CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from Alum, Starch, Flour, Bone Ash, Ammonia and White Earth; and that it consists essentially of Cream of Tartar and Bi-Carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS PRINCIPALITIES OR POWERS

are unable to disprove the Statement on every can of DeLand's Chemical Baking Powder "Made of Pure Grape Cream Tartar and Bi-Carb. Soda only. No filling whatever."

☞ CAUTION—Use one-fourth less of this Baking Powder, and one-half less shortening with all recipes than with other brands.

A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Emmil's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Emmil's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." ☞ Wherever introduced Dr. Emmil's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail. 50 cent boxes. Address Zion's Co-operative Mercantile Institution, Salt Lake City. d&w (2)

DEEP SEA WONDERS exist in thousands of forms, but are surpassed by the marvels of invention. Those who are in need of profitable work that can be done while living at home should at once send their address to Hallett & Co., Portland, Maine, and receive free, full information how either sex, of all ages, can earn from $5 to $25 per day and upwards wherever they live. You are started free. Capital not required. Some have made over $50 in a single day at this work. All succeed.

CURE FOR PILES.

Itching Piles are known by moisture like perspiration, producing a very disagreeable itching after getting warm. This form as well as Blind, Bleeding and protruding Piles, yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching and effecting a permanent cure. 50 cents. TO THE AFFLICTED.

DR. ISAAC HARDY & CO.'S CATARRH Remedy will cure Pains in the Head Fits, Dizziness and Ringing, Buzzing Sounds and Roaring Noises in the Ears, Ulcerated Sore Eyes, Dry, Hacking Coughs, Asthma, Bronchitis and all Bronchial Diseases, and even pronounced Consumption. If taken in conjunction with Tonic Bitters and English Remedy it will remove all Coughing in Consumptive persons in two weeks and will change it in one week. If the patient cannot lie down in bed it will accomplish the result.

Tonic Bitters should be taken internally with Catarrh Remedy; they will remove all poisonous mucous from all parts of the body and cleanse the blood from all corruption in the circulation; will remove all Gravel from the Reins and Kidneys, leading to Ulceration and symptoms of Bright's Disease.

Also, by using the three combined will remove the cause and thereby cure Diabetes. By bathing over the kidneys with the English Remedy it will take out all fever and inflammation.

Please write for circulars, and send two cent stamp for advice. Directions on each bottle.

FIFTIETH CONGRESS.

SENATE.

WASHINGTON, April 6.—A message from the President with a draft of a bill for the revocation of the withdrawal of lands of for the benefit of certain railroads, was presented and referred to the committee on public lands.

On motion of Stewart the Senate bill to authorize the sale to aliens of certain mineral lands, was taken from the calendar and read.

Platt asked what would be left of the original law prohibiting the acquisition of real estate by aliens, if the bill passed.

Stewart said the whole body of the original law would be left; that the law had been designed to prevent a monopoly of agricultural lands by foreigners, and was not intended to apply to mines and mining. There was no reason why a different rule in that respect should be enforced against territories than existed in the states, where foreign capital was largely invested in mines.

After further discussion the bill was postponed until Monday.

On motion of Teller, the House bill granting the right of way to the Denver & Rio Grande Railroad Company through the Fort Crawford military reservation, was taken up and passed.

The Senate proceeded to the consideration of the private pension bills on the calendar. Among the pension bills passed was one giving a pension of $25 a month to Mary E. Walker as late Assistant Surgeon of the United States Army; $600 a year to the widow of General Charles P. Stone; one to increase the pension of the oldest revolutionary pensioner on the rolls, Nancy Rames, 96 years of age, from $8 a month to an amount not fixed, but left to the Secretary of the Interior; $50 a month to the widow of Rear Admiral Nicholson; $100 a month to the widow of General Judson Kilpatrick; $100 a month to the widow of General Robert Anderson; one pensioning a soldier's foster mother; $50 a month to the widow of Brigadier-General Taylor; $50 per month to the widow of Commander William Gibson, and $50 a month to the widow of Medical Inspector Denby of the navy. Altogether there were 127 bills passed, 65 being House bills.

The Senate then resumed consideration of the pleuro-pneumonia bill. The committee amendments were agreed to, and Frye moved to amend by mentioning the diseased tuberculosis and glanders. Agreed to and the bill made a special order for Thursday next.

The bill providing for the admission of the state of Dakota into the Union, and for the organization of the Territory of Lincoln, was taken up and took its place as unfinished business.

Adjourned till Monday.

HOUSE.

WASHINGTON, April 6.—The situation in the House remains unchanged. The day was spent in roll calls and filibustering and a 5:30 the House took a recess until tomorrow. The legislative day of Wednesday still continues. There is some discussion as to what effect the present action of the House in consuming time will have upon the consideration of the tariff bill, and there is apprehension lest by some gentlemen that if the dilatory tactics are continued for a few days longer the necessary consideration of the appropriation bill will delay until a later day than that now fixed, the discussion of the Mills bill.

EVOLUTION OF EATING.

SOME CURIOUS TABLE MANNERS OF THE GOOD OLD DAYS.

It was late in the fourteenth century when the first evidences of art in the shape of silver cups were noticeable on the buffet. The dishes were made of pewter or wood, and spoons of bone, wood or silver. Knives were rare, and on that account guests invited to feasts carried their own knives. Forks came in general use still later, and for long years after the introduction they were considered ridiculous affectation and foppery, and not nearly so convenient as one's own fingers. The lord and his lady dipped their fingers into the same plate and sipped their wine from the same cup. Even the queenly Elizabeth, with all her elaborate ideas of etiquette, was content to carry her food to her mouth with her fingers, and at first despised the newly invented fork as unseemly and awkward.

Very gradually the dining room grew in comfort and splendor. Dishes of gold and silver were made, and so eager were the nobles for them that they would sacrifice anything to possess them. The salt cellar was for a long time the article of highest importance on the board. It was a great affair and stood directly in the centre of the table; it was the dividing line; the nobles were seated above the salt, the commoners below; hence grew the proverb: "below the salt." The passing of salt was a ceremonious custom, the guest throwing a pinch over his left shoulder and murmuring a blessing.

The salt-cellars were of the most curious devices. Sometimes they represented huge animals, sometimes a great, full-blown flower on a long, slender stem, and again they were in the shape of a chariot, mounted on four wheels, on which they were easily run down the table.

The first glass cups came from Venice during the sixteenth century, and from that time on society began to loose many of its primitive ways, and became, in a sense, more refined.

Henry VIII. was born with luxurious tastes; he had his banquet chairs supplied with velvet cushions, and about this time the parlor or "talking room," as it was called, was introduced; and here the dames took refuge when the dinner advanced beyond prudent limits, as it invariably did before the finish.

The cook that presided over the kitchen in those days was not the counterpart of our nineteenth century Bridget, but he was an artist, and generally a man of quality. The ladies of the household, even those of noble birth, attended to many domestic duties, making the bread, preserving the fruits, while to understand the proper use of starch was considered a great accomplishment.—*Woman.*

Cure for Warts.

A young lady in town has been very much troubled over a number of large warts on her hands. She has tried every remedy she ever heard of, with the exception of having them removed with the knife, and all to no effect, until a last novel remedy has done its work. She claims to have got it from a gypsy woman. She cuts pieces of paper in squares and large enough to cover a wart. After wetting them she plastered one of them on each wart. When the pieces of paper had dried she took them in the full of the moon and placed them upon the ground beneath the eaves of a building, where the water could drip upon them. After they had been thoroughly wet she placed them in an oven to dry, and finally she placed them in the shape of a triangle upon her hand and then thrust her hand out of a third story window and blew them off to the winds. In three days the warts had disappeared. She is so confident of the cure that she recommends it to all her friends.—*Danbury News.*

Life: She (after the theatre)—I see that strawberries are on the bill of fare, George.

He (nervously)—Yes; but they are very sour at this season of the year.

She—Of course; but I think I will take a few, even if they are sour. One cannot expect strawberries to be at their best in March, you know.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgetty, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at A. C. Smith's Drug Store.

SURGICAL OPERATION.

Removal of Stone from the Bladder by the Knife.

Mr. Simeon Tietsell, of Saugerties (formerly of Kingston), N. Y., had been treated for seven years by various physicians for what they called Stricture of the Uretha. He finally consulted Dr. David Kennedy, of Rondout, N. Y., (proprietor of the medicine now being introduced in this city, called "Favorite Remedy."—Editor) who found his trouble to be URINARY CALCULI, or stones in the bladder. The Doctor at once removed the foreign bodies with the knife, and then gave his great Blood-Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect. Had this and similar cases used Dr. Kennedy's "Favorite Remedy" in the early stages of the complaint the formation of stone would have been prevented, and thus avoided so dangerous an operation. While Dr. Kennedy's "Favorite Remedy" is a specific in all Kidney and Bladder diseases, it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women.

To Avoid Mistakes, the public are requested not to forget the following points: 1st. Name is Favorite Remedy. 2d. It is made at Rondout, N. Y. 3d. Costs only $1, 6 for $5. 4th. The proprietor, Dr. David Kennedy, has no other address than Rondout, N. Y.

EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your CUTICURA REMEDIES, and purchased them from druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA REMEDIES, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommend the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA REMEDIES have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

How a Dying Child Was Saved!

CICERO, HAMILTON CO., IND., Sept. 19, 1887.—The following is a true account of what your S. S. S. has done for our little daughter, Hazel, now four years old. When 12 months old a lump appeared on her heel, which slowly grew larger. The family physician thought it was caused by a piece of broken glass or needle, but failed to bring anything to light. The child became feebler all the time, seeming to lose the use of her leg, and finally quit walking entirely. The middle finger and thumb of either hand became enlarged, the flesh becoming hard. The hip joints became involved, so that when seventeen months old she could not stand, having lost the use of leg and arm. Partial curvature of the spine also followed. The nervous system was wrecked, muscles contracted, and there was general wasting of flesh and muscle. At eighteen months of age she was placed under the treatment of a prominent physician of Boston, Mass., but at the end of ten months she had declined to such a degree that she was in a dying condition. This was in April, 1885. We took the child away not knowing what to do. In this dreadful dilemma we were over-persuaded by friends to try "one bottle" of SWIFT'S SPECIFIC, which we did, and before it had all been taken we saw a change for the better in her symptoms. We kept it up, and have done so to this day, and will keep it up, if the Lord wills, for many days to come, for it has brought our dying Hazel to life, to vigor, to strength and health again. The ashen hue of her cheeks has changed to a rosy tint. She is able to walk anywhere, her languor and melancholy have passed away, and she is now a blithe, cheerful, happy romping child. Should you wish to increase your testimonials of proof of the virtue of S. S. S., our names and what we have said is but a portion of what we owe to you, should you wish to use them.

Kindly yours,

REV. F. SWIFT.
