

GALESTON BILLS STRIKE TROUBLE

Senator From Lehi Decides to Hold Them Up For a Day.

HE RELENTS IN COMMITTEE.

After securing their Recompensation Bill Finds Them Unobjectionable and Is Willing for Favorable Report.

An interesting storm cloud gathered over the senate for a few brief minutes yesterday afternoon, and then it went its way without shedding even so much as a single drop that could be called a tear of either grief or gore. While it gathered in black outlines there was just a trace of heat on the countenance of Senator John Y. Smith, and for a moment it looked as if thunder and lightning were about to break loose, but in another moment all was serene again, and senators as well as the third house were wondering what the cloud had been the motive of the Lehi senator.

The thing started with the committee report on Senator Smith's Galeston bill. Benner X. Smith, of them coming in from committee, and it looked as if the critical moment for it had arrived. But when the bill was taken, and it carried by a vote of 9 to 2, S. B. 79, by Hulanicki, was introduced. It defines the boundary lines of Ogden city. This was the only new measure of the day.

IN THE HOUSE.

State Superintendent of Public Instruction May Get Small Raise.

The state superintendent of public instruction, his salary raised just \$200 per year by the house, instead of \$1,200, as had been proposed. Richards had introduced two bills relating to this matter, H. B. 35 and H. B. 37. No. 35 had the effect of abolishing the office of deputy superintendent of public instruction, whose salary is \$400 per year, but this measure has not yet been acted on. No. 37 provided that the \$400 thus saved should be added to the superintendent's salary, with an addition of another \$800 per annum, in order to bring the dignity of the office up to the standard, as Richards said, of like offices in other states, and to make it possible to secure for the position men who were really qualified to perform the duties of state superintendent with credit to the state.

THE COMMITTEE SPLIT ON REPORTING THIS MEASURE, THERE BEING A MINORITY REPORT RECOMMENDING THAT THE SUPERINTENDENT BE PAID \$1,200 PER YEAR.

The majority report favored the full amount of \$3,000. Kuchler, Clegg, Richards, Thompson and Tolton took a hand in the debate. Richards opened in closing, being a fervent and earnest advocate for the adoption of the majority report. Westphal moved that the enacting clause be stricken out, which was lost. Tolton moved an amendment fixing the salary at \$2,000, which was finally carried, and the bill passed as amended. Clegg and Westphal voting in the negative.

OTHER BILLS PASSED.

Two other bills were passed, namely H. B. 36, abolishing mileage of district judges and district attorneys, and senate bill 5, by Benner X. Smith, providing for the printing and annotation of the laws of the state, including those enacted by the present session.

SEVERAL COMMUNICATIONS WERE RECEIVED FROM THE SENATE, ONE ANNOUNCING THAT PRESIDENT LOVE HAD SIGNED H. B. 1 BY JENSEN, MAKING TAXES ON PROPERTY A LIEN ON THE PROPERTY ON THE SECOND MONDAY IN JANUARY. THE BILL IS NOW READY FOR THE GOVERNOR'S SIGNATURE.

Another communication announced that the senate had passed S. B. 36, by Miller, providing that 10 feet of discovery work shall be done within 90 days on all claims on public lands. Another communication was received from Thompson, relating to public lands, had been passed with several amendments. The motion of Thompson the amendments of the senate were concurred in by the house.

ASKS STATE AID.

Cottam of St. George introduced H. P. 4, asking the state for an appropriation of \$5,500 to aid in constructing a bridge over the Rio Virgin river in Washington county. The bill was referred to the committee on highways and bridges.

COMMITTEE REPORTS.

The judiciary committee reported favorably on H. B. 66, by Larsen, relating to the distance in which children may be required to attend school, and recommending that the bill be passed with amendments. Filed.

Peptiron Pills

Ironize the blood, feed nerves and brain tissue, tone the stomach, aid digestion, give restful sleep. Especially beneficial in nervousness and anemia. Chocolate coated, pleasant to take. 50c. and \$1.00. Druggists or mail.

Hood's Act on the Pills

liver and bowels, cure biliousness, constipation, morning and sick headache, break up colds, relieve uncomformable fullness after dinner. Pleasant cathartic. 25c. C. L. HOOD CO., Lowell, Mass.

It's Made by HOOD It's Good

CITY BOOKS WILL NOW BE ADDED

Finance Committee Lets the Contract to a St. Louis Firm.

The finance committee of the city council met yesterday afternoon and decided to let the contract for auditing the books of the various city departments and installing a better and more modern system of keeping the city's books to the Western-Trade company of St. Louis. The council several months ago appropriated \$5,000 for the purpose of instituting a new system of book-keeping in the city's departments and the finance committee was authorized to act in the matter. Bids were received yesterday from several eastern firms and that of the firm named above was accepted. Under the terms of the contract the chief accountant will receive \$15 per day and his assistant will receive \$10 per day. No one knows how long it will take them to complete the work and hence no one can tell what the cost will be. But that makes no difference to the "American" administration so long as it has its way about the matter.

NO ONE KNOWS COST OF IT.

Martin's Amendment on the Poolroom Ordinance Acted Upon Favorably Last Night.

The finance committee of the city council met yesterday afternoon and decided to let the contract for auditing the books of the various city departments and installing a better and more modern system of keeping the city's books to the Western-Trade company of St. Louis. The council several months ago appropriated \$5,000 for the purpose of instituting a new system of book-keeping in the city's departments and the finance committee was authorized to act in the matter. Bids were received yesterday from several eastern firms and that of the firm named above was accepted. Under the terms of the contract the chief accountant will receive \$15 per day and his assistant will receive \$10 per day. No one knows how long it will take them to complete the work and hence no one can tell what the cost will be. But that makes no difference to the "American" administration so long as it has its way about the matter.

POOLROOM ORDINANCE.

At a meeting of the municipal laws and license committee last night the Martin amendment to the poolroom ordinance, which forbids minors from frequenting pool or billiard halls of any kind, whether liquor is sold in the place or not, was acted upon favorably and the committee will recommend to the council on Monday night the passage of the amendment.

GARBAGE CONTRACT.

The proposition of Herman Bamberger to lease the city crematory and handle all the city garbage was considered by the sanitary committee last night. Mr. Bamberger said that he had a company which would want a lease on the crematory and which would handle the garbage. The company would give a satisfactory bond to the city to insure the faithful performance of the contract. He would not disclose the terms which he proposed, but for the reason that the committee might decide to advertise for bids and then the public would know beforehand what his figures were. There are two other applicants for handling the garbage, namely, Frank Raleigh of this city, and J. Hartman & Co., of Denver. The matter was finally referred to a special committee consisting of Mayor Thompson, Health Commissioner Stewart, and Chairman O'Donnell of the sanitary committee, with instructions to consider the proposition of the various parties and decide whether or not it would be advisable to advertise for bids for the removal of the garbage.

NINTH EAST GRADING.

The matter of macadamizing Ninth East street was again considered by the streets committee last night and arguments both for and against the improvement were heard. The protesters claimed that there were not enough legal signers to the petition to pass the improvement, but the committee had investigated that matter and decided that there were enough signers. Then the protesters argued that the city should stand at least half of the expense of the macadamizing, but the committee decided to recommend that the improvement be made on the street.

EXCURSION TO CENTERTVILLE.

Via S. L. & O. Ry. Co. Saturday, Feb. 9, 1907. Grand ball Alberta hall. Enlarged orchestra. Train leaves at 1:45 p. m.

MISS FROST KEPT COOL.

Commended by School Board—Three Buildings Under Consideration.

The board of education last evening discussed an issue of bonds to raise \$250,000. Three new schools are needed badly in the northeastern, southeastern and southern portions of the city to relieve the congested condition of schools in those districts. The board will hold a meeting Tuesday evening to report on the committee on school law regarding the issuance of these bonds. Miss Frost and the auditor of the board were commended for their praiseworthy conduct during the fire at that building last October. Teachers' salaries have been fixed at a minimum of \$90 and maximum of \$300. High school teachers will be \$100 minimum and \$200 maximum, with \$150 fixed as salary for head of departments. Book agents are to be kept out of school buildings.

DEATH OF J. A. CREIGHTON.

Builder of Telegraph Line to Virgin City Succumbs to Pneumonia.

An announcement of interest to many people of Utah, Salt Lake especially was that which came from Omaha yesterday, conveying intelligence of the death in that city of John A. Creighton. The demise occurred early in the day and was caused by pneumonia, from which Mr. Creighton had been suffering nearly two weeks. The deceased was 76 years of age.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding, Protruding Piles in 6 to 14 days or money refunded. See.

DECLARES AGAINST IT.

Commercial Club Declines to Support The Railroad Commission Bill.

The board of governors of the Commercial club declared against a railroad commission for this state, at a meeting held yesterday afternoon. The action of the board was due to a communication received recently from the Manufacturers and Merchants' association requesting the support of the Commercial club in the move for a railroad commission. In accordance with this board action, Manager Fisher Harris of the Commercial club sent the following communication to Manager C. O. Harris of the Manufacturers and Merchants' association:

"I have the honor to inform you that your communication, of Jan. 9, 1907, requesting the support of the Commercial club in an effort to create a railroad commission for the State of Utah was duly considered by the board of governors at a meeting held Tuesday, Feb. 5, 1907.

"The question was considered of such grave importance that the board made it the sole order of business for a special meeting held today. After an extended discussion of the merits and demerits of the proposed measure, the board reached the unanimous conclusion that the creation of a railroad commission for the State of Utah would be at this time inopportune and ill-advised, and I was directed to inform you."

Of the 15 members of the board of governors, 10 were present and voted.

LAUDANUM ENDS LIFE OF OLD MAN

Allen Forshue, 75 Years of Age, Found Unconscious on The Street.

Shortly after last midnight, a police officer discovered an old man, probably 75 years of age, in an unconscious condition on the steps of the Herald hotel, West Temple and First South streets. The aged man, believed to be Allen Forshue, was apparently dead from the effects of a large dose of laudanum, taken evidently with a view to self destruction.

AVOID ALUM

Say plainly—

ROYAL BAKING POWDER

Royal is made from pure, refined Grape Cream of Tartar—Costs more than Alum but you have the profit of quality, the profit of good health.

FRENCH GOVERNMENT'S NEW TAXATION SCHEME.

Paris, Feb. 7.—The government's new scheme for taxation, introduced in the chamber of deputies today, created a great stir when it was made public this afternoon after the closing of the bourse. If enacted into law it will constitute a complete readjustment of the fiscal system. The old door, window, poll and other direct taxes are said to be replaced by a system based upon incomes. Day laborers are practically exempted.

ANDERLIN-CLARK RECITAL.

A Good Program Given Under Adverse Conditions at the Tabernacle.

Five hundred people attended last evening's Andelin-Clark vocal recital in the tabernacle. While no great money was made none was lost and there was a margin on the right side. The program was a source of pleasure from an artistic standpoint, though its presentation was attended by unforeseen difficulties. Andelin has been suffering from the grip, besides being afflicted with a bad throat for which he is still under the care of Dr. Stauffer. Miss Clark has been ill for a week or over with acute indigestion, and last evening she was unable to appear in the solo numbers she was to sing. In fact, Miss Clark was very sick in the evening, so that it was a problem whether she could appear on the platform at all. However, she did appear to excellent advantage as an accompanist for Mr. Andelin. In fact, she was a better accompanist than hardy have been expected from any one. Andelin has a superb bass voice. In one number he took to the low C which he took with ease and good volume of sound, and in "Rocked in the Cradle of the Deep" took the low E flat with a grace that was very pleasing. In quartet singing Andelin and Clark were remarkably well. He has a fine figure and commanding presence, and the unusually high quality of his tones is beyond question.

S. F. SCHOOL QUESTION.

Japanese Public Almost Unanimous in Demand for Its Solution.

Tokio, Feb. 7.—While ignoring the anti-Japanese feeling in a portion of the American press, the Japanese public is almost unanimous in demanding that the solution of the San Francisco school question must not involve the labor question.

MEMORIAL SERVICES FOR STEUNBERG AND HUNT.

Boise, Ida., Feb. 7.—Memorial exercises were held this evening in honor of former Govs. Frank Steunberg and Frank W. Hunt. It was arranged by a committee of members appointed by a resolution and the members attended in a body, while all the state officials and a large number of visitors attended. There was an elaborate program in which Gov. Gooding and a number of members of the legislature participated. The memorial address on Gov. Steunberg was delivered by former Atty. Gen. Frank Martin. He sketched the troubles in the Couer d'Alenes in 1899

JAPAN CONFISCATES PROPERTY.

Paris, Feb. 8.—A dispatch from St. Petersburg announces that Japan has confiscated the Russian Red Cross property at Port Arthur.

CHILD LABOR LAW.

Senator Beveridge Says House Judiciary Committee Report is Absurd.

Washington, Feb. 7.—Commenting on the report of the house judiciary committee on the child labor bill, Senator Beveridge, author of the senate child labor bill, said today:

"It is absurd as a matter of law, it deliberately ignores decisions of the supreme court, like the famous lottery decision; ignores the existence of a dozen similar laws, such as the meat law, food law, for the law prohibiting interstate commerce in insects; completely ignores the fact that the power of Congress over interstate commerce is the same as the power over foreign commerce, which has been upheld by the supreme court of the United States more than a dozen times; ignores the existing law prohibiting the importation of coarse-made goods, which the supreme court says we have the right to prohibit from interstate commerce.

SCHOONER DRIVEN ASHORE

One Diamond Shoals, Off Cape Hatteras, Crew Perishing.

Norfolk, Va., Feb. 7.—An unknown three-masted schooner, which was driven ashore Tuesday night upon the southwest corner of the Diamond Shoals, off the treacherous Hatteras coast, for a century known as the graveyard of the Atlantic coast, went to pieces in a raging sea last night, and when the life savers arose at daybreak today to renew efforts which
