

Today's Ogden News

WORKING FOR AGRI. COLLEGE

Logan and Ogden Commercial
Clubs Get Together on State
High School in Cache.

AFFAIRS OF WEBER COUNTY.

Commissioners Cannot Agree on Successor to Hon. Joseph Stanford—
Alex. Wilkinson, Sr., Dead.

Ogden, Nov. 20.—The Cache commercial club of Logan was represented last evening at a meeting held in Ogden at the Weber club parlors by Mayor E. W. Robinson, J. A. Hendrickson, Senator-elect Bullen, Jr., Representative H. H. Thomas, and Prof. George H. Thomas. About 50 of the club members and prominent citizens of Ogden also participated in the deliberations.

The meeting was called to order by President John Fingree, who named Hon. Sidney Stevens as chairman. The gentlemen from Cache county explained the purpose of their presence at the meeting, being to secure the support of the people of Ogden in the proposition to retain the Agricultural college at Logan, where it has been since the beginning, and went into detail why the institution should remain in Cache county and be improved upon. Their arguments on the matter were met with the unanimous endorsement of all present, many of the most prominent gentlemen present from Ogden spoke favorably for the institution, expressing a desire that when the matter is brought before the state legislature at the coming session, that the representatives support the maintenance of the college where it now is at Logan. The following resolution was unanimously adopted:

"Resolved, That in our opinion, it is not for the best interests of this state that the Agricultural college be moved from Logan, but that it should be further built up until it be of still greater honor to our state. That we request our senators and representatives to oppose any act that might weaken its present position or jeopardize its present location."

WEBER COUNTY AFFAIRS.

Commissioners Cannot Agree on Successor to Hon. Joseph Stanford.

Ogden, Nov. 20.—Another meeting of the board of county commissioners has been held and still no successor to Hon. Joseph Stanford has been named by the commissioners, and it is now understood that the members are going to let the matter of an appointment go over one month, and then the responsibility of naming his successor will be thrown upon Gov. Cutler. It is also stated that the remaining commissioners cannot get together on a choice, hence the delay. The petition that is being circulated and is being numerous signed for the appointment of John T. Ryboe of Riverdale to fill the vacancy was not presented to the board and may now be held over until the appointment is passed up to the governor. County Physician Gordon appeared before the board and urged the erection of a pest house, suitable for all purposes, also that a building be erected for the care of other patients suffering from different contagious diseases. The board took the matter under advisement and will confer with the city authorities on the proposition and see if a joint building cannot be erected.

A communication was received from the state university calling attention to the fact that the Russian thistle, a very noxious weed, is spreading over the state and should be destroyed. Rep. Hansen of the county infantry stated that the weed is spreading near the poor farm.

A petition was presented to the board asking the creation of a new road district comprising a part of Wilson, Garfield, Kaneville and Taylors' districts. Referred to the road committee.

The Deseret Livestock company reported that 4300 head of sheep had been assessed in Tooele and Weber counties, and asked that the assessment in this county be cancelled, but the board had no authority to comply with the request and instructed the clerk

Manager, E. A. Larkin.

SUIT FOR DIVORCE.

Suit for divorce has been filed in the second district court by John M. McCannant against Emily S. McCannant, alleging adultery as the cause. The parties were married at Ballinger, Texas, March 29, 1901.

JURY VENUE FOR DECEMBER.

The following named trial jurors will serve during the December term of the second district court:

Charles A. Hansen, Benjamin Dinsdale, W. W. Boatwright, C. C. Richards, Jr., Albert Sebring, Joseph Wood, Horace E. Garner, Jesse J. Murphy, William L. Porter, Sr., John E. Ecklund, Nathan A. Tanner, Andrew A. Kerr, Isaac N. Pierce, Daniel A. Stephens, Hyrum E. Gale, Charles A. Porter, Hyrum Behnke, Dan Pugh, Ogden, E. G. Moffitt, Alma Montgomery, Edwin Hill, North Ogden; Andrew A. Clark, John Ward, Liberty, Charles H. Ellsworth, Warren; Chas. J. Buck, West Weber; Joshua Homer, Fair View; Edgar M. Falkman, Plain City; Joseph Barnett, Pleasant View; James Burch, Burch Creek.

DEATHS SUDDEN SUMMONS.

Death came unexpectedly yesterday to Alexander Wilkinson, Sr., at his home, 151 Twenty-third street, caused from general debility. Mr. Wilkinson has been enjoying quite good health.

PROVO DEPARTMENT.

The "News" is delivered by carrier every night (Sunday excepted) at 75 cents per month. All payments and complaints should be made to R. J. Dugdale, agent for Daily, Saturday and Semi-Weekly News, Ogden, taken for Church Works Residence, 25 Fourth North St. Phone 164, 3-M.

CITY COUNCIL SESSION.

Councilman Partridge Resigns—Utah County Affairs—News Briefs.

Special Correspondence.
Provo, Nov. 20.—The city council met last night and transacted routine business principally.

Councilman E. D. Partridge of the Fifth ward tendered his resignation as a member of the city council last evening. At the close of the communication was this poster: "I hope you will appoint a good Democrat in my place." Mr. Partridge is a Democrat. His colleague from the Fifth ward, Moroni Snow, who also resigned a few months ago, was a Democrat and he was replaced by J. F. Van Wageningen, a Republican. The resignation was accepted with a vote of thanks for Mr. Partridge's valuable services. Several of the members expressed regrets that Mr. Partridge was compelled to resign and appreciation of his good work in the council. Mr. Partridge is suffering from illness and his physicians have informed him that it is absolutely necessary for him to do less work.

A deed for a right-of-way through alleys in the bank block from Senator Reed Smoot and wife was presented by City Atty. Thomas. Mr. Thomas informed the council that if the deed was accepted it would give the city a right-of-way only, and in case the city abandoned its use as such the property would revert to the grantors. Referred to the committee on streets and alleys.

A communication was received from N. Muhlestein and others asking that a deed be issued to them for about five acres of land northeast of the city, which the council had previously voted to sell the petitioners. Referred to the committee on public grounds and city property.

UTAH COUNTY BUSINESS.

At the meeting of the board of county commissioners held today the Wildwood Resort company petitioned for a change in the county road in the canyon passing through the company's property, moving the road farther south on to the bank of the river, and offering to pay costs of the change. Referred to Commissioner Dunn.

Postmaster Clove appeared with a complaint against the city for obstructing the county road, near the mouth of the canyon, with the excavations.

for a man 74 years of age, and has been able to attend to his work with unusual alacrity. Sunday he stepped from his house into the yard and slipped on the icy ground. His wife helped him into the house and a short time he felt no ill effects from the fall and appeared to be feeling as good as usual until a few hours before death released him from mortality. Deceased was born in Scotland in 1832. When a young man he joined the Latter-day Saint faith and emigrated to Utah 31 years ago. He was faithful to his religious convictions to the end. A wife and four sons survive him.

SMOOTH WORK OF FORGER.

The police are on the lookout for a stranger who Saturday afternoon called at the home of C. B. Sears at Burch Creek, and by telling a plausible story, got Mrs. Sears to let him have Mr. Sears' check book, as she supposed to take to her husband. But instead the stranger came into town and forged the name of Mr. Sears to four checks which he cashed, securing on them nearly \$40. The forgery was not discovered until the worthless checks were presented at the Commercial National bank yesterday for payment and were refused. It is believed the man left town Sunday.

BRIEFS AND PERSONALS.

William McKay, son of Patriarch McKay, was operated on yesterday at the Ogden general hospital for appendicitis. Dr. E. L. Rich and Dr. Morrill of Logan performed the operation, which was very successful.

Miss Matilda Peterson, county primary supervisor, who had her foot crushed 19 days ago, is able to be out again.

O. B. Madison leaves for Goldfield, Nevada, tomorrow to look after his mining interests there.

A MOUNTAIN OF GOLD.

Could not bring as much happiness to Mrs. Lucia Wilke, of Caroline, Wis., as did one 25¢ box of Bucklen's Arnica Salve when it healed a running sore on her leg, which had tortured her 23 long years. Greatest antiseptic healer of Piles, Wounds, and Sores. 25¢ at Z. C. M. I. drug dept. 112-14 So. Main St., Drug store.

If you admire this fur set and hat, write to BANKS, 115 SOUTH MAIN, for price. Their line of furs and millinery makes up the best assortment combined in the state.

On Wednesday a wedding reception was given at the residence of Mrs. Matta Tams in honor of her daughter, Miss Ellen and Mr. C. W. Shipley. A sumptuous repast was partaken of by a large number of relatives and friends, and an agreeable evening spent. Mr. Shipley has recently returned from a successful mission in the Southern states and at present is principal of the Avon school. The bride has been a very active member in the various associations of the ward and is quite popular. They start out on life's journey with bright prospects.

CANYON ACCIDENT.

While working in the canyon Frank Allen had the misfortune to cut his foot with an ax. He was taken to Logan where the necessary surgical aid was rendered.

Friday, 16th inst., funeral services were held in the meetinghouse over the 4-year-old son of Mr. and Mrs. H. C. Calver. The burial and other funeral expenses were paid by the family. The deceased was a very popular child and his death was a great loss to the family.

FORTUNATE MISSOURIANS.

"When I was a druggist, at Livonia, Mo., I met T. J. Dwyer, now of Graysville, Mo. Three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Suffer from Cough and Cold cure and Throat and Lung trouble. Guaranteed by Z. C. M. I. drug dept. 112-14 So. Main St., Druggists, 50¢ and \$1. Trial bottle free.

Black Lynx.

MORONI.

\$30,000 FOR BEETS.

Sugar Industry's Contribution to Moroni Farmers' Prosperity.

Special Correspondence.

Moroni, Sanpete Co., Nov. 16.—Yesterday was Moroni's big pay day. In fact the largest that it has ever experienced by way of cash receipts for any one of its agricultural products, and the results obtained should certainly serve as an object lesson to the farmers and commercial clubs in the adjoining towns of this county. Last spring the farmers of this precinct had 400 acres of land planted to sugar beets, which produced 6,700 tons of beets, which is an average of 16 tons per acre for the whole area planted, which, at \$4.50 per ton, represents the neat sum of \$30,150. This has been the banner year here for raising beets, and some patches fell below the 16 tons per acre, many exceeded that amount, some growers averaged 20 to 22 tons per acre. One small patch produced 35 tons per acre. One small patch produced 25 tons per acre and another of two acres went 27 tons per acre. This little town presented the appearance of a veritable beehive, for industry, during the height of the digging season. In 24 working days of October, 2,508 wagon loads were delivered, an average of 105 loads a day. The entire load was overtaxed the hauling capacity of the Sanpete Valley railroad, and a stack of nearly 2,400 tons is piled up near the tracks to be hauled to the factory later. If Moroni's beets were loaded on cars of 20 tons each, it would fill 120 cars, and make a string of cars two and a half miles in length.

Can not other Sanpete towns equal this or go it some better? If they will, it may be the means of bringing a sugar factory to the county, thereby creating another industry here, and at the same time increasing the value of farm lands. All that should be attained is in new crops, thereby creating another industry here, and at the same time increasing the value of farm lands. All that should be attained is in new crops, thereby creating another industry here, and at the same time increasing the value of farm lands.

As to the idea that land will soon become exhausted by continuous beet growing, there is no cause for apprehension. The field superintendent of this district has raised beets on his land for several years successively, and his crop this year was heavier than ever, his 20 acres going over 20 tons per acre.

COFFEE IMPORTERS.

Publish a Book About Coffee.

There has been much discussion as to Coffee and Postum lately, so much in fact that some of the coffee importers and roasters have taken to type to promote the sale of their wares, and check if possible the rapid growth of the use of Postum Food Coffee.

In the coffee importers' book a chapter is headed "Coffee as a Medicine" and advocates its use as such.

Here is an admission of the truth, most important to all interested. Every physician knows, and every thoughtful person should know, that habitual use of any "medicine" of the drug stimulant type of coffee or whiskey quickly causes irritation of the tissues and organs stimulated and finally sets up disease in the great majority of cases if persisted in. It may show in any one of the many organs of the body and in the great majority of cases can be directly traced to coffee in a most unmistakable way by leaving off the active irritant—coffee—and using Postum Food Coffee for a matter of 10 days. If the result is relief from nervous trouble, dyspepsia, bowel complaint, heart failure, weak eyes, or any other malady set up by a poisoned nervous system, you have your answer with the accuracy of a demonstration in mathematics.

"There's a reason" for Postum.

COALVILLE.

WANT CONTINUED R.R. SERVICE.

Summit Stake Academy—Business Activity—New Citizens Arrive.

Special Correspondence.

Coalville, Summit Co., Nov. 17.—Petitions are being circulated here requesting the Union Pacific railroad officials to make this city, instead of Echo, the terminal point for the local "Salt Lake City and return" train. This action is caused by the contemplated discontinuance of the local Park City train, and the making of Echo, instead of Park City, the terminal point for this service.

The enrollment at the Summit stake academy is increasing at a very gratifying rate, being now considerably in excess of that of last year at this time. The domestic arts department, under the management of Miss Belle Barton, is becoming very popular, and is being patronized accordingly.

Prof. Sardon of the musical department of the academy is preparing and rehearsing for the presentation of an oratorio to be given by the school and other local talent in the near future.

BUSINESS ACTIVITY.

The two handsome business blocks being erected by the Coalville Co-op Mercantile company and the Boyden estate respectively, are now nearing completion. They are a decided improvement to the business portion of the city. The Summit County Improvement company has also broken ground for the erection of a large, modern, brick structure, in which to house their increasing business. The business portion of town has therefore assumed an air of great business and industrial activity.

Councilman William Frost is around again, after a severe attack of bronchitis. His daughter Mary is confined to her bed by an attack of typhoid fever.

There have been births during the week as follows: To Mrs. N. J. Peterson, Mrs. Alf Robinson, sons; to Mrs. William R. Raby, Mrs. Axel Blomquist and Mrs. T. L. Allen, daughters.

New Attractions.

Every day in style and prices at McNeely's, Knutsford.

Every day is MOUNT'S Pickle day.

PETERSON.

STRUCK BY CYCLONE.

Snow and Zero Weather in Morgan—Business Sold.

Special Correspondence.

Peterson, Morgan Co., Nov. 18.—Last Thursday Peterson was visited with a severe windstorm, which played havoc with haystacks and outbuilding and uprooted trees and scattered debris. A snowstorm. At present writing there is six inches of snow and cold down to zero. Olsen Birk has sold their store and interest to Fingie Bohman.

NEW SKATING RINK.

Richards Street Auditorium Will Open Monday Evening.

The new auditorium skating rink on Richards street will open next Monday evening, according to the present plan. There will be made from Held's band, a number of roller skating races, and a general program to mark the event. The building is a large one, the floor is laid to let the skaters roll round and round without getting off the grain, and every facility has been prepared to take care of the crowd. The opening was delayed over 30 days by the inconsiderate windstorm that blew down the walls a few weeks ago, but it is now in a practically completed form.
