FOR THROAT DISEASES and fections of the Chest, "Brown's bronchial Troches" are of value. For Coughs, Irritation of the Throat caused by cold, or Unusual Exertion of the vocal organs, in speaking in public, or singing, they produce beneficial results.

HACK, HACK! COUGH, COUGH! Cough is a symptom by which varions diseased conditions of the throat, bronchial tubes and lungs manifest themselves. But whether it arises from the irritation produced in the throat and larynx by taking cold, from an attack of Bronchitis, from inciplent Consumption, or from various other causes, nothing will allay it more speedily nor cure it more perma-nently than Dr. Pierce's Golden Medical Discovery. It does not matter whether it be a recent attack, or a lingering cough, the Discovery is in either case equally well adapted for fts relief and permanent cure. In fact, it will cure a cough in one-half the time necessary to cure it with any other medicine, and it does it, not by drying it up, but by removing the cause, subduing the irritation, and healing the affected parts. No time should be lost in commencing the use of the proper medicine for the relief of a Cough, for unless this course is pursued, serious and gerous disease of the lungs is liable to result.

DOCTORS SOON LEARN ITS VALUE.
