

UNITED STATES AS WORLD POWER

Washington, Dec. 12.—Since the consideration of the legislative, executive and judicial appropriation bill was taken up in committee, the house has been

much impressed with the growth of the United States among the sister nations of the world. The request upon Congress by the secretary of state for an additional force to cope with the problems of state has been explained on no other basis and the statements of Secy. Root on the growth of this country as a world power have attracted much consideration.

Secy. Root startled the members by referring to the state department organization as a temporary matter. "I consider the time will shortly come when it will be desirable to

make material changes in the organization of the state department," the secretary told the committee on appropriation. He predicted the time would soon come when the enlarging business would justify and require a politico-geographical division of the work for the departments. This would mean various divisions equal to deal with European, Latin-American, far eastern and British colonial questions.

Secy. Root demonstrated that the work of the department was growing by stating that there was an increase of about 20,000 pieces of mail a year; that the trade of the United States

had increased from \$1,662,000,000 in 1906 to \$3,315,000,000 in 1907, and that the out-going foreign travel from the United States has increased from 245,411 in 1898 to 562,822 in 1907.

It was now necessary, he said, to have clerks to index the precedents for the convenience of the officials. Congress was informed that the proposed revision of the tariff meant an immense amount of work for the state department.

Mr. Root's remarks are being most carefully weighed because it is considered they probably will be his last from his present official position. Com-

ing from the man who reorganized the war department and has been invited to reorganize the navy department, his advice on the reorganization of the state department is taken as a valuable guide post.

WAR WITH JAPAN

Could not possibly make so many cripples as rheumatism does every year. And yet there is no reason why this disease should cripple anyone, if all sufferers will rub the affected parts night and morning with Ballard's Snow Liniment. Cures all aches and pains. Sold by Z. C. M. I. Drug Store, 112 and 114 South Main St.

THE CORRECT TIME

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for some time the treatment will be longer, but the cure is sure. Sold by Z. C. M. I. Drug Store, 112 and 114 South Main Street.
