Correspondence.

A number of prospectors are working ground in the camp and in the past in the district during the winter, but they are snowed in and very little news present it is known to contain large LEAVE SALT LAKE CITY: No. 2-For Provo, Grand Junction and all points East.
 No. 4-For Provo, Grand Junction and all points East.
 No. 6-For Bingham, Lehi, Provo, c r. M. casan Manti, Beiknap and int rmediate points. bodies of good grade of ore sufficient to keep a mill in operation, and just why it is permitted to remain idle is a mystery to those who are informed as to its physical condition. Washington County News: J. S. Huntsman of Joseph, Nevada, paid this office a pleasant call last Saturday. No. 8-For Eureka, Payson, Hober, Provo and all intermediate He with J. F. Dotson, of St. Joe, are ints. working a claim about ten miles northeast of Gunlock, and are sinking a shaft, expecting to open up a rich body of copper and gold ore in about ten days. He reports mountain lions doing much damage to elock in lions doing much damage to stock in that section, having seen a number of stock that had been killed by the felines. Mr. Huntsman is of the opinion that prospecting is about fin-ished for the present in Bull Valley, as snow covers the ground. **NEW ALUMINUM FURNACE** anthracite coal in the State and is des-The aluminum furnace invented by Goldschmidt, a German investigator, is

miles square and a darge number of wide veins have been opened. The ore is uniformly of a paying grade, while much is found that is very rich. IRON COUNTY NOTES.

Vein of True Anthraefte Coal - An Extension Granted by Thomas Taylor.

The Page Bros., of Little Pinto, are busily engaged in developing their properties in the Pfnto Iron mining district, says the Iron County Record. Among other things that is attracting their attention at present is a three foot vein of true anthracite coal. So far as known, this is the only body of

stated that the Star gold mine e canyon, Bingham, is passing tined to become very valuable. h deep water just now owing , it is said, to the lack of good William Walker, Sr., George H Walker and Joshua Walker came in from State Line the first of the week. They had been working the assessment ent on the part of those who are ing its affairs. Thousands of s are said to have been expended on a number of claims which they hold a way that no returns can ever there. A radical change is reported in the formation of the Big Sunflower ked for. The mine is said to look than ever. Ore bodies of greater slons are opened up all the time, Whether or not the new ores mine. carry any increase in values is not entoday, the mine never presented a flattering prospect of making money for its stockholders. But tirely decided at this writing.

Thomas Taylor received a telegram from the representatives of the London syndicate that is negotiating for the purchase of his iron and coal properties, asking for an extension of the option on his property, which Mr. Taylor has granted. No assurance has yet been given him that the company's representative has left England. Mr. Taylor believes all will yet be satis-factorily arranged, but it takes time to accomplish a deal of this magnitude.

Fred Lerch and Robert Page came in from the Pinto iron mining district yesterday afternoon and report every-thing encouraging for that district. Mr. Lerch has a force of ten men now at work developing the Milner-Lerch group of iron claims, and expects that this force will be increased to twentyrade galena ore. The vein con-on either side of the upraise and ise has been pushed upward into five or thirty by the first of the year. The object of his trip in was to secure dena a distance of more than 20 supplies and make arrangements for ble it serves to greatly stimulate the work. Lodging houses have been constructed for the men upon the properties. Thompson and Frew, the energetic

is stated that owing to the renancial flurry in Boston the deal mining magnates from the Sevier, were off. The parties who had the in Cedar Monday purchasing supplies ition under consideration had and arranging for an aggressive camly reached the city when news Boston made them retrace their paign in the interests of their mining properties in the Pinto iron mining district. They have been employed for some time in developing a promising body of anthracite coal a short distance southeast of Page's ranch. We are in-Rather Sensational Disclosures Promformed that they design putting on a good force of men in the near future. Besides their coal prospects, they have committee appointed by the holders of the New Mammoth some promising copper and lead propositions on the string, and when the threatened boom strikes this section Thompson & Frew will be numbered g company last Saturday are busgaged in the labor of unearthing ing that will tend to throw light among the lucky ones. ompany's affairs at the meeting held next Tuesday.
