

Special Business Notices.

ATTENTION is requested to the advertisement of the Planters' Iron Fence Co., whose business office is at 202 N. Sixth St., St. Louis. This fence is made of wrought iron, plain, or with barbs inserted. It is manufactured in eight foot lengths, and two lengths are connected with iron rivets, making a strand of sixteen feet. Being made of flat iron twisted it is much more durable than the wire fence, and will not give way if pressed against by animals. It is fastened to the posts with staples, and no more posts are required than for an ordinary lumber fence of the same length. It has been very thoroughly tested in the south-west and Texas, so much so that farmers and stock raisers are abandoning the lumber fence, and using this in its place. Animals coming in contact with the steel bars become very shy of it. It is considered to be much more durable than lumber and makes a much better fence, and it is put up in about half the time of lumber fences. It is guaranteed to be stock proof, cannot be burned or blown down, contract or rust, and does not sag. Persons desirous of inspecting the same can do so by calling at this office. Read the advertisement, and send for circulars to their business house at St. Louis.

FAREWELL benefit of Miss Jean Clara Walters at the Theatre tonight.

Testimonial to Dr. E. L. Plant. About six weeks ago I was perfectly cured of a cancer in my tongue. The suffering through which I passed previous to its removal, cannot be described. The cure was effected without any surgical operation, and I gradually experienced great relief from the commencement of Dr. Plant's skillful treatment. The entire cure was performed in six weeks. I am sixty-one years old, and am prepared to answer any or all enquiries in relation to the matter. But the case, to myself, seems so wonderful that I think it my duty to take the present means of communicating the fact for the benefit of others.

ONLY substances always aggravate skin diseases. Ointments are therefore rather harmful than beneficial. GLEN'S SULPHUR SOAP, which opens, instead of clogging the pores with grease, has, as might have been expected, widely superceded oleaginous compounds as a remedy for scrofulic affections.

A few applications applied with a soft linen cloth will leave the delicate hues of refined beauty and youthful bloom. The application should be repeated, and it is also a sure cure for all possible blemishes, warranted purely a vegetable extract from the flowers of Southern France. d&w

EVENING NEWS.

Saturday, June 3, 1876.

PRICE OF GOLD. Corrected daily by Deseret Evening News. GOLD: \$134.00. SILVER: \$1.00. d1274

Local and Other Matters.

Thermometer 73 degrees F. in the shade at 1 p.m. to-day. Fine.

Early Products.—Utah new potatoes and early strawberries are now for sale in the market.

Meetings.—Religious services in the Tabernacle to-morrow afternoon commencing at 2 o'clock, and in the various Ward meeting houses in the evening.

Expected to Preach.—Elder Theodore B. Lewis is expected to preach in the 18th Ward, President Young's school house, to-morrow evening. Services commence at half past 6 o'clock.

Dam Gone.—The high waters of Cañon Creek carried the paper mill dam away yesterday. All the other dams on the stream were carried away some time ago.

The Lightning Train.—The following reached us over the wires to-day—

ODESSA, June 3rd, 1876. The lightning train arrived at 10:22, left at 10:27; two cars.

Snow, &c.—From a gentleman recently in from Sanpete, we learn that the snow storm last Tuesday was exceedingly heavy, teams being unable to face it. The waters are very high throughout the valley, and crops generally look very promising.

Enterprise.—Mr. James Dwyer, the irrepressible and enterprising, telegraphed for New York papers to be sent him by the "lightning train," and shortly after noon to-day he placed before us the New York Herald of June 1st, only two and a half days from that city.

Excommunicated.—To whom it may concern: This is to certify that Isaac Ferguson, Big Cottonwood, was cut off the Church of Jesus Christ of Latter-day Saints, by the High Council of this stake of Zion, June 1, 1876.

GEORGE E. WALLACE, Clerk of High Council. Salt Lake City, June 3, 1876.

A Lunatic Indicted.—The character with long matted hair, named Leonard, whose lunacy appears to be concentrated upon a claim he asserts as being the father of Adam, has been indicted by the grand jury for committing an outrage upon the person of a little girl; he is now, or has been recently, serving a term of imprisonment in the City Jail.

Indicted.—Mr. Robert Smith, of this City, has been indicted by the grand jury, for tearing down a shanty which a Mr. Cottrell had erected upon a piece of land, concerning the right of title to which there is a dispute between the two persons named. Mr. Smith was arrested yesterday and taken before Judge Emerson, in the District Court, when the amount of bail was fixed, and he was released, on bonds.

Bereavement.—It will be observed, by obituary notice, in another column, that another child of Brother and Sister Derr, of the 10th Ward, died yesterday, the same day on which the other was buried. We understand that two others of their children are ill with the same complaint which carried off the two already alluded to.

Bro. and Sister Derr have the sympathy of numerous friends in their present hour of trial and bereavement.

Sunday School Notice.—The monthly meeting of superintendents and teachers will be held in the City Hall on Monday next, June 5th, at half past seven p.m. A large and punctual attendance from every school is particularly requested, as business of importance will be presented. The superintendents will please carry to the meeting according to and invite the teachers to be present. The Seventh Ward Choir have kindly promised to be in attendance.

GEORGE GODDARD, Asst. Gen. Sup't.

More Accidental Poisoning.—Last Sunday a boy named George Thomas Smith, son of Henry and Madeline Smith, who resided in South Cottonwood Ward, in this County, with his parents, ate a wild parsnip, not knowing its poisonous nature, and in one hour afterwards the little fellow was dead. He was eight years old. This circumstance, and others of late recurrence, should operate as incentives to caution parents to instruct their children relative to the danger of promiscuously digging up and eating roots of various kinds.

Gaining Ground.—Brother Singleton, foreman of the Provo Co-operative Tailoring Establishment, who has been in the city for the purpose of taking steps towards opening an agency for the goods of the concern here, has also visited Ogden, and returns to Provo with quite a list of orders for suits of Provo cloth, which are growing in general favor. A market for the ready made clothing of this establishment has been opened in Ogden, and gives excellent indication there, in point of price and quality. It looks as if Utah goods, to some extent, have to be exported to be appreciated.

Theatre.—This evening at the Theatre Miss Jean Clara Walters makes her farewell benefit, and makes her farewell benefit to a Salt Lake audience. As an actress of force and ability, she is well known

to the community, before whom she has been playing on the mimic stage for several years. An attractive bill has been prepared for this evening, consisting of the powerful play of "The Stranger," a play by Miss Walters and Ellen, the recitation of "Shamrock O'Brien" by Miss Walters, and "His Assurance and Yankee Modesty," Miss Walters as "Nancy" with song, "Way Down in Maine."

Utah Plants.—This afternoon we were called upon by Mr. A. L. Siler, who resides at Ranch, about twenty-five miles above Kanab, Kane County. He left that place April 17th, and brought with him a large collection of plants indigenous to that locality, principally cacti, which he shipped to France, in an order he had received. He also went to Sanpete and obtained another collection, of four thousand specimens, principally of the "Abies Concolor," which he shipped to Backhouse & Son, of York, Yorkshire, England. He purposes making still another trip to Sanpete, on a similar errand, when he will make collections of the "Fritillaria Purpurea." In connection with Mr. J. C. Reading, of this City, Mr. Siler purposes opening up and carrying on a regular trade in Utah plants and seeds, with various parts of the world, as there is a gradually increasing demand for them, as their nature and value become known.

Mr. Reading has received an order from a New York gentleman for a number of Utah fruit trees, to be forwarded in the Fall.

Pioneer Firemen.—The members of the Pioneer Engine Co. No. 1 are requested to meet at Fireman's Hall, on Monday evening, at half-past seven o'clock, to transact business of importance. A full attendance is desired.

By order of JOHN READING, Foreman. H. H. GODDARD, Sec'y.

Our Country Contemporaries.

Ogden Junction, May 29.—We are happy to inform the public that the County bridge across the Weber River was so far completed by 3 p.m. to-day as to permit the passage of teams. Mr. W. G. Child, of this City, has rebuilt this bridge at an expense of about \$550, which he has himself expended. Mr. William Davis, of Ogden, has assisted him in the work of fixing the bridge for traffic.

Ogden Junction, June 2.—The foot bridge ordered by the City Council over the Weber, at the railroad bridge, is now completed, and people can walk over without danger to life and limb. A good act, for which the Council is entitled to thanks.

The Utah Northern Railroad Company sent a special train to Franklin, this morning, carrying a company of Eastern gentlemen, who have been spending several days in Utah, examining our mines, and taking a general observation of the Territory; the train started early this morning, and returned at night. Joseph A. Shaw and James B. Stoddard, son of John Stoddard, were engaged in repairing a dugway to Stoddard's mine, in the vicinity of Aspen, Wyo., on which they have been employed for some time, making alterations and improvements when they were suddenly surprised by the violent onset of a huge black bear. Stoddard was standing with his back to the furious beast, as he came rushing toward them, and Shaw was stooping to lift a shovel full of dirt, when he exclaimed, in a voice of terror, "Look, look, there he comes! What must we do now?" Stoddard turned instantaneously, raised the pick which he held in his hand, and advanced toward the bear, determined to daunt him by his menacing attitude, or to make a desperate effort to plunge the upraised pick into the monster's forehead, as he came bounding down the hill at full speed. Young Stoddard fully realized the imminent danger, and, in the open mouth, the distended jaws, eager for a taste of blood, and the glaring eyes, that peered from the ponderous head and blazed in defiance of the defence made by his intended victims, he (Stoddard) stood undismayed, brandishing his unwieldy weapon, and shouting in a loud and commanding voice, when the bear was only a rod and a half distant, which so intimidated him that he slackened his pace. At a moment, turned on his heel and scudded away in the opposite direction, as if a legend of fables were upon his track. Meanwhile, Shaw, who gripped his shovel, firmly, resolved to let him feel the weight of it if he made the assault.

CONGRESSIONAL.

SENATE.

WASHINGTON, 3.—Allison called up the Senate bill providing for an agreement with the Sioux nation in regard to a portion of their reservation and for other purposes. Edmunds offered a substitute, authorizing the President, by and with the advice and consent of the Senate, to appoint a commission, on behalf of five persons to visit, as soon as possible, the tribes of the Black Hills, with a view to negotiating with them a treaty of peace, and to the consideration of the rights of the Indians for the relinquishment of the Black Hills, and otherwise for the preservation of peace.

Edmunds agreed to the suggestion, and withdrew his substitute.

Ingalls suggested an amendment to the substitute, so as to authorize the commission to treat with the Indians for the relinquishment of the Black Hills, and otherwise for the preservation of peace.

in the discharge of their duty. The bill was passed, and a third vote was given, 30 yeas, 8 nays.

WASHINGTON, 3.—Cate offered a resolution directing the committee on whiskey frauds in St. Louis to investigate the question of fraud on the revenue in the manufacturing of whiskey and what Illinois, Milwaukee, and whether any officers of the United States were concerned therein; adopted.

Blaine, from the committee on mines and mining, reported a bill to utilize the production of the gold and silver mines of the United States; printed and recommitted.

EASTERN.

New York, 3.—The Tribune's Washington correspondent writes that things only remain for Blaine to do in order to clear himself. The first is to produce positive proof that the bonds which John Scott sold to the P. R. Railroad Co. were not the bonds which Blaine obtained from his Maine purchasers, nor were part of those which he himself sold to the P. R. Railroad Co. The second is to remove from the public mind all suspicion that the letters which Blaine took from Mulligan, and which he published, would reflect upon his character or reputation.

The Cincinnati Party All Right.

Chicago, 3.—The commanding officer at Laramie reports that Capt. Edgar and the Cincinnati party on May 21st, twenty-eight miles from Custer. They were then all right. Had one man slightly wounded, considerably. They were thirty-nine in number.

The Fast Train.

The fast train at Bridge Station 7:58 a.m., seven hours and sixteen minutes ahead of time.

The Fast Train—Maximum Rate of Speed.

The maximum rate per mile of the fast train on each of the three divisions of the Union Pacific was one minute, and on the division between Big Springs and Julesburg the run was made at the rate of seventy miles an hour.

Half Ahead of Time.

Chicago, 3.—The fast train arrived at Evanston, 3:55 miles west of Omaha, at 9:15 and departed at 9:20, eight hours and fifteen minutes ahead of time. The break on the Union Pacific was repaired last night.

Lightning Train.

Omaha, 3.—The train arrived at Ogden at 10:57 Laramie time, 10:27 local time, 3 hours and 27 minutes ahead of schedule time. Average speed over the Union Pacific, forty-four miles per hour.

Horrible Tragedy—Said.

St. Louis, 3.—The dead bodies of a man and woman, and a girl about three years old, were found in a secluded part of the woods near Belleville, Ill., yesterday afternoon. The woman and child were shot through the head, and the man in the heart, by parties unknown. From the position of the bodies and the manner in which they were positioned, it was evident that the man shot his wife and child and then killed himself. Persons living near by heard three shots about sunset on Thursday night, and believed this horrible tragedy was enacted at that time.

Wm. Berger and another man, who have been confined in jail since last evening by jumping into the river from the ferry boat.

Murdered.

St. Albans, Vt., 3.—Mrs. Charles Butler, residing at Highgate, was killed by a horse on Friday night, during the temporary absence of her husband.

Poisoning and Robbery.

Easton, Pa., 3.—Moses Schug, another member of the family, is reported to have been poisoned, has died. The owner's refusal, still in season, elicits the fact that arsenic was the poison used, and that there was enough in the coffee drunk by the unfortunate family to have killed a hundred people. Money was stolen from the house while a large amount of government bonds and other securities were untouched.
