**CROWDS TRAMPLED IN CIRCUS PARADE**

**Big Circus Team Thrown by Run-away Horse Upon Helpless Women and Children.**

**PICKPOCKETS ARE ARRESTED**

**Maio Cowboys on Rampage on Ogden Streets—Deserters Captured—Decorating for Encampment.**

OGDEN, Aug. 5.—One of the most serious accidents that have occurred in this city in a number of months, the one caused by a runaway, shortly before noon yesterday when the Ringling Brothers' circus parade was being concluded, in which six women and a number of children received a number of painful injuries, none of which up to the present time has proved fatal. The most seriously injured are:

Mrs. Amanda Flynn, 77 years of age, residing on Grant avenue in this city, right hip dislocated and fracture of the wrist.

Mrs. Henry Butler, Marietta, left leg broken, and her little boy, four years of age, injured.

Mrs. Ira Fisher, Fair West, scalp wounds.

Mrs. Ellen Holmes, North Ogden, injured back.

Mrs. William Woodfield, North Ogden, badly bruised and hand cut; Mr. Woodfield was also badly cut and bruised.

The accident happened it is stated as the result of a man named Loggins of Huntsville keeping a fractious horse on the line of the parade after having been warned several times to remove the horse, which had begun to act very badly at the approach of the steam calliope. When the steam piano approached the man stood at the head of the horse and tried to quiet it but it broke away from the driver, tore itself loose from the buggy that was filled with women and children, and dashed madly into one of the circus teams of six horses. It struck the middle team in such a way that the entire six horses were swung around with force into the crowd packed along the side of the street. Many women and children, especially were trampled under foot by the powerful horses before they could be brought under control.

OGDEN, Aug. 5.—A large number of experienced decorators began work at the union depot yesterday morning decorating the big structure with bunting and flags in honor of the G. A. R. encampment. The building when completed will be one of the best decorated buildings in the city and possibly in the state as the expense is not being considered in making it attractive. The grounds about the depot are now in splendid shape.

**PICKPOCKETS ARRESTED.**

OGDEN, Aug. 5.—Thomas Hildebrand and Thomas McCarty, believed to be two clever pickpockets who have been operating in Ogden and Salt Lake for the past few days, were arrested late yesterday afternoon by Jailer Hagbert Anderson and Patrolman Herriek after a lively chase. The men were operating upon the Salt Lake & Ogden street car but are believed to have secured but little plunder. While one of the men would give the passengers a hard luck story the other would attempt to pick their victims' noses. They were referred to Agent Halverson who in turn advised the police and their arrest followed.

**ANOTHER INDUSTRIAL ESCAPES.**

OGDEN, Aug. 5.—Albert Foss, 17 years of age and an inmate of the Industrial school, escaped from that institution last evening. Foss was one of the boys who escaped from the camp at South Fork canyon two weeks ago but returned voluntarily to the school. A complete description of Foss has been sent throughout the state and adjoining states and it is thought his early capture will be effected.

**COWBOYS ON RAMPAGE.**

OGDEN, Aug. 5.—A couple of young cowboys from Idaho in attempting to "pull-off" some "wild woolly west" in the streets of Ogden, were arrested by Deputy Sheriff Murphy and Naylin. When taken to the jail the young fellows gave the names of "Bert Brown" and "J. Burlingame" and will be held pending an investigation of their case.

**DESERTERS ARRESTED.**

OGDEN, Aug. 5.—Privates Otto Beland and William Steinchipper, who are alleged to have deserted from the Fifteenth U. S. Infantry at Fort Douglas Tuesday evening, were captured yesterday afternoon by Captain Brown and Detachment of the Police department and Dr. Stillman of Fort Douglas. A description of the men had been furnished the local police by the government authorities shortly after the arrival of Dr. Stillman the men were located on Washington avenue dressed in civilian

(Special Correspondence.)

RICHFIELD, Sevier Co., Aug. 3.—At the regular session of the county commissioners which convened yesterday, the following business was transacted: Dr. Joseph F. McGregor's resignation as county quarantine physician was accepted and the appointment of his successor deferred till next meeting of the board.

A committee of sheepmen met with the board to protest against the 40 percent raise in assessments made by the state board of equalization. A resolution was drawn by the board protesting against said raise, and A. K. Hansen of Richfield was appointed to represent the board and the sheepmen in presenting it.

The resignation of deputy county clerk Fern Magleby was presented and accepted.

## KAYSVILLE VOTES FOR WATERWORKS BONDS

KAYSVILLE, Davis Co., Aug. 4.—At the city election here yesterday, the proposition to bond the city for \$25,000 to install a waterworks system was carried by a large majority.

The vote was as follows: "yes" and "no." The vote was very light despite the fact that the movement is a popular one. The city council will, it is thought, proceed at once with the much needed improvement.

## DAMAGE FROM BRUSH FIRES.

KAYSVILLE, Aug. 4.—Brush fires on the east of town did considerable damage yesterday afternoon through the burning down of miles of fencing belonging to Morgan Brothers' Land company, Robert Ward and others. Scores of men and boys responded and after several hours of fighting the flames under control by 9 o'clock last night.

## PHENOMENAL CROP OUTLOOK AT TABER, ALBERTA

(Special Correspondence.)

TABER, Alberta, Canada, July 31.—Recent authentic reports from the farming districts surrounding Taber, indicate the spring crop conditions today as being equal if not superior to those of any previous year. The entire district is thickly dotted with immense fields of waving grain, 95 per cent of which is headed out and stands waist high. A yield of 80 bushels of wheat per acre is expected from red ground turned one year ago, while 40 to 45 bushels per acre is looked for on well prepared stubble lands. Oats planted as late as June 1 are fully headed out, while those drilled at an earlier date are in the early stages of ripening. Many fields will undoubtedly yield from 45 to 60 bushels per acre.

From early spring this entire district has had an abundance of moisture and growing sunshine. The temperature last week was quite warm, registering at times from 85 to 94 degrees. Last night a delightful rain set in, increasing this morning to a heavy downpour lasting until noon. Today all nature smiles. Farmers and business men alike are elated. Enough moisture has now fallen to carry the crops to maturity.

It is expected that the binders will be in operation as early as Aug. 10, and by the 15th harvesting will be general throughout the district.

## DISASTROUS FIRE.

TABER, Can., July 31.—On the 23rd inst. at 10 p. m. a fire was discovered coming from the stable and barn belonging to Bishop R. A. Van Orman. Before the arrival of the fire department, the flames had eaten their way into every part of the buildings and nothing could be saved. The barn contained a large quantity of oats and baled hay, all of which were destroyed. Mr. Van Orman estimates the loss at \$10,000 with no insurance. Children belonging to a neighbor, it is said, took advantage of the absence from home of the Van Ormans, and while loitering mischievously upon the premises, started the match, which resulted in the disastrous blaze.

## RECENT DEATHS

**ROGERS, SMITH D.**—At Snowflake, Arizona, on July 20, Patriarch Smith D. Rogers died at his home after an illness of several months duration. Smith D. (as he was familiarly called) was truly one of God's nobles as if God had such here on earth. He was an obedient son in his youth and grew up to be an honest God-fearing man, willing to work where he was put by the hand of his Father, whether it was in the "lead, on wheel, or in the swing" as one of his associates put it. He had no time or inclination to sow wild oats while in youth and at the early age of less than 21 was chosen second counselor to President William H. Dame of the Parowan stake. He was called to Arizona in 1879, and in 1880 was appointed superintendent of the Y. M. M. I. A. of eastern Arizona stake. Was sustained a member of the High Council in 1883 and again in 1891. He labored in Maricopa stake, and soon after his return he was chosen superintendent of the Snowflake stake Sunday schools, labored faithfully for two years and upon his return was chosen first counselor to President Jesse N. Smith, which position he held for seven years. He was ordained a patriarch in 1907 and was again chosen to fill a vacancy in the high council, later he was chosen first counselor in the stake Sunday schools.

## WEEKLY MARKET LETTER.

(Special Correspondence.)

Kansas City Stock Yards, Aug. 2.—Last week was more satisfactory to cattle sellers than the previous week, as receipts were very much smaller. Substantial gains were secured the first of the week, and while most of these were dissipated before the close, the average for the week was 10 to 20 cents above average for the previous week. The run today is 14,000 head, including 2,000 calves, which is below the estimate for today, and is light for the period. The market is strong to 10 higher today, late sales strongest, and unless unusual runs come in later in the week, the market is likely to be pretty good balance of the week. The run of quarantines is only about half as heavy as it was a month ago, and shippers from native territory this month will be relieved of the burden of competition from cheap grass cattle from the south to a great extent. Another feature favorable to the market is the more settled safety of the corn crop, and the rapidly developing demand for stock and feeding cattle, which will reach huge proportions this fall. Fancy yearlings sold at \$7.40 to \$8.00 as good as the top yearlings last week at \$7.25, prime heavy steers worth up to \$7.25, Kansas grass steers today at \$4.40 to \$5.10, grass cow and heifers \$3 to \$4.50, calves 50 to 75 cents cheaper than a
