large force in South Africa, but that a continuation of hostilities beyond July 31st, at the present rate of £1,500,000 a week would wipe out the entire surplus before October 15th.

## Are You Fit

To be Trusted With a Good Set of BRAINS?

## GRAPE-NUTS

Keep Them in Order.

## A BRAIN FOOD AND REPAIRER.

Every minister, lawyer, journalist, physician, author or business man is forced under pressure of modern conditions to the active and sometimes over-active use of the brain. Analysis of the excreta thrown out by the pores shows that brain work breaks down the phosphate of potash, separating it from its heavier companion, albumen, and plain common sense teaches that this elemental principle must be introduced into the body anew each day, if we would replace the loss and rebuild the brain.

We know that the phosphate of potash, as presented in certain food grains, has an affinity for albumen and that is the only way gray matter in the brain can be built. It will not answer to take the crude phosphate of potash of the drug shop, for nature rejects it. The elemental mineral must be presented through food directly from Nature's laboratory.

## These facts have been made use of in

the manufacture of Grape-Nuts, and any brain worker can prove the value of the proper selection of food by making free use of Grape-Nuts for ten days or two weeks. Sold by grocers everywhere (and in immense quantities). Manufactured by the Postum Cereal Co., Ltd., Battle Creek, Michigan.

## HUNTINGTON'S WILL CONTEST.

Princess Hatzfeldt Has Begun Legal Proceedings.

## SUIT TO ENFORCE CONTRACT

Wants a Daughter's Share in the Estate—Technically it is Not to Break the Will

San Francisco, July 6.—The Chronicle says:

From sources thoroughly well informed and entitled to credence comes the statement that Princess Hatzfeldt has already begun legal proceedings, which, though not technically a will contest, amount, in reality, to an attempt to set aside, in part at least, the last testament of her foster father, Col. H. P. Huntington.

In spite of the statement of Princess Hatzfeldt, made at Sacramento in the presence of the attorney for the Hatzfeldts just before their departure for the East, that there would positively be no contest of the will, it is declared to be a fact that legal steps have already been taken in New York with such a contest in view.

Suit was begun in that city some months ago by Princess Hatzfeldt, it is declared, for a daughter's share of the estate, based upon an alleged contract entered into by C. P. Huntington at the time he took the princess, then Clara Prentiss, from her mother, the sister of the first Mrs. Huntington, to support and raise. Just how the Hatzfeldts have kept this proceeding from becoming public is not explained. The action brought is not under an alleged adoption, nor is it technically a contest of the will, but is a suit to enforce a contract.

## Preparing for Coronation.

New York, July 6.—Official preparations for the coronation procession are already being made, says the Tribune's London correspondent. It is expected the route will be through the same thoroughfares as at Queen Victoria's coronation in June, 1838. Offers running up to several hundreds of pounds are already being made for seats along the route. It is evident that King Edward's coronation will eclipse in magnificence that of any previous sovereign.

## BOER PRIVATEERS.

Mr. Kruger is Being Urged to Authorize Them.

Brussels, July 6.—The Petit Bleu says that Mr. Kruger has lately refused to entertain proposals to arm privateers, but some promoters are again urging the former president of the South African republic to notify the powers that unless they intervene he will issue letters of marque. In the event of Mr. Kruger's continued refusal, the promoters propose to act without authorization.

## ARRESTS MAY BE EXPECTED

S. F. Mint Investigation is Narrowing Down Rapidly.

San Francisco, July 6.—There are no new developments in the investigation of \$20,000 in gold at the mint aside from the suspension of Cashier Cole and Chief Clerk Dimmick, pending further investigations. It is said the government officials now in charge of the matter have narrowed their investigation down to a point where arrests may occur at any time.

## SLAPPED A FRENCHMAN'S FACE

Duel Follows in Which a Young American Came Out Victorious.

New York, July 6.—According to a Paris dispatch to the Journal and Advvertiser, Albert Hopkins, son of the president of the Women's college in Baltimore, has come out victorious in a duel with a Frenchman, Henry D'Estourmel, a man about town. The Frenchman, found fault with young Hopkins for wearing an American flag; Hopkins, who is an athlete and used to be pitcher at St. Johns college, Baltimore, slapped the Frenchman's face, the dispatch says.

## THE FARRAGUT MEDAL.

The Associated Veterans Presented it to Rear Admiral Schley.

New York, July 6.—The associated veterans of Farragut's fleet have sent a letter to Rear Admiral Schley in presenting him with the Farragut medal. The letter reads in part: "We take pleasure in presenting you with the Farragut medal—the insignia of your old alma mater—as a token of our high esteem for you as an officer and also in recognition of your illustrious services in the Spanish-American war and on board of the brave old Winona at the capture of the New Orleans for which you received with honor the congratulations of the navy department, the country and the government for courage and daring. In letters from Washington dated May 10, 1862, Farragut in speaking of his officers after his great victory on the Mississippi said: "We started with a few good officers of experience, but shall end with some of the best in the world."

## "The history of the late war with

Spain, in which so many of his pupils added new glory to their already brilliant records, has shown that the great admiral was correct in his judgment."

## FRENCH SUBMARINEBOAT.

Trial of the Gustave Zede Was in Every Sense a Success.

New York, July 6.—The London correspondent of the Tribune cables that the French press is greatly elated at the reported complete success of the submarine boat Gustave Zede, which at recent maneuvers in Ajaccio harbor torpedoed the ironclad Jaureguiberry and escaped all pursuit. This shows, the Matin holds, that French submarines are perfect and the other Paris newspapers concur.

## THE CANADIAN MINISTERS.

Still Hopeful of Having an Imperial Court of Appeals.

New York, July 6.—The Canadian ministers who are in England will probably sail for home about the first of August, says the Tribune's London correspondent. They do not look for a practical solution of the question of an imperial court of appeals at once but consider that a conference is helpful in creating an atmosphere for imperial federation. They assert that Canada is satisfied with the existing arrangements and not in haste to modify them, hence that any proposals for creating

## SOPHIA ADELAIDE DEAD.

She Claimed to be a Cast Off Daughter of Queen Victoria.

New York, July 6.—A woman who, with almost her last breath, held to the story that she was the eldest daughter of Queen Victoria and the Prince Consort, is dead in this city, having expired in the German hospital, a victim of the heat and of insufficient nutrition. Through the charity of a doctor who believed her story implicitly, she who learned of her demise, her body will not be buried in potter's field, but it will be buried this afternoon in Calvary cemetery.

The woman, who was known as Sophia Adelaide, and Mrs. Kent, always insisted that as an infant she was taken from her royal mother and in her place was substituted the daughter of Prince Albert by hismorganatic wife, the Countess de Rouss. Up to the time, it is said, of her coming to America, which was shortly after the death of John Brown, the queen's Highland attendant, Sophia Adelaide received remittances in Paris or wherever she might be, through the Rev. Ward Bouvie, of Coles Hill, England. When these remittances stopped and she inquired into the cause, she found that Mr. Bouvie was dead and thenceforth her remittances were paid to her by John Brown himself, it is said.

At his death they ceased altogether. She made several ineffectual attempts to obtain a settlement and when these failed she came to this country and brought out a book which, it is said, had been suppressed in England and Germany. It contained her contentions.

## RUSSIAN SUGAR QUESTION.

Czar Ready to Meet the United States Half Way.

New York, July 6.—The Washington correspondent of the Herald says that notwithstanding the official secrecy surrounding the recent Russian communication, replying to the note addressed by Secy. Hay to Count Cassini, regarding the tariff question, it is learned that Russia has intimated her willingness to remove the retaliatory duties she has applied upon American imports provided the United States refuses the order issued by Secy. Gage, imposing the countervailing duty upon Russian sugar. It is plain that Russia regards the sugar question as the crux of the whole controversy.

## Knockout Drops and Robbery.

Newark, N. J., July 5.—True Cressy, a stove molder, whose family lives in Berlin, Wash., was found unconscious in a barn here this evening, and died an hour later. A note found on Cressy's body, signed by himself, in which he said he feared a man named Robert Wilson had given him knockout drops to rob him \$500. The coroner is investigating the case.

## A Tailors' Strike in Prospect.

New York, July 6.—The Brotherhood of Tailors, representing the Coat Tailors of Manhattan, Brooklyn, Brownsville and Newark, have been holding shop meetings for the past month and will decide in a day or two as to whether a general strike shall take place. Such a strike will involve over fifteen thousand men and women in the various branches of the tailoring trade.

The demands of the tailors will be for the abolition of the contractors or mid-dlemen and for higher wages.
