CHICAGO TEAM DEFEATS DETROIT

Pennant Winners of American League Lose by Score Of 3 to 1.

FOR WORLD'S CHAMPIONSHIP.

Sparkling Fielding, Sharp Hitting and Good Base Running Were Features —Mullin vs. Pfeister.

Chicago, Oct. 9.—The Chicago National league team defeated the Detroit pennant winners of the American league in the second game of the series for the world's championship this afternoon. The score was 3 to 1. Slow pitching and several slight accidents caused the contest to drag out over two hours, the delays trying the patience of the big crowd, which again filled almost every inch of seating room.

The locals discarded the new gray uniforms in which they appeared yesterday, appearing in their own white home uniforms. The change seemed to put them more at ease and also apparently benefited the Detroit players, for both teams played more steadily than the opening day. After the first hour and a half things had dragged through an hour and many minutes some sparkling fielding and fairly hitting and base running hastened the contest to an end.

Mullin and Pfeister were the pitchers and Payne went behind the bat in place of Kling. Otherwise the teams lined up as in the preceding day. Schmidt's retirement was primarily due to his inaccurate pitching, but in this respect the change brought small improvement, as the five wild pitches credited to the local team testify.

Playing conditions were improved, the good number 21,930, as against over 30,000 yesterday, while warm sunshine and the absence of the chilly breeze of the first day kept spectators and players in good comfort. What wind there was blew across the diamond and aided the pitchers, rather than it hindered it.

Rossman, whose hitting was the real feature of the contest, scored the first run of the contest in the second inning. He hit a grounder toward Tinker, which bounded away from the shortstop and sped far out to the left field, the batter making three bases on the hit. Coughlin struck out, but Payne lifted a short fly to left field, which Tinker might have captured, but left to Sheckard. The ball got safe and Rossman scored. Payne stole second, but O'Leary and Mullin could not bring him home.

SCORE IS TIED.

Chicago tied the score in its half of the inning, while Mullin was giving a sheer exhibition of poor and good pitching. Kling, Evers and Schulte singled in succession, filling the bases with none out. Then Tinker drew a base on balls, forcing Kling home. Right there Mullin suddenly regained control of his curves, striking out Pfeister and Slagle while the best Sheckard could do was a puny grounder to Schaefler.

In each of the next three innings Detroit batsmen reached first base with none out, but poor base running and inability of the following batsmen to find openings in the Chicago defense stopped the embryonic rallies. Chicago missed a similar chance in the third when a double play without left runners on first and third.

The winning runs came in the fourth. Tinker's hit bounced off Mullin's glove. He went to second on a sacrifice and stole third. O'Leary fumbled Slagle's grounder, Tinker scoring. Slagle stole second, came the rest of the way on Sheckard's two-base hit past first base. An attempt had popped out Sheckard was caught trying to steal third.

After that fast fielding prevented further scoring. O'Leary cut off two hits by marvelous stops and threws in the fifth and repeated the feat in the sixth. Sheckard caught a line drive off his shoetops in the seventh and the three Detroit runners who reached first base were cut down by Kling's fine throwing.

As in yesterday's game, a fast double play stopped an incipient rally in the last inning. This time, however, the visitors were the victims. Tinker stabbed and held Coughlin's hot liner and threw to Chance in time to double up Rossman, who had reached first on his fourth successive hit. Payne ended the game with a little hit in front of the plate, which Kling threw to first.

The teams will play here again tomorrow and then, unless a postponement of the game intervenes, will move to Detroit for two games, returning here Sunday.

DETAILED SCORE.

The receipts for today's game, as announced by Secy. Bruce of the national commission tonight, were $35,430. The players will receive $14,272.20, and each club is enriched to the extent of $4,750.40. The national commission gets $2,643. The score:

SWEDES ARE INTERESTED.

Stockholm, Oct. 9.—The reply of the New York Yacht club to the Swedish challenge to a series of races for the America's cup is expected here tomorrow. Intense interest prevails. Swedish sailmakers already are engaged to work on the challenger and from all parts of the country come requests to be allowed to participate in the subscription to meet the cost of the challenger.

WOMAN'S CHAMPIONSHIP.

Chicago, Oct. 9.—Miss Ainslee of Westward Ho is the only western golfer remaining in the competition for the woman's championship now being played on the links of the Midlothian club. Six other western women who started today in the second match return were defeated by their eastern opponents.

Miss Ainslee had little trouble in defeating her opponent, Miss L. A. Wells of Brooklyn, by 7 up and 6 to play.

Previous calculations were decidedly upset by the defeat of Miss Pauline McKay of Oakley by Miss M. W. Phelps of Braeburn. The wind, which was quite strong throughout the day, interfered with Miss McKay, but she excelled in putting.

GENERAL WATTS WINS.

Captures Rich Kentucky Futurity in Three Straight Heats.

Lexington, Oct. 9.—Gen. Watts, 2:09¼, today easily won the rich Kentucky Futurity in three straight heats in the following time: 2:12, 2:14, 2:11¾, 2:11.

At no time was the colt even extended, winning as he pleased with his driver and veteran trainer, Mike Bowerman, holding the lines in one hand. Kentucky Todd, the much-touted speed wonder, quit to nothing when it came to a driving finish between him and the great son of Axworthy. In fact no futurity was ever contested in which the winning horse so far outclassed his field. The only struggle was between Miss. Baron McKenney and Bonnie Way for second money. After driving General Watts to victory, Bowerman was carried around the track in a floral horseshoe. The heavy rains of Monday made the track three or four seconds slow and record-breaking was out of the question.

QUEER FACTS ABOUT BASEBALL PITCHERS.

Hardly a day passes but what one hears a fan say that so and so is going to pitch today, and that he will win or lose, as the case may be. To one who is not acquainted with the facts the average set of baseball followers would think that these prognosticators know all about it. But in many cases they are wrong.

Why are some pitchers successful against one team and rank failures against another? Take the case of Lefty Leifield, of the Pirates, against Boston, since the left-hander has become a leaguer. He has pitched 10 games against Tenney's men and won nine of them. Five games he won by shutting them out. He never lost a game in Boston. Mathewson, a couple of years ago, won 10 straight games, all he twirled against the Pirates. This year Leifield has defeated St. Louis six times, and St. Louis is his home.

"Three-Fingered" Brown has pitched against every team in the National league this year and Pittsburg was the only team he has found any trouble to defeat—he has pitched in three ball games against the Pirates, and has won but one of them. He had no trouble to win four from New York and the same number from Cincinnati. Vic Willis has won both games he has pitched against New York, but has lost three to Chicago. He has also beat Brooklyn three times, but could not win from Philadelphia. Philadelphia, who has not won a single game from Chicago for years, has won two out of three from them this season. Ames has won but one game from the Pirates, his first game in the league, when he defeated Scanlon, both starting the same day in the National league. He was defeated last season for the first time after his winning streak, and received his only coat of whitewash of the season from Pittsburg.

In the American league one can find just as complicated cases as in the older league. Why is it that Donovan has not pitched against Chicago, Walsh against Detroit, Killian against Philadelphia, Dygert against Cleveland, Patten against Cleveland, etc.?

Donovan has won four times from Philadelphia and three times from New York, while all he could do was to split even with Cleveland, Joss can win from every team except Philadelphia, while Clarkson has defeated the team under Mack's management twice. Walsh has won five games from St. Louis, still he could do no better than break even with Boston, a team below the Browns in the standing. Plank, who has won two games he has pitched against Detroit, has lost the only pair he has been on the rubber in against St. Louis. Waddell, who has won both games from Chicago he has pitched, has won one from Cleveland in three and one from Detroit in four trials. Doc White, who took Detroit into camp four times, has been able to win but one from New York.

Why is it that Young could win all his four games against New York but could only win one out of three from Philadelphia? Mullin has no trouble to win from Cleveland, but finds all other teams, even St. Louis and Washington, hard to beat. Liebhardt has been able to break even in four games with Chicago, but cannot win from Philadelphia, who is fourth in the race. Case, Patten won two and lost two with Chicago, but lost all three he has pitched against Detroit. This rule can be found all through the table, and it is one of the reasons that baseball is so popular—it is so uncertain.

S.S.S. HEALS OLD SORES

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter in the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heal because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be affected through a purification of the blood. Book on Sores and Ulcers and any medical advice free. If You Are Sick

It is because some of the organs of the body are not doing their work well. There is a lack of that nervous energy that gives them motion. Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc. because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nervine restores health because it restores this nervous energy.

"I have been sick for a year, and did not know what was the matter with me. I tried many remedies and none of them proved of any value. I heard of Dr. Miles' Nervine. I procured a bottle, and before I had taken half of it I was better. I would have had nervous prostration if I had not got this medicine when I did. I continued to take it until I was entirely well. I have since recommended it to five of my lady friends, and they have all thanked me for doing so, for it benefited them all."

MRS. ROSE OTTO,
189 S. 3d St., Columbus, Ohio.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
