

Rates of Postage.

The abolition of all free matter in the mails after July 1 does not greatly affect the general public, save so far as it relieves it from the payment of other people's postage. But it will be of interest in connection with these changes to briefly summarize all the existing rates of postage:—

Postal cards, one cent each, go without further charge to all parts of the country.

All letters to all parts of the United States three cents per half ounce.

Local or "drop" letters, that is for the city or town where deposited, two cents if delivered by carriers, and one cent if there is no carrier system.

For newspapers and magazines, regularly issued and sent to regular subscribers, the following rates per quarter of three months, payable in advance at the office where received:—

Dailies,	35 cents
Six times a week,	30 cents
Tri-weeklies,	15 cents
Semi-weeklies,	10 cents
Weeklies,	5 cents
Semi-monthlies, not over 4 ozs.,	5 cents
Monthlies, not over 4 ozs.,	3 cents
Quarterlies, not over 4 ozs.,	1 cent.

Books, 2 cents for each 2 ounces or fraction thereof.

All other printed or miscellaneous matter, as pamphlets, transient newspapers, handbills, circulars, proof-sheets, photographs, book manuscripts, etc., and also seeds, cuttings, bulbs and roots, 1 cent for each two ounces or fraction thereof, always to be prepaid.

Manuscript for publication in newspapers, magazines, etc., is subject to letter postage.

Undelivered letters can be re-sent to a new address without additional charge.

Stamps cut from stamped envelopes are rejected by the post office.

Letters to all parts of the New Dominion (Canada) 10 cents per half-ounce if unpaid, paid, 6 cents; newspapers 2 cents each; postal cards 1 cent extra on delivery.

The following are the postal rates with Europe, prepayment in the case of letters being optional, that of newspapers compulsory. Unless otherwise indicated, the rates for letters are for the half-ounce or fraction thereof, those for newspapers for four ounces or fraction thereof:

To Great Britain and Ireland, letters, 6 cents, newspapers 2 cents; France, letters, direct mail, 10 cents, via England for one-third ounce and under, 10 cents, from one-third to one-half ounce, 16 cents, newspapers 2 cents each; Spain, letters, under one-third ounce, 16 cents, one-half ounce and under, 28 cents, newspapers 2 cents each; all parts of Germany, including Austria, letters, direct mail, 6 cents, closed mail via England, 7 cents, newspapers 4 cents; Denmark, letters, direct mail, 9 cents, newspapers 2 cents each; Switzerland, letters, direct mail, 10 cents, via Bremen or Hamburg 8 cents, newspapers 4 cents; Italy, letters, direct mail, 10 cents, newspapers 4 cents; Russia, letters, direct mail, 11 cents, closed mail via England 12 cents, newspapers 5 cents; Norway, letters, direct mail, 14 cents, closed mail via England 12 cents, newspapers 8 cents; Sweden, letters, direct mail, 10 cents, closed mail via England 11 cents, newspapers 8 cents; Turkey, European and Asiatic, letters, direct mail, 11 cents, closed mail via England 12 cents, newspapers 7 cents; Egypt, letters, direct mail, 16 cents, closed mail via England 17 cents, newspapers 9 cents.

For Asiatic countries, the half ounce limit for letters, and the 4 ounces for newspapers, still holding good:

To Australia, letters via Southampton 16 cents, via Brindisi 22 cents, to be prepaid, newspapers, 4 and 8 cents by the respective routes; British India, letters, via San Francisco 10 cents, via Southampton 22 cents, via Brindisi 28 cents, to be prepaid, newspapers, via San Francisco, 2 cents each, by the other routes 6 and 8 cents respectively per 4 ounces or fraction; China, letters, via San Francisco, 10 cents, via Brindisi 23 cents, to be prepaid, newspapers, 2 cents each; Japan, letters, via San Francisco 10 cents, via Brindisi 34 cents, to be prepaid, newspapers, 2 cents each by the former route, and 8 cents per four ounces by the latter. —*Springfield (Mass.) Iowa farmers growl because it takes two bushels of corn to purchase a quart can of the preserved article.

Galveston tried cumulative voting. Things got mixed, and everybody was elected and everybody beaten.

There is an increase of brigandage in Thessaly and in Macedonia, chiefly to be attributed to the numerical deficiency of the police.

The Delhi Gazette says that Maharaja Sindhia has communicated to the government of India his wish to pay a visit to England shortly.

The cost to the parish of Liverpool (which only includes a portion of the borough) of maintaining the pauper lunatics for twelve months past has been £17,000.

Says the Savannah (Ga.) News: "A colored youth in Thomville was hired by a charitable man to carry a shoulder of pork to any poor family he could find. He went to every house in the town, but all denied that they were poor. In some instances he was even pursued to the front gates by excited females, who expressed a desire to curl his hair with the small end of a broom."

The interesting paragraphs about General Lew Wallace's novel, the man who was shaved in Memphis and didn't know his own face, the Louisville mule that kicked a man, Charles Dickens' brother serving as a juror in the Tichborne case, and Mrs. Dr. Mary Walker's petition for a pension, are getting a trifle dry through constant repetition. —*Ex.*

The season of the year having arrived when sunstrokes are to be looked for, physicians are publishing rules for the guidance of persons who don't want to be struck. They are told to wear straw hats, sponges on the head, keep in the shade, drink but little, keep off mental excitement, never run or walk fast, eat sparingly, and sleep in cool rooms. There's only one receipt that can be added—let your wife saw all the wood. —*Ex.*

The New York Times' first children's excursion of the season will take place on Saturday next, and will embrace over one thousand children from the six mission and industrial schools of the Children's Aid Society. The supplies for the occasion will consist of four hundred loaves of bread and fifteen hundred French rolls, sixty pounds of beef, seventy-five pounds of ham, thirty pounds of tongue, one keg of fresh butter, fifteen hundred pounds of office, one barrel of sugar, one box of lemons, four hundred quarts of fresh milk, three hundred and fifty quarts of ice cream. —*Washington Star, June 20.*

The St. Louis Globe, canvassing the unequaled facilities offered in that town for securing a burial at public expense, intimates that it might be no consolation to the victim of the rampaging horse-car to know that his next door neighbor would meet death on the horns of a furious steer, but adds: We are content with the chances of death on the horse-car, and should regret to see Chouteau avenue deprived of its secluded and solitary character, merely because it furnishes a beautiful course for a bull race.

The following prescription was adopted by the College of Physicians in Philadelphia in 1866. It has stood the test of many years of experience, and will bear republication at this time. It is regarded by many as probably the very best prescription that can be used for cholera in its incipient stages:—Laudanum, 2 ounces; spirits of camphor, 2 ounces; tincture of capsicum, 1 ounce; tincture of ginger, 1 ounce; essence of peppermint, 2 ounces; Hoffman's anodyne, 2 ounces. If the anodyne cannot be readily obtained, substitute sulphuric ether—half the quantity. Mix thoroughly, and shake well every time it is used. Give or take from ten to twenty-five drops, according to age, condition, and violence of attack. Repeat every twenty minutes till relief is obtained. In a desperate case take a tablespoonful at once. Take it in an equal quantity of water, and lie on the back quietly or in an easy sitting posture, with the back supported, till it has full opportunity to work. Carry a small vial in the pocket, with a few lumps of white sugar on which to drop it, to be used in sudden emergencies. —*N. Y. Graphic.*

TO THE LIQUOR TRADE.

I TAKE this method of making myself known to the Liquor Trade in general in Utah. After several years' experience in the business I have learned what wines and liquors are most in demand, and which please the public best.

I get my wines and liquors direct from growers and manufacturers, so that the retailer who buys from me has no three or four profits to pay.

My California wines and brandies come from the best vineyards of California, and are made of choice and carefully selected grapes. They have been kept for several years and are now ready for the market, and I will sell at a less price than California wines were ever before sold in Utah.

I get my Whiskies direct from the distilleries in Kentucky and Ohio, so that I can sell them at Eastern wholesale rates, freight only added.

I DEFY ANY HOUSE IN UTAH.

1st, To sell better or purer wines and liquors.

2nd, To sell cheaper, or with less profit.

3rd, To please customers better or give more satisfaction.

I guarantee all liquors to be as I represent them. I am in company with no one. I am a whole team in myself. I have no profits to divide, no large dividends to make.

I have no other business but that of the liquor trade, and to that I give my whole attention.

I can supply the trade, however small or large the order may be, according to the amount of business or the means of my customers.

All dealers in the trade will do well to send for my terms and prices and compare them with those they are now paying.

Whenever you come to Salt Lake City please call at the California Wine Depot and sample my stock.

Every Liquor Dealer will do me a favor by sending me his address. —Address.
