LOCAL BRIEFS.

Stock Sold—The merchandise stock belonging to A. J. Southwick of Provo has been sold to C. W. Wade, through the Utah Association of Credit Men.

Building Going Up—The cellar walls of the new Utah Savings Bank and Trust company's building are being rapidly put up in heavy red sandstone rock.

Cannot Get Tie Plates—The Western Pacific is reported as having to place an order for 100,000 tie plates and can not find a taker, so rushed are all manufacturers with orders.

Socialist Appointed—L. J. Gorr, of Bingham, has been appointed by the commissioners as registrar of district No. 80. The new registrar is a Socialist.

Greek Discharged—Justice of the Peace Dana T. Smith yesterday discharged from custody a Greek named Tom Brognias, who was brought in from Bingham on a charge of grand larceny.

Miss Bryant Ill—Miss Bryant, the lecturer who has been daily delivering readings at Harritt hall, was taken ill last night and removed to the Dr. Groves L. D. hospital, in consequence there will be no lecture this afternoon as advertised.

Brown in Disgrace—D. S. Brown, the aged innkeeper of the former University Hotel, who got drunk Tuesday and raised a disturbance at that institution, has been charged with disturbing the peace. Supt. James Sabine of the infirmary has sworn to a complaint against Brown.

Second Street Grade—Second street property owners met last night, to discuss the proposition to reduce the 13 per cent grade up from Chicago street to 7 per cent, to conform with the first street grade. The city council will be asked to lower the grade to 10 per cent as a compromise.

Willie Smith Buried—Willie Smith, the wrapper who employed at Keith-O'Brien's, and who was killed by lightning, was buried this afternoon, from the residence, 543 Marion avenue, in Calvary cemetery. The pallbearers were Mr. E. D. Thompson, L. Williams, Roy Wallace, C. Thompson, A. Folger, M. Larsen, W. Ledwig.

New Cars Coming—The five new cars ordered some time ago by the Utah Light and Railway company are expected here this month. They are the same as the last five received from the St. Louis Car company, and now running on the Murray and Ogden park lines. They are considered the most satisfactory cars ever run in this city.

State Lost Contest—Register Frank D. Hobbs and his associate, E. D. Thompson, of the United States land office, yesterday rendered a decision in the contested land case in which the State of Utah was the plaintiff and Charles O. Ellingwood and Gideon Snyder defendants. The case affected certain lands in Emery county, filed upon as coal lands by defendants. The state entered a contest and lost.

Gen. Wither's Will—The will of the late Gen. John S. Wither, who died on August 8, 1906, has been filed for probate in the district court together with the petition of Mrs. Mahala F. Wither asking that she be appointed executrix as provided in the will. The estate consists of cash amounting to \$2,000 and other personal property valued at \$400. The will was made out at Alameda, Cal., on Jan. 9, 1886, and leaves all his estate to his widow.

German Baron Here—Baron Sternberg, formerly of the German department of agriculture, Maj. A. J. von Schuchter, and Herr Dietrich and E. Kallenberg of Berlin are at the Knutsford today, on a trip around the world, on a pleasure bent mostly. They did not take kindly to the American sleeping car system which puts strangers in the same section, and say the European women feel ashamed at being located in the same section with strange men.

They Got a Shower Bath—A row boat and one of the boats that shoots the chutes collided last evening at Calder's park, with the result that Miss Pendleton and her escort, occupants of the smaller craft, received a severe drenching, and but for timely assistance the young lady might have been drowned. It is said that the rowers had been warned several times to avoid the vicinity of the chutes, and that the chutes were to be closed. The occurrence occasioned considerable excitement, but no one was injured.

Romantic Wedding—Rev. D. A. Brown of the First Baptist church performed a marriage ceremony last evening, under somewhat romantic surroundings. The groom was Frederick Wilkin, a Denver mining man with property at Cherry creek, and the bride was Miss Elizabeth A. Fulton of Clarion, Pa. He could not go east for his better half, so she came west, and met him here where the knot was tied in the city hall, the statutory form. The couple will reside in Denver.

Cave Him Bad Beating—After evading the officers for two days, Geo. Parker and W. T. Tepper were yesterday arrested for severely beating J. P. Amick. The men were seen on State street by their victim, who immediately went to police headquarters and told the officers. Bicycle Officer Harris found the parties at 252 State street and took them to the station. From the looks of Amick's face, the beating must have been most brutal. His eyes are blackened and swollen, and there is scarcely a spot as large as a fingernail on the face that is not bruised and lacerated.

Second Street Meeting—There was an animated meeting of the property owners on Second street from Canyon road to C street, last night at the corner of Second and A. City Engineer Kelsey and City Councilman R. S. Wells were present to explain to all interested the proposed cuts and fills from Canyon road to C street preliminary to the laying of the pavement. There was a wide divergence of view among the property owners, and many changes and many approving them. Finally the meeting was adjourned with the understanding that the city engineer would prepare a model of the street as it would be when the proposed grading was finished and submit it at a later meeting.

Zion's Saving Bank and Trust Company was organized in 1873; has opened over 43,000 savings accounts, and now opens an average of more than 10 new accounts every day. We want YOUR business. Joseph F. Smith, President; George M. Cannon, Cashier.

ARRANGEMENTS FOR ENCAMPMENT

Details Completed For National
Guard of Utah to Go to
Fort Russell.

WILL DRILL WITH REGULARS.

Order Provides for Assembling the
Troops and Sending them to
Their Destination.

The expected order for the national guard encampment at Fort D. A. Russell, to be held in conjunction with regular army troops from this department, was issued late yesterday afternoon by Adj. Gen. Ray C. Naylor. The order provides for all details in the task of assembling troops, and sending them on their way to the encampment. Copies were sent today to all commanders. The text of the order is as follows:

General Orders No. 10.—The National Guard of Utah, consisting of the field staff and band, companies A, B, C, D, E, F and H. First battery, field artillery; signal corps; hospital corps; will hold its annual encampment of concentration and instruction in conjunction with the regular troops of the United States army near Fort D. A. Russell, Wyo., Aug. 12 to 18, 1906, inclusive.

The cost of transportation, not to exceed \$3.00, will be met by the United States government, but all arrangements and contracts covering the transportation from home stations to camp and return will be made by the quartermaster, who will apply to the quartermaster's department of the Missouri, Omaha, Neb., through military channels, for detailed instructions as to these arrangements and contracts, and on the completion of the movement the proper accounts and vouchers should be sent to that office for settlement.

UNCLE SAM PAYS.
"Subsistence will be furnished by the United States government, not to exceed in cost the sum of \$1.00, as follows: From the time the above mentioned organizations shall start and until their respective home rendezvous until arrival at camp, cooked meals may be provided by the commanding officers in charge thereof, at a cost not to exceed 75 cents per man per day.

"The officer who procures the cooked meals will prepare certificates vouchers for same on form 7, subsistence department, showing dates and places between which travel may be performed, sending such vouchers to the commissary, department of Missouri, for payment. When such application should be made for further instructions, by the officer appointed to act as commissary, through military channels.

"While in camp rations in kind will be issued, and for the journey returning to the homes, the necessary travel rations will be issued.

NO EXCESS ALLOWED.
"Any expense for subsistence in excess of the allotment will be borne by the state, when authorized, under the provisions of section 17 of the act of January 21, 1903, as follows:
"1. Under the first clause of said section whereby stores may be issued to the state and charged to the state's allotment under section 1661, R. S., as amended, at cost price without transportation; or
"2. Under the last clause of the section whereby stores can be sold to the state for cash and payment made therefor from the state fund at a cost price with actual transportation added."

"In either case the authority of the secretary of war is necessary. If the commanding officer deems the allotment insufficient he will take timely action in the premises. Any expense for subsistence unauthorized, will be borne by the organization incurring same.

THE PAY ROLL.
"Pay will be met by the United States government at the army pay rates not to exceed \$6.00, and payment will be made by army paymasters on rolls prepared in triplicate, on form No. 28, pay department. The difference between the army rates of pay and the rates provided by the state will be paid by the state, and must be borne on separate rolls and not entered on the army rolls, and payment will be made. For further instructions the paymaster appointed by them for the camp will apply to the paymaster-general of the army, department of Washington, D. C., through military channels, and during the encampment such application will be made to the chief paymaster of the camp.

HORSE HIRE.
"Horse hire and other incidental expenses not included under the state pay, subsistence and transportation as covered above will be paid by the state. The commanding officer, first infantry, will immediately advertise for bids for horses for the encampment, also forage, submitting said bids to these headquarters for approval.

"All organization commanders will see that their commands are fully armed, uniformed and equipped for active duty in the field, and will embrace in their equipment all tentage and other equipment required to establish a proper camp.
"The commanding officer, upon arrival at the camp, will report to Brig. Gen. Constancia Williams, U. S. A., for assignment and orders.
"Staff officers will make timely requisitions for necessary blanks to the proper departments, and then supply organization commanders with same.
"In order that the National Guard of Utah may make a creditable showing at this encampment, where comparisons will be made with the militia from other states, organization commanders will see that their commands are fully armed, uniformed and equipped for active duty in the field, and will embrace in their equipment all tentage and other equipment required to establish a proper camp.

ABRAHAM LINCOLN
was a man, against all odds, attained the highest honor a man could get in the United States. Ballard's Horehound Syrup has attained a place, never equalled by any other like remedy. It is a sure cure for Coughs, Colds, Bronchitis, Influenza and all Pulmonary diseases. Every mother should keep supplied with this wonderful cough medicine.

DRY FARM DEMONSTRATION.

Much Interest Felt in Showing at
Nephi Tomorrow.

Much interest is felt in the dry farm demonstration to occur at Nephi tomorrow, the 20th. Agriculturists from all over the state are looked for and

among other experts Prof. Widdowson and Merrill will be on hand to note the work of the Reeves traction steam engine and the Danielson disc plow for which so much is claimed. President J. W. Paxman of Nephi will have charge of the demonstration.
Prof. Widdowson states to the "News" that on the dry farm in Dog Valley a few miles west of Nephi they both cleared and plowed with a traction engine last year, and that this year they are turning sagebrush land and mellowing it with a disc harrow at the rate of from 12 to 20 acres a day. It is claimed that present methods in dry farming will be revolutionized as a result of tomorrow's demonstration.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

This is a perfectly reliable medicine for bowel complaints, and one that has never been known to fail even in the most severe and dangerous cases. For sale by all druggists.

HAD THAT TIRED FEELING.

Judge Armstrong Prescribes Hard Work for Imaginary "Insane" Man.

After being examined as to his sanity before Judge Armstrong yesterday afternoon and being reprimanded by the court for his conduct, Edward Appell, a boy 19 years of age, residing near Fifth street and Fifth East streets, was discharged from custody and admonished to behave himself in the future or he would be brought back into court again. The boy has told Appell during which his parents state he throws furniture around and makes it very disagreeable for his mother and sisters. He also suffered from the delusion that he was sick all the time and could not work. Judge Armstrong prescribed a little work with pick and shovel for the boy so that his mind would be taken off of his imaginary physical defects.

MAY LIVE 100 YEARS.

The chances for living a full century are excellent in the case of Mrs. Jennie Duncan of Haynesville, Mo., now 73 years old. She writes: "Electric Bitters cured me of Chronic Dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold everywhere at Z. C. M. I. drug store, 112-114 Main street. Price only 50c.
