How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

CRITICAL ANALYSIS.

UNIVERSITY OF DESERET, Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from Alum, Starch, Flour, Bone Ash, Ammonia and White Earth; and that it consists essentially of Cream of Tartar and Bi-Carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES OR POWERS

are unable to disprove the statement on every can of DeLand's Chemical Baking Powder "Made of Pure Grape Cream Tartar and Bi-Carb. Soda only. No filling whatever."

☞ CAUTION—Use one fourth less of this Baking Powder, and one half less shortening with all recipes than with other brands. d

75,000 Homeless.

BERLIN, March 29.—It is estimated that 75,000 persons have been rendered homeless by the floods. The damage to property is now estimated at 400,000 marks. The suffering in the flooded districts is indescribable.

Criminating the Inspector.

SOUTH VALLEJO, Cal., March 29.—The report of the coroner's jury in the case of the explosion of the boiler on the steamer *Julia* at this place, February 29, whereby the vessel was wrecked and seventeen lives lost, finds that the boiler was not sufficiently strong to carry the amount of steam registered and that the United States inspector of boilers was careless and negligent in not making the proper examination of the thickness of the boilers; it also condemns the use of petroleum as fuel, and says the fireman on duty was not properly qualified to fire with fluid.

Valuable Overcoats.

TORONTO, March 29.—Chase Cross, president, and Samuel C. White, cashier of the National Bank, of Raleigh N. C., were arrested tonight on information charging them with forgery Inside of the lining of Cross' overcoat was found $94,945, and in White's $15,255.

FIFTIETH CONGRESS.

SENATE.

WASHINGTON, March 29.—Dawes introduced a bill to establish courts for Indians on the various reservations and to extend the protection of the laws of the States and territories over all Indians. Referred.

Mitchell offered a preamble and resolution, which went over, instructing the committee on territories to inquire into the validity of an act of the legislature of Washington Territory, fixing the time for the next meeting of the legislature.

Berry addressed the Senate on the subject of the President's annual message.

The Senate then proceeded to the consideration of the bills on the calendar.

Among the bills passed were the following:

Appropriating $80,000 for a public building in Helena, Montana.

Changing the boundary of the Yellowstone National Park, and providing police and other regulations there.

Increasing the limit of the expenditure for public buildings in San Francisco to $850,000.

Granting a right of way o the Denver and Rio Grande railroad company across the military reservation on the Uncompahgre River in Colorado.

To authorize the Cheyenne Street Railroad Company to build its road on and across Fort D. A. Russell military reservation.

Appropriating $80,000 for public buildings at Cheyenne, Wyoming.

To authorize the Columbia River Bridge Company to construct and maintain a bridge across to Columbia River between Oregon and Washington Territory.

To grant a right of way through the Indian Territory to the St. Louis & San Francisco Railroad Company.

To extend the southern and western boundaries of the State of Kansas.

The House bill to ratify and confirm an agreement with the Gros Ventre and other tribes of Crow Indians in Montana. An amendment having been made to this bill looking to a treaty for the removal of Southern Ute Indians from Colorado, a committee of conference was ordered, and Senators Dawes, Daniel and Stockbridge were appointed.

In aid of the Centennial and Memorial Association of Valley Forge, and to secure the Washington headquarters and the ground occupied by the Continental army of 1777-8.

Appropriating twenty thousand dollars for the completion of the monument to Mary, mother of Washington, at Fredericksburg, Va.

To have copies of certain national medals struck and delivered to certain departments and to the various States and Territories.

The total number of bills passed was sixty-one.

Adjourned till Saturday.

HOUSE.

WASHINGTON, March 29.—Enloe reported adversely a resolution calling upon the Postmaster-General for information as to what instruction had been given subordinate officers of the Postoffice Department tending to prohibit American citizens from using the United States mails on the same terms as Canadian citizens living in the same vicinity and competing in business. He said the resolution reflected upon the Postmaster General by drawing the inference that he had violated the law.

Allen (Mass.) thought the spectacle was a unique one—for a majority of a committee of the House bringing in an adverse report upon a resolution asking official information of the head of a great department of the government. He did not think that the House would endorse an adverse report.

Blount had no objection to the House receiving all the information on the subject it desired, but he protested against the disrespectful language of the pending resolution, which would be regarded as insulting if used by the Executive Department in addressing Congress.

Peters (Kansas) wished to amend the resolution by striking out the words which were considered to reflect upon the department, but was not permitted to present the amendment.

The resolution was tabled—yeas, 135; nays, 122.

Randall moved to reconsider the vote. Lost—yeas, 123 nays, 127

A bill was reported to prohibit aliens from acquiring title to mining lands within the United States. House calendar.

The House then went into committee of the whole on the Indian app opriation bill.

Nelson (Minnesota) took advantage of the general debate to speak upon the tariff question. He quoted the republican platform declaring in favor of a reduction in the tariff at an early day, and added amidst the laughter and applause of the democrats: "And now, my friends, is the appointed time!"

Funston (Kansas) attempted to put some questions to Nelson, but the latter remarked that the gentleman could have the floor all to himself, and took his seat.

The committee then rose and the House adjourned.

BRIEF TELEGRAMS.

M. Pascol, Napoleonic journalist, who was Under Secretary of State in 1873, has committed suicide.

Rumors are current in Rome to the effect that King John, of Abyssinia, has written a letter to King Humbert, inviting the latter to meet him to discuss their disputes personally and in a manner worthy of kings.

In Boston, March 29.—Wm. D. Poole, lately chief deputy United States marshall, was indicted by the grand jury charged with embezzlement and rendering false accounts.

New York dispatch: Recorder Smith in the court of general sessions today made public a letter he had received which was marked "personal." The letter said that when a decision favorable to Jay Gould is rendered, $250,000 in $1000 bills will be left at the recorder's residence. There was no signature to the letter.

New Bedford, Mass., dispatch: The barkentine *Mabel B. Tower* arrived this afternoon from Fayal, Azores, which place she left March 3d with 13 cabin and over 200 steerage passengers. One hundred of the steerage passengers have their fares paid to California, and will leave tomorrow.

How Paper Car Wheels Are Made.

Richard N. Allen, the inventor of the paper car wheel, is in town just now. He is here to meet George Pullman. When Allen made his first set of paper car wheels in 1869 he was laughed at, and it was with difficulty that he got the use of a wood car for six months to test his invention. The Pullman Palace Car company gave him his first order for 100 wheels in 1871, and a few years later the Allen Paper Car Wheel company made 17,000 such wheels in one year. One of the first set of wheels experimented with under a sleeper is now on exhibition in Hudson, N. Y. It has a record of 300,000 miles' travel.

Only the body of the wheel is of paper. The material is calendered rye straw "board," or thick paper, made at Morris, Ills. This is sent to the works in circular sheets of 22 to 40 inches in diameter. Two men standing by piles of these rapidly brush over each sheet an even coat of flour paste, until there are a dozen of them, which make a layer. The layers are subjected to a hydraulic press, with a pressure of 300 tons. After various other manipulations several of these twelve sheet layers are pasted together, until there are formed circular blocks containing 120 to 160 sheets each, compressed to 3½ or 4½ inches thickness, just the size to fit the inner circle of the tire.—*Chicago Journal.*
