THOMAS MINSON, Stake Clerk

The following simple remedy was issued in handbill form by the Hibernia Printing Office, Dublin, Ireland, during the severe visitation of the cholera in 1836, and was the means of saving: thousands of lives. It was also used Apostle Snow said God was for first principle of the gos- with valuable effect in 1848, and I would advise its use again should that epidemic visit our shores. In any case, however, no harm could be done by having it in the house during the coming warm months :--

"Dissolve one ounce of camphor in six ounces of spirits of wine and give garding the perfect organization of The Bannock Stake Authorities were and facility in their power in the mat- and finally declined. Those who have a small bottle of it to any intelligent obeyed the first principles of the Gos- person in your neighborhood who will undertake to administer it to his poor school. The duty of such is to take neighbors when they are seized with cholera or any of its symptoms, without deviating in the slightest degree from the following instructions:-

When any person is seized with symptoms of cholera, such as vomiting, cramps or spasms do not give them the camphor mixture on a little pounddrops, as before, and repeat the dose teen drops have been taken. In administering this remedy you must partakes anything of any sort or kind, cine neutralizes the camphor, which is given to check vomiting and to produce a free warm, perspiration. The use of cold or iced water is given on the advice of the late celebrated and who always allowed his patients to drink cold or iced water, as it tends to promote free perspiration, and also the abundant discharge of yellow bile.

The patient must not be allowed to rise and expose him or herself to the slightest degree of cold and should not be tormented with baths, steamful of Gregory's powder or rhubarb and magnesia, with a little peppermint water or sal volatile and water to wash it down, but must be kept

Lord Ponsonby writing to his brother, the Bishop of Derry, stated that to his own knowledge these camphor drops had proved to be a certain cure for cholera, both in France and Germany, whenever taken in time, and the cure is generally effected before it is possible to procure a physician-that is in less than an hour.

Respectfully, N. Y. Herald H. POWELL.
