

UNIVERSAL LANGUAGE.

Wheeler of California Appealed To Aid Movement.

Berkeley, Cal., June 16.—President Wheeler of the state university has been asked to lend his support to a movement for the adoption of a universal language. A delegation from Parisian states of scholars is in charge of the propaganda.

The delegation states in a letter to President Wheeler that in any case it is not specially advocating any one language, whether new or old. It proposes simply to unite all partisans of

an auxiliary in an expression of opinion to represent them, and to arrive by an international agreement and a kind of arbitration, at a definite and universally accepted solution.

For this purpose it invites all learned bodies, all associations of business men or tourists, to express an agreement with the declaration and to elect delegates.

WILL PAY DOLLAR FOR DOLLAR.

San Francisco, Cal., June 16.—The 32 insurance companies that rejected the suggestion of a 75 cents on the dollar compromise put forward by 81 of their associates in the underwriters' bureau, have received two additions to

their number. The Insurance Company of North America and the Niagara of New York have announced that they will pay up dollar for dollar on their losses.

LINCOLN CABIN CENTER OF "HOME COMING" EXERCISES

Louisville, Ky., June 16.—The "home coming" exercises in Louisville today centered around the log cabin in which Abraham Lincoln was born, and which, during the week, has been standing in Central park.

Addresses by Adlai E. Stevenson, ex-vice president of the United States, and

Henry Watterson were the features. Mr. Stevenson made the oration of the day, and after alluding eloquently to the hospitality shown during the week to the homecoming Kentuckians he dwelt upon the career of Abraham Lincoln, holding up his character and career as a model to all Americans for all time.

Mr. Watterson, who delivered the home coming oration on Wednesday, spoke but briefly today.

Although the home coming week is scheduled to continue over Sunday, many of the returned Kentuckians today turned their backs for the second time on their native state, and started for their present places of residence. Thousands of people also left here on

the early train for Frankfort to attend the ceremonies at the laying of the cornerstone of the new capitol.

DEL. INS. CO. WITHDRAWS.

San Francisco, June 16.—The examiner says:

"The latest addition to the list of insurance companies that have decided to withdraw from business on the coast is the Delaware of Philadelphia.

"The Delaware is an old established concern. It was organized in Philadelphia in 1835. It has done business in California for a number of years. It announces that while it is the company's intention to adjust all losses, it

will not pay more than 75 cents on the dollar in any instance.

J. W. Brooks, manager of the western department of the Delaware, is here from Chicago, and is in charge of affairs. He makes no concealment of his company's intention to withdraw and discount losses.

PROF. LOUNSBURY TO RETIRE.

Newhaven, Conn., June 16.—At the end of the present college year, Prof. Thomas R. Lounsbury of Yale will terminate his active connection with the university with a service of 25 years. Prof. Lounsbury is one of the best known of the Sheffield scientific school faculty, and has been at the head of

the department of English since 1871. He was graduated from Yale in 1859.

MILLIONAIRE FOUND DEAD.

Des Moines, Iowa, June 16.—Dr. T. J. Caldwell, a millionaire banker and physician, was found dead in bed in his hotel at Adel early this morning. Dr. Caldwell was prominent in Iowa politics, having represented his country in both the house and senate at different times. His wife is in Denver. Death was due to old age.

Long Gloves.

On account of the unprecedented demand for long gloves the trade has been demoralized. And there is no hope. The demand is many times greater than the output of factories.

We have just received a shipment of 12 and 14 button black and white kid gloves, the only kind to be had for short sleeves. These will probably not last long as they are getting almost as scarce as long black silk gloves.
