

NEXT TIME MAY BE DIFFERENT.

Significant Statement Made by
Sen. Kearns This Morning.

ANOTHER SURVEYING PARTY

Oregon Short Line Will Put a Fourth
Locating Corps in the Field Be-
low Calientes Next Week.

The following significant statement was made by Senator Kearns of the San Pedro road to the "News" this morning in course of conversation regarding the railroad situation down on the Meadow Valley wash: "If the Short Line continues its policy of trespassing on our property it will be having trouble. They have cut in two or three times, and sometime they may find that the men will make a stand."

The statement was made in a cool and determined manner which denoted that the next time the forces came together that possibly there might be developments in which physical force would play an important part.

In the meanwhile another surveying party is to be put into the field by the Oregon Short Line on the line to California within the next few days.

Last evening a party of engineers, which has been running surveys through the Salmon River country came in from the north and secured quarters at the Cullen. The corps is under the charge of Engineer E. S. Arnold. Those who are with him are R. W. Chase, Lyle Burkman, J. H. Hampton, J. W. Work, R. E. LeFebvre, W. B. Colwell, J. B. Laird, Thomas Bradshaw and George Bradshaw.

When this party is sent to the front it will make the fourth locating party in the field down below the Meadow Valley wash.

From the fact that the Oregon Short Line first, according to the claim of the railroad officials located the route, the Short Line forces will continue to push right ahead with the construction and if anyone else has constructed a grade, fill or cut on their line of march, that same work will be utilized. This action will be taken on the strength of the opinion delivered by Judge Hawley in deciding the grade contest two weeks ago at Carson City, a digest of which has already appeared in the "News." The Short Line claims that the entire route to Los Angeles was surveyed ten years ago when the necessary measures were taken, and a portion of this survey, that which applies to Nevada, was relied upon by the Utah, Nevada & California railroad company.

On the other hand the San Pedro company lays claim to the grade and the located line in Nevada on the strength of a tax title held on the major portion of the located line. The company also questions the validity of some of the Short Line maps which have been filed.

Whichever company ultimately wins out it will come into considerable construction work that has been projected by its rival.

AT THE RESORTS.

The Woodmen of the World of the State of Utah, accompanied by their wives, sweethearts and junior editions of hewers and choppers will rendezvous at Saltair to indulge in a rare golfing time Wednesday, August 7. With their axes they are coming from Ogden, Park City, Provo, Eureka, Mount Pleasant, Ephraim and other cities where lodges have been installed. In addition to the members of the "Wood" Salt Lake lodge, who will be in order, body, returns from outside points indicate that there will be heavy contingents of "W. O. W.s" who will take advantage of the special rates on the railroads. The gathering at Saltair will be marked by the installation of 350 members, and the initiation will take place on the pier which last year was set aside for the skating rink. A number of cash prizes will also be in order, among which will be an even dozen at the gate from \$2.50 to \$5 each.

The program for the day will be as follows:

GATHERED UP THE BOYS.

Police Run in Sixteen Youngsters Who
Violated Curfew Ordinance.

Officers Edgington and Johnson took a trip to the Salt Palace last night. They didn't go there to see the races, but were bent on business. When they returned to the police station they herded in a crowd of boys, sixteen in number, for the offense of violating the curfew ordinance. The boys were out after nine o'clock and as they have been repeatedly warned not to be on the street at that fatal hour they were hauled up and crowded into a room in the woman's department of the old rookery.

Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. R. Long, California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head ached and I felt bad all over. I took Hood's Sarsaparilla and now have a good appetite, sleep well, and have no symptoms of catarrh."

PERSONALS.

Mrs. M. A. Marks of Eureka is stopping at the Walker.

Don Maguire of Ogden registered today at the Cullen.

Deputy United States Marshal Smyth went out of town today on federal business.

William Lachridge of Milford came to the city today and registered at the Cullen.

G. C. VanAlstine left yesterday for Buffalo, where he will spend two weeks seeing the exposition.

Miss Anderson and Miss Callister, clerks in the office of the county clerk, returned yesterday from their vacation, which was spent in Logan.

Robert D. Grant was able to be out again yesterday for the first time since the accident in which he and his sister, Miss Elizabeth Grant, were injured.

Clerk J. L. Wilder, of the post office, was the happy father of a new daughter yesterday. The congratulations of his friends and fellow-employees being fairly showered upon him.

Prof. William M. Stewart, of the University of Utah, has returned from his outing in the north fork of Provo canyon. He is very enthusiastic over the beauties of that section of the country.

Wasatch last evening, where she and her husband, Mr. S. I. Clawson, are in charge of the hotel for the present season. The place is splendidly patronized and a regular round of festivity keeps guests and visitors alike in the best of humor and loth to return to the city.

Prof. and Mrs. F. W. Smith leave tonight for a visit to Massachusetts, and to the professor's old home in Nebraska. He has accepted a position in the teaching corps of the Nebraska state university, where he will remain indefinitely.

Webster Davis, one time mayor of Kansas City, and Secretary of the Infantry during the first McKinley Administration, arrived in Salt Lake last night from Glenwood Springs, accompanied by Mrs. Elizabeth Davis, his mother. Mr. Davis is touring the country lecturing on the Boer war. He expects to remain in Salt Lake a week.

Alfred G. Swenson, who is well and favorably known here, returned to Salt Lake last night for a short stay. He has been in Los Angeles for the last few months, and on Tuesday next he will leave for New York to engage in dramatic work. Mr. Swenson appeared in several local productions here, and is one of the most talented amateurs that ever left Salt Lake to enter the professional ranks. While in California he had offers from the Nipper stock company and the Frawley company for good positions, but he thinks the only opening is in New York, and is accordingly going to that direction.

My friends here wish him all the success in the world.

TESTIMONIAL TO SHEPHERD

Young Musician to be Honored Before
Leaving for Boston.

It has been known for some time that Arthur Shepherd was preparing to leave for Boston for an indefinite period, for the purpose of pursuing his musical studies and surrounding himself with a thorough musical atmosphere. Before he goes, however, the leading musicians in the city propose to give him a testimonial in the Theatre, a mark of their appreciation, not only of his extraordinary talents, but the gratuitous manner in which he has used his talents to assist various causes. Those who have the testimonial in hand have secured the theater for that purpose for Thursday evening, August 22nd. The program will be as rare as the highest musical talent in the state can make it. Mr. Shepherd will play a number of his own compositions, of which Dr. Percy Getchell, the celebrated instructor of composition in the New England conservatory, said: "It is the best that was ever submitted to me by a student of mine." It was largely through his influence that Mr. Shepherd was induced to go to Boston, and that the young Salt Lake musician will make himself heard far and wide is not a speculation, it is simply the foretelling of what will inevitably transpire.

MEAT MARKET BURGLARY.

Two Places on East Temple Street
Visited by Crooks.

Burglars who have a penchant for meat markets were at work last night, and their operations were pretty successful.

The first place visited was the Palace at 265 East Temple street, where the robbers were frightened off before they secured anything.

They were in the act of prying open a rear door when one of the employees

happened to return and they fled. Word was sent to the police station and by some mistake Officer Barlow went to the Ward market. But there he discovered that place had also been visited. A rear door had been broken open and the cash till robbed of \$5.

ON THE BOUNDING BILLOWS.

President Joseph E. Taylor of the Salt Lake Stake presidency received a letter this morning from his son Alma O. Taylor, saying that the Salt Lake missionaries for Japan left Vancouver for the Orient on the 30th ult. at 12 m. All on board were well and in good spirits. A pleasant voyage was anticipated.

HOPPERS ARE HERE.

Plentitude of Springy Legged Insects
Noticed Around the City.

There were a number of grasshoppers noticed around the city last night and this morning—more than have been seen around here for many a day. Where they came from no one seems to know, but that they were here was very evident. One herd even wandered into the business part of town, which is the last place in the world that one would look for hoppers. A bunch of them had considerable sport around the soda fountain of one of the drug stores, falling into ice cream sodas and syrup dishes with an abandon that was noticeable.

APPRECIATE THE RECITAL.

Professor McClellan and Miss Elsie Barrow Entertain Large Audience.

The organ recital was well attended this morning and there was a marked appreciation of every number. The one departure from the organ was the solo by Miss Elsie Barrow. She sang "Oh, Divine Redeemer," and accomplished it in fine style. She was entertained by the admiring audience to sing again, but after bowing her acknowledgments of the compliment, she declined to respond to the encore. The organ numbers were received enthusiastically. A large number of tourists were noticed in the audience.

Coalville, Utah, Aug. 3.—Presidents J. G. Kimball and Rulon S. Wells were here during the week and completed the organization of the Twenty-second and Twenty-seventh quorums of Seventy. Elder Edward Thomas, Emmanuel Murphy, Don E. Pack, and J. G. Lamont were made presidents of the Twenty-second quorum, and Elder C. H. Jones was ordained one of the presidents of the Twenty-seventh.

DEAD INFANT FOUND.

Born on Wednesday, Its Little Body
Was Thrown in an Outhouse.

[Special to the "News."]

Coalville, Utah, Aug. 3.—Information of a shocking case of what appears to be child-murder reached here today from Park City, and County Attorney Callis has just left for Park City to make a searching investigation.

Particulars are very meager, but the report is to the effect that the infant was born on Wednesday, and that it was found dead in an outhouse. It is said that the mother had disappeared, and that she had in all probability gone to Leber City.

SAID HE DIED IN UTAH.

Chicago Attorney Writes Concerning
Death of Patrick Horan.

County Clerk James this morning received a letter from Lawrence Harmon, a Chicago attorney, inquiring into the circumstances of the death of one Patrick Horan, who, he says, died in Utah somewhere between five and ten years ago. The writer asks if Horan left any will, who are his heirs, what estate he left, and a number of other questions. There is no record of any probate matter connected with the estate of Patrick Horan on the books of Salt Lake county. However he may have been a resident of some other county in the state.

HOME FROM EUROPE.

Prof. Beesley and Richard Collett Re-
turn From England.

Prof. E. Beesley and Richard Collett of the Nineteenth ward have returned from a flying trip to Europe, having been absent from Salt Lake exactly nine weeks to a day. Prof. Beesley when seen this afternoon stated that he enjoyed his trip immensely and spent a very pleasant time at his native town of Windsor in England. "One thing that struck me," he said, in speaking of his trip, "was the condition of the workingman in England. The difference in the modern workingman and those I left behind me when I came to Utah forty-two years ago, was very marked. Today they get better wages and also are possessed of more enlightened ideas."

During his absence Mr. Beesley had the opportunity of listening to a concert held in the Crystal Palace at Exeter, in which 250 members of the leading British military bands participated. In addition to some of England's soloists, this experience he treasures among the chief features of his trip, and one which he will not forget for some time to come.

VERY TRYING TO WOMEN

Are the Peculiar Ills Brought on by the
Depressing Weather of Summer.

[Peruna is a Tonic Especially Adapted to Their Peculiar Diseases.]

MRS. A. M. BRAZILLE.

Mrs. A. M. Brazille, President St. Paul Woman's Study Club, and Secretary of the Independent Order of Good Templars, writes:

"It seems to you that I should write and tell you how much I appreciate the great good Peruna has done me. If you had seen me a year ago, a worn-out broken-down woman, and then see me today in perfect health, feeling cheerful and happy, you would not wonder that I am so grateful to you."

"I had been in delicate health for several years, was unable to stand any exertion whatever, and had continual backache and bearing-down pains. The slightest cold would aggravate the trouble and I looked on myself as a confirmed invalid until one of our club women told me how Peruna restored her to perfect health. I began taking it the first week in October, and Thanksgiving day I truly celebrated and gave thanks for restored health and usefulness."—Mrs. Brazille.

Weak and Nervous.

Mrs. H. Kohle, Defiance, O., writes:—"It gives me great pleasure to recommend Peruna as one of the best medicines for female weakness and catarrh. I was so weak and nervous I could walk but a little distance."

"All my friends thought I had lung trouble, and I had almost given up, but through one of Dr. Hartman's books I decided to write to him. He prescribed for me, and I followed his directions and took Peruna. I had taken it but a short time until I was so much improved, and regained my health and strength, and today my health is as good as it has been for years. I hope Peruna may be the blessing to others that it has been to me."—Mrs. H. Kohle.

"Peruna is Never-Failing."

Mrs. E. Riker, 301 W. 1st street, Cedar Falls, Ia., writes:—"Health is wealth" and I have the best of health since taking your remedies. After five long years of suffering you gave me good health through your blessed Peruna, and now it has been six years since I first wrote to Dr. Hartman and through his invaluable advice and never-failing Peruna, I am in perfect health."

"I could not sit up over a half hour at a time when I began taking Peruna. I am now in perfect health, and have not had any signs of my old complaint, (pelvic catarrh) for six years. There are not many of my age as healthy as I am, as I am 44 years old. 'Peruna' is the name of our family physician,—it is never-failing, gives quick relief."—Mrs. E. Riker.

Dr. Hartman's Advice.

The above are only three of thousands of cases of female weakness that have been cured by Dr. Hartman's advice. All ailing women should write Dr. S. B. Hartman, Advice free. Address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

DEATH OF ITINERANT.

T. McFarlan of Milan, Tennessee, Dies
at Keogh-McKenna Hospital.

T. McFarlan, an itinerant, representing himself to be a resident of Milan, Tennessee, died at the Keogh-McKenna hospital today of septic infection. The man had been reduced to a most shocking condition through uncleanliness and neglect. He came to the Valley House about two weeks ago and was, he said, making his way to Montpelier, Idaho, for the purpose of effecting some kind of a deal with horses. He said that he was a horse dealer in his native town and that he knew several horsemen in Montpelier with whom he had traded in the past. When he arrived at the hotel he was in a weakened condition and in a few days he was unable to leave his room. Dr. E. S. Wright was called in and after prescribing a good substantial bath gave him something to stimulate him. At that time McFarlan's feet and limbs were in a terrible condition, but neither he nor the proprietor told the physician anything about it. Yesterday Dr. Wright called again and the man was feeling some better but he sank during the day and had to be removed to the hospital. His revolting condition was then disclosed and while the doctor and the nurses did all they could for him he was too weak to respond to the treatment and this forenoon he passed away in a comatose state.

THE STATE'S PART.

Governor, Staff and Guard Will Assist
Veterans to Receive Visitors.

Governor Wells and staff and the National Guard of the state will join in the reception to be given the veterans from all over the country when they gather here on the 13th, 14th and 15th of the month. An order to this effect was issued today by Adjutant General Burton. It is as follows:

A cordial invitation has been received with the reception to be tendered to the National Society of the Philippines, inviting His Excellency Governor Heber M. Wells and staff, and the National Guard to join in the parade connected with the reception to be tendered to the National Society of the Philippines, on the occasion of its second annual reunion in this city on August 13th, 14th and 15th, 1901. All organizations of the Guard, located in Salt Lake City and vicinity, are therefore urged to respond to this invitation and assist the veterans of the late Spanish American war in making the occasion happy and joyous and one which will be long remembered. The commanding officer first brigade, will consult with those having charge of the ceremonies, and will issue such orders to the guard as he may deem proper to carry out the sentiment expressed herein.

By order of the Commander-in-Chief,
CHAR. S. BURTON.

That the Colorado soldiers are to be here in force is evidenced by this extract from last night's Denver Post: "Local members of the volunteer Army of the Philippines are preparing to attend the second annual reunion, to be held in Salt Lake City, August 13, 14 and 15. A meeting has been called for next Monday night, at the Glenarm street armory, to perfect arrangements for the trip."

"The first day of the convention there will be a reception and concert at the Tabernacle. The features for that day are a civic and military parade, a reception, a dance at Saltair and other social functions. The third day will be devoted to business sessions of the society and a banquet at night."
