AMERICAN.

Wired from Washington.

WASHINGTON, 28.—The United States Supreme Court will meet Monday and adjourn over until Thursday without transacting any business. Justice Matthews and Blatchford will represent the Court at the funeral of the late Vice-President.

Special Indian Inspector Armstrong reports to the Interior Department that everything is quiet at the Cheyenne Agency on the Rosebud river.

President Cleveland Advised to Stay at Home.

WASHINGTON, 28.—A considerable number of senators, representatives and public officials, as well as many distinguished citizens of Washington, have called on the President to-day to urge him to reconsider his determination to attend the funeral of the Vice-President. Their argument was not that there would be more than ordinary danger involved in the proposed journey, but that the emergency is such that it is his duty to the country to avoid every possible risk of accident to his life and health until Congress meets and the presidential succession is provided for.

Large numbers of telegrams to the same effect have been pouring in upon the President to day from leading men in all sections of the country, including one from Hon. Samuel J. Tilden, and a number from distinguished friends of the Vice-President at Indianapolis.

At a late hour this afternoon the following was received from Mr. Hord, Hendrick's law partner and friend:

INDIANAPOLIS, Nov. 28.

To the President:

Mrs. Hendricks requests me to thank you for your message of sympathy, and also Miss Cleveland for her kind and beautiful letter. She requests me to say that your presence at the funeral of her husband would be very grateful to her feelings, but she fully appreciates the weighty public reasons that exist at this time against your coming West, and begs that you will be governed entirely by your sense of public duty.

(Signed) OSCAR B. HORD.

It is understood that the President has not yet concluded to abandon the trip, although he said to a caller to-day that the matter was being presented to him in such a way and from such a source as might induce him as a question of duty to forego the journey.

Funeral Arrangements, etc.

INDIANAPOLIS, 28.—Arrangements for the funeral of Vice-President Hendricks are now about complete, and the order of the procession has been determined upon as follows: Mounted and unmounted police; military band from the Columbus barracks; General Fred Kreffer, marshal of the day and staff; Adjutant General Koontz and staff; military companies; hearse and guard of honor; Mrs. Hendricks and family; President of the United States and members of the Cabinet; ex President Hayes; Judges of the United States Court; United States Senators; members of the House of Representatives; Governors of States with their staffs; civic organizations; mayors of city councils and other municipal bodies, and citizens in carriages. The procession is to be in three divisions, each under a grand marshal and aids. The line of march will be from the church through the principal streets of the city to the cemetery.

At Hendricks' house this morning there were a large number of callers and the usual curious crowds in front. Mrs. Hendricks had a good night's rest and arose this morning much refreshed. At 10 o'clock, she and other relatives united in private devotional exercises. There was no minister present, but afterwards Dr. Horace C. Stringfellow of Montgomery, Alabama, who was the first rector of St. Paul's Cathedral here, when Mr. and Mrs. Hendricks united with the congregation, came in and participated in the service.

The burial casket came from Rochester this morning. It is of the same pattern as Grant's casket, and very richly and elaborately mounted with solid silver, with fluted white satin lining. On the head cap is a silver shrine plate, bearing in Old English letters simply the words "Thomas A. Hendricks." The body was dressed and put in the casket shortly after noon and then removed down stairs to the front parlor, where it will remain until to-morrow, when it will be taken to the court house to lie in state. At present it is exposed to view through a heavy plate-glass covering, and on the sides are elaborate floral designs. None but intimate friends are admitted to the parlor. The face of the dead man preserves to a remarkable degree its natural appearance. The eyes are tightly closed, but there is no perceptible discoloration of the features.

This morning, Parks, the sculptor, took a plaster mask of the face and succeeded in securing a very fine impression, from which he will model a bust for the family.

Telegrams of condolence continue to pour in. Dispatches from Hon. Edward S. Phelps, minister to England, reached Mrs. Hendricks through the State Department, and 50 or more similar messages came this morning from the mayors of cities, memorial meetings and political clubs from all parts of the country.

Only intimate friends of the family were admitted to the parlors this afternoon, and to-night the house was entirely closed to callers. Dr. Thompson, who attended Hendricks, makes a formal denial this morning that the Vice-President was subjected to bleeding. This is in answer to the published charge that Hendricks had only an acute pain in the stomach and was bled to death through the stupidity of his physician.

Cattlemen's Convention.

ST. LOUIS, 28.—At the sixth session of the Cattle and Horse Growers' Association, the committee in conference with the committee from the Cattle Growers' Association of America, reported through Simpson, of Texas, the terms of consolidation as agreed upon at a joint meeting at Springfield, Ills., held yesterday. The name of the association that is to be formed will be "The Consolidated Cattle Growers' Association of the United States." The two existing associations shall meet at the same hall at Chicago on the second Monday of November, in 1886, and proceed to the election of a president, three vice-presidents, a secretary and treasurer and an executive committee of fifteen. The report with the accompanying constitution and by-laws was adopted.

The election of officers for the National Cattle and Horse Growers' Association for 1886 was then proceeded with. Gen. J. H. Brisbin, of Idaho, being named for the presidency, declined with thanks.

Gov. Routt, of Colorado, was then elected president, but declined on the score that private business required his entire time and attention.

T. DeWitt Smith, of Chicago, was made a member of the association and elected unanimously under a suspension of the rules.

Vice-presidents were chosen as follows: Gen. J. H. Brisbin, was re-elected first vice-president; Arizona, H. C. Hooker; California, J. C. Smith; Colorado, Benton Cannon; Idaho, Michael Hyde; Illinois, Elmer Washburn; Indian Territory, F. B. Seavers; Iowa, Justus Clark; Kansas, Frank Plater; Kentucky, B. B. Groom; Massachusetts, M. A. Drew; Michigan, Jay Hubbell; Missouri, Charles E. Leonard; Montana, Granville Stewart; Nebraska, J. W. Small; Nevada, Jas. H. Harding; New Mexico, O. A. Headley; New York, F. B. Babcock; Ohio, Charles F. Taft; Pennsylvania, B. K. Jamison; Tennessee, John Thompson; Texas, Isaac T. Pryor; Utah, R. T. Burton; Rhode Island, S. T. Colt; Wyoming, A. F. Mercer; Dakota, D. T. White; Old Mexico, Ex-Governor Tarayar of Chihuahua.

Sidney B. Cunningham, of Texas, was selected secretary; A. F. Atwater was chosen treasurer; executive committee, H. H. Metcalfe of Colorado, Thomas B. Price of Missouri, E. Washburne of Illinois, J. E. Lytle of Texas, J. O. Harkness of Idaho, T. H. Bradley of Pennsylvania, H. J. Faust, of Utah, H. L. Munday, of Mexico, Robt. Miller of Iowa, J. H. Simpson of Texas, W. F. Thornton of New Mexico, Pleasant Porter of the Indian Territory, N. F. A. Mason of Nevada, Wm. F. Berger of Nebraska, L. K. Scofield of Kansas.

The convention adjourned *sine die*.

A Centenarian.

PORTLAND, Oregon, 28.—A Victoria, B. C., special says: Thomas Corris, a native of England, aged 102, died yesterday after a brief illness. He had never been ill in his life before.

Reports Suspended.

SAN FRANCISCO, 28.—In accordance with telegraphic instructions received here to-day from Chief Signal Officer Hazen from Washington, the weather predictions from the Pacific Coast are suspended until further notice. No reason is assigned for this action.

Justice Ross.

The announcement is made that Justice E. M. Ross, of the State Supreme Court, will forward his resignation to the Governor within the next few days. His term has nine more years to run.

Collision on the Northern Pacific.

PORTLAND, 28.—A collision occurred on the Northern Pacific near Missoula yesterday morning. The west-bound freight train ran into a special east-bound train composed of twenty cars of tea from China. The engineer and a tramp were killed. Several cars were wrecked.

No Will.

PHILADELPHIA, 28.—Letters of administration were granted to-day upon the estate of John McCullough, the actor, to the Guarantee Trust & Safe Deposit Company. The property is valued at $15,000, of which $40,000 is in personal effects. Mr. McCullough died intestate.

Attacked by Chinese Pirates.

SAN FRANCISCO, 28.—The steamer *City of Peking* arrived to-day with Hong Kong dates of November 4th and Yokohama dates of November 12th.

The steamer *Greyhound*, Captain C. W. Silder, trading between Hong Kong and Pak-Hoi left the former port on October 17th, on one of her regular trips, with 120 passengers and a general cargo. When the steamer was about seventy miles southwest of Hong Kong, about forty apparently innocent passengers scattered over the vessel and suddenly opened fire on the unsuspecting officers with revolvers. The Captain attempted to reach the chart room to arm himself, and was met with a volley from the pirates who stabbed him and then threw him overboard. The only other white officers on board were the first and second mates and the chief and assistant engineer who were forced at the point of a revolver to work the vessel, while the others, and remaining passengers and a Chinese crew of twenty-five men were battened down in the hold. The pirates then ransacked the steamer. The vessel was turned about, and when about forty miles from Hong Kong three junks came alongside and took off the pirates and their plunder, valued at $10,000, and then sailed away. The pirates were in possession nearly nine hours. The Chinese authorities have captured two junks containing the property pirated from the *Greyhound*, and six men who were concerned in the outrage. They have been taken to Canton, where they will probably be beheaded.

Rev. John Butler, of the American Presbyterian mission at Ningpo, and his eldest son died from cholera October 11th.

Alaskan Items.

PORTLAND, Or., 28.—Alaska news to Nov. 20, per steamer *Idaho* is as follows:

News from the Cassier gold fields say that the Hill diggings struck on Dease Creek pay $14 to the pan.

The report of the government officer who visited the Granite Creek mines is published, and gives a glorious account of the prospect of the miners there. He saw $400 taken off the rocker in a single afternoon by two men, and several claims are yielding from $250 to $400 a day.

The steamship *Idaho* brought $70,000 in gold dust from Douglas Island.

The working of the placer diggings in Silver Bow Basin is enjoined by N. S. A. Fuller, who claims the basin by virtue of an original location. Some miners who paid $5,000 for claims have not been able to work more than two weeks during the whole season on account of injunctions.

The body of Fred. Cushman, who was buried in a landslide of the basin, has never been discovered, though citizens of Juneau subscribed $500 to help the searching party, who worked till the snow came. The bodies of Millie Powers and an Indian were discovered.

Judge Dawne, who was removed by President Cleveland shortly after his appointment, "for cause," has disappeared from Alaska. He left Sitka on the 2nd of November in an Indian canoe, and is believed to be somewhere in British Columbia. As a matter of fact, he has been seen on the Skeena river. It is said he is wanted at Portland for an unsatisfied claim of $10,000.

The North Pacific Trading and Packing Company of the Prince of Wales Island have had a most successful season and have packed 8,000 cases of salmon and cut 700,000 feet of lumber.

An Indian tradition prevails on the Prince of Wales Island that Summer Island, forming one of the group and which is about 4,000 feet high, with almost perpendicular sides, has an extensive lake with the shores and bottom of "glass rock" probably of crystalized quartz. The Indians state that a kind of fog overhangs the mountain about half way up which, when reached, takes the luckless hunter in its embrace and carries him away never to be seen again. On this account the Indians will not camp on the shores of Island or venture anywhere near for fear that this atmospheric edition of the Catskills will bear them away.

Dr. Wyman, the resident physician at Treadwell, was married to Miss Cohn, a Jewess, and the belle of Alaska, recently. The ceremony was performed by Rev. Dr. Austin, the Presbyterian minister.

Just before the steamer left a drowning accident occurred. While Fred. Helma, a German, and a Chinaman were coming over in a ferry boat from Douglass Island to Harrisburg, the boat upset and both occupants were drowned.

SUNDAY'S DISPATCHES.

President Cleveland's Reasons for Remaining in Washington.

WASHINGTON, 29.—The President this afternoon determined not to make the trip to Indianapolis. To a representative of the Associated Press, he said:

"In the first moment of the shock of Mr. Hendricks death, I yielded to my inclination and declared my intention to be present at the funeral. Of course in reaching that conclusion I did not put out of view the peremptory press of public business, or what I deemed sufficient consideration of my duty to the people. Public business I thought I could dispose of by additional application and more hours of work, and I considered it to be my duty to the people to answer the tender sentiment of respect and affection to the dead Vice-President, which does them great honor. I am satisfied now that I was at fault in considering the question, in that I did not take as comprehensive a view of the duty I owe the public as I should, that is I did not look at every phase of it, and I am afraid my strong personal desire somewhat clouded my judgment. I am now reminded by some of the best and most patriotic and thoughtful of our citizens that the real and solemn duties of my office are at the national Capital and that in the present peculiar and delicate situation, I ought not to take even the remote chance of an accident incident to travel, to gratify a sentiment so general and so characteristic as they involved in this subject. I have been profoundly impressed by these considerations, but most of all, influenced by their strong and unanimous presentation by devoted friends of the late Vice-President, living in his State and city, and their endorsement by the noble and patriotic woman who in the infinite sorrow of her widowhood reflects the spirit and character of her honored husband in her solicitude for the public good. I am now certain that neither any desire or sentiment referred to, nor the difficulty that attends in this case a change of design, or any stubborn idea of heroism, will justify me in subjecting the country to any greater chance of disaster than attends my performance of strict duty here and that I ought not to inflict upon my countrymen even the unrest and anxiety attending my departure, absence and return, in attendance upon the funeral ceremonies."

The Cattlemen.

ST. LOUIS, 29.—The executive committee of the Cattle-growers' Association held a meeting after the convention adjourned yesterday. The new secretary, Col. Cunningham, of Texas, being sick, Mr. Allen, who has been assistant secretary under Mr. Atwater, will serve for three months. The headquarters of the association was fixed at St. Louis. The business and finance committees, composed of President L. DeWitt Smith, chairman, H. L. Wordey of Texas, Thos. B. Price of Missouri, and Schofield, of Kansas, was appointed and will have charge of all financial matters. Secretaries of local associations in the west and prominent cattlemen in the east, are requested to assist the general secretary in the collection of assessments and dues. They are also requested to raise a fund for the committee on legislation.

Chines Interpreters.

L. Wing and O. Ling, attaches of the Chinese Legation, Washington, who have arrived here, will act as interpreters in the trials which are to come on next week. Seven Chinese are charged with the murder of Lou Johnson, the Chinaman who was killed here last summer by alleged "High-binders."

Lying in State.

INDIANAPOLIS, 29.—The uniformed soldier kept up his lonely watch all last night in front of the residence of the late Vice-President. Early this morning almost an impassable crowd gathered in the vicinity of the house and soon reached for blocks away in all directions, while the fire bells kept up their tolling. The usual religious observances of Sunday were for the greater part unattended. From the family residence to the Court House, where the body now lies in state, the sidewalks, windows and even rooms were filled with people.

EVERY BUILDING ALONG THE LINE WAS HEAVILY DRAPED.

The procession from the house reached the court house at 11:30 a. m. The magnificent structure presented an imposing appearance; the entire front was covered with black and white marble columns encircled with streamers of black and white and the national colors. Under the rotunda, directly in the centre of the building, stands the catafalque. At the entrances and on all sides are rare and striking plants, so that the building seems to have been built in a beautiful conservatory. Directly at the head of the coffin is a very elaborate offering sent by Patrick Egan, president of the Irish National Land League of America.

ON THE COFFIN RESTS A BROKEN GAVEL.

The body is arranged in evening dress and the life-like features bear a look of quiet relief. People were necessarily obliged to take only hurried glances, the pressure being so great that about 80 viewed the remains every minute. More than 35,000 persons passed alongside the coffin during the afternoon. At midnight the building was closed for the night after

PROBABLY 50,000 PEOPLE HAD VIEWED THE REMAINS.

Mrs. Hendricks having expressed a desire to visit the Court house, the doors were closed to the public for a few moments about 9 p. m. Everybody, musicians, guards and officers retired from the corridor. Mrs. Hendricks with Judge Holman came in a carriage and were admitted by a private entrance. Her face showed evidences of weeping, but she bore herself with much composure, giving way to her emotions only once. Mrs. Hendricks gazed fixedly on the face of her husband, and was then quietly led away.

Frozen to Death.

DENVER, Col., 29.—A Robinson special to the *News* says: Mrs. Ratzak started on Thursday afternoon to cross Fletcher mountain to visit her husband who was mining in Clinton Gulch. A terrific snow storm come up soon after she left. Not returning on Friday evening as promised, a rescuing party started out and followed her. The trail was lost on the summit where the woman evidently became bewildered by the blinding storm, and wandered away on the mountain. She was found crouched underneath a boulder, frozen to death. The deceased leaves a husband two daughters here, and a brother and sister at Omaha.

A Fight Expected in Mexico.

NEW ORLEANS, 29.—A dispatch from Monterey, Mexico, to the *Times-Democrat* says: The revolutionary force of Don Manuel Rodiguez has been increased to 200 men. They entered Garcia this afternoon and a fight is expected at any moment.

FOREIGN.

An Armistice.

BELGRADE, 28.—An armistice between Servia and Bulgaria was concluded at 3:30 this afternoon. The cessation of hostilities was brought about by the efforts of Count Von Khevenhuler Metrich, the Austrian Minister at Belgrade.

Gladstone.

LONDON, 28.—A story is current in the clubs to-night that Gladstone has intimated to Lord Salisbury a willingness in the event of conservative success at the polls to give the whole liberal strength to the support of the government on "all reasonable measures, in order to prevent the necessity of yielding to the ruinous course of placing England under Irish dictation." No doubt is entertained that the liberal leader's proposal, if it really has been offered, has been accepted.

Girist and Mario's Daughter.

Berlin has a sensation of the first order in the trial and conviction of the Marchese Rita Candive, daughter of Mario, the tenor, and Grisi. The Marchese has been prosecuted under 14 charges of having swindled jewelers, hotel-keepers and modistes of large sums under various false pretenses. She has been convicted of all the charges, and has been sentence to 18 months' imprisonment, with an allowance of six months' detention. She has already undergone imprisonment under a previous sentence less justly inflicted.

SUNDAY'S DISPATCHES.

Political Riots in Ireland—Parnell Pelted Down.

LONDON, 29.—Fifty thousand Parnellites gathered together opposite the Vice-Regal Lodge in Dublin, to-day, despite the rain that was falling, and pledged their confidence in Mr. Parnell. Crowds of youths, headed by bands, paraded the principal streets singing "God save Ireland." A row took place opposite the Conservative Workingmen's Club House in which several windows of the club house were broken by stones. A meeting of the supporters of Mr. Nolan, Mr. Parnell's candidate, who is running in opposition to Mr. Callen in Dundlock, was advertised to be held to-day in that town. Four thousand Callenites assembled and prevented the erection of a platform. Parnell, who was present, attempted to speak from a wagonette in the market square, but was hauled down. He retired shouting, "You hired ruffians." A number of fights took place, and Nolan, who also attempted to speak, was hooted and pelted. The Parnellites withdrew to a hotel, where similar scenes were enacted. In one of the fights a youth was stabbed and dangerously wounded. Parnell and O'Connor authorized the denial of the report that the Parnellite manifesto had been withdrawn. O'Connor and other nationalist members of Parliament will address meetings in the conservative interest next week.

Gladstone arrived at Hawarden at midnight on Saturday. The village was illuminated in his honor.

The election riots at Londonderry were renewed yesterday. Thirty arrests were made.

Large Masses of Troops for Servia.

A dispatch from Semi says that the Danube Shipping Company and Austrian and Hungarian railway companies, have been ordered to make preparations for the transportation of 200,000 troops to Servia.

The Situation in Spain.

MADRID, 29.—Queen Christina was intensely agitated during the ceremony, assisted with her taking the oath of allegiance to the constitution. The moment the ceremony was over, she retired to her apartments in a hysterical condition.

At a reunion of the moderate republicans which was attended by Senor Castelar, it was agreed not to attempt a revolution, but to quietly await developments.

The Late King of Spain.

MADRID, 29.—The body of the late King Alfonso was removed to-day to the Palace of the Escurial. The remains were followed by the Royal family, members of the Cabinet, and a long procession of the nobility and other mourners. The bier was covered with floral wreaths and crowns. The weather was dull!

Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery.

Forewarned

of danger by the condition of your blood, as shown in pimples, blotches, boils, or discolorations of the skin; or by a feeling of languor, induced, perhaps, by inactivity of the stomach, liver, and kidneys, you should take Ayer's Sarsaparilla. It will renew and invigorate your blood, and cause the vital organs to properly perform their functions. If you suffer from

Rheumatism,

or Neuralgia, a few bottles of Ayer's Sarsaparilla will relieve and cure you. Alice Kendall, 218 Tremont st., Boston, Mass., writes: "I have been troubled with Neuralgia, pain in the side, and weakness, and have found greater relief from Ayer's Sarsaparilla than from any other remedy." J. C. Tolman, 336 Merrimack st., Lowell, Mass., writes: "In no other remedy have I ever found such a happy relief from Rheumatism as in

Ayer's Sarsaparilla

and am a well man to-day." Be sure and get Ayer's Sarsaparilla, the most thorough and effective blood purifier. The best is the cheapest.

Forearmed

with Ayer's Sarsaparilla, there need be no fear of Dyspepsia, Rheumatism, Neuralgia, Salt Rheum, Tetter, Eczema, Catarrh, Liver troubles, or any of the diseases arising from Scrofulous taints in the blood. Geo. Garwood, Big Springs, Ohio, writes: "Ayer's Sarsaparilla has been used in my family for a number of years. I was a constant sufferer from

Dyspepsia,

but Ayer's Sarsaparilla effected a permanent cure. Seven years ago my wife was troubled with Goitre; two bottles of Ayer's Sarsaparilla cured her, and she has never had any return of the disease. I regard this preparation as the best medicine in use for the blood." B. Barnard Wair, 75 Adams st., Lynn, Mass., writes: "For many years I suffered terribly from Indigestion, Dyspepsia, and Scrofula. Almost hopeless, I took Ayer's Sar-
